Hi Anne,

I suspect that you and Adrian may quickly go over this before the announcement (like you both did for 3.36 announcement in Burnaby). For reference I have drafted a version of what you suggested this morning

Let me know if this works for you

- Seniors and families want reassurance that they will be supported when it comes time to make the life-changing decision to move into long-term care
- They want more choice, and they want to be empowered information and transparency during the process that will help them in making decisions about long-term care
- For seniors this gives them the ability to choose a home that best meets their needs – whether that's a home with the amenities they want, one that's close their family or one that keeps them in the community they love
- We have been listening, and it is a huge pleasure to announce these steps forward with the Minister today

Good morning – please find the draft materials for the LTC announcement for review. As mentioned yesterday, the QA is back with David Byres and the speaking notes now have some bullets on the history of “first appropriate bed.” I made the MA and invite a bit more like what we did with gymnastics but let me know if it doesn't work.

Having email trouble this morning so really hoping this works!

# Executive Message

## New Social Media Guidelines

Social media plays an expanding role in the everyday lives and work of public service employees. Our social media activity, whether as an individual or in an official capacity, can impact public trust and confidence. Our use of social media in official capacities also impacts the quality and responsiveness of service we provide for citizens.

As employees, we are responsible to ensure our social media activities comply with the Oath of Employment, [Standards of Conduct](#) and other policies and regulations we follow as public service employees.

To help understand these obligations and support you in making informed choices, new personal-use and updated government-use guidelines have been developed.

### Personal use

The BC Public Service Agency is launching the new [Social Media Guidelines for BC Public Service Employees](#) to inform your personal use of social media as a public servant. While the guidelines for personal use are new, the expectations they reflect are not. They focus on the principles that will help you make informed choices about your online activity that won't conflict with your commitments to the BC Public Service. They don't prevent you from using social media – they are just intended to help you ensure you're using social media consistent with the Standards of Conduct and other corporate policies.

If you have questions about appropriate professional or personal use of social media, [review the resources available on MyHR](#), and then talk to your supervisor or your ministry ethics advisor.

### Government use

Government Communications and Public Engagement has updated the [Guidelines for Government Use of Social Media by B.C. Public Servants](#). The revised guidelines focus on official government use of social media like setting up and managing social media accounts and engaging in citizen consultations. In addition, the guidelines establish clear processes and best social media practices for supporting key priorities across government.

Thank you for your attention to this very important matter.

Hi Anne,

What do you think of the quote below for inclusion in the news release about seniors program in Delta? It's going out tomorrow morning, so we have some time. Would be great if we can approve tonight (later in the evening is ok).

I'm including the original draft quote for your reference, and my suggestion is highlighted below. The draft news release is further below.

As always, feel free to text or call me on my cell

Warmly,

Lucinda

Draft quote:

"Seniors who take part in regular physical activity with others can keep healthy and are at less risk of social isolation. I thank the Delta Gymnastics Society for designing a program to help seniors become stronger and improve balance, to help avoid falls, and get them out in the community."

LY edit:

"Seniors Can Move is a stellar example of a program that brings seniors out in the community to work towards becoming stronger and healthier, together. It shows what can be achieved when we think boldly about seniors health and well-being: improved health, mobility, and social connections key to a high quality of life."

#### **Support for seniors gymnastics scores a perfect 10**

DELTA – An innovative program that keeps seniors active and healthy by getting them on the gymnastics floor is receiving provincial support.

Thanks to a \$150,000 grant, the Delta Gymnastics Society's Seniors Can Move program will be continuing and expanding classes locally, and starting up in other communities over the coming months.

"Our government is proud to support the Seniors Can Move program, the first of its kind in B.C. which gets seniors on the gymnastics floor to improve their strength and agility," said Adrian Dix, Minister of Health. "This creative program is already making a big difference in the health of local seniors through improving balance, building confidence in movement and helping with falls prevention. "

"The Delta Gymnastics Society has designed a fantastic program that is using physical literacy to help participants both regain their mobility, and build friendships across all age spans. This program clearly has tremendous potential to get seniors across the province moving, promoting their physical health and social connections," said Ravi Kahlon, Parliamentary Secretary for Sport and Multiculturalism.

The Seniors Can Move program was developed by the Delta Gymnastics Society in 2018, and enables seniors to take part in physical activity in a gymnastics setting. Thanks to the \$150,000 grant, which is being provided through Fraser Health, the Society will continue to offer the hour-long group class and expand it to five times a week for the summer, and eight times of week in the fall. The first day of summer class starts today, July 2, running to August 29<sup>th</sup>.

