Hello,

In order for this employee to be able to print his payroll advice slips and his 2019 T4 (next year), he need to be enrolled in "Penny". But in order to do that, he needs an email address. You can find the application form on the CO Portal—Information Technology—Account Creation Request.

Thank you,

## Public Service Week

As we kick off BC Public Service Week 2019, I hope each of you take a moment to recognize the work we do as public servants. We're all fortunate to have the privilege of working on behalf of British Columbians, and we should celebrate the important work we do this week.

This year's Public Service Week theme is Celebrating our Diversity. It's an opportunity to come together with a shared passion to make British Columbia the best place it can be that is only strengthened when we embrace the full potential of our unique individual perspectives, experiences and skills in the work we do.

One of the ways we show commitment to our work is through the Oath of Employment. This year marks an important milestone as we celebrate 100 years since the oath was first introduced and recited by B.C. public servants. Once again, we are offering an opportunity to renew your [Oath of Employment](#), today, **Monday, June 10** at 11:30 a.m. on the steps of the B.C. Legislature.

I encourage you to gather your colleagues and share in this together. For those unable to attend or located elsewhere in the province, I look forward to seeing your #DiversityMatters and/or #BCPublicServiceWeek photos in the [@Work photo gallery](#).

While you enjoy the celebrations this week, please remember you make a difference. All of your contributions are important. On behalf of my executive colleagues, thank you for your ongoing commitment to the BC Public Service. Have a wonderful week.

Sincerely,  
Don Wright  
Deputy Minister to the Premier,  
Cabinet Secretary and Head of the BC Public Service

### What's happening?

The BC Human Rights Code (Code) is a law which protects and promotes human rights in British Columbia. The Code protects citizens from being discriminated against under a list of protected grounds, including sex or gender identity. Under the Human Rights Code, sexual harassment is a form of sex discrimination. The [BC Public Service Discrimination and Harassment Policy \(HR Policy 11\)](#) outlines expectations and provides guidance to employees regarding discrimination and harassment, including sexual harassment.

In fall 2018 the Code was amended to lengthen the deadline for filing complaints of alleged contraventions of the Code, including complaints of harassment based on sex. Now, a complaint must be filed within one year of the alleged contravention, instead of within six months.

### More information

Read the [article on @Work](#) with links to a new sexual harassment page on MyHR providing information about what sexual harassment is, preventing sexual harassment, how to report sexual harassment and FAQs.

Thank you for your ongoing commitment to promoting respectful workplaces free from discrimination and harassment, and where all employees are treated with respect and dignity.

**Subject:** Introductory Meeting

Parliamentary Secretary Kang:

Please allow me to introduce myself. My name is Lee Coonfer and I was recently named the new CEO of the BC Seniors Living Association (BCSLA) taking over from our interim CEO, Alison Howard. I understand that you had already met Ms. Howard and I was wanting to do the same now that I have been on the job for a month and have begun to settle in.

I am sure you would agree that open lines of communication between you and your office and the BCSLA are important and I am hoping to establish this constructive communication early.

The BCSLA is an organization that has an advocacy role for the public choice spectrum of seniors care. It is this sector that will see significant growth in the coming years and have the ability to provide support to the government that will allow it to meet objectives in the area of seniors care. Personally, I am an advocate of building relationships and finding areas of mutual interest and common objectives. I do not see value in conflict and where there are areas of disagreement, I engage to resolve constructively.

I am sure that you share these values and I do look forward to the opportunity to introduce myself and to meet you and your staff in person.

I have left a voice mail at your constituency office. I look forward to hearing back from you.

Regards,

Lee Coonfer

**Importance:** High

Dear Ms. Kang, we met at a luncheon hosted by ASBC in the Spring at which the discussion focused on cross-cultural experiences of dementia and care. I was the discussant. I am happy to report that my own dementia and knowledge translation project is coming to a close and my team will be holding a launch of web pages that feature the products we generated to increase access to dementia supports for Korean and Punjabi-speaking older adults (as detailed below). I would be delighted if you could join us and have inserted a tentative speaking spot at the end of the agenda for you. This seems like the ideal time for you to add to the conversation your thoughts on how this project can inform your government's approach to seniors care, taking into consideration the diversity found among older adults in British Columbia. I appreciate that you are no doubt extremely busy, but think that you will find this to be an excellent opportunity to (re)connect with leaders at Fraser Health, ASBC and immigrant-serving agencies, all of whom are central to our efforts to increase accessibility to immigrant older adults.

Best regards, Sharon Koehn

## **Building Trust Web Page Launch: June 20th**

### **Background:**

**Building Trust** is a research and knowledge mobilization project funded by the Alzheimer's Society of Canada's Research Program (Grant # 17-26) and led by Dr. Sharon Koehn, Simon Fraser University.

- ❖ In Phase I of the project, the Building Trust team conducted **research** with Punjabi- and Korean speaking populations in British Columbia Canada to identify the challenges they face in accessing dementia services and supports. They also interviewed staff of immigrant serving agencies ICS and MOSAIC and dementia service agencies, Fraser Health and the Alzheimer's Society of BC to understand if and how they played a role and the challenges they faced in delivering information and/or supports to people with dementia and their families.
- ❖ In Phase II, they developed a **Suite of innovations to increase access to dementia services and supports** that aimed to address the issues identified in the Phase I research. The team fostered relationships with and between the

Alzheimer's Society of BC (ASBC) and immigrant serving agencies, PICS and MOSAIC and provided funds and oversight of their collaborative development of four innovations. Pre-post evaluations were conducted with target audiences for each pilot (except the infocard). Innovations include:

- ASBC Dementia Friends workshops adapted for a Punjabi-speaking (primarily older adult) audience (piloted twice, the 2<sup>nd</sup> drawing on lessons learned from the 1<sup>st</sup>)
- Dementia in the Workplace, a three-hour class to be incorporated into the labour market section of English curriculum delivered by settlement agencies for newcomers to Canada.
- Navigating to Care [You Tube video](#) in Korean includes information on speaking to your doctor about dementia and the signs of Alzheimer's Disease (ASBC) and system navigation (Fraser Health).
- Korean Dementia Infocard: a folding business-size card with translated ASBC information - 'Five Things to Share about Dementia' and 'Communication Strategies.' Includes contact information to Korean-speaking resource at a settlement agency to assist navigation.

For further information, a five-page summary of the project is attached here.

**Audience:**

*Primary* – decision makers at Fraser Health, Alzheimer's Society of BC and immigrant serving agencies (both our partners, PICS and MOSAIC, as well as other agencies in Greater Vancouver); *Secondary* – participants in the study.

**Purpose of the web-page launch:**

In order to make the resources we have developed as widely accessible as possible, we have worked with the United Way of the Lower Mainland to host the resources and develop an Immigrant Seniors Group on their Healthy Aging CORE [website](#), which aims to be the “the knowledge hub for Community Based Seniors' Services organizations and allied agencies and individuals in British Columbia. The purpose of the launch is threefold:

1. To make our resources as visible and accessible to decision makers who can promote their utilization through their networks;
2. To highlight the importance and value of leveraging the complimentary resources and sources of trust of dementia-service and immigrant serving agencies (with an emphasis on the need to compensate immigrant-serving agencies equitably);and
3. To show research participants how we have utilized the valuable time and knowledge they have contributed to the project.

