Robinson, Jonathan M HLTH:EX 10:48 AM:

Question re BC FVNP in QP to AFF

Meghan Day 10:48 AM:

what was the Q?

Robinson, Jonathan M HLTH:EX 10:48 AM:

why are we not continuing to fund this incredibly successful program

Meghan Day 10:48 AM:

haha oh no!

Meghan Day 10:49 AM:

Should we get a response ready??

Meghan Day 10:49 AM:

Will AFF divert to HLTH?

Robinson, Jonathan M HLTH:EX 10:49 AM:

they did

Meghan Day 10:49 AM:

Is Dix resonding?

Robinson, Jonathan M HLTH:EX 10:49 AM:

not sure still asking Q

Meghan Day 10:50 AM:

keep me posted

Meghan Day 10:50 AM:

I wonder if he even knows we didn't fund it this year

Robinson, Jonathan M HLTH:EX 10:50 AM:

probably not

Robinson, Jonathan M HLTH:EX 10:51 AM:

AG responding saying they will look for ways and will discuss with Min of Health and will look within their programs to find ways to deliver fresh F&V to students...

Robinson, Jonathan M HLTH:EX 10:51 AM:

More Q's...

Meghan Day 10:52 AM:

oh geeze. what a mess

Robinson, Jonathan M HLTH:EX 10:53 AM:

Patt did her thing!

Meghan Day 10:53 AM:

indeed

Robinson, Jonathan M HLTH:EX 10:53 AM:

lots of letters to opposition

Meghan Day 10:53 AM:

what does that mean?

Meghan Day 10:53 AM:

oh - lots of people wrote letters to opposition in support of program?

Robinson, Jonathan M HLTH:EX 10:53 AM:

yes!

Meghan Day 10:54 AM:

ah

Robinson, Jonathan M HLTH:EX 11:07 AM:

Well that was a bit of a surprise! Never thought they'd latch on to that one all things considered. Even said that the orders were due ny the 10th and gov hasn't even responded!

Meghan Day 11:12 AM:

I wonder if this is going to generate a ton of work for us?

**Importance:** High

Good Morning, attached is the year end grant list. As Phillip has requested, please review the information included and provide a recommendation. You will see that there are asks in the PPH section that would be relevant to other ADM areas e.g. BC College of Midwives which has Mark identified as the key contact so there will need to be coordination with other divisions.

This year given the large volume of requests across government, the recommendation will go forward to FCS and will be compiled, this will go forward to TBS and shared with the PO to ensure that the final list aligns with government priorities.

If you have not seen the proposal/submission, please request from Maria, and this is all due by March 3<sup>rd</sup> at 4pm. Tight turn around.

Can you please review the list and identify the proposals that you will be reviewing from your branch to Cindy.

The outstanding proposals will need to be reviewed with recommendations made so will need to identify a lead to coordinate with.

Thanks in advance.

Thanks Craig. Other than funding history, what other funding info would be helpful to include? We understand that the program did not receive EOY funding this year to support ongoing delivery – but feel this language should be drafted by FCS if you feel it would be helpful to include. Let me know. We will start pulling together the other info listed below.

Hi,

Do any of you have info on the food program. News Releases (attached) were drafted last year but looks like it didn't go out.

Education is asking us.

Do we have any info on this program that is current?

- The funding letter did not explicitly identify this and only provided one year of full funding.
- The program did not expend all the \$3.7M due to COVID and have \$1M dollars from last year
- The proposal this year requested two options, s.13

Hello Everyone! It looks like I forgot about flex days! Hopefully this new time works for you!

Hello Everyone,

I am setting aside some time for the team to discuss the record of discussion (to be sent around by the 7<sup>th</sup>) and the points brought up by Lorie during the PPH dialogue re: problem statements and value propositions when strategic planning.

I doubt we will need the full 2 hours but I am hoping to have some time to wordsmith/clarify some of the ideas that came out of the previous session so that we can have some options for discussion/approval when we meet with Jonathon again (likely in early June). We can also discuss what we would like to have on the agenda for discussion during our second session with Jonathon.

Arif, we are aware of the questions at QP today on the SFVNP. The Minister makes year end decisions for funding and the MO communicates this out to the programs or organizations that do receive funding. Program areas do not communicate any funding information. Mark did reach out on May 20<sup>th</sup> and I suggested to have your MO connect with our MO to find out if the program had been successful. There is internal discussions right now on this program and I imagine there will be a reach out between our ministries on the question below.