Classes are open to all Delta seniors, and registration is free. Program capacity have grown up to 150 participants. The classes includes simple stretching routines, as well as other exercises designed to help improve agility, balance, coordination and strength.

The Delta Gymnastics Society will also create a course based on the program that can be taught and replicated at any gymnastics facility. The society will scale the 10-week program to pilot it at 16 other facilities in British Columbia with a goal of providing 75 weeks of program delivery through fall 2020. As well they will bring geriatric professionals like nurses and physiotherapists in to Delta Gymnastics for specialized consultations to support seniors' health.

The Delta Gymnastics Society has been offering a wide range of high-quality recreational and competitive programs since 1975. The society has more than 2,000 members and continues to grow. Members range in age from 6 months to over 80 years old.

Nearly one-fifth of B.C.'s population is over 65, and the number of seniors is expected to rise from 916,400 in 2018 to 1.4 million by 2032.

**Quotes:**

**Anne Kang, Parliamentary Secretary for Seniors –**

“Seniors who take part in regular physical activity with others can keep healthy and are at less risk of social isolation. I thank the Delta Gymnastics Society for designing a program to help seniors become stronger and improve balance, to help avoid falls, and get them out in the community.”

“Seniors Can Move is a stellar example of a program that brings seniors out in the community to work towards becoming stronger and healthier, together. It shows what can be achieved when we think boldly about seniors health and well-being: improved health, mobility, and social connections key to a high quality of life.”

**Ana Arciniega, executive director, Delta Gymnastics Society**

“We strongly believe that seniors who reconnect with movement are more confident to engage with daily life; it provides them with the ability to complete simple to more complex tasks and activities; and more importantly, provides them with the motivation to continue to be active physically, mentally and emotionally.”

Lucinda,  
I always forget that PS have their own assigned MA.  
Can you please let me know if Anne would be available to attend this with Nic in Sept in Powell River? I was hoping to create a panel of Nicholas, Anne, Rachna and Rachel Blaney (Federal MP). Here's the info:  
. As discussed it would be great to have Nicholas Simons, Rachel Blaney and the Secretary for Seniors present to our Senior Together Program in the Fall. Seniors Together is a program we have been offering to seniors in the community for the past 2.5 years. It happens the third Thursday of each month in the Evergreen Theatre here at the Recreation Complex from 11 am – 1 pm. The program offers a 45 min presentation to seniors with 10 – 15 min. for questions, followed by a lunch catered by the Convenient Chef. The program is completely FREE and enrolls up to 100 people each month. We would welcome all the presenters to stay for lunch following the presentation  
We have access to the projector in the theatre if they wish to use PowerPoint for any part of the presentation. The dates for September and October are: Sept. 19 and Oct. 17.  
Cheers

Hi Lucinda,

Below is further information on our government's initiatives to promote nutrition to K-12 students:

- A key part of the new curriculum puts a focus on healthy, active living.
- This includes building students' knowledge around making healthy food choices, and the connections between healthy eating, physical activity and mental well-being.
- Through this, we are empowering students to develop a personalized understanding of what healthy living means to them.
- We know that when students are eating nutritious meals, they are better prepared to learn and develop.
- That's why each year we invest about \$52 million through CommunityLINK, which school districts use to support vulnerable students with services that include meal programs.
- All 60 school districts receive CommunityLINK funding to support the educational success of vulnerable students.

Some details on **Farm to School BC** may be helpful as well:

- Farm to School BC is sponsored and administered by the Public Health Association of BC, and is also linked to provincial level work of Healthy Schools BC, DASH BC, and the BC Food Systems Network.
- F2S Programs differ by school, but include at least one of the following core elements:
  - Healthy, local food sourced through direct farmer relationships, food distributors, schoolyard farms, or the harvesting of wild or traditional foods;
  - Hands-on learning where students learn about food in the school garden, greenhouse, kitchen, lunchroom, classroom, or on field trips to local farms, forests, and shores;
  - Strong relationships between schools and farmers, community members, and support organizations that tap into local knowledge, passion, skills and resources.

Hello Eugene,

It was nice speaking with you on the phone moments ago and thank you for your assistance. As mentioned, I would like to schedule an appointment with Anne Kang to speak with her about the Burnaby Better at Home program. Citizen Support Services is the lead agency for the Better at Home program in Burnaby and we are partnered with Burnaby Community Services and MOSAIC to deliver

these services. We understand that 42 sites in British Columbia have received additional funding and Burnaby is not one of those. We have over a hundred people on the waitlist with no end in sight. Due to a lack of funding, we are faced with the possibility of having to reduce services for our existing client base and as of this month, we have had to back out of a transportation service we were providing for isolated seniors because we can no longer fund it. We are looking to Anne to help advocate for Burnaby, to receive some of those additional funds.

