Hi team,

Attached is a contact list for staff in the opposition MLAs. I noted that there are a couple CAs from whom I have received emails but are not on the list – I've added them in red.

I plan to re-send the introductory email for my offices as I am not entirely certain they all received a copy through their MLA public inbox.

Hope this is helpful!

- A slightly tweaked overview of our funding deck that you have received. Can you please confirm if there was a phone call or follow up call of any kind made to S.22 ?
Reason that I ask is that the MLAs office is requesting, what sounds like, a telephone response summary but this has been logged as a Draft Min-Sig (which I'm assuming has been mailed out by the MO) so not exactly sure what they are asking for but wanted to clarify with you first before I hand over to Lucinda to respond.

Please advise.

Will this backlog of tests increase colonoscopy waitlists and wait times? Will additional colonoscopy capacity be required to prevent colonoscopy waitlists and wait times from increasing? But very much looking forward to our call this afternoon-- 6pm EST would still work great for me.
My personal cell is s.22 or please let me know if there's a number that is best for you.

Yours,

AB

Should I ring your mobile on Thursday, or your office line? If that latter, please send it along when you have a moment

Thanks for inquiring about the livestreaming

Just didn't want you to think I wouldn't venture over water to meet in person while out there! :)

I will definitely ask SFU about livestreaming and 3pm PST on Thursday sounds great.

Thank you for the offer to fly over on Monday. I have two meetings scheduled for Monday morning, involving out of towners like yourself :).

Is the Monday talk to be streamed online per chance?

Am eager to start our conversation. 2 pm or 3 pm pacific time on Thursday I hope works for you.

That's too bad, Jasmyn, but completely understand and we will be sure to get time together over the phone.

But since there, I would still also be happy to trek over to Victoria tomorrow or even Monday am if you have a window at all.

I usually do the talk without slides and then panel discussion with Steve Morgan as well, so there may not be any materials but happy to discuss further and provide other documents that might be of help. Looking forward to making it out to Derrick's hometown and truly appreciate all of your time during a busy stretch.

Yours,

Andrew

Look forward to meeting with you, over the phone for now, in person at some later date.

Hi Jasmyn

Thanks so much for your note and totally understand.

I am flying in for Sunday and then off Tuesday at 11am, so it might be tough to make it out to Victoria for the morning?

I could also try to head over to meet on Monday if that suits you and your team better as the talk is not until 530pm or so.

We will be sure to make something work and very much looking forward to it.

Yours

Andrew

Hi Andrew. This coming week we are still in session, hence we are still in Victoria. As a result my travel

to Vancouver on Monday cant happen

Is it possible for you to come to Victoria on Tuesday to meet? In the alternative you and I can set up some time over the phone.

Look forward to meeting/ talking in the coming days

Best

Jasmyn

Hi Jasmyn,

We would be thrilled to have you attend the talk or dinner, and I will get details from Olena whom is organizing the event and/or connect you.

But from my end, it would be wonderful to meet with you and your office at any time, and of course more than happy for you to be as involved in shaping the event as you might like.

Yours,

Andrew

Thanks so much for the note, Jasmyn. And really appreciate the kind intro Derrick.

I believe the talk is slated after work on November 27th, with a private dinner hosted by SFU and Prof. Olena Hankivsky (https://www.sfu.ca/mpp/faculty_and_associates/olena-hankivsky.html).

I'd be more than happy to put you in touch or try to see what might work best for your office.

Yours,

Andrew

Hi Jasmyn,

A very close friend of mine, Dr. Andrew Boozary, will be doing a talk at SFU on Open Pharma. I know that Steve Morgan will be joining him as well on stage at the event. I know that your Minister was very interested in the transparency work that we are doing and wanted to connect you with Andrew.

Good afternoon, Ms. Gervais,

We received your name and contact information through our contacts with the Provincial/Territorial Blood Liaison Committee and we are hoping that you might be able to help us with a request for information.

We have received word regarding the possibility that Canadian Plasma Resources has applied for a licence to develop a paid plasma donation clinic in BC.

Would it be possible for you or your organization to let us know if this is the case? The BC Ministry of Health would like to be informed of any activity in this regard.

If there is someone else we should speak to please let us know.

Thank you very much for your help with this request,

Donna Bush