Hi Craig,

Here are the bullets with the information on the program, current reach, and funding history. Any questions re future funding will need to be answered by FCS.

### School Fruit & Vegetable Nutritional Program

- The BC School Fruit and Vegetable Nutritional Program (the program) is administered by BC Agriculture in the Classroom (BC AITC) and provides students in grades K-12 with fresh BC-grown fruit and vegetable (F&V) snacks 12 times throughout the school year plus 125ml of milk for students in grades K-5.
- The program started with a pilot in 10 schools in 2005 and was scaled up in 2006. As of the 2020/21 school-year, there are 1305 public schools and 85 First Nations schools participating in the program.
- Additional funding partners and program enhancements over the years have included:
  - 12 additional F&V deliveries (a total of 24 deliveries annually) to First Nations schools (funded by the First Nations Health Authority since 2011)
  - + Milk (125 ml servings) began in 2013/14 for K-2 and was expanded to K-5 in 2016/17 (50/50 funding partnership between the BC Dairy Association and the Ministry of Health)

### Funding Summary

- Since 2010/11, the BC Agriculture in the Classroom Foundation has received **\$42.95 million** in funding to support BCSFVNP:
  - PHSA has provided a total funding of \$23.0 million from 2011/12 to 2018/19.

Thanks Craig. Other than funding history, what other funding info would be helpful to include? We understand that the program did not receive EOY funding this year to support ongoing delivery – but feel this language should be drafted by FCS if you feel it would be helpful to include. Let me know. We will start pulling together the other info listed below.

Hi Lorie and Jonathan – I am sending you draft copies of the current transfer agreements that have notional approval to go forward to the centre for review in your area. Please review the program description for each agreement on Schedule A to see whether this is accurate and generally meets your needs in terms of describing what the agencies would do.

Remembering that these cannot be too prescriptive, please make any changes you think absolutely necessary using track changes and send them back to me and copying Maria, ASAP but no later than end of day Thursday, Nov. 19<sup>th</sup>.

Please look closely at the St. Paul's Hospital Foundation draft agreement regarding the description vis a vis the amount of the funding to be provided – this is being interpreted as support for continuing operations rather than expansion.

Lastly please remember that there is the usual "cone of silence" around all this as decisions are still pending, and therefore the agencies **cannot be contacted**.

Thanks for your help.

**Subject:** Summary of coverage

Hi Meghan,

I hope you had a fantastic holiday and it felt like a good long break from work 😊. Here is an update on the pieces of work I was involved with while acting for you:

Extension for Generation Health

- This was approved by Lorie December 22<sup>nd</sup>. I emailed Maria Perri in FCS on December 22<sup>nd</sup> with the approval – no response received as of yet.

SFVNP DBN

- Asked Stephen to review and he approved and advanced to Lorie. Lorie had questions regarding the level of approval needed. Stephen had a meeting with Lorie and then debriefed Natalie and I. She can fill you in on all the details but here is a quick summary:
  - Lorie feels the DBN shouldn't go to the Minister. s.13

○

- Stephen suggested setting up a meeting with Stephen, Natalie, Jonathan and yourself to discuss messaging to the organization and have that approved by Lorie to ensure we can communicate that the investment has moved to EOY funds exclusively.
- Through this process we have gleaned that Lorie likes to see BNs or other significant pieces requiring decision before they are logged into e-apps so that is something for all to take note of.
- Natalie has asked Rhonda to cancel the current DBN in the system and will draft the IBN after the holidays.

United Way of Lower Mainland response (#25025 e-apps)

- As per the email thread on this, Lorie's revisions will be important to take note of to ensure we are positioning the food security work as she has put forward.
- This revised response was approved by Lorie this morning to be sent off.

FIG CIN (#25357 e-apps)

- JR approved on Friday. Lorie approved Dec 23<sup>rd</sup> and it has been sent to FCS for review and approval.

BI Course

- No one on the team expressed interest and I am just realizing now that I was supposed to forward this on to the other Directors. My apologies Meghan, I completely gapped on this. I will send this along now and perhaps you will get a response early in the new year.

- I am a bit on the fence due to workload but would like to take part if you are supportive and think it would be of benefit.

