[Callout Tracking FINAL May 20200525.xlsx](#)

Hi,

Please find our weekly surgical report and callout tracker attached. Please let us know if you have any questions or concerns.

Thanks,

Alireza Saremi

Director, Analytics Network, BCCH & BCWH
Data Analytics, Reporting and Evaluation (DARE)
Provincial Health Services Authority
Cell: 778 990 3792

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Subject: HA Postponed and Completed Surgery Info

Hello,

Are you able to update us on when you'll be able to submit your data on postponed and completed surgeries for this reporting cycle? I have been informed by the surgical services team that the deadline was noon today.

Thank you kindly,

Operations | Health Emergency Coordination Centre

Emergency Management Unit – Ministry of Health

For after hours or for urgent issues related to COVID-19 please contact HECC Operations Ph: (250) 812-3996.

For urgent issues not related to COVID-19 contact the Provincial Health Duty Officer Ph: (250) 686-6061

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Subject: HA Reporting on Surgical Postponements and Completions

Hello,

Thank you for diligently providing responses re requests for data on surgical postponements and completions over the past few weeks.

As requested, the Ministry has assembled documentation to provide increased clarity in this request going forward.

Attached to this email are 3 documents:

- Surgical activity tracking sheet notes
- Surgical Activity HA reporting template, and
- SPR Master HA Endoscopy Procedures List for GI Endo Project

Instructions on capturing and submitting this data is incorporated in the attached documentation. Questions on this can be sent to Paul Gudaitis and Kristy Anderson.

Thank you,

HECC Operations.

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Postponed Cases		Surgeries				Total	Colonoscopies & Other GI Endoscopies
Week Inclusive of:	Hip and Knee Replacements	Dental Surgeries	Other Surgeries	Typical Surgical Reporting Exclusions >>Do not include Colonoscopies & Other GI Endoscopies			
March 16-March 22		347	102	1419	16	1884	913
March 23-March 29		183	36	935	11	1143	271
March 30-April 5	\$ 22					286	147
April 6-April 12						206	69
April 13 - April 19						84	40
April 20-April 26	41	0	64		0	105	17
April 27-May 3	\$??					88	39
May 4-May 10						0	0
May 11-May 17						0	0
May 18-May 24						0	0
May 25-May 31						0	0
June 1-June 7						0	0

*Volumes are as entered at the time of reporting, and may not be reflective of all surgical cases in the date range.

Restatement footnotes:

- This report now indicates COVID-19-related postpones by postpone date, not by the scheduled date of surgery
- This report excludes COVID-19-related postpones that were postponed by the patient or surgeon
- Typical Surgical Reporting Exclusions* are now split out from "Other Surgeries"
- GI Endo has now been added
- Main Operating Room GI Endo is now included under GI Endo, not surgery (Were considered surgeries in prior fiscal years)

Completed Cases	Surgeries						SCHEDULED Colonoscopies & Other GI Endoscopies
	SCHEDULED			UNSCHEDULED			
Week Inclusive of:	Scheduled (Typical Inclusions)	Scheduled (Typical Surgical Reporting Exclusions >>>Do not include Colonoscopies & Other GI Endoscopies)	Total Scheduled	Unscheduled (Typical Inclusions)	Unscheduled (Typical Surgical Reporting Exclusions >>>Do not include Colonoscopies & Other GI Endoscopies)	Total Unscheduled	Total Surgeries

Restatement footnotes:

*For Apr 13 - 19, the single Hip and Knee Replacement postponement is correct. Royal Jubilee Hospital staff did not postpone Hip and Knee Replacements this week

**The low postpone volumes for this week are a combination of two factors. The first is that the booking offices are running out of cases to postpone. The second is that elective, non-urgent surgeries are now being booked again, as of May 19, 2020

I acknowledge that my workplace is within the ancestral, traditional, and unceded territory of the Syilx Nation.

