Hi Robyn - I've created a separate entry for the dinner reception on the evening of the 20th and am also including the program rollout for the afternoon welcome ceremony as well as some background information we sent to MLAs. Let me know if you need anything else?

Background

Official Welcome Ceremony at 2pm on March 20th on the outside at the Parliament Buildings. For this, there will be an opportunity for MLAs to view the ceremony from a designated area in front of the buildings. There is a possibility that the Governor General may stop to shake hands, but it would be at her discretion. If MLAs do choose to attend, we would like them to come to the front of the East Breezeway no later than 1:45 p.m. and staff will escort them to the designated area. The outside portion of the event should be concluded by 2:20 p.m.

All Govt. MLAs received an invitation to the **Stand-Up Dinner Reception co-hosted by the Lieutenant Governor and the Premier** that evening, March 20th at Government House. The reception starts at 5:30 p.m., but guests have been told to arrive by 5:00 p.m. The reception will likely conclude by 7:00 p.m. The dress code is Business Attire (with decorations – medals, etc. if they have them). The outline program for the reception is:

- O' Canada
- First Nations Welcome Song
- LG Remarks

- Premier's Remarks
- Governor General's Remarks
- Reception continues
- At end of reception, youth choir performs two songs

Hi Lucy, I understand there is a big event taking place on the 20th at the Leg, is that correct? Anyway to do a separate entry on its own for that one on specific date and time? If not, I can do another type of placeholder – need this in the Look Ahead on that specific time slot, I just need to know more of the details... when, where, who etc.

Morning Craig, is 12pm confirmed yet on Monday for this one? Just trying to tidy up the last bits in the schedule that are not nailed down now that we are about to be closed for the long weekend. Also, just reconfirming that it is the feds who will be releasing this NR, correct?

STATEMENT

Statement from Minister of Jobs, Trade and Technology on pulp and paper tariffs

VICTORIA - Bruce Ralston, Minister of Jobs, Trade and Technology, has issued the following statement, after a preliminary decision by the United States Department of Commerce to apply an anti-dumping duty of 22.16% on Catalyst Paper's and Kruger Products' uncoated groundwood paper exports to the United States.

With preliminary countervailing duties already in place, Catalyst and Kruger are now facing combined duties of 28.25% and 32.09%, respectively.

"Today, people working at Catalyst mills in Port Alberni, Powell River and Crofton are receiving the news of yet another unfair decision by the U.S. against B.C.'s newsprint industry, and their communities.

"B.C. is extremely disappointed that the current U.S. administration has, once again, made the decision to impose unfair tariffs, this time on B.C. newsprint producers.

"Workers in Catalyst mills can be sure that the Government of British Columbia will be standing shoulder to shoulder with them. We will fight for their jobs, their industry and their communities.

"We will not be bullied. We will not be pushed around. We will work closely with Catalyst and the federal government to fight this preliminary decision by the U.S. Department of Commerce, and demand that B.C. is treated fairly by its largest trading partner.

"People in B.C. can count on this government to fight for their jobs and their industries whenever they are threatened."

Hi Lara, I have fixed the date range issue for you. I don't see a time for this so I actually "**unchecked**" the **Time Confirmed box**, and I rearranged your Summary box a little bit so that the Minister is showing at the top (we prefer to not have him listed at the bottom as it's more easily missed in some of the reports we run so usual format is something like I've done below or "Minister XXX speaks at YYY").

When you have a start time for this, please update the entry and click the Time Confirmed box then.

Hi Lisa, for these ones marked – are they “ongoing”? Now that we are in 2018, if that is the case, I believe we need to flip all these to December 31, 2019 so that they say “Ongoing” like I just did on the last one for a test (Records Retention). Let me know as we are happy to help and can do these for you if you like:

Hi Robyn – we've deleted entry AG-85246 (Chase the Ace IB) as we have decided against issuing this (program is better positioned to communicate this content, rather than an IB).

Thanks,