#### HLBC Web Fusion Content Review

- I have assigned each of the pages to the relevant team member. I have asked folks to complete this review by EOD January 6<sup>th</sup> so that you could have a couple of days to look at it before submitting on the 8<sup>th</sup>. I know that is very tight, but I'm hoping it won't take too long to complete. I did connect with Sandra at HLBC and it sounds like there is flexibility for us to submit on Monday the 11<sup>th</sup> so if it is taking folks a bit longer, you have a bit of a cushion.

#### Vacation

- Marg has entered her vacation for next week into the system and it has been approved.
- Toby was off this week and it wasn't entered in the vacation calendar so I just wanted to flag this to ensure it was approved. I'm not sure how up to date that calendar is.

Thanks Meghan, any other bits and pieces should be obvious from your email. I will just be kicking around at home over the holidays so feel free to text me if you need me. I may not remember to check my work phone but feel free to use my personal cell <sup>s.22</sup>

Hope you have a great (quiet) week 😊,

Andrea

**Subject:** QP summary

Hi ladies,

I just reviewed the QP summary from today and I think this might connect to your program area. Apologies if JR already sent your way – just thought it might be helpful to see! I hope you are all doing really well and staying safe (and sane) in these times!

Trish

- Abbotsford West MLA Miachel de Jong said for over 15 years the BC Nutrition Program in schools has provided over half a million students in over 1400 schools fresh fruit, vegetables and milk. It's been a tremendous success until now. The small society that runs this program has been told their government funding is ending and won't be continued. To agriculture minister, why is government eliminating funding for a program that has provided half a million students with fresh BC food? Minister of Agriculture Lana Popham responded the fruit and vegetable program has been very valuable and we've worked with association for a number of years. The funding comes from Ministry of Health and we've had discussions on ways to support this incredible association. Supplemental – quote from school staff that the vegetables some of these children receive are the only vegetables they have access to. Many letters of support for this program that only costs roughly \$3-4M, same increase the Premier's office is seeing. This organization will have to notify 1000 farmers that their goods are no longer required. The merits speak for themselves. Will Minister confirm the funding that kept this program alive will continue? Minister Popham stated we are looking at ways on how to support this program and will discuss with Ministry of Health. It is correct that this is the only way some children receive fresh foods and we will be looking at ways to support such programs.
- Delta South MLA Ian Paton very involved in this fresh food program, and know the importance of this in young people's lives. This program has been seeking funding since February, met with Ministry of Agriculture in March, and emailed in April asking if program will be gov funded with a response due back by May 10<sup>th</sup>. Deadline passed with no funding for the program, yet \$4M for more support in Premier's office. Why did they find money for the Premier's Office but not for children in BC? Minister Popham responded this is a very valuable program that many schools depend on. We will be working with Health and Education to look at how the program can continue. We know the earlier children get a taste of fresh produce the more chance they have to be healthy eaters. We will be working together to distribute produce around BC.

Hi ladies,

I just reviewed the QP summary from today and I think this might connect to your program area. Apologies if JR already sent your way – just thought it might be helpful to see! I hope you are all doing really well and staying safe (and sane) in these times!

Trish

- Abbotsford West MLA Miachel de Jong said for over 15 years the BC Nutrition Program in schools has provided over half a million students in over 1400 schools fresh fruit, vegetables and milk. It's been a tremendous success until now. The small society that runs this program has been told their government funding is ending and won't be continued. To agriculture minister, why is government eliminating funding for a program that has provided half a million students with fresh BC food? Minister of Agriculture Lana Popham responded the fruit and vegetable program has been very valuable and we've worked with association for a number of years. The funding comes from Ministry of Health and we've had discussions on ways to support this incredible association. Supplemental – quote from school staff that the vegetables some of these children receive are the only vegetables they have access to. Many letters of support for this program that only costs roughly \$3-4M, same increase the Premier's office is seeing. This organization will have to notify 1000 farmers that their goods are no longer required. The merits speak for themselves. Will Minister confirm the funding that kept this program alive will continue? Minister Popham stated we are looking at ways on how to support this program and will discuss with Ministry of Health. It is correct that this is the only way some children receive fresh foods and we will be looking at ways to support such programs.
- Delta South MLA Ian Paton very involved in this fresh food program, and know the importance of this in young people's lives. This program has been seeking funding since February, met with Ministry of Agriculture in March, and emailed in April asking if program will be gov funded with a response due back by May 10<sup>th</sup>. Hi Lorie – Please see our initial assessment of PPH assigned YE funding proposals. The vast majority we are recommending are most appropriately led by other divisions as indicated in red below and for the reasons stated. We have not updated the spreadsheet (yellow highlighted) for these ones. Recommendations for those that do best align with PPH have been updated in the attached spreadsheet (all updates in blue). Please let us know if you have questions – some of these are only very loosely aligned with our core work (eg FAST campaign funding) but we have tried to make good corporate assessments. Happy to discuss further.