The contents of this e-mail, including its attachments, are intended for the exclusive use of the recipient and may contain confidential or privileged information. If you are not the intended recipient and received this in error, you are notified that taking any action in reliance on the contents of this information is strictly prohibited. Please notify the sender by reply e-mail immediately and permanently delete this e-mail and its attachments, along with any copies thereof. Be advised that copies of your response to this email may be stored outside of Canada, not in the custody or control of Interior Health and subject to the laws of other countries.

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

*Volumes are as entered at the time of reporting, and may not be reflective of all surgical cases in the date range.

Restatement footnotes:

Efforts are on-going to ensure data quality of endoscopy data in the SPR. As a result, it is likely that previous week numbers will be updated with each submission.

Scheduled Surgeries 134 to 135

Scheduled Surgeries 45 to 46

Scheduled Surgeries 78 to 80. Endoscopies 27 to 48.

Scheduled Surgeries 82 to 117. Unscheduled 67 to 94. Endoscopies 52 to 93.

Postponed Cases	Surgeries				Total	Colonoscopies & Other GI Endoscopies
Week Inclusive of:	Hip and Knee Replacements	Dental Surgeries	Other Surgeries	Typical Surgical Reporting Exclusions >>Do <u>not</u> include Colonoscopies & Other GI Endoscopies		
March 16-March 22	54	37	320	0	411	112
March 23-March 29	15	7	85	0	107	57
March 30-April 5	0	0	14	0	14	7
April 6-April 12	??				32	7
April 13 - April 19	0	12	28	0	40	9
April 20-April 26	??					0
April 27-May 3	\$22				12	9
May 4-May 10					18	0
May 11-May 17					9	9
May 18-May 24					35	21
May 25-May 31					24	13
June 1-June 7					0	

*Volumes are as entered at the time of reporting, and may not be reflective of all surgical cases in the date range.

Restatement footnotes:

These values report on the most recent postponement date and reason. If a case is postponed more than once it will be reported in the week reflecting the most recent postponement date. If a case is postponed for a reason other than the applicable COVID reasons they will not appear in the counts.

We are continuously working on data quality in the SPR for the GI Endo procedures. As a result, it is likely that the GI Endo postponement numbers could change with each submission.

Please note that for all weeks reported the postponement reason was used for any case postponed resulting from COVID-19, including those postponed by the patient or physician. Going forward, as per the MoH documentation, this code will not be used for postponements made by the patient or physician regardless of if the postponement was due to COVID-19.

Subject: Surgery cancellations and performed volumes

Hello all,

Please find attached this week's installment of FH reporting on surgery cancellations and performed volumes, and let me know if any questions arising from this.

Thanks,

James Gurling, MSc MMOR

Business Analytics Leader

Surgery Information Systems

Fraser Health Authority

Phone: (604) 363-6625 | Fax (604) 930-5426

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Subject: VCH/PHC Postponement and Completion Reporting and Call out Tracking

Please find attached the Postponement and Completion Reporting. We have broken it down by entity as I believe there was a request to show PHC separately from VCH.

I have also included the Patient Call Out Tracking Report.

If you have any questions, please let me know.

*Volumes are as entered at the time of reporting, and may not be reflective of all surgical cases in the date range.

Restatement footnotes:

These values report on the most recent postponement date. If a case is postponed more than once it will be reported in the week reflecting the most recent postponement date. As a result, numbers reported for earlier weeks could decrease if a patient was postponed again in a later week.

We are continuously working on data quality in the SPR for the GI Endo procedures. As a result, it is likely that the GI Endo postponement numbers could change with each submission.

Please note that for all weeks reported the postponement reason was used for any case postponed resulting from COVID-19, including those postponed by the patient or physician. Going forward, as per the MoH documentation, this code will not be used for postponements made by the patient or physician regardless of if the postponement was due to COVID-19.

Good morning,

Please find attached weekly surgical reports as of May 26, 2020.

