Attachments: 2020-10-30 Final BCCDC Weekly Data Summary.pdf

Hi Both,

I am trying to get my talk together for Friday (have to have it in tomorrow) and was hoping I could get some slides asap. Also Marsha is it possible to get those CFR data on slides as well? (note there is a small typo on the slide with LTC and nonLTC; for females both the solid and dotted line say non-LTC.)

Thanks!

Bonnie

To: MHOs, PHO, BC epis, PHSA DARE, MoH PAR, BCCDC EOC, BCCDC COVID data group

Dear colleagues,

In an effort to improve integration of surveillance and modeling products, BCCDC is producing a weekly COVID slide deck including data from syndromic sources, the laboratory, case epidemiology (BC and global), healthcare use and projections and modeling. A group of BCCDC and regional epidemiologists, analysts and knowledge translation experts has been meeting regularly to review and interpret findings and draw key messages for use by public health professionals, planners and other decision-makers. This is a work in progress and will improve over time. If you have thoughts on the findings, interpretation or ideas about future analyses, please let me know.

A very big thank you to all the people who contributed to this material including: Sarah Henderson, Angela Yao, David McVea, Hind Sbihi, Yayuk Joffres, Linda Hoang, Eleni Galanis, Marsha Taylor, Samara David, Chelsea Treloar, Kyle Nofall, May Ahmed, Naveed Janjua, Kate Smolina, Michael Otterstatter, Jason Wong, Jat Sandhu, Reka Gustafson, David Patrick, Mel Krajden, Danuta Skowronski, Sunny Mak, Mieke Fraser, Caren Rose, David Roth, Christopher Mill, Mawuena Binka, Daksha Jadhav, Sara Forsting, Rahul Chhokar, Maritia Gully, Gillian Frosst, Kari Harder, Andrew Kurc, Christina Fung, Emily Rempel, David Crouch, Daniela Michel (apologies if I omitted anyone).