**Agenda (Preliminary):**

2:30-2:40 – Check in and refreshments

2:40-2:50 – Barb McMillan, United Way of the Lower Mainland: Healthy Aging CORE website

2:50-3:20 – Dr. Sharon Koehn (PI, Building Trust), SFU: The Building Trust research project, knowledge mobilization and web-page navigation

3:20-3:30 - Olga Stachova, Chief Executive Officer, MOSAIC: The value of the Building Trust

partnership and its outcomes to MOSAIC

3:30-3:40 – Older adult participant in Punjabi-adapted Dementia Friendly presentation: How the partnership between PICS and ASBC facilitated access to the presentation.

3:40-3:50 – ASBC representative (Sara Wagner): the value of partnering with PICS and MOSAIC to build relationships and tangible outcomes

3:50-4:00 – Dr. Neil Drummond (co-I, Building Trust), University of Alberta: Broader implications of the partnership model and Building Trust outcomes for access to dementia services and supports by immigrant older adults

4:00-4:10 – Anne Kang MLA, TBD

4:00-4:30 – Facilitated “speed-dating”: semi-structured opportunity for participants from immigrant-serving agency + community to connect with dementia service agency personnel (FH + ASBC) to discuss their immediate thoughts on the implications of our presentation.

Either Alexis or I can answer any additional questions you may have.

Hi Anne,

Apologies for the delay and hope your travel is going smoothly!

I've pulled out the key initiatives that you can highlight in the speech. The notes from comms yesterday read more like a list – if we are to choose a few to showcase it would be the below

## **INTRODUCTION**

- Hello everyone and thank you for having me here today.
- I'm Anne Kang, MLA for Burnaby-Deer Lake and Parliamentary Secretary for Seniors.
- In my role as Parliamentary Secretary for Seniors, I work to identify how we can make health care and quality of life better for older British Columbians.
- Connecting with people at gatherings, like the one here today, plays a major role in helping me – and all of us in government – learn about what your priorities are.
- This helps us focus our strategies to improve

programs and health care for seniors.

## **Seniors Investments**

- Our government has made the largest investment in seniors' care in a generation: we are investing \$1.048 billion over three years to improve care for seniors, including investments in primary care, home health, residential care and assisted living.
- This historic investment will go a long way to improve seniors' health care in B.C.

## **FAMILY AND FRIEND CAREGIVER SUPPORTS**

- As part of this, we are dedicating \$75 million over three years to expand respite care and adult day programs to better support family and friend caregivers.
- I'm sure there are a few of you here today who are caregivers to loved ones, and you know

firsthand how busy and stressful it can be.

- Many caregivers also hold down jobs, care for children or have other responsibilities – this can be overwhelming at times, and we are committed to supporting caregivers to get the breaks they need to recharge.
- We are increasing the number of adult day program spaces and the hours of operation expanded to provide services on evenings and weekends.
- If you are caregiver, and you're in need of a break for a few hours or even overnight, options are there.
- I encourage you to contact your home and community health office through the health authority or talk to your health-care provider about requesting an assessment for services.

- I thank you and all family and friend caregivers for helping loved ones live at home for as long as possible, which is what most seniors prefer.

## **RESIDENTIAL CARE**

- When we formed government, 86% of care homes didn't meet the standard for long-term care.
- We are increasing staffing levels in residential care homes to make sure seniors are getting the quality care they need and deserve.
- That is \$240 million invested over three years to increase the direct care seniors receive to 3.36 hours per resident day, on average, in each health authority by 2021.
- Seniors in the Vancouver Coastal Health region are benefiting from an investment of over \$9.1 million in 2018-19 in just the first year of the

Premier's three-year plan. (112,000 more hours of care in the region in just 6 months)

- Seniors will be getting more help with dressing, or meals, or getting the assistance they need to join a social activity. For staff this means they have more time to spend with the people they care for, and for families it can mean peace of mind, knowing that their loved ones are getting the one-on-one time needed from staff for safe, quality care

### **Shelter Aid for Elderly Renters**

- The Province is providing \$116 million over three years to expand eligibility and increase the average benefits under the Rental Assistance Program and Shelter Aid for Elderly Renters (SAFER).
- SAFER provides direct cash assistance to eligible residents, who are aged 60 years or over,

to assist them in meeting their monthly rent payment in the private market. Approximately 23,200 senior households receive assistance through SAFER.

- As a result of these changes, over 17,000 existing low-income seniors will see their SAFER benefits increase, and 700 new senior households will become eligible. The average payment for SAFER recipients will go up by approximately \$930 a year. These enhancements will begin Sept. 1, 2018.

## **AGE-FRIENDLY GRANTS**

- We also know it's important to support our communities in being age friendly...
- Where people of all ages and abilities can benefit from safer, barrier-free buildings and streets, better access to local businesses and facilities, and more green spaces.

- To do this, we've provided approximately \$587,000 in age-friendly grants to 34 B.C. communities in 2018 to develop projects and plans that help seniors live active, safe, socially engaged and independent lives.
- And in 2019, a total of \$729,500 in age-friendly grants went to 37 B.C. communities.
- This includes Sechelt, who used the funding last year to partner with Sunshine Coast and Gibsons to create age-friendly/accessible trails guide.
- The guide will highlight trails that are welcoming to all ages, and people with diverse levels of mobility and endurance. The project builds on Sechelt's 2012 recognition as an age-friendly community.

## **CONCLUSION**

- While we've been hard at work, we know we have a lot more work ahead of us...
- We are committed to making sure you have a government that's working for you...
- and we're just getting started.
- Thank you.

Any interest in attending the 6th Annual Thai Fest? It's outside your district, and it may be a little rushed to get back to Swangard for your speech at the Fiji Fest. If there is any interest, we can help you figure out the logistics with the organizers.

**Re: Invitation to 2019 Chinese Culture Heritage Festival & The 11th Vancouver Water-Splashing Festival on July 28, 2019**

Dear Ms. Anne Kang,

CCSA (Canadian Community Service Association) will host its 2019 Chinese Culture Heritage Festival & The 11th Vancouver Water-Splashing Festival on **July 28, 2019 at 10:00AM**. The event will take place at **the Swangard Stadium of Burnaby Central Park** on 3883 Imperial Street, Burnaby, BC. We are pleased to invite you to attend this special event as the VIP guest. We also look forward to your honorary greeting letter for our event.

The Chinese Culture Heritage Festival is a great opportunity for community gathering in celebration of Chinese culture and history, and sharing that pride with all ethnic groups which made us Canadians. The 2018 Chinese Culture Heritage Festival successfully showed the splendid Chinese culture and presented the significant contribution of the Chinese community to the Canadian multiculturalism. As the significant annual celebration of the Canadian Chinese Community, it is the 11th year for the CCSA to organize this event. We would like to take this great opportunity to commemorate the contribution of Chinese Community to the prosperity of Canada.

