Hi Sonja, do you have a time in mind yet for Wednesday's FIN release?
This is FIN-87762

Zoeller, Sonja GCPE:EX [1:45 PM]:

Yes, i think we want to aim for 10am
I'll click confirmed

Copeland, Kimberly GCPE:EX [1:45 PM]:

Perfect - thank you!

Zoeller, Sonja GCPE:EX [1:46 PM]:

I also wanted to inquire whether we can move FIN-88480 to Aug 1?

Copeland, Kimberly GCPE:EX [1:48 PM]:

Yes, that works in the Corp Cal. Have you checked in with Cara yet about that one?
We have time on Aug 1st for either 9am or 1pm

Zoeller, Sonja GCPE:EX [2:03 PM]:

I haven't checked with her. I'll move it to tentative at 1pm for now. Thanks!

Hi folks – I'm writing to ask for a bit of your time on Monday.

We have two new Communications Directors starting with us that day (s.22), and I want to make sure they have a good orientation of what the various teams here at HQ do, and how they affect the job of a CD and their comm shop. (Not looking for any detailed training – just high level overview to help them start to get a picture of the various functions!)

If you would be so kind as to take a bit of time to chat with these folks and show them what you do, it will go a long way to their overall success in the long run!

I've laid out the schedule below as a proposal to you all. If the times don't work for you we can adjust – please just let me know.

1:00pm – 1:30pm – Orientation with Digital team (Heron Hanuman)
1:45pm – 2:00pm – Orientation to Corporate Calendar/Cabinet Priorities (Cara McGregor)
2:00pm – 2:30pm – Orientation to Writing and Content Strategy/Style Guide (Danielle Dalzell)
2:45pm – 3:30pm – Orientation to Media Relations and Events (Stephanie Sherlock and Rick Devereux)
3:45pm – 4:15pm – Orientation to Editorial Services (Grant Kerr)

Thanks in advance!

Thanks, Karen -

I've made this change in our HUB.

It should be OK with the Calendar team, as it doesn't appear to collide with anything.

>

> COQUITLAM - Thousands of families struggling with the shortage of quality child care will benefit from the 22,000 new licensed spaces coming over the next three years.

>

> "Parents are struggling to find quality, affordable child care, and it's time we made the investments that are good for families, and for our economy," said Katrine Conroy, Minister of Children and Family Development. "Creating more licensed, affordable child care spaces is a key part of our new Childcare BC plan, so parents can have the peace of mind they need and quality care they can rely on."

>

> The new spaces will be created through a \$221-million investment in the Childcare BC New Spaces Fund, which replaces the Child Care Major Capital Funding Program.

>

> These new child care spaces will be more affordable, and the funding will be easier to access for private-sector, non-profit and public-sector child care providers. The fund will continue to support the creation of spaces on school grounds, making life easier for families.

>

> "Too many parents are dealing with a lack of good options when it comes to child care, and that's only made worse as spaces close due to financial pressures on child care operators," said Katrina Chen, Minister of State for Child Care. "With our Childcare BC plan, we're letting operators and parents know that government is on their side, and investing in their future. Creating these new spaces is the latest step in making child care more available and affordable for more families."

>

> As part of this investment, government will be looking to leverage existing facilities - on school grounds, in churches, at recreation centres and other public places - to expand child care for B.C. families. As well, funding preference will continue to be given to communities with the greatest need, such as fast-developing urban centres, Indigenous, rural and remote communities. Creating infant and toddler spaces will be a priority.

>

> "We know many families are struggling to find child care in Coquitlam," said Amy Reid, director of Step by Step Child Development Society, an established non-profit centre in the Tri-Cities. "We want to see more families having access to affordable and inclusive care. We are hopeful this new fund will support the development of partnerships, resulting in increased access to quality care for families."

>

> To support families struggling with child care, Budget 2018 announced a \$221-million investment in the Childcare BC New Spaces Fund.

>

> The Childcare BC New Spaces Fund is introducing several key changes, including:

>

> * A streamlined application process and a continuous intake, rather than fixed application dates, will allow child care providers to apply for funding when they need it, even if they are planning longer-term projects, and will help ensure that licensed child care spaces are being continually built throughout the year.

>

> * Boards of education will have 100% eligibility (up from 90%) of the total cost of their project, up to a maximum of \$500,000, for child care spaces they create.

