

Title **Acute Care Occupancy Rate by Health Authority**

2015/16 Period 11 - 2020/21 Period 10

Product Description

The occupancy rate of acute care beds, aggregated by Health Authority.

2015/16 Fiscal Period 11 begins Jan 1, 2016.

2020/21 Fiscal Period 10 ends Jan 7, 2021

The occupancy rate is inpatient days per acute care bed days. Inpatient days and Acute Care Bed counts are reported by the Health Authorities. The per day calculation is performed by the Ministry of Health.

Intended Use

As inpatient days are an accumulating total, but the count of acute care beds in a point-in-time measurement, the occupancy rate should be read as a calculated value rather than a measured statistic.

The information contained in this/these spreadsheet(s) is of a summary nature and may be released in its entirety (Cover Sheet and relevant Tabs) for the purpose for which it was provided. However, as it was prepared to address a specific business need, use of the data for other purposes (i.e., alternative analysis or manipulation) is not permitted.