Vancouver Water-Splashing Festival has been successfully held for eight years. It is no longer limited to a minority festival of Chinese community, but also a multi-cultural event with new activities every year. The Water-Splashing Festival symbolizes the New Year of the Dai, Blang, Achang ethnic minorities in China. It is one of the liveliest ceremonious traditional festivals to bring joy, happiness and good luck to our community.

We would like to thank you for your support in the past events. We are anticipating 20,000

and more visitors this year for the event. Your participation will make this event a greater one. We are looking forward to seeing you in the event. Please confirm with us for your attendance. If you have any questions please let us know by return.

Sincerely yours,

**Harris Niu**

Dear Ms. Kang, we met at a luncheon hosted by ASBC in the Spring at which the discussion focused on cross-cultural experiences of dementia and care. I was the discussant. I am happy to report that my own dementia and knowledge translation project is coming to a close and my team will be holding a launch of web pages that feature the products we generated to increase access to dementia supports for Korean and Punjabi-speaking older adults (as detailed below). I would be delighted if you could join us and have inserted a tentative speaking spot at the end of the agenda for you. This seems like the ideal time for you to add to the conversation your thoughts on how this project can inform your government's approach to seniors care, taking into consideration the diversity found among older adults in British Columbia. I appreciate that you are no doubt extremely busy, but think that you will find this to be an excellent opportunity to (re)connect with leaders at Fraser Health, ASBC and immigrant-serving agencies, all of whom are central to our efforts to increase accessibility to immigrant older adults.

Best regards, Sharon Koehn

## Building Trust Web Page Launch: June 20th

### Background:

**Building Trust** is a research and knowledge mobilization project funded by the Alzheimer's Society of Canada's Research Program (Grant # 17-26) and led by Dr. Sharon Koehn, Simon Fraser University.

- ❖ In Phase I of the project, the Building Trust team conducted **research** with Punjabi- and Korean speaking populations in British Columbia Canada to identify the challenges they face in accessing dementia services and supports. They also interviewed staff of immigrant serving agencies ICS and MOSAIC and dementia service agencies, Fraser Health and the Alzheimer's Society of BC to understand if and how they played a role and the challenges they faced in delivering information and/or supports to people with dementia and their families.
- ❖ In Phase II, they developed a **Suite of innovations to increase access to dementia services and supports** that aimed to address the issues identified in the Phase I research. The team fostered relationships with and between the Alzheimer's Society of BC (ASBC) and immigrant serving agencies, PICS and MOSAIC and provided funds and oversight of their collaborative development of four innovations. Pre-post evaluations were conducted with target audiences for each pilot (except the infocard). Innovations include:
  - o ASBC Dementia Friends workshops adapted for a Punjabi-speaking (primarily older adult) audience (piloted twice, the 2<sup>nd</sup> drawing on lessons learned from the 1<sup>st</sup>)
  - o Dementia in the Workplace, a three-hour class to be incorporated into the labour market section of English curriculum delivered by settlement agencies for newcomers to Canada.
  - o Navigating to Care [You Tube video](#) in Korean includes information on speaking to your doctor about dementia and the signs of Alzheimer's Disease (ASBC) and system navigation (Fraser Health).
  - o Korean Dementia Infocard: a folding business-size card with translated ASBC information - 'Five Things to Share about Dementia' and 'Communication Strategies.' Includes contact information to Korean-speaking resource at a settlement agency to assist navigation.

For further information, a five-page summary of the project is attached here.

### Audience:

*Primary* – decision makers at Fraser Health, Alzheimer's Society of BC and immigrant serving agencies (both our partners, PICS and MOSAIC, as well as other agencies in Greater Vancouver); *Secondary* – participants in the study.

### Purpose of the web-page launch:

In order to make the resources we have developed as widely accessible as possible, we have worked with the United Way of the Lower Mainland to host the resources and develop an Immigrant Seniors Group on their Healthy Aging CORE [website](#), which aims to be the “the knowledge hub for Community Based Seniors' Services organizations and allied agencies and individuals in British Columbia. The purpose of the launch is threefold:

1. To make our resources as visible and accessible to decision makers who can promote their utilization through their networks;
2. To highlight the importance and value of leveraging the complimentary resources and sources of trust of dementia-service and immigrant serving agencies (with an emphasis on the need to compensate immigrant-serving agencies equitably);and
3. To show research participants how we have utilized the valuable time and knowledge they have contributed to the project.

**Agenda (Preliminary):**

2:30-2:40 – Check in and refreshments

2:40-2:50 – Barb McMillan, United Way of the Lower Mainland: Healthy Aging CORE website

2:50-3:20 – Dr. Sharon Koehn (PI, Building Trust), SFU: The Building Trust research project, knowledge mobilization and web-page navigation

3:20-3:30 - Olga Stachova, Chief Executive Officer, MOSAIC: The value of the Building Trust partnership and its outcomes to MOSAIC

3:30-3:40 – Older adult participant in Punjabi-adapted Dementia Friendly presentation: How the partnership between PICS and ASBC facilitated access to the presentation.

3:40-3:50 – ASBC representative (Sara Wagner): the value of partnering with PICS and MOSAIC to build relationships and tangible outcomes

3:50-4:00 – Dr. Neil Drummond (co-I, Building Trust), University of Alberta: Broader implications of the partnership model and Building Trust outcomes for access to dementia services and supports by immigrant older adults

4:00-4:10 – Anne Kang MLA, TBD

4:00-4:30 – Facilitated “speed-dating”: semi-structured opportunity for participants from immigrant-serving agency + community to connect with dementia service agency personnel (FH + ASBC) to discuss their immediate thoughts on the implications of our presentation. Either Alexis or I can answer any additional questions you may have.

Lucinda -

Hope you're doing well! This is Eugene Tseng, and we met briefly when I came back to Burnaby to visit last year. Anne received an invitation to speak at a Alzheimer's and dementia event in Surrey, and is wondering if you could help her prepare a 10-min speech on our government's investment in dementia care?

Please kindly let me know if there is any additional information that you would like us to provide. Any guidance is much appreciated!

Sincerely,

**Importance:** High

Dear Ms. Kang, we met at a luncheon hosted by ASBC in the Spring at which the discussion focused on cross-cultural experiences of dementia and care. I was the discussant. I am happy to report that my own dementia and knowledge translation project is coming to a close and my team will be holding a launch of web pages that feature the products we generated to increase access to dementia supports for Korean and Punjabi-speaking older adults (as detailed below). I would be delighted if you could join us and have inserted a tentative speaking spot at the end of the agenda for you. This seems like the ideal time for you to add to the conversation your thoughts on how this project can inform your government's approach to seniors care, taking into consideration the diversity found among older adults in British Columbia. I appreciate that you are no doubt extremely busy, but think that you will find this to be an excellent opportunity to (re)connect with leaders at Fraser Health, ASBC and immigrant-serving agencies, all of whom are central to our efforts to increase accessibility to immigrant older adults.

### **Building Trust Web Page Launch: June 20th**

#### **Background:**

**Building Trust** is a research and knowledge mobilization project funded by the Alzheimer's Society of Canada's Research Program (Grant # 17-26) and

led by Dr. Sharon Koehn, Simon Fraser University.