Thank you,

Delphine Struk, MSc

Performance Information Analyst | Strategic Information | Ph: 250-469-7070 Ext. 12667

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Restatement footnotes:

*For Apr 13 - 19, the single Hip and Knee Replacement postponement is correct. Royal Jubilee Hospital staff did not postpone Hip and Knee Replacements this week

**The low postpone volumes for this week are a combination of two factors. The first is that the booking offices are running out of cases to postpone. The second is that elective, non-urgent surgeries are now being booked again, as of May 19, 2020

Subject: NHA Surgical activity
Attachments: NH Surgical Activity HA reporting template_May 19.xlsx; MoH Call Logging as of May 20.xlsx

Good morning please find our attached surgical activity as of May 19th for Northern Health. I had previously reported last week an estimate of 406 calls performed, this was a combination of manual reports and a newly implemented ability to pull electronically the calls performed. The information attached is reflective of the current information available electronically. As we are educating and navigating this new way of recording information these numbers will become more accurate. Our intention is to have as little impact on our staff. Please note that we have contacted 5% of our May 7th waitlist. I have also identified the elective procedures scheduled for this week on the surgical activity for NH. Please let me know if you have any questions.

Kim Ewen RN, MAL
Executive Lead - Surgical Services
Northern Health

The contents of this electronic mail transmission are PRIVILEGED, intended to be CONFIDENTIAL, and for the sole use of the designated recipient. If this message has been misdirected, or if a resend is desired, please contact the sending office as soon as possible.

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

This e-mail message, including any attachments, is intended only for the use of the individual or entity to which it is addressed and may contain information that is privileged and/or confidential. If you are not the intended recipient or the employee or agent responsible for delivering the communication to the intended recipient, please notify us immediately by replying to this message and then delete this message from your system. You are hereby notified that any use, dissemination, distribution and/or reproduction of this message and/or any attachments by unintended recipients is unauthorized and may be unlawful.

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.
Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Good morning,

I just saw this email in Elin's in box. Island Health submitted the data from last week on the old template (see attached). Do you need us to transfer it over to the new version? Or is what we submitted OK for now and we will start using the new format next Tuesday?

Thank you,
Kasey

Subject: HA Reporting on Surgical Postponements and Completions

Hello,

Thank you for diligently providing responses re requests for data on surgical postponements and completions over the past few weeks.

As requested, the Ministry has assembled documentation to provide increased clarity in this request going forward.

Attached to this email are 3 documents:

- Surgical activity tracking sheet notes
- Surgical Activity HA reporting template, and

- SPR Master HA Endoscopy Procedures List for GI Endo Project

Instructions on capturing and submitting this data is incorporated in the attached documentation. Questions on this can be sent to Paul Gudaitis and Kristy Anderson.

Thank you,

HECC Operations.

Subject: Island Health surgical data
Attachments: MOH Closure and Completion Summary 19Apr-26Apr2020.pdf

Hello,

Please find attached Island Health's weekly submission of surgical data for the week of April 19-26. This report includes data from Sunday to Sunday as the new reporting request is from Monday to Monday so we didn't want you to miss a day.

Thank you,

Kasey Blazecka

Subject: ongoing submission of surgical data

Hello, all

Thanks very much for getting the surgical data in today. Moving forward, we'd like to make this a weekly submission.

Request: By Tuesday noon of each week please submit to HECC.Operations@gov.bc.ca the total postponed surgeries as well as total surgeries completed (both urgent and emergent). The date range for each submission will be Sunday to Saturday of the preceding week.

The contents of this electronic mail transmission are PRIVILEGED, intended to be CONFIDENTIAL, and for the sole use of the designated recipient. If this message has been misdirected, or if a resend is desired, please contact the sending office as soon as possible.

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Postponed Cases		Surgeries				Total	Colonoscopies & Other GI Endoscopies

June 1-June 7					0		

*Volumes are as entered at the time of reporting, and may not be reflective of all surgical cases in the date range.