Line 16: BC Association of Community Health Centres - PCD lead – Funding for BCACHC operations and stabilization/emergency grants to the 28 member CHCs and any newly developing CHCs

Line 17: BC College of Nurses and Midwives - Internationally Educated Nurses: HSWBS Lead – health sector workforce related

Line 18: BC College of Nurses and Midwives - Temporary Emergency Registrant: HSWBS Lead - health sector workforce related.

Line 19: BC Schizophrenia Society –MMHA Lead - To maintain operations and expand into rural and underserved areas within the province and increase access to mental health services, education and awareness.

Line 20: Canadian Cancer Society – HSD Lead – Patient travel program.

Line 21: Canadian Men's Health Foundation – PPH Lead - See attached spreadsheet.

Line 22: Canuck Place Children's Hospice – HSD Lead? – Ongoing operations and capital and technology upgrades.

Line 23: Carrier Sekani Family Services – FCS Lead? – Build of a new Treatment Community Wellness Centre.  
Line 24: Directrice, Subventions Gouvernementales, Ryan LLC – PPH Lead – See attached spreadsheet.  
Line 25: Fraser Valley Brain Injury Association – FCS Lead (See BN from Gord Cross attached) – Not injury prevention but supporting those living with brain injuries. Ask is for continued funding of the Brain Injury Alliance.  
Line 26: Heart & Stroke Foundation – PPH Lead – See attached spreadsheet.  
Line 27: Island Sexual Health Society – PCD Lead (See MO Bullets attached) – Related to transitioning to CHC's.  
Line 28:s.16

Line 29: Métis Nation BC – OIH Lead? – Funding for operations, resourcing, capital purchases and development of an emergency fund.

Line 30s.13

improvements and increased leasehold costs.

Line 31: Nanaimo Brain Injury Society – Same as line 25.

Line 32: Nanaimo Hospital Foundation – FSC Lead? - New medical equipment for their ICU.

Line 33: Pain BC – HSD Lead - Derek Raines identified as Ministry contact.

Line 34: Post COVID Clinic - Fraser Health Authority – CHREM Lead – Ian Rongve identified as Ministry contact.

Line 35: Post COVID Clinic - Vancouver Coastal Health Authority – CHREM Lead – Ian Rongve identified as Ministry contact.

Line 36: Public Health Association of British Columbia - Farm to School BC – PPH Lead – See attached spreadsheet.

Line 37: s.16

s.16

Line 38: Umbrella Multicultural Health Co-op Community Health Centres - Same as line 27.

Line 39: Windermere Secondary School – EDUC Lead - Redirected to Education.

The note that's underway needs to be clear on:

- What was provided in 2019/20?
- What has been provided historically (including 2019/20 funding)?
- What did the Foundation request in 2020/21?
- Why wasn't 2020/21 funding provided?
- What discussion have occurred with AGRI and/or EDUC and/or the Foundation regarding the future of the program (and/or HLTH's continued participation in the program)?
- What does the Foundation need to continue the program in 2021/22?...and can that be made available through HLTH's budget?

Need the note ASAP...

Thanks,

Peter

Hi Lorie,

Yes all of the information that Peter has asked for is included in the note (one minor tweak in the attached for clarity), with the exception of:

- Why wasn't 2020/21 funding provided?
- Can the funding required for 2021/22 be made available through HLTH's budget?

I do not have the information needed to be able to respond to those two questions.

Please let me know if I can help in any other way with this.

- What was provided in 2019/20?
- What has been provided historically (including 2019/20 funding)?
- What did the Foundation request in 2020/21?
- Why wasn't 2020/21 funding provided?
- What discussion have occurred with AGRI and/or EDUC and/or the Foundation regarding the future of the program (and/or HLTH's continued participation in the program)?
- What does the Foundation need to continue the program in 2021/22?...and can that be made available through HLTH's budget?

Need the note ASAP...