>

> * For the first time, prioritizing or targeting funding to public-sector partnerships - including local governments and boards of education - that are looking to create child care spaces with other non-profit providers. These partnerships may apply for up to 100% of the total cost of their project, up to a maximum of \$1 million. Parents will benefit from public projects that provide greater stability and help protect them from lease or fee increases.

>

> * Successful applicants for Childcare BC New Spaces funding must participate in the Child Care Fee Reduction Initiative to help ensure that the new spaces that will be created will be remain more affordable for B.C. families.

>

> * Under the new fund, child care spaces created by child development centres or Indigenous communities remain eligible for 100% of the cost of their projects, up to a maximum of \$500,000. This will help ensure that children throughout the province will continue to have their physical and cultural needs met through programs that are tailored specifically for them.

Hey guys – I want to move the time of this TRAN IB on Admirals completion – as we need to make sure that the traffic signal is switched on and actually working before the IB goes out – and I am worried about an early AM time since this has happened before where there is a snag & we can't get it pulled in time.

To be safe – lets switch it to 11 AM or 11:30 AM – something like that. Can you let me know what works on your end & I will change it on mine?

- AEST-88409 that is.
- we were asked to check in with Mitacs, the partner on this, to see if we could change the time to 11 a.m.
- We've asked, but it was Friday afternoon before a long weekend, so we haven't got full confirmation that it's going to be ok.
- It should be fine, but I just wanted to let you know we haven't got actual confirmation

So I just deleted the NR entry and we will go with the July event entry now.

Hi corp cal team – FYI that I am about to delete TRAN-85464 (the Air Access grants NR/ BG)

I know this one has moved around a lot...and now...it is turning into an event!

So there is already an event entry in the corp cal for this – pegging it for July 13-20 or somewhere around there – at the Abbotsford airport.

We are holding the NR/ BG to go out at the same time as the event.

Many thanks!

Hi Leanne,

Generally, the NR goes out 15 minutes after the Minister (or, in this case, MLA) speaks. However, you have also noted that the event begins at 11AM and MLA Fraser speaks at 11:25AM.

What time would you like it to go out? As this will go out on Saturday, we have a lot more flexibility in the Corp Cal.

Hi Leanne,

Generally, the NR goes out 15 minutes after the Minister (or, in this case, MLA) speaks. However, you have also noted that the event begins at 11AM and MLA Fraser speaks at 11:25AM.

What time would you like it to go out? As this will go out on Saturday, we have a lot more flexibility in the Corp Cal.

Thanks,

Kim Copeland

Subject: TEAMS (TRAINING) Deployment 2018

As a follow up to those who have started newly with GCPE or who missed the last opportunity for TEAMS training, Jordan and EMBC are offering another session for all of you on Thursday, June 21st at 930 – 1200pm (approx.) at the PEC office on Keating. Block A, Suite 200, 2261 Keating Cross Road.

If you haven't yet done the online ICS training please do that as soon as possible. You'll find that information below. Please also confirm by responding to this email that you will be in attendance. The training is mandatory and this will likely be the last session available before the summer.

Thank you in advance for your cooperation!
Rita

Hello,

Welcome to the GCPE Team!

Here is some important information to give you an understanding about TEAMS or Temporary Emergency Assignment Management System, plus some mandatory online training to complete:

Emergency Management BC (EMBC) anticipates that fires and floods will only increase in scope and duration as we move into the coming years. Responsive and effective communications plays a pivotal role. The GCPE TEAMS program

is designed to provide the background and expertise necessary to assist in emergency management operations at the Provincial Emergency Coordination Centre (Victoria); the five Provincial Regional Operation Centres (Victoria, Surrey, Terrace, Kamloops, Prince George and Nelson), and with local governments throughout the province.

You are receiving this email because this is your first year with GCPE and have not yet participated in TEAMS activities. In this email you will find information and instructions for upcoming mandatory training as well as roster and deployment information.

Training

Online Incident Command System (ICS) Course

An online orientation of the ICS will provide you with an overview of the command structure that provides the basis for emergency operations in B.C. **You are required to complete the course ahead of your scheduled deployment.** Please use this [link](#) to access a course that will meet the learning requirements for TEAMS training. EMBC staff have approved this as appropriate training. You **do not** need to take the exam. Please, however, take a screen shot that looks like this (below) at the very end of the course and email it to [GCPE HR](#).