Restatement footnotes:

Please note that for all weeks reported the postponement reason was used for any case postponed resulting from COVID-19, including those postponed by the patient or physician. Going forward, as per the MoH documentation, this code will not be used for postponements made by the patient or physician regardless of if the postponement was due to COVID-19.

Attachments: [Surgical Activity HA reporting - FHA 2020-04-28.xlsx](#)

Hello,

Attaching volume tables above. As noted previously, postponed case volumes do not represent volume lost. Weekly postponement tallies will continue to decrease as we move beyond the booked case window.

Thanks,
Glenn

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Subject: RE: URGENT #s needed before noon!

Hi Susan,

Please find the numbers in the tables below. Please note for table 1: Cancelled/Postponed Surgeries, for PHSA, we are grouping the surgery cases by the date that postponement was processed. So from April 3 to April 12 we postponed 9 cases. The appointment data is not consistently reported in SPR. Also for the completed surgeries, we changed the starting date of the second grouping from April 2 – April 12 to April 3 – April 12 as April 2nd was reported in the previous column. Please let me know if you have any questions or concerns.

Thanks,
Alireza

BC total	1,136	192	7,350	10,705

Suggested Key Messages

- I want to get back to you on the surgical postponements. See numbers above.
- I also want to be clear that these are postponements. I want to be very clear that these are postponements not cancellations. There is a big difference for patients.
- If people are in need of surgery, we are committed to getting them the procedures they need.
- If your were on the wait list you still are.
- I also want to say that at the ministry and health authorities and the surgeons, anesthesiologists, nurses, are all dedicated to making sure patients across B.C. are able to move forward with their surgeries as soon as possible.
- As I mentioned yesterday we will see all of our resources to get us back on track as quickly as possible and have enlisted the support of a former administrator Michael Marchbank to help us.
 - *If the minister wants to he could say that in support of that FH has signed a contract with False Creek and VCH is in the process of signing.*

Q1. How many surgeries will be postponed/re-scheduled?

- **Pre-COVID19** in a typical 4-week period there are approximately 19,500 of scheduled surgeries completed in BC
- Of these nearly 7,200 are considered urgent (target wait time of 6 or less weeks) and over **12,000 are considered scheduled** (target wait time of 12 or less weeks)

Q2. What is happening?

- British Columbia's health authorities are directed to immediately move all hospitals in the province to Outbreak Response phase two.
- This means hospitals will only undertake urgent and emergency procedures and will postpone all non-urgent scheduled surgeries.
- Hospitals will review operating room capacity daily to prioritize urgent cases including urgent oncology and emergency cases.

Q3. Why are you postponing surgeries?

- Moving to Stage 2 is an effective way to create capacity in our hospitals.
- By doing this now we are taking steps to make sure that the capacity is there when and if it is needed.
- If we did not take this step, we would be at risk of not having enough hospital capacity for those effected by COVID19 should we see a rapid increase in the need for it like other countries have.

Q4. How long will this be in place/when will my surgery be rescheduled?

- It is difficult to say how long this measure will be necessary, but we will assess this action over the coming weeks.

Q5. What is an urgent and non-urgent scheduled surgery?

- 'Scheduled' or 'elective' as it is sometimes known is defined as:
 - Adult patients with as a wait time target of greater than 12 weeks with some variability between specialties.
 - Pediatric patients with a wait time target of 6-12 weeks with some variability between specialties.
- 'Urgent' is defined as:
 - Adult patients with a wait time target of 2, 4, or 6 weeks.
 - Pediatric patients with a wait time target of <3 weeks, with some variability between specialties.
- 'Emergent' is defined as patients requiring unscheduled surgery within 24-48 hours.
- At this time only scheduled surgeries are being postponed.

Q6. Do patients go to the bottom of the wait list now?

- No. For those patients who have a "scheduled" surgery, they will remain on the waitlist as the province works to respond to COVID19.
- The ministry and health authorities will be ensuring that when these surgeries resume that their surgeries are completed.