- ❖ In Phase I of the project, the Building Trust team conducted **research** with Punjabi- and Korean speaking populations in British Columbia Canada to identify the challenges they face in accessing dementia services and supports. They also interviewed staff of immigrant serving agencies ICS and MOSAIC and dementia service agencies, Fraser Health and the Alzheimer's Society of BC to understand if and how they played a role and the challenges they faced in delivering information and/or supports to people with dementia and their families.
- ❖ In Phase II, they developed a **Suite of innovations to increase access to dementia services and supports** that aimed to address the issues identified in the Phase I research. The team fostered relationships with and between the Alzheimer's Society of BC (ASBC) and immigrant serving agencies, PICS and MOSAIC and provided funds and oversight of their collaborative development of four innovations. Pre-post evaluations were conducted with target audiences for each pilot (except the infocard). Innovations include:
  - o ASBC Dementia Friends workshops adapted for a Punjabi-speaking (primarily older adult) audience (piloted twice, the 2<sup>nd</sup> drawing on lessons learned from the 1<sup>st</sup>)
  - o Dementia in the Workplace, a three-hour class to be incorporated into the labour market section of English curriculum delivered by settlement agencies for newcomers to Canada.
  - o Navigating to Care [You Tube video](#) in Korean includes information on speaking to your doctor about dementia and the signs of Alzheimer's Disease (ASBC) and system navigation (Fraser Health).
  - o Korean Dementia Infocard: a folding business-size card with translated ASBC information - 'Five Things to Share about Dementia' and 'Communication Strategies.' Includes contact information to Korean-speaking resource at a settlement agency to assist navigation.

For further information, a five-page summary of the project is attached here.

Hi Team,

Please see attached a one page backgrounder and KMs for MLA Anne Kang for her attendance Swahili Community Day on June 22. MLA Kang will be presenting the proclamation at this event. We have confirmed with the organizers that **they** will be bringing the proclamation to the event.

Thanks to Rachel for pulling this together and learning Swahili in the process.

Dear Parliamentary Secretary Anne Kang:

As per your request,

our current year budget for April 2019 - March 2020 was set at \$90,000.00 for both income and expenditures.

However, the budget included an expected grant in the amount of \$25,000 as well as expenditures of the same amount.

Thank you.

Good morning Anne,

Thanks again for getting back to me so quickly yesterday re: announcement w/ Adrian on long-term care Tues July 2, 12pm. I've cc'd Apollo and Eugene here to keep them looped in on Tuesday's plan. The location is TBD, but likely in Vancouver or Burnaby at St. Michael's—will definitely keep you posted.

I apologize in advance for any inconvenience on this new note: there may be a chance that the announcement will happen earlier at 10am—I see that your calendar is open for that morning. May I request a hold for now? We will have confirmation by eod today.

As always, please feel free to call you have questions/concerns.

Sincerely,

Thuy

Hi Anne,

It was a pleasure speaking to you in regards to Senior Health Care. We are in the process of connecting with the contacts you gave to us ☺

Also, thank you for allowing me to brief you quickly on KPU's progress with the Ministry of AEST. Attached, I have included a FAQ for you to share as you see fit. Again, KPU is working with AEST on a Bachelor's Degree of TCM and KPU thinks it is purely of an academic nature and shouldn't require any further Ministry of Health's time and resources beyond the Stage 1 Initial consultation process. We are not seeking endorsement from the MoH, just merely an acknowledgement that it is an academic issue and not a clinic one, therefore it should remain solely in the realm of the Ministry of AEST.

We enjoyed our time with you and are very grateful for you to take time out of your busy schedule to help us connect with the Residential Facilities and for allowing us to bend your ear on our TCM degree progress.

Please tell your son thank you for looking after us today ☺ He was so good and reminded me of my boys!

Let me know if you require any additional clarification or information. I hope you have a Happy Friday tomorrow and enjoy the rest of your weekend.

Warmest Regards,

David

I've gone in the past. Ask them what time the opening speeches are. In the past, NDP lets me speak on behalf of the whole legislature (NDP/Libs). If it's early enough, maybe I can go to both.

This would be an issue for the ministry of health to provide directions.

**Subject:** Anne - Fwd: Dementia Wing in new St.Pauls hospital  
Hi Anne,

I was referred to you as It's my understanding you're now on the board of the Parliamentary Secretary for Seniors in BC.  
I am the son of two dementia patients (my dad passed last year and my mother currently lives with Alzheimer's). After my mother suffered a horrible incident in St.Paul's hospital, I've become an advocate and I'm now working alongside the Alzheimer's Society of BC. I've been interviewed on CKNW and Global News and an article about my mother's incident was published in the Vancouver Sun. My advocacy now focusses on the construction of the new St.Paul's hospital, in terms of setting a precedent by providing a dementia friendly space for patients in its design. I have sent the message below to Providence Health Care and Minister Dix, to no response. I'm wondering if you have any ideas as to how I can provide input through board meetings, advocacy, etc. This hospital represents a chance for the city to be world leaders in adjusting to the new demands of a society with aging boomers and higher dementia levels.

Thanks Anne, my original email is below.

Very best,  
Aaron Craven

Providence Health Care Administration, Minister Adrian Dix, et al,  
I've become an advocate for dementia sufferers, consulting with The Alzheimer's Society of BC on the best way to affect change in our health care system. I am the son of two parents with dementia, my father deceased and my mother currently living with Alzheimer's. My mother suffered a horrible incident at St.Paul's hospital in June of 2017, which spurred a widely read article in The Vancouver Sun, followed by me launching several reviews through the Patient Care Quality Office and The Registered College of Nurses, as well as through Providence Health Care itself. It also led me to create a petition to Minister Dix, signed by 91,000 Canadians asking for changes in the ways hospitals care for dementia patients.

The Vancouver Sun article: <https://vancouversun.com/news/local-news/st-pauls-hospital-addressing-brutal-lack-of-dignity-allegation-in-treating-alzheimers-patient>

The Petition: <https://www.change.org/p/support-change-for-dementia-patients-in-canadian-hospitals>

As baby boomers age and this problem of rising dementia numbers becomes an epidemic, new hospitals should be considering separate admissions spaces for dementia patients, in particular the new St.Paul's hospital. I was part of a panel consulting with representatives from the Ministry of Health on the new Dementia Care Policy and this issue was repeatedly stressed.

I want to be a partner in change with Providence Health Care as the new St.Paul's hospital is designed<sup>s.22</sup> I have lengthy and comprehensive education on the needs and behaviours of dementia patients and it is time that primary caregivers be given a voice on this issue.

How can I help advocate for dementia spaces in our Province's hospitals, starting with the new St.Paul's, being constructed directly across the street from my home?

Thank you, I welcome your response.

How are you this beautiful morning?

I have now finished my Spring session at the B.C. legislature. I will be spending a lot more time in Burnaby and the lower mainland area.

I was wondering if I can take you out to tea or lunch, anywhere in the Burnaby south or Metrotown area.

Here are my availabilities:

6/5 Wednesday, afternoon tea, 1pm

6/6 Thursday, lunch anytime after 11am, very flexible.

6/10 Monday, anytime.

