Hi Cara and Karl,

I've whipped up a project proposal with Stephanie that outlines the Throne Speech video series.

It outlines the video content, the potential validators we could engage, and the rough schedule for producing a publishing the pieces.

I'd like to get the concept approved as soon as possible so that we can engage Mira to help in locating validators.

Any thoughts, questions, revisions, please let me know.

I'm excited to get started on this!

Hi Sarah,

I'm working on a project that will profile members of the public that can speak about the government's role in addictions, and hopefully speak to some of the action that has been taken already.

We really liked working with Leslie McBain (here is her story: <https://www.facebook.com/johnhorganbc/videos/>)

[10155400178881069/](#)) and would consider doing a more in-depth profile with her, but would like to have someone else in a similar circumstance participate.

I'm wondering if you can recommend anyone to take part, or if you could direct me to someone who could better help with this.

Thanks,

Stephen

Hi Dawn,

The description is a bit off for the services Aaron will be providing. Let's try this:

As directed by the Contract Manager or their designated alternates, the Contractor will, as and when required, provide video production services (eg. directing, cinematography, editing) for provincial government projects, including, but not limited to public profiles and priority policy promotions.

Video footage will be delivered in its original format via hard drives provided by GCPE. If editing services are engaged, video masters (Apple ProRes 422 format) and 1080p web optimized (H.264 for Vimeo) versions will be provided and delivered via Hightail or comparable file-sharing services.

Hi,

Service description below is this still correct:

As directed by the Contract Manager or their designated alternates, the Contractor will, as and when required, provide videographer and photography services for provincial government events, including, but not limited to public appearances, public announcements and press conferences. Services may also include, but are not limited to, editing and distribution, as required.

Video clips are to be provided at 1280 x 720 in MP4 or MOV format using H264 compression and AAC audio. We will require two edited pieces: a 30 second stakeholder clip (for Facebook) and a 1:30-2:30 min event summary video for YouTube.

Images will be provided to the Province as follows:

- 200-300dpi in JPEG format, with approximate dimensions of 3600 X 2400px (or 2400 X 2600px);
- All media, videos and photos, are to be uploaded via a file-sharing site (Drop Box, Hightail, etc.) and shared to GCPE Newsroom GCPENEWSRM@Victoria1.gov.bc.ca (if emailing an individual contact with GCPE, please also CC the GCPE Newsroom)

Fantastic! I'm so glad to hear that you're interested.

I think it would be best for us to chat over the phone, so please feel free to call me at s.22 anytime, or let me know when would be a good time for me to call you.

Here is a brief description of what we are looking to create:

We would like to do a shoot that would take **1 day to produce**. We can talk about scheduling.

We would shoot an **interview** in which we ask you some questions like:

- What is your personal story? How did you get to where you are now?
- What was experience like with the English Dev Program?
- How did the experience benefit you?
- How could this program, now being free again, benefit others?
- What you would be excited to see in your government?

We would also like to shoot some **video of you to accompany the interview**, some situation this could include are:

- You at Camosun, at work in a library, or chatting with former instructors, etc.
- Any aspects of your professional life you'd be comfortable letting us shoot.
- And any other situations that could give us a look at your personal journey -- like hobbies you are interested in (like your ^{s.22}), or old photographs
- And any moments from your personal life (like relaxing with family), if you are comfortable including them

I look forward to speaking with you.
Thanks again for your interest in taking part!

Hey s.22

Thanks for your reply and for expressing your point of view on this.

When you say you don't mind 1:1 on camera, do you mean speaking with another person on camera?

Although this video would not be tied to any announcement explicitly, it would of course be linked to an announcement merely because of the content.

Thanks for getting back to me, in any event. I look forward to hearing your perspective at the event tomorrow.

Tried to set it up so we could pop in the three validator clips.

It looks a little scary with all the track changes because I moved stuff around.

Hey Greg,

Here's a very loose guide for tomorrow. We'll be shooting b-roll that works for s.22 (our participant) and we'll just have to play it by ear, what we have the opportunity to shoot.

Would like to keep in mind that after interview, maybe in highly scenic location, we get a video portrait of s.22 .

7:00am - Stephen and Greg depart Vancouver

10:30am - Arrive @ s.22

11:00am - Interview with s.22

12:15pm - Walkabout at nearby Saw Mill (nearby gates with logs and overlook view)

1:30pm - Walkabout at s.22 and nearby waters

3:00pm - Huckleberry pick forest walk, various activity TBD

4:00pm - Another activity, site visit, or meeting with s.22 visit, etc.

5:30pm - WRAP with s.22

6:00pm - Shoot scenic b-roll of Merritt if needed and accessible

- Can you introduce yourself? Name, where you live, what you do and where you're from?
- How long have you been in Canada?
- How did you find getting used to a new place, with a new language?
- If comfortable talking about this, what was the situation for you as a single parent when you arrived?
- When and how did you go about taking the ESL certification at Camosun?
- How did having that certification help you?
- Did the program help you in your career? Did that help you with family?
- What do you like most about the work that you do?
- **How has your**

I'm a single mother and I was able to take a free ESL program at Camosun before that program was taken away. Paying for that would've made it impossible for me to get a job and be enrolled. I'm glad the government has brought this program back.

1. Can we get a shot of the mother speaking in the first validator segment? Instead of the family gathered around the table, have a moment of her direct to camera before the portrait?
2. The music is a bit too hot. Can you adjust the sound balance and bring down the music a bit?

Other than that, we have sign off.

Can you tell me the final budget for the 4 video products?

Here's the clip with subtitles. He uses the expression that roughly equates to "right sir?" several times through the clip, and I decided to remove it from the translation. In Punjabi it makes sense, as a term of respect, but in English it just seems odd. I didn't add any shadow boxes behind the subtitles, but I think they're pretty readable.

I'm getting concerned about locking down a validator for a shoot before next Wednesday. I'm wondering if your team has reached out to Harry Bains, Jagroup and Ravi. If not, it might be a good idea to reach out to them for a few more leads. If you have capacity to do so, that would be greatly appreciated, if not please let me know I can get on it.

As well, I have just received a new contact, Herman Thind, who might be able to help us locate a validator to speak to the affordability piece. I'll reach out to him and see if we can get a few more irons in the fire.

Thanks again for all your help with this, guys.

Hi Clare,

My name is Stephen and I'm the video producer here at Government Communications and Public Engagement here at Gov of BC.

We're working on a video piece that could use a leg up in the BC beauty shots department, so we figured you're the premier source to go to.

We're seeking aerial/drone shots that showcase the beautiful places around our province -- mountains, water, forests, etc; people being active in said locations. We're looking for two or three clips for this piece that will be published online next week.

I'd love to know if your team could help us out!

Thanks,
Stephen

For the first part, we would included him in a large piece with two other validators, the duration for his part would be about 10-20 seconds.

For the follow up, full feature profile, it would be focussed on him, likely about 1:00 - 2:00 min in duration.

Thanks,
Stephen

Hey Karl,

Here are the validator bios.

Unfortunately, the participant we had lined up for tomorrow, ^{s.22} and can no longer participate. Herman is on top of it, and is working diligently to find us another participant. So at this time, I only have a rough idea of who he has lined up – a SA couple from Surrey with a new baby, just like ^{s.22}

I'll get you their details once Herman has a chance to plan with them.

Thanks,
Steve