Q7. How are patients whose surgeries were postponed being supported?

- The health authorities and surgeons offices are working to inform patients of the status of their surgery.

Q8. What is phase 3 – and do you think we will get there?

- Phase 3 would be where we cancel all scheduled and urgent patients, preserving access for emergent patients only.
- What we will most likely see, **IF NEEDED** to maintain critical care and ICU capacity, individual hospitals moving to phase 3.
- Lions Gate hospital is at that phase now.

Hi Teri,

As requested, please find the VCH/PHC Surgical Activity Report.

Hope you are keeping well.

Andrea

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

If you could send us what you currently have now, that would be helpful, and then going forward you can just give it to us on whatever regular schedule works for you.

Thanks so much!

Jonathan

Subject: Surgery Data

Good Morning Kristy,

I just had a question for you regarding the data on surgeries that you team is reporting on weekly. I wanted to know if it is possible to send that report to HECC Data when it is completed. There are a number of groups doing modeling in the planning section, who would like access to it. Thank you in advance for any help you can provide on this matter.

Regards,
Jonathan

BC Total	8767	5830	14,597

**Volumes are as entered at the time of reporting - and may not be reflective of all surgical cases in the date range.*

Suggested Key Messages

- The total of postponed surgeries from March 16 – April 26 is now 16,101
- The total completed surgeries from March 16 – April 26 is now 14,597
- If people are in need of surgery, we are committed to getting them procedures they need.
- If you were on the waitlist you still are.
- I also want to say that the ministry and health authorities and the surgeons, anesthesiologists, nurses, are all dedicated to making sure patients across B.C. are able to move forward with their surgeries as soon as possible.

Q1. How many surgeries will be postponed/re-scheduled?

Pre-COVID19 in a typical 4-week period there are approximately 19,500 of scheduled surgeries completed in BC

- Of these nearly 7,200 are considered urgent (target wait time of 6 or less weeks) and over **12,000 are considered scheduled, non-urgent** (target wait time 12 weeks)

Q2. What is happening?

- British Columbia's health authorities have moved all hospitals in the province to Outbreak Response phase two.
- This means hospitals will only undertake urgent and emergency procedures and will postpone all non-urgent scheduled surgeries.
- Hospitals will review operating room capacity daily to prioritize urgent cases including urgent oncology and emergency cases.

Q3. Why are you postponing surgeries?

- Moving to Stage 2 is an effective way to create capacity in our hospitals.
- By doing this now we are taking steps to make sure that the capacity is there when and if it is needed.
- If we did not take this step, we would be at risk of not having enough hospital capacity for those effected by COVID19 should we see a rapid increase in the need for it like other countries have.

Q4. How long will this be in place/when will my surgery be rescheduled?

- It is difficult to say how long this measure will be necessary, but we will assess this action over the coming weeks.

Q5. What is an urgent and non-urgent scheduled surgery?

- 'Scheduled' or 'elective' as it is sometimes known is defined as:
 - Adult patients with as a wait time target of greater than 12 weeks with some variability between specialties.
 - Pediatric patients with a wait time target of 6-12 weeks with some variability between specialties.
- 'Urgent' is defined as:
 - Adult patients with a wait time target of 2, 4, or 6 weeks.
 - Pediatric patients with a wait time target of <3 weeks, with some variability between specialties.
- 'Emergent' is defined as patients requiring unscheduled surgery within 24-48 hours.
- At this time only non-urgent, scheduled surgeries are being postponed.

Q6. Do patients go to the bottom of the wait list now?

- No. For those patients who have a "scheduled" surgery, they will remain on the waitlist as the province works to respond to COVID19.
- The ministry and health authorities will be ensuring that when these surgeries resume that their surgeries are completed.

Q7. How are patients whose surgeries were postponed being supported?

- The health authorities and surgeons offices are working to inform patients of the status of their surgery.