I look forward to hearing from you.

Warm Regards,

*Michele Wilson*

s.22 I was in a meeting ( Fri July 5 ) in Victoria with Mitzi Dean and two other people who have ( like myself ) a family member in a care home in Victoria. The meeting took place at 10am at MLA Mitzi Dean's constituency office at Admirals Walk shopping centre in Victoria. We discussed some very serious situations going on in a care home in Victoria. Near the end of the ½ hour meeting, MLA Anne Kang's name was mentioned and introduced by MLA Mitzi Dean. I am assuming Mitzi Dean has contacted you, MLA Anne Kang and spoken to you about the meeting ????? Given you some information ??? That is ok. We expected her to. That was agreed on mutually in our Victoria meeting..... that Mitzi Dean would contact you. So.... has Mitzi Dean contacted you ???? I need to get that established then I can respond to you with more information.

Hope to hear from you

**Subject:** Request for a Grant for Korean Seniors in the Greater Vancouver Area

Dear Parliamentary Secretary Anne Kang:

Further to our brief discussion held at Langley on the subject, we are making a request for a grant of \$10,000 to be used for Korean seniors who cannot live in nursing homes due to the lack of money or having no family or friends to take care of them.

Consequently, they barely manage to stay alive with great deal of physical and financial difficulties.

A brief budget allocation for the grant request:

1. To hire a program coordinator to find the seniors who are in need of the Ministry of Health's assistance. \$2,000.00
2. To buy groceries to make kimchi and other basic food items \$3,500.00
3. To drive needy seniors to doctors office or other necessary appointments  
Cost of transportation to and from their residences and interpretation \$1,500.00
4. Contingency funds for unexpected miscellaneous expenses \$3,000.00

If the funding is approved, we pledge that the funds will be used judiciously.

On behalf of all Korean seniors residing in the Lower Mainland,

I thank you very much in advance.

Yours truly,

Bong-Hwan Kim, Ph.D.

Vice-president,

Korean Senior Citizens's Society of B.C.

**Subject:** URGENCY: Traditional Chinese Medicine Scope of Practice  
Good morning Anne Kang,

It's Jason Tutt here with the BC Association of TCM & Acupuncture Practitioners (ATCMA). I am not sure if you have been reading the recent articles about Health Canada's crackdown on stem cell therapies. Here are a few to bring you up to speed if you have not (they are short reads).

- Globe and Mail; <https://www.theglobeandmail.com/canada/article-health-canada-in-overdue-crackdown-on-unproven-stem-cell-based/>
- CBC; <https://www.cbc.ca/news/health/autologous-stem-cell-bone-marrow-fat-private-clinic-health-canada-regulation-1.5141299>
- Health Canada policy position; <https://www.canada.ca/en/health-canada/services/drugs-health-products/biologics-radiopharmaceuticals-genetic-therapies/applications-submissions/guidance-documents/cell-therapy-policy.html>

I spoke with Health Canada on the phone this morning about whether the therapy we offer called Platelet Rich Plasma (PRP) which involves the collection of whole blood, then fractionated to isolate it's healing component and then re-injected back into an injured area would falls under their definitions of cell therapies. The representative from Heath Canada assured me that they consider stem cells and PRP for orthopedic applications as two separate therapies however Health Canada is treating them similar in a few ways.

PRP is considered a drug under the Food and Drug Act that has not yet been authorized on a federal level for the treatment of any indications. If a health professional was preparing PRP it would be considered manufacturing of an unauthorized drug and fall under federal jurisdiction. However, she also explained that the difference between PRP and stem cells is

that if PRP is prepared at the bed side for immediate use for orthopedic applications then it **could** be considered **compounding of a drug** rather than manufacturing of a drug if it meets certain requirements.

Compounding of a drug would fall to provincial jurisdiction rather than federal jurisdiction only if the respective profession has both "compounding of a drug" and "prescribing of a drug" written into their provincial scope of practice. Since the TCM profession is still waiting for the Ministry of Health BC to move forward with our new scope of practice, it looks like we will be ordered to stop offering this therapy by our regulatory College until we get our new scope of practice. The problem is, we still have not heard from the Ministry any update on when this could take place. Just that they remained committed to working on this in the near future.

I have attached a file which contained 7 letters specifically related to how PRP has impacted our patient's lives. If needed I am sure we could get more but I will wait for your direction. This crackdown by Health Canada has put the TCM profession in a tough spot and could be easily remedied if the Ministry of Health would act on our scope of practice which is long overdue!

