BC Public Service Executive Message | July 5, 2019

New Social Media Guidelines

Social media plays an expanding role in the everyday lives and work of public service employees. Our social media activity, whether as an individual or in an official capacity, can impact public trust and confidence. Our use of social media in official capacities also impacts the quality and responsiveness of service we provide for citizens.

As employees, we are responsible to ensure our social media activities comply with the Oath of Employment, [Standards of Conduct](#) and other policies and regulations we follow as public service employees.

To help understand these obligations and support you in making informed choices, new personal-use and updated government-use guidelines have been developed.

Personal use

The BC Public Service Agency is launching the new [Social Media Guidelines for BC Public Service Employees](#) to inform your personal use of social media as a public servant. While the guidelines for personal use are new, the expectations they reflect are not. They focus on the principles that will help you make informed choices about your online activity that won't conflict with your commitments to the BC Public Service. They don't prevent you from using social media – they are just intended to help you ensure you're using social media consistent with the Standards of Conduct and other corporate policies.

If you have questions about appropriate professional or personal use of social media, [review the resources available on MyHR](#), and then talk to your supervisor or your ministry ethics advisor.

Government use

Government Communications and Public Engagement has updated the [Guidelines for Government Use of Social Media by B.C. Public Servants](#). The revised guidelines focus on official government use of social media like setting up and managing social media accounts and engaging in citizen consultations. In addition, the guidelines establish clear processes and best social media practices for supporting key priorities across government.

Thank you for your attention to this very important matter.

Subject: Indigenous Cultural Training Series – thank you!
Date: July 2, 2019 1:12:30 PM

Dear colleagues,

Friday was Part 2 of the Indigenous Cultural Training Series for GCPE staff working directly on external-facing communications.

The feedback from Part 1 in May, and Friday’s Part 2 training, has been overwhelmingly positive. The preparation for these sessions was extensive and it clearly showed in the quality of training that many of our colleagues benefited from.

On behalf of the executive and all of GCPE, I extend my very sincere thanks to Sarah Plank, Sharon Pocock, Tania Venn, and Justice Manson for their passion and hard work in delivering these sessions.

For those that missed the training or are interested, additional opportunities are planned for September – more information to come.