Q8. What is phase 3 – and do you think we will get there?

- Phase 3 would be where we cancel all scheduled and urgent patients, preserving access for emergent patients only.
- What we will most likely see, **IF NEEDED** to maintain critical care and ICU capacity, individual hospitals moving to phase 3.
- Lions Gate hospital is at that phase now.

Q9. How are you planning ahead to pick the cancelled surgeries up?

- We are actively assessing the impact, and planning for what recovery will look like across the Province. This includes:
 - developing an immediate recovery plan that:
 - prioritizes those most in need
 - utilizing all available capacity (private and public)
- exploring further options to catch up and ensure long term recovery and sustainability of our surgical services throughout BC

Cc: Rongve, Ian HLTH:EX; Collins, Teri HLTH:EX; Brown, Stephen R HLTH:EX
Subject: RUSH -COVID-19 - Number of cancelled surgeries
Date: April 3, 2020 1:40:28 PM
Importance: High

As approved by Ian, Teri just now.

DATA

On April 2nd health authorities were asked to submit the number of cases that were scheduled to be performed between March 17 and April 2, 2020, but were cancelled due to COVID-19.

HA	Hip/Knee	Dental	All Other	Total
IHA	509	116	2,320	2,945
FHA	227	34	1,962	2,223
VCHA	400	24	2,545	2,969
VIHA				2,027
NHA	72	48	451	571
PHSA	n/a	18	523	541
BC total	1,208	240	7,801	11,276

Suggested Key Messages

- I want to get back to you on the surgical postponements. See numbers above.
- I also want to be clear that these are postponements. I want to be very clear that these are postponements not cancellations. There is a big difference for patients.
- If people are in need of surgery, we are committed to getting them the procedures they need.
- If you were on the wait list you still are.
- I also want to say that at the ministry and health authorities and the surgeons, anesthesiologists, nurses, are all dedicated to making sure patients across B.C. are able to move forward with their surgeries as soon as possible.
- As I mentioned yesterday we will see all of our resources to get us back on track as quickly as possible and have enlisted the support of a former administrator Michael Marchbank to help us.
 - *If the minister wants to he could say that in support of that FH has signed a contract with False Creek and VCH is in the process of signing.*

Q1. How many surgeries will be postponed/re-scheduled?

- **Pre-COVID19** in a typical 4-week period there are approximately 19,500 of scheduled surgeries completed in BC
 - Of these nearly 7,200 are considered urgent (target wait time of 6 or less weeks) and over **12,000 are considered scheduled** (target wait time of 12 or less weeks)
-

Q2. What is happening?

- British Columbia's health authorities are directed to immediately move all hospitals in the province

to Outbreak Response phase two.

- This means hospitals will only undertake urgent and emergency procedures and will postpone all non-urgent scheduled surgeries.
- Hospitals will review operating room capacity daily to prioritize urgent cases including urgent oncology and emergency cases.

Q3. Why are you postponing surgeries?

- Moving to Stage 2 is an effective way to create capacity in our hospitals.
- By doing this now we are taking steps to make sure that the capacity is there when and if it is needed.
- If we did not take this step, we would be at risk of not having enough hospital capacity for those effected by COVID19 should we see a rapid increase in the need for it like other countries have.

Q4. How long will this be in place/when will my surgery be rescheduled?

- It is difficult to say how long this measure will be necessary, but we will assess this action over the coming weeks.

Q5. What is an urgent and non-urgent scheduled surgery?

- ‘Scheduled’ or ‘elective’ as it is sometimes known is defined as:
 - Adult patients with as a wait time target of greater than 12 weeks with some variability between specialties.
 - Pediatric patients with a wait time target of 6-12 weeks with some variability between specialties.
- ‘Urgent’ is defined as:
 - Adult patients with a wait time target of 2, 4, or 6 weeks.
 - Pediatric patients with a wait time target of <3 weeks, with some variability between specialties.
- ‘Emergent’ is defined as patients requiring unscheduled surgery within 24-48 hours.
- At this time only scheduled surgeries are being postponed.