Please let me know what next steps you recommend.

Sincerely,

Jason Tutt, R.Ac  
ATCMA President

**KEY MINISTRY MESSAGES – OVERARCHING MULTICULTURALISM**

- Diversity is a part of British Columbia's identity and one of the province's greatest strengths.
- We're proud of B.C.'s heritage. It's part of the reason this is such an amazing place to live.
- Celebrating our diversity is how we learn from each other and build understanding. It's also how we strengthen community ties.
- The sad reality is that incidents of racism and discrimination are increasing – both in Canada and around the world.
- Far too often, racism is being used as a tool for political gain, and to further agendas that defy our values as British Columbians.
- We have to stand together against a small minority of people who are sowing fear and hate in our communities.
- We won't let hate divide us. We will always stand up for equality and justice, and fight for a better world.
- Across government, and alongside community leaders, we are honouring our cultural diversity and acknowledging the contributions of people of all backgrounds.
- And we are working with community leaders and organizations to find ways we can work together to combat racism and discrimination in our province.

- Everyone deserves to live free from fear and oppression, and fully able to express their cultural identity.
- Together, we will build a stronger B.C. and a better future for everyone.

**Subject:** Presentation to Seniors Together - Fall (Sept or Oct)

Hi Rob,

Thank you for the phone conversation. As discussed it would be great to have Nicholas Simons, Rachel Blaney and the Secretary for Seniors present to our Senior Together Program in the Fall. Seniors Together is a program we have been offering to seniors in the community for the past 2.5 years. It happens the third Thursday of each month in the Evergreen Theatre here at the Recreation Complex from 11 am – 1 pm. The program offers a 45 min presentation to seniors with 10 – 15 min. for questions, followed by a lunch catered by the Convenient Chef. The program is completely FREE and enrolls up to 100 people each month. We would welcome all the presenters to stay for lunch following the presentation

We have access to the projector in the theatre if they wish to use PowerPoint for any part of the presentation. The dates for September and October are: Sept. 19 and Oct. 17.

Please let me know if you think this is possible.

Respectfully,

Christine Parsons

Given that we are running up against hard deadlines, and PS Kang is unable to conduct interviews this evening, I'd like to suggest the following statement:

**Statement from Parliamentary Secretary Anne Kang**

"I'm honoured to be given responsibility for Multiculturalism, in addition to my existing portfolio. Through my work as the Parliamentary Secretary for Seniors, I've had the opportunity to connect with British Columbians all across the province. I'm looking forward to building on the important work that PS Kahlon has started to create a more inclusive society in which our diverse population can participate freely and fully. I'm excited to help make life better for all British Columbians."

Both reporters have said they would be happy to speak with her again at another time, but the stories for this evening will be filed. Please note the first deadline is 4:50pm for Sing Tao. Ming Pao's deadline is 6pm.

**Subject:** URGENCY: Traditional Chinese Medicine Scope of Practice

Good morning Anne Kang,

It's Jason Tutt here with the BC Association of TCM & Acupuncture Practitioners (ATCMA). I am not sure if you have been reading the recent articles about Health Canada's crackdown on stem cell therapies. Here are a few to bring you up to speed if you have not (they are short reads).

- Globe and Mail; <https://www.theglobeandmail.com/canada/article-health-canada-in-overdue-crackdown-on-unproven-stem-cell-based/>
- CBC; <https://www.cbc.ca/news/health/autologous-stem-cell-bone-marrow-fat-private-clinic-health-canada-regulation-1.5141299>
- Health Canada policy position; <https://www.canada.ca/en/health-canada/services/drugs-health-products/biologics-radiopharmaceuticals-genetic-therapies/applications-submissions/guidance-documents/cell-therapy-policy.html>

I spoke with Health Canada on the phone this morning about whether the therapy we offer

called Platelet Rich Plasma (PRP) which involves the collection of whole blood, then fractionated to isolate its healing component and then re-injected back into an injured area would fall under their definitions of cell therapies. The representative from Health Canada assured me that they consider stem cells and PRP for orthopedic applications as two separate therapies however Health Canada is treating them similar in a few ways.

PRP is considered a drug under the Food and Drug Act that has not yet been authorized on a federal level for the treatment of any indications. If a health professional was preparing PRP it would be considered manufacturing of an unauthorized drug and fall under federal jurisdiction. However, she also explained that the difference between PRP and stem cells is that if PRP is prepared at the bedside for immediate use for orthopedic applications then it **could** be considered **compounding of a drug** rather than manufacturing of a drug if it meets certain requirements.