I look forward to connecting with you, s.22

Good afternoon Anne and Eugene,

Thank you for the quick reply. Would you please prepare a 2-3 minutes speech? If you have your favourite photo, would you please email me? Otherwise, I will select one online to put into the PPT for your background while you speak, all right?

Thank you.

Dear MLA Anne,

Thank you for all your great contribution.

The 2019 Chinese Cultural Heritage Festival, the 11th Vancouver Water Splashing Festival, supported by City of Burnaby, hosted by Canadian Community Service Association (CCSA), organized by Chinese Construction and Renovation Association of Canada (CCRAC) and [HelloButler.com](http://HelloButler.com), will be held at the Swangard Stadium in Burnaby on July 28, 2019 from 10am to 5pm. It will also be the Grand Celebration for the 70th Anniversary of the Founding of the People's Republic of China.

As always, the 2019 Chinese Cultural Heritage Festival and the 11th Vancouver Water Splashing Festival will hold a formal plaque ceremony. On top of the traditional five major theme activities "Connecting - the past time, Unique - folk artists, Song and Dance - traditional arts, Food - China Taste, Water Splashing Festival - traditional festival", this year we are having the following major

features:

- The distribution of the six major theme activities is more reasonable. This year, it will increase to 100 booths, including Kids Zone, Health Care Zone, Consulting Zone, Home Building Materials Zone, Dining Area and Comprehensive Zone.
- The Kids Zone will increase and the activities will be more attractive: Kids Zone will have children's educational training, parent-child activities, etc. There are 16 booths. In addition to the traditional toys like the past years, the Kids Zone has added more attractive entertainment facilities. Merchants for Kids Zone will print promotional papers, and participating kids will be able to collect free tickets.
- The Dining Zone will increase to 15 booths to ensure that everyone can enjoy the food, more importantly, more traditional Chinese food will be served;
- Tug-of-War Competition: 12 people per team, the final female team and male team will win a prize of \$1,000 Canadian dollars each;
- Song and Dance programs will highlight the theme of celebrating the 70th anniversary of the founding of the People's Republic of China.

To celebrate Chinese traditional culture, to further strengthen the cultural and economic relationship between Canada and China, to enhance the cooperation between ethnic groups and local communities, and to further promote the development of multiculturalism in Canada, if you happen to be at Great Vancouver area, here I sincerely invite you to take the time out of your busy schedule to attend:

Dear Ms. Kang, we met at a luncheon hosted by ASBC in the Spring at which the discussion focused on cross-cultural experiences of dementia and care. I was the

discussant. I am happy to report that my own dementia and knowledge translation project is coming to a close and my team will be holding a launch of web pages that feature the products we generated to increase access to dementia supports for Korean and Punjabi-speaking older adults (as detailed below). I would be delighted if you could join us and have inserted a tentative speaking spot at the end of the agenda for you. This seems like the ideal time for you to add to the conversation your thoughts on how this project can inform your government's approach to seniors care, taking into consideration the diversity found among older adults in British Columbia. I appreciate that you are no doubt extremely busy, but think that you will find this to be an excellent opportunity to (re)connect with leaders at Fraser Health, ASBC and immigrant-serving agencies, all of whom are central to our efforts to increase accessibility to immigrant older adults.

## Building Trust Web Page Launch: June 20th

### Background:

**Building Trust** is a research and knowledge mobilization project funded by the Alzheimer's Society of Canada's Research Program (Grant # 17-26) and led by Dr. Sharon Koehn, Simon Fraser University.

- ❖ In Phase I of the project, the Building Trust team conducted **research** with Punjabi- and Korean speaking populations in British Columbia Canada to identify the challenges they face in accessing dementia services and supports. They also interviewed staff of immigrant serving agencies ICS and MOSAIC and dementia service agencies, Fraser Health and the Alzheimer's Society of BC to understand if and how they played a role and the challenges they faced in delivering information and/or supports to people with dementia and their families.
- ❖ In Phase II, they developed a **Suite of innovations to increase access to dementia services and supports** that aimed to address the issues identified in the Phase I research. The team fostered relationships with and between the Alzheimer's Society of BC (ASBC) and immigrant serving agencies, PICS and MOSAIC and provided funds and oversight of their collaborative development of four innovations. Pre-post evaluations were conducted with target audiences for each pilot (except the infocard). Innovations include:
  - ASBC Dementia Friends workshops adapted for a Punjabi-speaking (primarily older adult) audience (piloted twice, the

## 2 drawing on lessons learned from the 1 )

- o Dementia in the Workplace, a three-hour class to be incorporated into the labour market section of English curriculum delivered by settlement agencies for newcomers to Canada.
- o Navigating to Care You Tube video in Korean includes information on speaking to your doctor about dementia and the signs of Alzheimer's Disease (ASBC) and system navigation (Fraser Health).
- o Korean Dementia Infocard: a folding business-size card with translated ASBC information - 'Five Things to Share about Dementia' and 'Communication Strategies.' Includes contact information to Korean-speaking resource at a settlement agency to assist navigation.

For further information, a five-page summary of the project is attached here.

### **Audience:**

*Primary* – decision makers at Fraser Health, Alzheimer's Society of BC and immigrant serving agencies (both our partners, PICS and MOSAIC, as well as other agencies in Greater Vancouver); *Secondary* – participants in the study.

### **Purpose of the web-page launch:**

In order to make the resources we have developed as widely accessible as possible, we have worked with the United Way of the Lower Mainland to host the resources and develop an Immigrant Seniors Group on their Healthy Aging CORE website, which aims to be the “the knowledge hub for Community Based Seniors' Services organizations and allied agencies and individuals in British Columbia. The purpose of the launch is threefold:

1. To make our resources as visible and accessible to decision makers who can promote their utilization through their networks;
2. To highlight the importance and value of leveraging the complimentary resources and sources of trust of dementia-service and immigrant serving agencies (with an emphasis on the need to compensate immigrant-serving agencies equitably);and
3. To show research participants how we have utilized the valuable time and knowledge they have contributed to the project.

### **Agenda (Preliminary):**

2:30-2:40 – Check in and refreshments

2:40-2:50 – Barb McMillan, United Way of the Lower Mainland: Healthy Aging CORE website

2:50-3:20 – Dr. Sharon Koehn (PI, Building Trust), SFU: The Building Trust research project, knowledge mobilization and web-page navigation

3:20-3:30 - Olga Stachova, Chief Executive Officer, MOSAIC: The value of the Building Trust partnership and its outcomes to MOSAIC

3:30-3:40 – Older adult participant in Punjabi-adapted Dementia Friendly presentation: How the partnership between PICS and ASBC facilitated access to the presentation.

3:40-3:50 – ASBC representative (Sara Wagner): the value of partnering with PICS and MOSAIC to build relationships and tangible outcomes

3:50-4:00 – Dr. Neil Drummond (co-I, Building Trust), University of Alberta: Broader implications of the partnership model and Building Trust outcomes for access to dementia services and supports by immigrant older adults

4:00-4:10 – Anne Kang MLA, TBD

4:00-4:30 – Facilitated “speed-dating”: semi-structured opportunity for participants from immigrant-serving agency + community to connect with dementia service agency personnel (FH + ASBC) to discuss their immediate thoughts on the implications of our presentation.

