Hi Kim,

Michael and I were just discussing this, s.22

Yes, I think it is safe to say that we can move your NR to Friday, Feb 1. What time works best for you? We could do 10:00am, 11:00am or 1:00pm on that day.....

What is the Corp Cal # for this? If you like, I can update your entry.

Happy weekend,

Thank you.

Could you include the FNLG announcement and any other major recent MIRR announcements that might impact the Tsilhqot'in?

And add footnotes to all three points at the top – to make it clear they are all from the Tsilhqot'in website.

Subject: Monday event - slight time change - HLTH 91475

Hi Robyn and Kim,

Sorry – Minister Dix has asked to slightly shift the time of our event ahead by one hour. I changed it in the corp cal to start at 12:30, our news release would go out 12:45.

Sorry for the switch, thanks!

Subject: GCPE Intranet

Categories: FOI REQUEST - AUG 27

Good morning,

I am pleased to announce that GCPE will be moving forward with the rollout of a modernized and refreshed ministry specific Intranet to support our overall internal communications, employee engagement efforts and access to job-related resources. As leaders in government communications, this is a necessity for our business. This will replace the existing Sharepoint site called the 411.

In June/July 2018, HR sent out a survey to get feedback on the Narrative newsletter and your preferences for Intranet content. 142 of you responded to survey, thanks for this! We heard that although most employees use the 411, many find it difficult to navigate and the content outdated. When asked what you're looking for in an Intranet, you told us, in order of preference, you want easy access to ministry resources, training and development information and policies and procedures.

Next Steps

HR will be working closely with our partners in GDX and have brought together a working group of subject matter experts to get this off the ground. It's going to be a collaborative and grass-roots effort, so bear with us. We know how important this is to implement.

To mitigate operational disruption and internal resourcing, the Intranet will have a staggered and phased implementation during Q4. We will be running the 411 concurrently during implementation. The first phase will include content from Corporate Services, followed by our partners in GDX and finally Communications Operations and Strategic Communication. We will keep you updated along the way.

Help from You

We want to make sure we have the navigation right and as efficient as possible, so will be looking for volunteers give us feedback on this. Watch for emails in February, it will only take about 10 minutes and you can do this from your desk.

Thank you,

Raman Dale, CPA, CMA

I have a couple of questions on AEST-91328, the release on the first sonography classes in Northern B.C.

I see that this is a joint release, do we know who is issuing it yet? What type of release will this be (NR, IB)? The timing does work corporately as well.

They told me they have a corp cal entry on this one, and I deleted ours so there is not duplication.
