Hi Kim

Thanks for your note! I am keeping my fingers crossed we can meet the deadline. The IB has cleared first levels of approval and now sits with DMs for AG and PSSG – I have asked for fast turn-around. If we get it back by tomorrow a.m. I am pretty confident we can get MO sign off before 1 p.m. tomorrow. May we continue to hold the Saturday slot?

Cathy

Hi Lianne,

Ahh, this is a tricky one! I have gone into your entry and made a couple of changes. The category has changed to "Approved Event or Activity" as Minister Donaldson is attending and TRAN is putting out the news release. I have also changed your summary around to have Minister Donaldson at the top of your summary.

I have also added speaking notes to the comm. materials field. I think this should do for now but please let us know if anything changes!

Thank you,

Kim

Subject: RE: Heart of the Hazeltons Announcement

Hi Kim – thanks for the reach out. This will be a community led event, not a BC Govt event. But yes it is confirmed for March 9 and Minister/ MLA Doug Donaldson will be speaking on behalf of the Minister for this one. (Brendan is writing the NR and the 2 minutes of SN so I have included him) We can update the cc entry as you like – just let us know what you want this one under.

Hi Lianne,

Thank you for updating the Heart of the Hazeltons announcement. I am noticing that the category for this entry is set to approved release, yet at the bottom of your summary, it looks like this could also be a potential event with Minister Donaldson attending.

Is this going to be a BC Gov led event?

Thank you Carlene!

I know that there are quite a few of these entries, would you like some help with these?

Yes, Victoria can be filled out in the event field and we are not as concerned with the venue location (so TBC for now is great). These entries should also be in the Speech/Remarks category, not the FYI.

As these are luncheons, should we also move these to the noon timeslot as well?

Thanks!

Kim

Hi there,

The city field has been skipped on all these luncheon entries but we need that filled out (it's a multi-purpose field, used for sorting as well).

Also, is the Minister invited but his attendance is TBC? The details are a bit vague and we have to interpret so just checking if that is the case.

Are these part of the "Post-Budget" speeches that are being lined up with all the Ministers?

INFORMATION BULLETIN

Engagement starting on Fort St. John land use planning

FORT ST. JOHN - Members of the public, communities, governments, industry and stakeholders are invited to provide their input on the process to amend the Fort St. John Land and Resource Management Plan.

As part of its ongoing commitment to reconciliation, the B.C. government is working in collaboration with Blueberry River First Nations and other interested Treaty 8 First Nations to update and amend the plan. Comments on the process and the potential scope and nature of amendments are being accepted until March 6, 2019, at 4 p.m. at:

<https://engage.gov.bc.ca/fortstjohn-land-resource-management-plan-review>

Since the completion of the Fort St. John Land and Resource Management Plan in 1997, northeast B.C. has experienced significant growth. The original plan identifies resource management zones and protected areas on provincial public land, setting out objectives and strategies for how the land and resources are managed.

The first step in updating the plan is to get an idea of what changes may be required based on the changes to northeast B.C. over the past 20 years. To ensure that everyone with interests in land and resource management in the area has an opportunity to provide input into potential plan updates and amendments, consulting firm Urban Systems has been retained to support the Province in gathering community feedback through an online survey, interviews, meetings and open house(s).

Information on public engagement opportunities, including the online survey and how to schedule a one-on-one interview, as well as background information, questions and answers, and general information about the process, can be found on the website noted above.

An open house will also be held in the Pomeroy Hotel in Fort St. John on Feb. 20 from 5-9 p.m. Registration on the website (under "ways to participate") is requested, but not required, to attend.

The feedback in the scoping process will be reviewed by the B.C. government and Urban Systems and summarized in a "what we heard" report that will be publicly available in spring 2019.

Once the scope of the Fort St. John Land and Resource Management Plan updates and amendments are understood, the technical planning work will begin. Further engagement with First Nations, local governments, industry, stakeholders and the public will also be part of the technical planning. This portion of the land and resource management plan update process is expected to begin in spring 2019.

The Fort St. John Land and Resource Management update and amendment process is anticipated to take up to two years, into spring 2021.

INFORMATION BULLETIN

Highway upgrades in Delta to improve travel safety and efficiency

DELTA - The Province has shortlisted three pre-qualified bidding teams to participate in the request for proposals (RFP) stage to design and build the Highway 91/17 upgrade project.

The project is a combination of improvements to the existing Highway 91, Highway 17 and Highway 91 Connector corridors to improve travel safety and efficiency south of the Fraser River. These upgrades will improve commercial and local travel in the area and reduce conflicts between commercial vehicles and other traffic.