Either Alexis or I can answer any additional questions you may have.

Would you like to attend GhanaFest at 5:30pm on Saturday 7/20 right after the BDL event. There's also a hold for Bruce Street Block Party. The event is in Surrey at Bear Creek Park, but it's very cool that the Vice President of Ghana will be there. I'm going to hop on a call with them to see which other MLAs will be there.

I hope this finds you having a lovely day.

I am popping in this morning to see you would be available to go to Kelowna on June 18<sup>th</sup> on behalf of Minister Beare.

The Royal BC Museum and Ministry of Tourism, Arts and Culture are consulting with British Columbians on modernizing our provincial museum. The next consultation is in Kelowna on June 18 (more info here: <https://engage.gov.bc.ca/govtogetherbc/consultation/royal-bc-museum-modernization/> )

This is an evening event so likely means you will have to spend the night in Kelowna thought it also means you could be in the region longer and perhaps take some stakeholder meetings in your role as Parliamentary Secretary???

Give it some thought and let me know when you can.

Also, thank you for allowing me to brief you quickly on KPU's progress with the Ministry of AEST. Attached, I have included a FAQ for you to share as you see fit. Again, KPU is working with AEST on a Bachelor's Degree of TCM and KPU thinks it is purely of an academic nature and shouldn't require any further Ministry of Health's time and resources beyond the Stage 1 Initial consultation process. We are not seeking endorsement from the MoH, just merely an acknowledgement that it is an academic issue and not a clinic one, therefore it should remain solely in the realm of the Ministry of AEST.

We enjoyed our time with you and are very grateful for you to take time out of your busy schedule to help us connect with the Residential Facilities and for allowing us to bend your ear on our TCM degree progress.

Dear MLA Ann Kang,

I am writing today to request a meeting. Attending would be me and my colleague Leslie Foord. We would be pleased to meet with you in your riding office or Victoria. We will be in Victoria on Monday, October 29th and Tuesday, October 30th if one of those dates works. Or we can travel to Victoria another day that is better for your schedule.

When we meet, I can give you an overview of how Merck is supporting research and development in British Columbia through multiple partnership agreements. One of those partners is Xenon which is located in your riding. Xenon is a biopharmaceutical company focused on developing innovative therapeutics to improve the lives of patients with neurological disorders. We also have invested in programs and partnerships at Simon Fraser University. When we meet, I can brief you about this partnership and others in BC which have the potential to exceed 1 billion in funding commitments to local companies.

I can also provide information about opportunities to work with government to ensure healthcare remains sustainable for future

generations. We have a long history of working with governments to support the effective and appropriate use of pharmaceutical products as well as broader programs to help improve public health.

Finally, my colleague, Leslie Foord, would also like to discuss the excellent work being done by BC Cancer and why the province has some of the best cancer survival rates in the world. She can also provide an overview of new opportunities for BC to continue and perhaps even improve on those health outcomes.

Thanks again for your consideration of this request and we look forward to the opportunity to discuss this in greater detail soon.

Sincerely,

Lee Smith

Good Afternoon,  
My name is Todd Hauptman and I am the Public Affairs Director of the Trial Lawyers Association of BC.  
I am writing to request a 30-minute meeting sometime in June or July between yourself and our team, including a person impacted by the lack of wrongful death legislation in BC and myself. Please find attached a briefing note on the need for wrongful death legislation. We would like to focus our conversation on this issue. For your information, we met in March with Attorney General David Eby and discussed this issue along with all of our core issues. We would like to meet with you to build a relationship with you.  
The Trial Lawyers Association of British Columbia (TLABC) is a nonprofit that represents in excess of 1500 legal professionals across this province. Our members practice in areas that include commercial, criminal, family and personal injury. TLABC is committed to promoting the rights of individuals in this province and access to justice for all.  
For further information on the association, please do not hesitate to contact me or visit our website: [www.tlabc.org](http://www.tlabc.org)  
We look forward to hearing from you. Thank you kindly for this consideration.

Anne Kang, MLA Burnaby-Deer Lake

Burnaby, BC V5H 4C3

Dear MLA Kang,

I am writing to request a meeting to discuss the role of the Canadian Cancer Society in healthcare delivery here in BC and the services we provide for your constituents.

Many of our programs focus on those most vulnerable in our communities who need financial assistance with travel and accommodation to get the treatments they need. These include the Travel Treatment Fund and our network of cancer lodges across the province, which provide the affordable housing to British Columbians undergoing treatment away from their homes and needing to travel a distance.

Through interviews with regional health authority social workers, the Society knows there is a large population of people with cancer falling through the cracks who are just outside of government and charitable funding boundaries but in desperate financial need. This information mirrors the stories told throughout the recent Poverty Reduction Consultations by agencies and the public.

We look forward to meeting with you to discuss the needs in your constituency and how the Society can be of assistance to you and your constituents.

We would like to thank you in advance for your thoughtful consideration of our meeting request. For meeting arrangements, please connect with our Advocacy Lead, Jenny Byford at [jenny.byford@cancer.ca](mailto:jenny.byford@cancer.ca) or by phone at 250-420-1784.

**Subject:** Orange Shirt Day Sept 30th

Hi CAs – Orange Shirt Day (September 30th) is a day when we honour and remember the Indigenous children who were sent away to residential schools in Canada and learn more about the history of those schools. The message on Orange Shirt Day — and every day — is that every child matters. Orange Shirt Day was started to educate people about residential schools and fight racism and bullying. If you don't know Phyllis's story of the original orange shirt I'd encourage you to take a moment to read it...

<http://www.orangeshirtday.org/phyllis-story.html>

We want to get a group photo of MLAs wearing orange t-shirts at the Sept 23<sup>rd</sup> caucus meeting.

Here is a look at the 2019 orange shirt design that we will be ordering for MLAs: <http://www.orangeshirtday.org/shop--gifts.html>

Caucus will pay for, order and distribute the t-shirts, but we need to know your MLAs' t-shirt (unisex) size ASAP (capital letters to express urgency   ).

You will be getting a phone call from either Leslie Ivens or Paige Falkins today asking for that information.

The t-shirt size information will be kept on file so we will have it on hand for next year – yay!

Thanks for your help.

PS – if your MLA is not attending the Sept 23<sup>rd</sup> caucus meeting, let's get them a t-shirt so they can take and post pics on Monday, Sept 30<sup>th</sup> (Orange Shirt Day).

Hi Susan

I wanted to touch base on Orange Shirt Day this year, it is on Mon Sept 30<sup>th</sup>. There is a caucus meeting on Sept 23<sup>rd</sup> and MIRR is wondering if we can ask MLA's to take a photo with the shirts on? More of a neutral face photo, not so smiley as it is a serious matter.

Can your office handle the order and organization of that?

Thanks,

## ***MEDIA RELEASE***

**For Immediate Release**

**June X, 2019**

### **4 Burnaby educators named as finalists for Premier's Awards for Excellence in Education**

**BURNABY** – New Democrat MLA Anne Kang congratulates four educators from School District 41 on being named as finalists in this year's Premier's Awards for Excellence in Education. Sabha Ghani, Scott Stefanek, Wendel Williams, and Bryan Gidinski are four of thirty education professionals throughout B.C. to have been named as finalists, chosen for their leadership, innovation, support and dedication to the students and school community.