Compounding of a drug would fall to provincial jurisdiction rather than federal jurisdiction only if the respective profession has both "compounding of a drug" and "prescribing of a drug" written into their provincial scope of practice. Since the TCM profession is still waiting for the Ministry of Health BC to move forward with our new scope of practice, it looks like we will be ordered to stop offering this therapy by our regulatory College until we get our new scope of practice. The problem is, we still have not heard from the Ministry any update on when this could take place. Just that they remained committed to working on this in the near future.

I have attached a file which contained 7 letters specifically related to how PRP has impacted our patient's lives. If needed I am sure we could get more but I will wait for your direction. This crackdown by Health Canada has put the TCM profession in a tough spot and could be easily remedied if the Ministry of Health would act on our scope of practice which is long overdue! Please let me know what next steps you recommend.

Sincerely,

Jason Tutt, R.Ac

ATCMA President

Dear Anne,

I'm sure that you are extremely busy today for preparing the Gala tonight.

Just following up my email yesterday, I copied Andrea in my email, who is CG Hatori's EA, as I'm flying off to Japan soon.

I appreciate if you could come back to me and Andrea on the date of the lunch at residence and other participants whom you want to include.

We are very flexible. We are happy if you could nominate other guests, or, if you want us to pick up some Japanese representatives either from business or community groups, we will select a few.

The mixture of your guests and our nominees would also work. Just three of us, you and CG and me is also great.

Please come back to us when you have an idea on this lunch.

I hope everything goes well today. Send my regards to Eric, please My best wishes,

Masayo

Good morning Anne,

Consul General Hatori would like to invite you to a lunch at his residence either on July 17th or 18th. Are you available one of these days?

The lunch can be just three of us. Or, we can accommodate up to 7 persons, which means you are free to bring 1, 2, 3, or 4 persons whoever you want.

When decided, I appreciate you could inform me of the names and their food restrictions.

CG will deliver a short speech tomorrow. He is very much looking forward to the event.

Have a lovely Friday,

Masayo

Anne –

This is an invitation from CCSA to celebrate the 70<sup>th</sup> year of People's Republic of China and 152<sup>nd</sup> year of Canada. The location is at Floata Seafood in Chinatown. You have the Society to End Homelessness BBQ in the morning, so you'd have to leave a little bit early from the BBQ to make it to Chinatown. Please let me know if you'd like to go.

Best,

Eugene

Ethiopian  
Canadians in BC  
started to arrive in  
Vancouver in the  
1940s. Many of  
them studied at

UBC before returning home. Some UBC alumni held high-ranking government positions in Ethiopia. The Jesuit missionaries were instrumental in building a strong relationship between Ethiopians and Canadians. Currently, over 10,000 Ethiopians live in Metro Vancouver and Greater Victoria area; many of them are professionals, business people, and students. The fundraising event held in Vancouver in response to the 1985 famine in Ethiopia was what led to the inception of the Ethiopian Community Association of BC (ECA). As the largest African Community in Vancouver, ECA has embarked on a project to establish a community center that will help promote a

better understanding and appreciation by all Canadians of Ethiopian culture and heritage. ECA members strongly believe they can only fulfill ECA's objective when the community centre is established. The "Ethiopian House" project is a unifying vision for all Africans. The Ethiopian House will be a gathering place for everyone in the Community; it will be a comfortable, fun, educational, safe, attractive, accessible facility designed for all ages. Currently, ECA has formed a partnership with the Burnaby Neighborhood House and provides a variety of programs and services every Saturday afternoon. These programs and activities are

designed to create  
a feeling of  
belonging; giving  
pride to Ethiopians  
living in Metro  
Vancouver as active  
participants in the  
cultural mosaic of  
Canada.

In addition to this  
long term project  
and the Saturday  
afternoon  
community  
program, one of  
the most colorful  
event that helps  
strengthen the  
Ethiopian identity  
and spirit, as well  
as allow the  
opportunity for  
others to learn  
about Ethiopian  
culture is the yearly  
Ethiopian Summer  
Festival. ECA held  
its first festival  
event in the  
summer of 2010.  
This required many  
years of  
preparation and  
counted on leaders  
with an  
understanding of  
the interests,  
diversity, and  
trends of the  
community.  
The Festival is now

an established annual event and it provides a venue to showcase local artists' talent, local businesses to display and sell their products, and creates an opportunity for others to learn, appreciate Ethiopia's 3000 years of civilization and culture. The event features multicultural groups, live music, and dance on stage; it has a food fair featuring Ethiopian and other cuisines. It also displays various products, arts and crafts. This event draws thousands of attendees each year.

