

CFR HTH-2020-03798 Antipsychotic Medication

Filename #N/A

Data Source
PharmaNet

Extract Date
2020-07-08

Notes

- 1 Data is extracted from the Claims fact table in PharmaNet, HealthIdeas, which captures claim records for all dispenses from community pharmacies in BC, except those for individuals who are known to be federally insured (Veterans, RCMP, Armed Forces and beneficiaries of Non-Insured Health Benefits). PharmaNet does not capture: medication used in hospitals, sample medication from doctors' offices, expensive drugs for rare diseases, the provincial retinal disease treatment program, prescriptions for HIV or cancer treatment. The Claims fact table contains dispensing and financial information.
- 2 Plan W claims are excluded.
- 3 PharmaCare beneficiaries are patients with at least one claim partially paid by PharmaCare within the year.
- 4 The data for 2020 is not complete and is up to May 31, 2020.

PAS 3000.1872

CFR HTH-2020-03798 Antipsychotic Medication

PNET

Period: January 1, 2015 - May 31, 2020