The new consolidated document includes both the proposal and budget. (The doc named "2021.22 PPSS MOH Proposal Final.pdf" included in Bernard's email is misnamed and only includes the budget...my mistake.)

Good afternoon Maria,

Thank you for the chat this morning Maria. As we discussed, I have spoken with Lorie and we can include these 4 proposals for consideration if that works. Lorie approves for PPH to put these forward (see list below – highlighted yellow and materials attached).

These were missed unfortunately, but would be in addition to what had been identified in the list you sent (note, that list is coming to you later today).

Please let me know if you have any questions or comment. Glenys Webster (copied) would be the contact.

Hi Bernard

Here is the list I put forward for EY funding requests earlier this month. As I mentioned in my other email, none of these proposals has made it onto the MOH-wide spreadsheet that you just circulated. Perhaps they were left off by mistake?

I've just discovered that the actual proposal for the first one (PPSS) was not included in the earlier email (a file named proposal only contained the budget but nothing else). Yikes! I've attached a consolidated document that includes both the proposal and the budget for PPSS.

**Importance:** High

Hi folks

**Cindy – could you please flag this to Lorie?**

Just sending a heads up that I will be sending up 3 proposals for consideration for EY funding ASAP today (likely mid afternoon).

1. Pacific Postpartum Society (previously funded 2019 & 2020)
2. Pathways to Healing (previously funded 2019 & 2020 through the Comox Valley Child Development Association (CVCDA)). NB This will turn up as a grant to the CVCDA for past years. This year the program is switching to the BC Women's Health Foundation (BCWHF) as their NGO fiscal agent, but it is the same program as before. Noting this now to avoid any confusion – i.e. this is an existing program previously funded by MOH, not a new request.
3. Safe Methods at the Right Time (SMART) program – also via the BCWHF. This program received EY funding in ~2017? to offer free prescription contraception at the time of abortion. Funding was for 3 years, but the program was able to stretch the budget to cover expenses to the end of Mar 2021. s.17

I've been discussing the first 2 with Bernard for a couple of months. The third one has also been on my/PLBS' radar for several months as a potential funding gap depending on the timing of the contraception announcement.

Will send the proposals and the required excel document to you ASAP. I understand that they need to get to Maria Perri and Gordon Cross in FCS by the end of day today.

I think there is some confusion, I received the below attached request for consideration. I do not see them added to the list you sent back yesterday with recommendations. Can you please advise and have Funding requests spreadsheet updated if you would like these grant requests put forward for consideration.

Thank you

Maria – to reduce confusion, please refer to the attached, consolidated document for the Pacific Postpartum Support Society (PPSS) proposal, rather than the 4 separate documents attached to Bernard's last email. The new consolidated document includes both the proposal and budget. (The doc named "2021.22 PPSS MOH Proposal Final.pdf" included in Bernard's email is misnamed and only includes the budget...my mistake.)

Many thanks for considering these requests.

Good afternoon Maria,

Thank you for the chat this morning Maria. As we discussed, I have spoken with Lorie and we can include these 4 proposals for consideration if that works. Lorie approves for PPH to put these forward (see list below – highlighted yellow and materials attached).

These were missed unfortunately, but would be in addition to what had been identified in the list you sent (note, that list is coming to you later today).

Please let me know if you have any questions or comment. Glenys Webster (copied) would be the contact.

Regards,

Bernard

Hi Bernard

Here is the list I put forward for EY funding requests earlier this month. As I mentioned in my other email, none of these proposals has made it onto the MOH-wide spreadsheet that you just circulated. Perhaps they were left off by mistake?

I've just discovered that the actual proposal for the first one (PPPSS) was not included in the earlier email (a file named proposal only contained the budget but nothing else). Yikes! I've attached a consolidated document that includes both the proposal and the budget for PPPSS.

Attachments include  
s.13; s.17

Thanks!

Hi folks

**Cindy – could you please flag this to Lorie?**

Just sending a heads up that I will be sending up 3 proposals for consideration for EY funding ASAP today (likely mid afternoon).