This year's Ethiopian Summer Festival will be at the Swangard Stadium in Burnaby, BC on Saturday July 6th.

This event is suitable for the entire family and you do not want to miss it. To look at

some pictures from  
previous festival

events please

Let me know if there is interest and we would email the tickets directly to your office.

Indian Summer Festival: A Contemporary Multi-Arts Festival  
July 4 - 14, 2019

[View this email in your browser](#)

And just like that we're more than halfway through #ISF2019!

It's been an enthralling few days, with some of the world's greatest thinkers and an exciting new wave of artists pushing us to question, innovate, and re-frame our perspectives. We are still savouring the magic of the performances that we've experienced, and so much to look forward to in the next few days!

This very evening (July 10th), in [The Beats in India](#), Pulitzer-Prize nominee Deborah Baker, takes us on a journey through India with the most famous of the Beat Poets, Allen Ginsberg, and the effect that journey had on American counterculture (and on Vancouver). Later this evening five top-tier comedians perform 7 minute stand-up routines, before getting into an interactive exploration of the nature of humour, in [Trigger Me This](#) led by Richard Side, creator of the hit CBC show 'The Debaters'.

Friday the 12th sees two titans of music meet at the Chan Centre in [Strings for Peace](#), when one of India's greatest classical musicians, the sarod maestro Ustad Amjad Ali Khan collaborates with three-time Grammy award-winning classical guitarist Sharon Isbin in a landmark concert. This is it's world premiere, making you the first audience to hear this legendary collaboration.

Saturday July 13th sees an entire day presents [Hari Kondabolu](#), whom the New York Times calls "one of the world's most exciting political comics" at a near sold-out show at the Playhouse.

And that's not all – our PAUSE Pavilion plays host to a multitude of outdoor events, the Vancouver Art Gallery hosts an all-day ISF program.

Come join us in the star-studded final week of ISF 2019!

#### THE BEATS IN INDIA, WITH DEBORAH BAKER, JULY 10

Pulitzer Prize nominee Deborah Baker takes us back to the moment when America's edgiest writers looked to India for answers as India looked to the West. In 1961 Allen Ginsberg, ecstatic sensualist and the voice of a generation, left New York by boat for Bombay.

The fifteen months he spent in India had a lasting influence on Ginsberg and on American counterculture. The trip not only changed his life, it helped spawn generations of hippies, hipsters, writers, artists, rock-stars and soul-searchers. This is the story of a search for God, for love, and for peace in the shadow of the atomic bomb. It is also a story of India – its gods and its poets, its politics and its place in expanding the possibilities of the western consciousness.

#### **TRIGGER ME THIS, JULY 10**

From Richard Side, creator of the hit radio series *The Debaters* on CBC Radio One comes an entertaining new stage format that asks a panel of talented comedians and the audience to decide where jokes cross the line and go from being inoffensive to being off-putting and even toxic.

Trigger Me This showcases some of Canada's funniest people including Zarqa Nawaz, Sultana of the Sardonic and creator of the hit sitcom *Little Mosque on the Prairie*, Vancouver favourite Yumi Nagashima, and Canadian Comedy Awards nominee Darcy Michael with Richard Side himself playing host. Indian Summer

Festival and SFU Woodward's are pleased to collaborate with Richard Side to workshop and co-present the premiere of this format, making you the very first audience to ever experience it. The first half of the evening will follow a traditional stand-up format, the second half will poll the audience for comments and votes. Be part of the making of what is destined to become a new international entertainment format.

Dear Anne,

Thank you for your email and I hope that you had a lovely weekend.

Thank you as well for your time last week and the lovely Certificate of Congratulations. I was so thrilled to receive it from you on behalf of the World Partnership Walk.

On a personal level, I am thrilled that you and I were able to connect. You are such an inspiration to our community and I so admire your dedication, passion and intelligence. Both Burnaby and B.C. are very fortunate to have you as one of our leaders.

I would be very honoured to be nominated by your office for the Order of B.C. I am truly humbled that you would like to nominate me and it would be a privilege to work with you on the nomination package. In the days ahead, I will send you my resume as well as some additional material that may be of help. We can then take things from there and I can provide anything else you may require. Thank you again.

With my heartfelt appreciation and admiration. I hope you have a lovely rest of your week  
Anne!

Dear Rahim,

Thank you very much for taking the time earlier this week to chat. I am so glad that we had the chance to connect, and to learn more about all the wonderful work that you've been doing in our community all these years. It would truly be an honour to recognize all your contributions by nominating you to the Order of B.C.