"Congratulations to all the finalists," said the MLA for Burnaby-Deer Lake. "As a former teacher, I understand the dedication, creativity, and resilience it takes for an educator to help students succeed. The fact that four of thirty finalists are from the Burnaby School District is proof that we have some of the best educators in the province."

Biographies of the 4 finalists from School District 41 can be found in a backgrounder below.

Launched for the first time in 2018, the annual Premier's Awards for Excellence in Education are an opportunity to recognize the contributions of public, independent and First Nations school system teachers, principals, vice-principals, school and district leaders, and support staff who go above and beyond to make life better for K-12 students in B.C. This year, 10 awards are being given out with six honouring teachers, two recognizing school and district leaders, and two honouring support staff members. The nomination period ran from Jan. 7 to April 30 and 140 nominations were received.

The winners will be announced at an awards ceremony at Government House in Victoria on Oct. 4, the day before World Teachers' Day.

Winners will receive a \$3,000 personal bursary for professional learning, a \$2,000 contribution to their school community for professional learning and a commemorative artwork. Runners up will receive a certificate of recognition signed by the Premier and Minister of Education.

## **Backgrounder**

### **Sabha Ghani, teacher, Burnaby South Secondary school**

A teacher for 22 years, Ghani has a natural ability to engage with her students in a meaningful and supportive way. The social studies teacher is dedicated to her role as sponsor of her school's WE Council and provides a safe, inclusive and encouraging environment for members. She gives students the confidence to build community beyond the classroom setting, and supports them to play an active role in the world at large. Through her work with the WE Council, she has created more than just an after-school club. She has developed a collective of conscientious student activists and community leaders who are dedicated to supporting local, national and international causes, are committed to social justice, and who have been empowered to create lasting change.

### **Scott Stefanek, teacher, École Brantford Elementary school**

Since arriving at his school, Stefanek, a caring and engaged teacher, coach and mentor, has served as the head coach for every sporting activity at the school – cross country, volleyball, basketball, track and ultimate frisbee included. For cross country and track, he not only coaches, but helps run the district event as a convener. He helped organize a biking program, launched a run club for students and staff that participates in the Vancouver Sun Run, in addition to several other clubs, from anime to coding. He goes above and beyond to support students to participate and do their best, is always their biggest cheerleader, and encourages them to achieve their goals both in the classroom, during their club time, and on the playing field.

### **Bryan Gidinski, teacher, Chaffey-Burke Elementary school**

Teaching for 23 years, Gidinski believes strongly that all students should feel included in the classroom. Valuing diversity and equity, he works hard to create positive learning opportunities and welcoming spaces for all students. He encourages and empowers his students to take action to positively influence their community. He has been instrumental in fostering an appreciation for diversity and supporting people of all sexual orientations, and gender identities and expressions in his school community. He is actively involved in his school's professional development committee, and engages his peers in activities that help them recognize and celebrate their differences, and connect those understandings

to their professional practice.

**Wendel Williams, safe school specialist, École Alpha Secondary school**

Having served in this position for 25 years, Williams plays a critical supporting role in the safety and well-being of students. He is skilled in the art of conflict resolution, mediation, crisis intervention, threat-risk assessment, and de-escalation of potentially violent situations. His proactive efforts have prevented the occurrence of countless potentially harmful incidents. He works hard to build relationships with students based on trust and respect, and provides a much-needed lifeline for many kids, connecting them with local community agencies and partners as required. His efforts have resulted in students feeling safe and connected at school, and when concerning situations do arise, they feel comfortable seeking him out for advice and support.

**Subject:** Conversion Therapy Bill

If constituents are asking if we support/will support the Greens; Private Member's Bill on Conversion Therapy (introduced on May 27<sup>th</sup> in the Legislature) here are some lines to include in response:

**Question:** Do you support Greens proposed Act?

**Answer:** LGBTQ2+ people are protected by our government. So-called conversion therapy is not allowed in the BC medical system and it is not covered by any billing code – nor has it ever been.

- Our government is strongly allied with the **2SLGBTQIA** people: we've demonstrated our support as the first province in the west to provide publicly funded lower reconstructive gender-affirming surgeries, beginning this year at Vancouver Coastal Health. Previously, British Columbians had to travel to Montreal for the procedures.
- So called conversion therapy is a terrible, abusive practice – that's why conversion therapy is not allowed in BC's medical system and is not covered by MSP or any other billing code.
- Ensuring that people of all sexual orientations and gender identities can live without fear of discrimination is a priority for this government.
- Trans people throughout the province now have improved access to publicly funded gender-affirming chest and breast surgeries. A total of 14 surgeons will provide more than 200 upper surgeries annually in Burnaby, Kamloops, Kelowna, Port Moody, Prince George, Vancouver and Victoria. These procedures were only available in Vancouver and Victoria until November 2018.
- This issue also underlines the important work our government is doing to bring back the Human Rights Commission – to protect **2SLGBTQIA** rights.
- Everyone deserves safety, respect and dignity and our children need to know they are loved and accepted for who they are.

Hi all,

As many of you likely know, there is a big gender equity conference happening next week in Vancouver called Women Deliver. Leaders from all over the world will be in Vancouver for the conference and related events. Below is a general overview of the main events.

**Women Deliver** (<https://wd2019.org/>)

WD is a four-day conference being held at the Vancouver Convention Centre with upwards of 10,000 participants from around the world. The conference is sold out. The Premier and several ministers will be attending over the course of the few days. If your Minister was invited or is wanting/planning to attend, please let me know right away. We do not have many tickets, but will try to accommodate with those we have, if possible. Note: on Wednesday, June 5<sup>th</sup> there is a free, public event that government supported through TAC called Culture Night being held at Jack Poole Plaza (<https://wedeliver2019.ca/event/women-deliver-2019-culture-night/>).

**Feminists Deliver** (<https://feministsdeliver.com/>)

Feminists Deliver is an adjacent conference to Women Deliver. It is a grassroots collaboration of feminist organizations from across British Columbia being held at 312 Main in Vancouver. It is a free, accessible four-day conference that the government supported to make possible. Minister James and Minister Mark have both been invited to speak, and the Premier will be visiting. If your Minister would like to attend, they are able to drop by at any point.

**Note:** there are hundreds of adjacent events associated with Women Deliver. Some of them include:

- The City of Vancouver is hosting a conference at the Vancouver Public Library (<https://vancouver.ca/people-programs/women-deliver.aspx>)
- The Longhouse Dialogues are hosting five days of programming at Harbour Green park (<https://www.eventbrite.ca/o/longhouse-dialogues-20209037906>)
- We Deliver mobilization effort has community programming the entire week (<https://wedeliver2019.ca/events-calendar/>).

If you have any questions about these events – particularly Women Deliver or Feminists Deliver – please be in touch.

Dear Premier,

On behalf of [Aga Khan Foundation Canada](#), it is my pleasure to invite you to attend the VIP

reception at the 2019 World Partnership Walk Vancouver.