1. Pacific Postpartum Society (previously funded 2019 & 2020)
  2. Pathways to Healing (previously funded 2019 & 2020 through the Comox Valley Child Development Association (CVCDA)). NB This will turn up as a grant to the CVCDA for past years. This year the program is switching to the BC Women's Health Foundation (BCWHF) as their NGO fiscal agent, but it is the same program as before. Noting this now to avoid any confusion – i.e. this is an existing program previously funded by MOH, not a new request.
  3. Safe Methods at the Right Time (SMART) program – also via the BCWHF. This program received EY funding in ~2017? to offer free prescription contraception at the time of abortion. Funding was for 3 years, but the program was able to stretch the budget to cover expenses to the end of Mar 2021.<sup>s.17</sup>
- s.17

I've been discussing the first 2 with Bernard for a couple of months. The third one has also been on my/PLBS' radar for several months as a potential funding gap depending on the timing of the contraception announcement.

Will send the proposals and the required excel document to you ASAP. I understand that they need to get to Maria Perri and Gordon Cross in FCS by the end of day today.

The note that's underway needs to be clear on:

- What was provided in 2019/20?
- What has been provided historically (including 2019/20 funding)?
- What did the Foundation request in 2020/21?
- Why wasn't 2020/21 funding provided?
- What discussion have occurred with AGRI and/or EDUC and/or the Foundation regarding the future of the program (and/or HLTH's continued participation in the program)?
- What does the Foundation need to continue the program in 2021/22?...and can that be made available through HLTH's budget?

Need the note ASAP...

Thanks,

- Abbotsford West MLA Miachel de Jong said for over 15 years the BC Nutrition Program in schools has provided over half a million students in over 1400 schools fresh fruit, vegetables and milk. It's been a tremendous success until now. The small society that runs this program has been told their government funding is ending and won't be continued. To agriculture minister, why is government eliminating funding for a program that has provided half a million students with fresh BC food? Minister of Agriculture Lana

Popham responded the fruit and vegetable program has been very valuable and we've worked with association for a number of years. The funding comes from Ministry of Health and we've had discussions on ways to support this incredible association. Supplemental – quote from school staff that the vegetables some of these children receive are the only vegetables they have access to. Many letters of support for this program that only costs roughly \$3-4M, same increase the Premier's office is seeing. This organization will have to notify 1000 farmers that their goods are no longer required. The merits speak for themselves. Will Minister confirm the funding that kept this program alive will continue? Minister Popham stated we are looking at ways on how to support this program and will discuss with Ministry of Health. It is correct that this is the only way some children receive fresh foods and we will be looking at ways to support such programs.

- Delta South MLA Ian Paton very involved in this fresh food program, and know the importance of this in young people's lives. This program has been seeking funding since February, met with Ministry of Agriculture in March, and emailed in April asking if program will be gov funded with a response due back by May 10<sup>th</sup>. Deadline passed with no funding for the program, yet \$4M for more support in Premier's office. Why did they find money for the Premier's Office but not for children in BC? Minister Popham responded this is a very valuable program that many schools depend on. We will be working with Health and Education to look at how the program can continue. We know the earlier children get a taste of fresh produce the more chance they have to be healthy eaters. We will be working together to distribute produce around BC.

s.13; s.17

Robinson, Jonathan M HLTH:EX 9:16 AM:

ok sounds good.

Hrycuik, Lorie HLTH:EX 9:55 AM:

Jonathan, my understanding is that there was no meeting with BC AITC or AFF in March on the SDVNP, is this correct?

Robinson, Jonathan M HLTH:EX 9:57 AM:

Not in March that I am aware. The only contact was Pat did send us a draft of her proposal in late January I think

Robinson, Jonathan M HLTH:EX 9:58 AM:

are they saying we met?

Hrycuik, Lorie HLTH:EX 9:58 AM:

[WHAT COMMUNICATION OR MEETINGS HAD BC AITC HAD WITH AFF ON THIS TOPIC? YESTERDAY'S QP REFERENCED A MEETING WITH THEIR MINISTER (SEE TRANSCRIPT)...WHEN WAS THAT MEETING AND WHAT WAS DISCUSSED? ANY OTHER COMMUNICATION WITH AFF?]

Hrycuik, Lorie HLTH:EX 9:59 AM:

i need to follow up with Arif as Peter is asking for information that we dont have

Robinson, Jonathan M HLTH:EX 10:02 AM:

I honestly have no idea - all we ever communicated was that funding was now fully subject to YE decisions

Please urgently see attached and look for any errors and see the highlighted piece. Need this finalized by 11am.  
Thanks.

I changed some dates in the document. For example, I've changed "in 2020/21....was provided with \$4.5 million" to 2019/20. Please ensure my date changes are correct.