The request for qualifications was posted through BC Bid. The following three teams have been invited to participate in the RFP stage of the competitive selection process:

- * Kiewit Construction Services, ULC
- * Kiewit Constructions Services, ULC - respondent and design-build contractor
- * WSP Canada Inc.- design firm
- * Pacific Gateway Constructors
- * Ledcor CMI Ltd. - design-builder (lead)
- * Aecon Infrastructure Management Inc. - design-builder
- * Bel Contracting - design-builder
- * McElhanney Engineering Services Ltd. - design firm
- * Gateway Legacy Partners
- * Graham Infrastructure LP - design-builder
- * Parsons Inc. - design-builder and lead design firm
- * BA Blacktop Ltd. - design-builder
- * Urban Systems - design firm
- * EXP Services Inc. - design firm

The Province anticipates awarding the contract in fall 2019, with construction starting soon after and completion scheduled for 2023. Funding partners for this project include the Government of Canada through the National Infrastructure component of the New Building Canada Fund, the Province of British Columbia and the Vancouver Fraser Port Authority.

This project is part of a \$245-million package being delivered by the Ministry of Transportation and Infrastructure that includes improvements to Deltaport Way and upgrades to 27B Avenue on the Tsawwassen First Nation treaty lands. Work on these components began in summer 2018 and is expected to be completed in summer 2019. The 27B Avenue improvement is being funded by the Tsawwassen First Nation.

To read this information bulletin in Punjabi, visit:

Quick Facts:

- * The Highway 91/17 upgrades include:
 - * Highway 91 at Nordel Interchange - direct ramps to and from Delta, improved acceleration and deceleration lanes, additional through-lanes for Nordel Way traffic crossing over Highway 91 and relocating a portion of the Delta Nature Reserve boardwalk.
 - * Highway 91 Connector at Nordel Way intersection upgrades - a combination of direct access roads and additional turning lanes to remove one signalized intersection and improve all movements, including significantly improved access to and from the Nordel Way commercial-vehicle inspection station and truck parking area.

* A new interchange at Highway 17 and Highway 91 Connector (Sunbury) and improvements to the River Road connection - replacing the existing signalized intersection and eliminating the need for an at-grade rail crossing to access the highway.

* The remaining components of the program include:

* Intersection improvements at Highway 17 at 80th Street (Tilbury) - upgrading the connection from 80th Street to Highway 17 westbound, to improve merging and reduce queuing on 80th Street.

* 27B Avenue and Deltaport Way access improvements - providing a smoother, safer merge for traffic.

* 27B Avenue upgrades between Deltaport Way and 41B Street - roadway widening and upgrading, in co-operation with Tsawwassen First Nation, to improve access to industrial lands and the Canadian Border Service Agency's container examination facility.

Hello Everyone,

Attached is the agenda for tomorrow's meeting at 10am in the big boardroom. Also attached is a copy of the existing Web Content Internal Governance Model that we will be briefly touching on in this meeting, but will have significance later this month as we take a deeper dive into its contents. Please have a brief glance at the document prior to our meeting tomorrow.

Looking forward to seeing you all there!

Take good care,
Andrea

Probably too early for Feb. 11 – just a placeholder for now so it's on there. I'll circle back with you soon – need to get some approval from West Van PD and then can be more definitive on dates – you could mark it as not for look ahead if that helps at your end.

Hi Lindsey,

I'd like to push back the release of this. The week after the budget is already very busy and I worry it will be lost. Who should i be in touch with?

Thanks
Rick

Subject: NR_Rural Dividend project awards - TEMPLATE - draft for review

Hi,
The attached is our draft NR template for the upcoming Rural Dividend project award announcements (FLNR 91506 - Feb. 25).
There are 151 award recipients, so there will be around 16 to 20 NRs, not yet confirmed.

Thank you,
Lindsey

Hi Danielle and Erin,

Attached please find the draft community scans for the Premier's Washington Trip (Seattle and Olympia) February 7 to 8. Separate documents attached have been created for B.C. and American media scans focusing on Washington state and Gov. Inslee.

Copies has also been uploaded to the shared folder.

Please let us know if any updates are required.

Thank you!

Michael and Kim

Hey Corp Cal team,

Looking for a time on Saturday, Feb 9th for this IB to go out regionally. **(CC 91799)**

This is awaiting Cabinet approval and deposit, which should take place on Feb 7th or 8th.

Our MO has requested this release go out on February 9th. It's a Saturday, so don't think it needs to go out super early.

Do you have anything around 10am?

Subject: RE: time for MA tomorrow

Categories: FOI Request - Oct 2

Hi Andy, you can go directly to the editors to book a time for Media Advisories, all good... actually just email the details and attachment to GCPE Editors and tell them what you've send below as far as when you'd like it to go out. They will likely recommend sometime on Wednesday as more than 24hrs ahead can cause confusion with media.

