Dear Premier Horgan, Minister Dix and Dr Henry,

Along with all my colleagues I am grateful to you for your tireless efforts to protect British Columbians and for your courage in speaking uncomfortable truths to those who still seem to be deaf to the voices of those at risk.

If the opportunity had presented itself today, I would have made two comments:

(1) At some point in the future it would be helpful for the public to know the Government's working schedule of vaccinations by groups. s.22

s.22

The three of you have been shining examples of the partnership we need to have. My prayer is that this commitment to partnership will not diminish as the need for our collaboration in health restrictions becomes less desirable.

With every good wish, prayer and thanks,

s.22

Here are all except March. GCPE Events is still trying to track that one down. Two notes below from them FYI – they may not be 100% accurate because there are usually last minute additions, but these should be close! ALSO IMPORTANT: we noticed in some of the calls that the person asking the question was someone else from that place of worship – so the name of the callers may not be accurate in every case but the organization will be. Just in case someone is saying that they were not on a call, if their name shows up on the list they may still not have been on the call but someone from their organisation was.
