Dr. Bonnie Henry – July 29 gov NR

"We know how important it is for children to be back in school ' to both support their emotional and mental health and their ability to socialize and to learn. Being back in school is also crucial to support many parents in being able to work, but we must do it safely. We ask for families and workplaces to continue to be flexible as we come into the fall. We've put a lot of thoughtful work and consideration into reopening schools this fall and in making sure we're supporting children in ways that keep them, the people who teach them and our communities safe._
