Hi Steve

Its looking like the Sept 30th option is going to work best if you could pencil that in to your calendar please. As discussed our focus will be data platform as a learning community for our areas of interest and cultural safety/systemic racism ( I believe you spoke to Doug Kelly and were supportive of his approach which we might sound the group out on)

I was wanting to check with you who you would like to be there from the MoH as the group has morphed somewhat. This is probably a good time with position shuffles etc to look at the membership, keeping in mind the themes (Virtual care, Transport, Team based Care, community engagement, Addictions)

I have the following on the list as regular invitees from the MoH:

Corrie Barclay  
Douglas Kingsford  
Ian Rongve  
Jeff Hunter  
Kelly McQuillen  
Kevin Brown  
Mark Armitage  
Rod Frechette  
Shana Ooms  
Stephen Brown

Ted Patterson

Teri Collins

Anyone you don't think should be there or who should be there who is not on the list (balancing managing numbers for dialogue and having the right people there)?

Particular questions:

Should we invite someone from Minister Judy Darcy's shop?

Should we invite Stirling Bryan from the AHSN and Dermot Kelleher from UBC to bring the Academia perspective given the data platform conversation (just as a one off?<sup>s.22</sup> has stepped down as rural chair and so will likely not be coming)?

Or for this one do you prefer to keep the group as is.

Thanks for your guidance on this.

Cheers

Ray

Hi Steve

Just confirming you received this, (and its not in your junk mail again.....)  
I assume we are good to go with the meeting date theme and membership from your side.

I'd like to invite the following for the next meeting (one off) given the Data platform conversations.  
Dermot Kelleher  
Stirling Bryan  
Anthon Meyer  
someone from Judy Darcy's shop.

I assume you are OK but wanted to close the loop before sending it out

Cheers

Ray

**Subject:** April Fools Group Agenda - September 30 2020

**EXTERNAL** This email came from an external source. Only open attachments or links that you are expecting from a known sender.

Good morning,

Please find attached the agenda for the September 30 meeting of the April Fools Group. If you haven't yet confirmed your participation, it would be very helpful if you could please do so. The discussion will begin with a round table for everyone to introduce themselves as a human being and human doing, and

we will be asking you to share any tangible changes you have seen that have arisen from the discussions at this table.

We will be reaching out the week prior to the meeting to circulate IOS surveys, along with the results of the previous survey.

Thanks,  
Paul