Q6. Do patients go to the bottom of the wait list now?

- No. For those patients who have a “scheduled” surgery, they will remain on the waitlist as the province works to respond to COVID19.
- The ministry and health authorities will be ensuring that when these surgeries resume that their surgeries are completed.

Health Authority: VCH & PHC

Surgical Callout Progress Report as of 2-June-2020

Week Inclusive of:	# of patients contacted	# available patients	# unavailable patients (COVID related reason)	# unavailable patients (non-COVID reason)	# patients removed from WL
May 7 - May 17*	2,374	1,213	133	100	417
May 18 - May 24	2,241	1,124	78	129	326
May 25 - May 31	2,370	1,360	83	115	207
June 1-June 7					
June 8 - June 14					
June 15 - June 21					
June 22 - June 28					
June 29 - July 5					
July 6 - July 12					
TOTAL	6,985	3,697	294	344	950

Note:

Reporting is inclusive of surgical patients only. Health authorities should report the number of surgical patients for whom they were able to contact and confirm availability status with. Where patients indicate they no longer require or wish to proceed with surgery at any time the health authority should record those as patients removed from the waitlist.

The information captured in this template is linked to the Waitlist Patient Communication script that was provided to health authorities as part of the Surgical Renewal Strategy.

Reports are to be completed in the same reporting cycle as Postponement and Completion Reports and returned by noon on Tuesday of every week (where long weekends occur on the Monday reports can be submitted on the Wednesday).

It is anticipated that as the data may have reporting lags and as such data may be restated in future periods.

This report may be revised in future periods to capture additional data.

Health authorities should add any other notes they feel pertinent when submitting data.

*The May 7-17 reporting period is longer than other periods as a result of the timing of the launch of the renewal strategy.

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

Health Authority: VCH & PHC

Surgical Callout Progress Report as of 9-June-2020

Week Inclusive of:	# of patients contacted	# available patients	# unavailable patients (COVID related reason)	# unavailable patients (non-COVID reason)	# patients removed from WL
May 7 - May 17*	2,374	1,213	133	100	417
May 18 - May 24	2,241	1,124	78	129	326
May 25 - May 31	2,370	1,360	83	115	207
June 1-June 7	2,894	1,209	99	183	431
June 8 - June 14					
June 15 - June 21					
June 22 - June 28					
June 29 - July 5					
July 6 - July 12					
TOTAL	9,879	4,906	393	527	1,381

Note:

Reporting is inclusive of surgical patients only. Health authorities should report the number of surgical patients for whom they were able to contact and confirm availability status with. Where patients indicate they no longer require or wish to proceed with surgery at any time the health authority should record those as patients removed from the waitlist.

The information captured in this template is linked to the Waitlist Patient Communication script that was provided to health authorities as part of the Surgical Renewal Strategy.

Reports are to be completed in the same reporting cycle as Postponement and Completion Reports and returned by noon on Tuesday of every week (where long weekends occur on the Monday reports can be submitted on the Wednesday).

It is anticipated that as the data may have reporting lags and as such data may be restated in future periods.

This report may be revised in future periods to capture additional data.

Health authorities should add any other notes they feel pertinent when submitting data.

*The May 7-17 reporting period is longer than other periods as a result of the timing of the launch of the renewal strategy.

Submission instructions and deadlines:

Please submit by **noon each Tuesday** to Hecc.Operations@gov.bc.ca, Kristy.Anderson@gov.bc.ca and Paul.Gudaitis@gov.bc.ca.

Please fill out and submit the tables each week. Data entered should be inclusive of dates outlined (i.e. April 20-April 26 includes data from April 20th, all dates in between, and April 26).

For detailed instructions, please refer to the "Surgical Activity Tracking" document.

Questions? Please send to Paul.Gudaitis@gov.bc.ca.