If that's something that you are interested in, we can work together on your nomination package. If you could send me more information about yourself, such as your resume or a biography, that would be a good start.

I am very excited to find a partner in community service. Please stay in touch!

Warm wishes,

Anne Kang

Hi Andrea,

My apologies for exploring a last minute possibility to start our lunch meeting with Consul General at 11am, rather than 12pm this coming Wednesday.

A request from the Premier's office and the Ministry of Tourism came to me this weekend. They would like my support in their announcement in South Surrey for 1:45pm to replace the Premier, as he is not able to make the engagement.

If it is possible to reschedule the lunch into a brunch, I will let the Minister's know my answer. Please don't worry if rescheduling is not possible. My priority is to the Consul General.

Please let me know your consideration.

Sincerely,  
Anne

The topics would include timeline, safety, etc. More to come once we confirm if the meeting will happen or not.

Hello Eugene,

It was nice speaking with you on the phone moments ago and thank you for your assistance. As mentioned, I would like to schedule an appointment with Anne Kang to speak with her about the Burnaby Better at Home program. Citizen Support Services is the lead agency for the Better at Home program in Burnaby and we are partnered with Burnaby Community Services and MOSAIC to deliver these services. We understand that 42 sites in British Columbia have received additional funding and Burnaby is not one of those. We have over a hundred people on the waitlist with no end in sight. Due to a lack of funding, we are faced with the possibility of having to reduce services for our existing client base and as of this month, we have had to back out of a transportation service we were providing for isolated seniors because we can no longer fund it. We are looking to Anne to help advocate for Burnaby, to receive some of those additional funds.

I look forward to hearing from you.

Warm Regards,

Michele Wilson

Hi Anne,

I hope you are having a great summer connecting with your family, friends and constituents. It was great to see you at the Ministry's announcement in Victoria. I thought I would reach out again and update you on some of the work we have been doing here at the Society to support culturally diverse communities around the province. We were so pleased to host you at our office in September for our Dementia Across Cultures event, and we are continuing our commitment to better understand how dementia is experienced within diverse cultural groups across our province.

As part of the Select Standing Committee on Finance and Government Services' Budget 2020 consultation process, we recently submitted a proposal and delivered a presentation focused on culturally appropriate programs and services specifically for South Asian, Chinese and Indigenous communities. For your reference, I have attached our submission and if you're interested, here is a link

to our presentation transcript (our presentation begins at 14:05):

<https://www.leg.bc.ca/documents-data/committees-transcripts/20190621am-Finance-Surrey-Blues>

Thank you for your continued support and collaboration as we work to ensure more British Columbians affected by dementia have access to culturally appropriate, relevant services and supports.

I am looking forward to our ongoing connection and hope to see you at our upcoming *Climb for Alzheimer's* event at the Grouse Grind on September 29<sup>th</sup> (we will be sending along an invitation shortly).

Enjoy the rest of your summer and please do not ever hesitate to reach out to me directly if there is anything I can support you with.

Cheers Maria

Hi awesome people who make our world better for all,

I am popping into your day to put a really great outreach opportunity on to your radar. Please see below for all the details and contact info you need to turn this opportunity into action.

The Korean Cultural Heritage Society will be hosting its annual Korean Cultural Heritage at Swangard Stadium on Saturday, August 3<sup>rd</sup>.

We are still waiting to receive the final details from the event organizer, but the general overview is:

- Set up – 9:00 am
- Booth Opening - 10 am
- Opening Ceremony - 11:30 to 12:30
- Booth Closing - 4 pm

I'm reaching out to see which offices would like to share the booth. At this point the following offices are confirmed:

- Selina Robinson
- Anne Kang

The cost of the booth is \$750, which would be shared equally with all participating offices.

We are asking that all participating offices consider:

1. having one staff person and one volunteer at the booth – we can send out a sign-up sheet so all “shifts” are covered appropriately.

2. contributing prizes (ie. Lollipops / stickers) to be given to children who participate in games (ie. bean bag toss, giant size Jenga, Spin the Wheel – Selina & Anne have all of these games)
3. bringing their MLA's pop up banner, business cards and branded resources, etc.

There will be additional logistics to coordinate, but we wanted to send out the “bare bones” information at this point to establish which offices would like to participate.

We are also putting together a one-page ad for the event. The total cost of the ad is \$2,000.00. We would like to know who would like to participate in this ad.

The point person for the booth and ad organization is Erica Williams, CA to Selina Robinson. Erica can be reached at [Erica.williams@leg.bc.ca](mailto:Erica.williams@leg.bc.ca) or 604-933-2001.

