**Extract date** 2018-11-01

### Notes

- 1 Data include BC claims for Aldara (DIN/PIN 2239505) with service date from January 1, 2010 to October 18, 2018.
- 2 BC expenditure includes billed product cost, billed cost markup amount, and billed professional fee.
- 3 Due to data quality issues for the cream pack product and the change in packaging for Aldara, the total quantity is derived based on billed product cost and maximum price per sachet.
- 4 In April 2010, Aldara packaging changed from 4 sachets per box to individual sachet packaging. In June 2014, packaging changed to 24 sachets per box. This may explain the increase in yearly average quantity per patient.