OPINION-EDITORIAL

New government actions will help B.C.'s mining sector thrive Chinese and Punjabi translations are included in this release

by Bruce Ralston

Minister of Jobs, Trade and Technology

(399 words)

VICTORIA - Our government is committed to building a strong economy that works for everyone, and creates good jobs throughout the province.

A critical aspect of building a better B.C. is making sure our traditional industries remain strong.

Mining is an important industry that has economic impacts in every corner of this province. For example, the City of Surrey had 160 companies that directly benefited from the mining industry in 2017, spending over \$76 million on local services, such as engineering, equipment, parts and power solutions. This places the city third on the Mining Association of British Columbia's annual list of communities across the Lower Mainland reaping the financial benefits of mining.

The BC Mining Jobs Task Force has been a key part of our commitment to fostering a healthy, thriving mining sector. This team of 12 dedicated professionals - including First Nations, labour and industry leaders - worked diligently over the last year developing recommendations to help our government bring even more certainty to the mining sector.

Based on the recommendations submitted by the task force, we were excited to announce our support this week during the Association of Mineral Exploration's Roundup 2019 in Vancouver.

During the event, Premier John Horgan announced several key initiatives based on the task force's final report to government.

To start, we are providing:

- * \$1 million for the development of a Mining Innovation Roadmap to foster innovation and new ways to collaborate;
- * \$1 million to continue the B.C. Regional Mining Alliance, which promotes mineral exploration and mining and Indigenous partnerships in our province;
- * two tax credits - previously a temporary measure under the former government - now a permanent incentive to investors; and
- * an increased investment in the Ministry of Energy, Mines and Petroleum Resources to ensure resources are available to improve mining application processes, industry safety, economic growth and more.

When Budget 2019 is released in February, we should have even more details to share. Over the next three years, we plan to implement, develop and study the task force's recommendations through a staged approach, as we continue to build on our commitment for a better British Columbia.

I'm proud of the work that the Mining Jobs Task Force has done and look forward to realizing the positive impact of its efforts as we continue to build a strong, sustainable economy, deliver the services people count on and make life better and more affordable for everyone in B.C.

Hello all,

I'm Victoria from the FIN Web Team. I have the approved forms and webpages ready to publish on your signal, but please keep in mind the workflow takes 5-10 min. to execute.

Is the NR still being released at 3:30pm? Our web files must go live before the NR, or we risk users visiting broken links.

Hi,

I would like to introduce you to [Victoria Zou](#) who is our partner responsible to update FAP web site.

Victoria needs a 15mn heads up before you post the NR. This will give her time to refresh the FAP web site and ensure the web link in the NR is functional.

Thank you for working this out together.

Subject: RE: Corp Cal Query on IGRS-91772 for Friday

Just a heads up, noon will be too late to get it out by 1:30. So we'll need to push it to 3:30pm or so, or the weekend/next week.

Let us know how you want to proceed.

Thanks
Rick

Hi,

The final NR, approved by the Minister's office, are in French revision. I will have them to you by noon today.

Chantal

Hi Veronique,

Rick on our end will see if he can track this one down and get it moving. In the meantime, we are moving this tentatively from 10:00am tomorrow to **1:30pm TBC tomorrow** as there is now not enough time to get this out in a morning slot. Michael on our team has just updated your Corp Cal entry and we'll see what happens with this one between now and tomorrow morning.

With thanks,
Robyn Croft

Subject: RE: Corp Cal Query on IGRS-91772

Hi Kimberly,

Minister Dix already approved the webpage and application form to be posted on the website. He has seen and provided feedback on the NR and the Minister's message to go on the webpage as well, but he had requested a few changes. We didn't receive his approval on the last changes.

A previous news release, associated with the 250K, said that the guidelines and application form would be up on the website by the end of January 2019. This is why we were hoping to have this go out tomorrow morning... but since we don't know when we are going to hear back from Minister Dix, we may have to wait.

Véronique

Thanks Veronique,

We did not know about a website launch attached to the NR in the Corp Cal entry for IGRS-91772.

As the MO has not approved the NR or webpage launch, I think we should move this off tomorrow's 10:00am slot as soon as possible.

Our recommendation is to move this to a date range for next week. Please update the entry as soon as possible or let us know if you need further assistance.

Thanks you,

Kim Copeland

We haven't heard from Minister Dix yet...but we've been talking to his MA and she still hasn't had his approval. The launch of a webpage and application form are planned to go live at the same time as the news release will be published. Please let us know if there is a new time for the news release to be published.

Hi Veronique,

I work in the Corporate Calendar, just wondering when the news release for IGRS-91772 will be into the Editors this afternoon?