Thanks for all you do,

kim

**Subject:** Provincial library funding

Hi Anne,

I'm attaching a submission from Burnaby Public Library to the Select Standing Committee on Finance and Government Services.

In our submission, we urge the Select Standing Committee on Finance and Government Services to act on our shared understanding that provincial government financial support is critical to the successful continuance of public libraries and their positive impact on BC communities.

While libraries appreciate the stability of grant funding that government has provided since 2010 (approximately \$14 million per year), the lack of regular increases means that each year libraries receive less and less support, due to inflationary pressures. After many years of this, libraries are falling behind in their ability to meet growing needs. Since 2009 the public library community has asked that the provincial government provide funding for public libraries that at a minimum includes annual increases to account for inflation. Despite these repeated requests, for the past decade public libraries have received no increase to funding. This year we are asking the provincial government for \$20 million for public libraries in 2020 as this will help address the chronic under-funding, lack of increases for inflation, and past government cuts.

Library Board Chair Lorraine Shore and I would be happy to meet with you to discuss this issue further if you have any questions.

With thanks,

Beth

Hi Garry,

I would like to request for a leave from September 23- 27, which coincides with FCM.

I, as well as Katrina Chen, have been selected as a recipient of the 3<sup>rd</sup> Ten Outstanding Overseas Chinese Youth Award of the Republic of China, 2019. We are the only two winner selected and representing Canada. I am very honored to be a successful candidate. I have a letter from the COI commissioner that there is no conflict in receiving this award. As well, I have spoken with Geoff Meggs whether it would be a concern to attend the rewards ceremony and receive the award. He asserts that it is not an issue. I plan to pay for the air plane ticket myself, as I know it can be an issue in accepting free flights as a MLA. All 10 awards winners will be staying at an hotel provided by the Foundation.

I would like to respectfully request if I would be able to be granted leave from the FCM to attend the awards ceremony. The deadline to accept the award is Aug 1.

Can I give you a call regarding this issue on Tuesday afternoon? We can discuss the details and I can answer any questions you may have.

I am attaching four letters for your review, which also includes the response from the COI office.

Thanks, Garry!

Yes, I know Andrew Kim. Usually, I help sell two tables or so. This year, it's surprisingly early.

Please give my regrets to this event. Wish I can be there and wish I can help sell tickets.

Ask him if he needs my help to reach out to other MLA's. Let him know that I would be happy to help out this year. I'm a big fan and long time supporter of this event.

Hello Anne,

The Vancouver Korean-Canadian Scholarship Foundation is pleased to invite you to attend our annual awards night, which is taking place on August 17, 2019 (Saturday) at the Vancouver Metrotown Hilton Hotel. The event will be held in the Crystal Ballroom and will commence at 6:00 PM. We are encouraging more recipient-students to attend, hence the earlier date than usual. I know in previous years you were tremendously supportive of the Foundation. We hope you will be able to attend again.

If you'd like extra tickets for a table, please let me know--that would be most welcome.

Don't hesitate to let me know if you have any questions.

**Subject:** Request for a Grant for Korean Seniors in the Greater Vancouver Area  
**Date:** July 16, 2019 2:04:37 PM

---

Dear Parliamentary Secretary Anne Kang:

Further to our brief discussion held at Langley on the subject, we are making a request for a grant of \$10,000 to be used for Korean seniors who cannot live in nursing homes due to the lack of money or having no family or friends to take care of them.

Consequently, they barely manage to stay alive with great deal of physical and financial difficulties.

A brief budget allocation for the grant request:

1. To hire a program coordinator to find the seniors who are in need of the Ministry of Health's assistance. \$2,000.00
2. To buy groceries to make kimchi and other basic food items \$3,500.00
3. To drive needy seniors to doctors office or other necessary appointments  
Cost of transportation to and from their residences and interpretation \$1,500.00
4. Contingency funds for unexpected miscellaneous expenses \$3,000.00

If the funding is approved, we pledge that the funds will be used judiciously.

On behalf of all Korean seniors residing in the Lower Mainland,

I thank you very much in advance.

Yours truly,

Bong-Hwan Kim, Ph.D.

Vice-president,

Korean Senior Citizens's Society of B.C.

I hope your summer is going well and you are getting a chance to enjoy the beautiful sunshine.

It has been a few weeks since we last met at the Ismaili Centre Vancouver. I wanted to follow-up on our discussion around seniors care and connecting to explore ways to improve health care systems and services.

My colleague and I have been working with this segment of the population to help enable and optimize seniors living at home. Please let me know if you have some time in the coming weeks to connect with us.