Deployment and TEAMS Roster

During times of heightened emergency management, GCPE staff can be deployed to regional operation centres in the province in response to assist in government communication efforts. These deployments can vary in length and generally occur during the peak months of May – August. Although you may not be deployed, all Junior PAO's, PAO's and Senior PAO's are scheduled to participate in these activities.

A roster is developed to track and assign deployments. This function is managed by GCPE Human Resources in coordination with the EMBC communications team. It is now posted on the 411 site [HERE](#). It is updated regularly as needed and re-posted.

Things to consider with the TEAMS Roster:

- The weeks are listed as Tuesday to Monday
- Those that have listed as on vacation were those that completed and submitted the questionnaire or been in contact with GCPE HR
- There are two colours noted: grey and peach

- Grey – regional deployment (including Kamloops, Nelson, Surrey, Terrace, Prince George)
- Peach – local deployment to PECC office location at 2261 Keating X Road
- Pay close attention to the dates as they can carry over to the next month on the same calendar (i.e. May 29 – June 4)

Who to contact about the TEAMS Roster:

- Changes to the roster, please contact [GCPE HR](#). Connect with your manager first to determine feasibility.
- ****SWITCHING SHIFTS****
 - If you need to switch a deployment shift with another employee, there should be adequate notice provided (at least one full week). You are required to arrange the switch and notify [GCPE HR](#) of the change.

Consideration was made to ensure staffing levels in shops were sufficient by addressing shop size, vacation, and equal opportunity for deployment. If your name is not on the roster, you will be the first to be notified for backfilling.

Emergency response operations are, by their nature, unpredictable. We could experience frequent and regular deployment or sporadic and infrequent. Please be prepared to be deployed within 24 hours on the week that you are scheduled.

If there are circumstances that would exclude you from being deployed, please contact [GCPE HR](#).

Thank you,
GCPE Human Resources and EMBC

Good afternoon,

The EAO became aware that the Premier is meeting with the Vanderhoof City Council on June 20th. The mayor and council has voiced the following to our District Manager re New Gold: The municipality is frustrated with the amount of time and delays that have occurred from the EAO, in regards to Caribou mitigation. I am pleased to provide you with a few bullets on the topic.

- New Gold has made several changes to the proposed Blackwater project to address issues raised by Indigenous Groups and both provincial and federal government technical advisors. These changes were related to tailings dam safety, the treatment of mine water and the newly proposed amended routing of the transmission line.
- These changes have triggered new assessments and Indigenous consultations, increasing the elapsed time of the EA process.
- The EAO, provincial and federal advisors, Indigenous Groups and New Gold have recently come to a common understanding of the effects of the proposed Blackwater mine on caribou. New Gold is now revising its effects assessment and proposed offset in order to address the impact.
- While the statutory timeline for the Blackwater EA is currently suspended as a result of the project design changes, the work associated with the review is most certainly not. The EAO continues to work with all parties towards the timely resolution of the remaining issues so that Ministers have the comprehensive information they need to make a decision on the proposed Blackwater project.

Please let me know if you require anything further.

Good morning editors,

A heads up that I'll be sending you a news release either today or tomorrow re: Public Consultation Begins on Revitalizing B.C.'s Environmental Assessment Process. We're still waiting on a couple of validator quotes that may or may not materialize. The NR is to go out province wide to all media this coming Monday the 18th at 9am.

Cheers,

Good morning,

It appears that we have a duplicate entry in the Corp Cal regarding the Workforce Development Agreement with the Feds. These are still on different dates and entries are slightly different... Can I confirm with you that this is a duplicate entry? These entries have been shared with both AEST and SDPR.

If so, Cara recommends that we delete 85397.

Hello Robyn and Grant.

I am quickly blasting together a short statement from Minister Beare regarding the awarding of the 2026 FIFA World Cup to the North American bid.

Would we have any opportunity of a slot for that this AM?

Draft of statement is now with DMO.

When I checked in with Paul Craven (Executive Director of EAO), he mentioned that this was independent through their website; however they are working with the Citizen Engagement team on logistics. Josh Thompson is the contact for the EAO. I am not sure who we should be contacting in CITZENG..