World Partnership Walk is Canada's largest public movement to fight global poverty, held annually in 10 cities across the country. An initiative of Aga Khan Foundation Canada, this volunteer-driven campaign enables Canadians to take action locally to help unlock the potential of millions of individuals across Africa and Asia to build a better life. This year, World Partnership Walk celebrates its 35th anniversary: a remarkable testament to Canadians' support for global development.

We would be honoured if you would join our top fundraisers, volunteers, and supporters at our **VIP Breakfast Reception. Registration for the Reception starts at 8:00 a.m. on Sunday, June 16, 2019 at Lumberman's Arch, Stanley Park** before the official start of the Walk. Your participation would be a source of inspiration for the thousands of Walk volunteers and supporters across the country.

We look forward to celebrating our collective achievements on Walk Day with you! Should you have questions or require any further information, please contact Sophia Hassanali at [rsvp.vancouver@worldpartnershipwalk.com](mailto:rsvp.vancouver@worldpartnershipwalk.com).

Yours sincerely,

Dear Burnaby MLAs – we hope that you or your staff will be able to attend this event. Please let us

know by emailing [socialplanning@burnaby.ca](mailto:socialplanning@burnaby.ca) . Thanks, Margaret

## You're Invited!

Representatives from Burnaby non-profit and government agencies that serve Burnaby seniors are invited to attend a networking and asset-mapping event at the Bonsor 55+ Centre (6533 Nelson Avenue) on **Wednesday, June 19, 9am – 11:30am, followed by an optional networking lunch, 11:30-12:30.**

The purpose of this gathering is to create stronger connections amongst agencies that serve Burnaby seniors. Our ultimate goal is to increase inclusion of seniors in our community. Participants will learn about each other's services and network, share their expertise for a case study activity, and provide service details for mapping.

**Date and Time: Wednesday June 19, 9 to 11:30 am. Networking lunch 11:30-12:30.**

**Location:** the Bonsor 55+ Centre, Multipurpose Rooms 1 & 2

**RSVP by Wednesday June 12:** [socialplanning@burnaby.ca](mailto:socialplanning@burnaby.ca)

*Please let us know if you will stay for the networking lunch.*

Coffee and tea will be available.

Hi Gurbrinder,

Do you have my hotel receipt? It was sent to your email address.

I drove, so can you help me calculate distance.

Per diem, Monday full day, Tuesday dinner, Wednesday breakfast and lunch.

Thanks!  
Anne

Hi, Anne/Apollo

This is Serina Chen. For this two weeks, Richie and I have worked hard on inviting licensed TCM partitioner or students to support our Chinese Medication treatment program at your community room, unfortunately, our prospect partitioners and students can not commit their attendance for volunteering on this time-fixed weekly community program-due to their future uncertain schedules.

More, Richie also decided not to be our support clinic, but he is willings to be our volunteer to see patients later. However, I am still very confident in this project's success

Now,

I find an non-profit society, " Nest Foundation of Canada Society , " CEO, William Tsai, who is my colleague many years in "Rotary Club of Vancouver Centennial " and he said he can help us going on our project and , also we find a clinic in your area who can support us with at least one licensed Chinese doctor to come every week to exercise and supervise the treatments. I am very sure this clinic has experiences in community TCM treatment for aboriginal people around Fraser area of East Vancouver before.

So far, I think the priority to consider is the community treatment time...,it has to match doctors' schedule. Chinese doctors are always busier at weekend and they said the only possible time to do it is on Wednesday morning. Can we do that? We can wait until the room is available.

William, Doctor Mao and I am looking for a meeting with you, maybe next Wednesday morning?

Regards

Serina Chen

Two-Spirit Dene youth: 'my culture saved my life'

SURREY - Finding the right foster parents and reconnecting with his Indigenous family and Dene culture has made all the difference for one former youth in care in Surrey.

"I'm finally allowed to be proud of my heritage," said 19-year-old Alex. He is one of many young people being acknowledged and celebrated during B.C. Child and Youth in Care Week, June 3-9. It's a week that raises awareness about the barriers they face and fights the stigma that comes with being a youth in or from care.

Just a few years ago, Alex was a shy 16-year-old when he first came into the foster home of Rusty Whitford and his partner, Justin. "I was the quietest person. People would tell me I needed to get a voice. They'd tell me I needed to speak up. I was so shy."

What people couldn't see were the suicidal thoughts swirling inside. "I'd been hurt too many times before. Being invisible was a way of protecting myself."

When Alex first arrived to live with them, Rusty and Justin were so worried about his mental health they sought treatment through the ministry's Child and Youth Mental Health Services. He received ongoing trauma therapy until he and his therapist agreed he no longer needed to attend regularly. While he said depression will probably be a life-long challenge and he still has bad days, he said the therapy and his foster family's support mean he now has some tools to better manage it all.

Alex, who felt safe enough to come out as gay and Two-Spirit soon after he'd moved in with Rusty and Justin (who both have Métis heritage), is just a few days away from finishing a spa esthetics program at a private college, rounding out the skills he gained previously in make-up artistry.

Two-Spirit, which is an Indigenous cultural term - a sacred space, sometimes thought of as a third gender embedded with historical reverence in many Indigenous cultures - means "having

both the male and the female spirit walking inside," he said. "I don't have to identify with one or the other. I can call upon the power of both."

A lot has changed for that once shy 16-year-old.

He now has his first job, working part-time at a local spa. He loves the work and is grateful for all the help his instructors gave him. "They were committed to making sure I was successful," he said, referring to the challenges he sometimes has with reading and writing because of a learning disability.

And he's grateful for a foster family he never imagined would be such an ideal fit. "Rusty and Justin saw who I was. They encouraged me and wanted me to be my authentic self. They've guided me through my late teens, and they've supported me every way they could."

They also did what the ministry expects all foster parents to do - they worked hard to connect Alex to his cultural heritage. Rusty tracked down Alex's extended family in Hay River through the K'atlodeeche Nation and discovered that six siblings, whom Alex had never met because of dynamics in his birth family, lived close by in the Lower Mainland. Since then, it's not unusual for a full house of siblings to be seated around the table on special occasions.

Alex is a member of the Surrey Youth Advisory Council, for which he was recognized with a Heart in the City Award a few years ago. He also shares his experience in foster care and as an Indigenous, gay and Two-Spirit youth by co-facilitating the cultural training that Rusty conducts every few months with new foster parents in Surrey.

Rusty and Justin know that the cultural and inclusivity practices that are part of their everyday lives, such as attending powwows and other ceremonies - smudging as a spiritual practice, involvement in art and drumming, making cedar headbands and pine needle baskets - have positively impacted the mental health of both Alex and his younger brother, who now lives with them as well. As Alex added, "Having an extra nine aunts and uncles with 50 first cousins who love and support me has really created a sense of belonging in me."

Alex said about Rusty and Justin, whom he calls his uncles, "They've given me the tools to reclaim my Indigenous family, culture and identity."

Anne -

I've noticed that there are different versions of your greeting letter. Do you have a preference on which version you'd like to use? Upon your approval, I will send this over to Vidocq.

Best,

Eugene