Postponed cases:

Data should include all procedures **postponed due to COVID-19 during the indicated week** (i.e. if a surgery was scheduled for April 30, but was postponed on April 21, enter data into April 20-26).

Both surgical and GI endoscopy postponements are requested to support future SPR data validation and reconciliation activities. On May 1st, mapping changes will be introduced that impact the reporting of surgeries; specifically, GI endoscopy procedures previously reported as surgeries will now be reported as GI endoscopies. In anticipation of this change, health authorities should submit colonoscopies and other GI endoscopies as per the "SPR Master HA Endoscopy Procedures List for GI Endo Project."

Completed cases:

Please fill out the table to include the procedures that have been completed.

Restatements:

Please include a footnote that explains any restatements for previous periods.

 - 40033 Angioplasty
 - 50029 Laryngoscopy With or Without Biopsy
 - 50056 Laryngopharyngoscopy
 - 100004 Bronchoscopy With or Without Biopsy
- 3 Cancellation codes for duplicate entries, cases performed as unscheduled/emergent surgeries or performed at another facility, and cases done in combination with other procedure are excluded
- 4 On March 16, 2020 the Minister of Health made the following announcement: "British Columbia's health authorities are directed to immediately move all hospitals in the province to Outbreak Response Phase 2. This means hospitals will undertake only urgent and emergency procedures and will postpone all non-urgent scheduled surgeries. Hospitals will review operating-room capacity daily to prioritize urgent and emergency cases."

SWT - Postponement Cohort Analysis

Cases Completed, Cancelled, and Waiting 2019/20 P13 to 2020/21 P05

Filename SWT Postponement Cohort Analysis

Data source Surgical Wait Times

Site ID 216 (September 3, 2020)

Notes

- 1 Inclusions:
Cases identified by health authorities as postponed due to Covid-19
- 2 Excluded Procedures (filter in pivot table):
 - 11048 Cornea Transplant
 - 12001 CABG + Valve + Other
 - 12002 CABG + Valve
 - 12003 CABG + Other
 - 12004 Pure CABG
 - 12005 Valve + Other
 - 12006 Pure Valve
 - 12007 Other OHS
 - 12008 Non-Open Heart Surgery
 - 12009 Not Yet Mapped Cardiac Surgery
 - 12010 Aortic
 - 12011 Major Non-OHS
 - 12012 Minor Non-OHS
 - 12013 Congenital Heart
 - 12014 Heart Transplant
 - 12015 EP Procedure
 - 12016 Cath Lab Procedure
 - 20149 Non-Surgical Code
 - 40018 Insertion Pacemaker/Defibrillators - Includes ICD/AICD
 - 40029 Reposition/Replace/Remove Pacemaker/Defibrillator/ICD/AICD Wire/Lead or Generator
 - 40033 Angioplasty
 - 50029 Laryngoscopy
 - 50056 Laryngopharyngoscopy
 - 100004 Bronchoscopy
- 3 HAs sent 17,863 distinct cases, 17,438 of which were identifiable in SWT surgical database. The difference in these pools is accounted for by GI endoscopy cases included by the health authorities, cancelled cases with SPR errors that were not retrospectively addressed by the health authorities, and other cases not submitted successfully to the SPR due to severe errors (i.e. data quality issues)

SWT - Postponement Cohort Analysis

Cases Completed, Cancelled, and Waiting 2019/20 P13 to 2020/21 P05

Filename SWT Postponement Cohort Analysis

Data source Surgical Wait Times

Site ID 216 (September 3, 2020)

Notes

- 4 Some cases were added to the waitlist after April, 1st 2020 and subsequently postponed. This explains why the sum of cases completed and cases cancelled does not exactly match the difference between cases waiting at current and previous periods.

Cases Completed, Cases Cancelled and Cases Waiting

Fiscal Year 2019/20 P13 to 2020/21 P05

FACILITY	Total Facilities