Hi Kimberly this is a major announcement- complete replacement of a high school. This is the latest we can do this event as classes are done the following day. MRF has limited availability himself but can make this date work as can the district. We will be inviting Van MLA's as well.

Hope this helps.

Circling back because I specifically flagged this one last week.

Please note that the date for the embargoed media tour of the temporary modular in Surrey has been pushed to a later, yet-to-be-confirmed date in June. It will no longer be taking place on June 7th due to some unforeseen site servicing related issues. Those issues also impact the decampment/move-in date for tenants.

We will keep calendar up to date on new dates, which are currently tentative for mid-June.

HI folks, NR for v-5 please- and note that we are interested in getting a new time for this, instead of the 1:30pm originally, we were asked to look at 11:30 or 11:45am? This looks ok for calendar but need to confirm with cal folks, looped in here.

For Victoria-lower island distribution please.

Thank you!

Both Ministers are attending AGM. I will add a separate entry for the speaking role. The June 2 AGRI-87506 entry is also ours 'Province provides funding to further explore Prince George Meat Packing Plant'. The scheduling notes on that entry mention 'MLP will make announcement at BCCA AGM in Smithers, June 1. The NR confirmed to go out on June 2 at 9:30 AM.'

So to recap:

AGRI 88125 will be updated to request joint fed/prov IB to go out with whatever time works corporately on Friday.

NEW Entry – to advise MLP at BCCA AGM on Friday in speaking role

AGRI 87506 – to remain advising AGRI NR to go out Saturday morning at 9:30 AM on Beef Packing Plant.

Please let me know if you have any further questions. Thanks!

Hi,

In light of the Premier's press conference at 10am this morning, we need to make some adjustments to the corporate calendar roll-out for today.

Can we please move JTT 86871 from the 9:30 slot to 11:45.

We may also have to delay SDPR 87951 to 11:30.

Please contact the shops ASAP to find out if there are third parties implicated by these changes.

Wildfire/flood/public safety items can continue to go out ASAP as per our existing practice, provided there are no direct conflicts with other items in the calendar.

Beefing up the North, Province serves up funding for meat packing plant

PRINCE GEORGE – In an effort to have more B.C. Beef available for British Columbians as part of a strengthened provincial food system, the Government of B.C. is supporting further development on a B.C. Beef Packing Plant project in Prince George.

Agriculture Minister Lana Popham announced a funding commitment of up to \$450,000 at the BC Cattlemen's Association annual general meeting last evening in Smithers. The funding will support the next stage in the development of the B.C. Beef Packing Plant, a major milestone in the goal of bringing a federally-inspected meat packing plant to Prince George.

Thanks Jason,

Unfortunately Cara has said that it is unlikely that we can have this out on the 29th. The NR will get lost in the events/announcements at the legislature and the other releases we have going out.

Would it be possible to push this back to the first week of June if the 28th doesn't work?

Best,

Kim,

See below for response. Looks like BC Coroners Service would like to keep it on May 29..... they could send the NR out at 8:00 a.m. or another time that works around the other planned events.

Let me know what is possible.

Thanks,
Jason

Would prefer to go on 29th – can work around timing of other events but Monday we don't have the staff here to help support with other rollout (internal) items that need to happen same day. We could go earlier in the day if that helps? This is a non-event, NR only.

Hi there –

Our MO is wondering if the education event at New Westminster Secondary on Friday (EDUC-87809) can go at 10am rather than 10:30.

Marlene has flagged that there is a Premier's event happening at 10 in Vancouver. Please let me know if you're OK with shifting the New West one earlier, or if you'd rather keep them spaced out.

If it's OK with you folks, I will go ahead and confirm with all the players on our end before changing the time in the Corp Cal.

Hi Rob, the schedule is pretty full tomorrow but we have a number of awareness and proclamation things going first thing so I would like to group together. 7:30am is the best slot over here, does that work for you? Please ensure this is into the editors as soon as possible and no later than 3pm today as they are loaded up once again and very busy.

Thanks,
Robyn

Hi Robyn,

We're going to combine the two open burn precaution IBs — Northwest Fire Centre (FLNR-87360) and Prince George Fire Centre (FLNR-87359) — into one document, so I've adjusted FLNR-87360 and deleted FLNR-87359.