Philip, to your question below, my understanding (from QP) is that they met with the Minister of Agriculture and advised of a May 10 deadline for a decision on funding. Hearing nothing, they've gone public. That's why it's critical to understand what was discussed at meeting between BC AITC and Minister of Ag in March.

The note that's underway needs to be clear on:

- What was provided in 2019/20?
- What has been provided historically (including 2019/20 funding)?
- What did the Foundation request in 2020/21?
- Why wasn't 2020/21 funding provided?
- What discussion have occurred with AGRI and/or EDUC and/or the Foundation regarding the future of the program (and/or HLTH's continued participation in the program)?
- What does the Foundation need to continue the program in 2021/22?...and can that be made available through HLTH's budget?

Need the note ASAP...

Thanks,  
Peter

Hi Krystal,

As discussed, the attached note is not final from program and the final sign off for the funding still needs to go to MD. But I am told that we are covering the costs for next year, as per the info in the note.

For an issues note, s.13

Minister Popham will speak to this in QP and Jason from the issues team is drafting messaging for her and PJH on this topic that I can share when I receive them.

Let me know if any questions.

I have modified the messaging. The produce is not only BC grown, and we have to be careful on the messaging as there are only 12 snacks provided throughout the school year, so this is not about their nutrition but an opportunity to try new types of produce, and as a light snack in the classroom setting.

Hi Krystal,

As discussed, the attached note is not final from program and the final sign off for the funding still needs to go to MD. But I am told that we are covering the costs for next year, as per the info in the note.

For an issues note,<sup>s.13</sup>

s.13

Minister Popham will speak to this in QP and Jason from the issues team is drafting messaging for her and PJH on this topic that I can share when I receive them.

Let me know if any questions.

Hi Lorie,

I am a new issues manager here at health with GCPE.

Heather Murray has informed me that you are working on a briefing note on the food program funding issue.

I understand we might be covering the costs for one more year.

Can you please share the note you are working on when it is ready?

I know the GCPE issues folks are drafting a QP note for the PO and I believe Minister Popham will continue to speak to this.

Please call or email as needed.

I have modified the messaging. The produce is not only BC grown, and we have to be careful on the messaging as there are only 12 snacks provided throughout the school year, so this is not about their nutrition but an opportunity to try new types of produce, and as a light snack in the classroom setting.

Thanks for your assistance earlier. This came up in QP today and Minister Popham responded on the issue. But she said we are reviewing the issue and hopes to have news on funding soon.

Please advise when and if you get word that the funds have been signed off -- or otherwise.

Hi Krystal,

As discussed, the attached note is not final from program and the final sign off for the funding still needs to go to MD. But I am told that we are covering the costs for next year, as per the info in the note.

For an issues note, I think it would be good to have some holding lines saying that we are supporting the program for one more year -- and background available for MD in case he gets asked at some point.

Minister Popham will speak to this in QP and Jason from the issues team is drafting messaging for her and PJH on this topic that I can share when I receive them.

Let me know if any questions.

Hi Lorie – we have been directed to provide \$3.4M to the Foundation. Could you please review this agreement and revise/update the wording that is highlighted in yellow to reflect how these funds are to be used and then return the agreement to me as soon as possible. Please use “track changes” so that we can see what changes have been made. We would like to send the revised new agreement to the Foundation tomorrow so that it can be signed, dated and returned to us for payment processing by mid-next week.

Hi Lorie – Please see our initial assessment of PPH assigned YE funding proposals. The vast majority we are recommending are most appropriately led by other divisions as indicated in red below and for the reasons stated. We have not updated the spreadsheet (yellow highlighted) for these ones. Recommendations for those that do best align with PPH have been updated in the attached spreadsheet (all updates in blue). Please let us know if you have questions – some of these are only very loosely aligned with our core work (eg FAST campaign funding) but we have tried to make good corporate assessments. Happy to discuss further.  
Line 16: BC Association of Community Health Centres - PCD lead – Funding for BCACHC operations and stabilization/emergency grants to the 28 member CHCs and any newly developing CHCs

Line 17: BC College of Nurses and Midwives - Internationally Educated Nurses: HSWBS Lead – health sector workforce related

Line 18: BC College of Nurses and Midwives - Temporary Emergency Registrant: HSWBS Lead - health sector workforce related.

Line 19: BC Schizophrenia Society –MMHA Lead - To maintain operations and expand into rural and underserved areas within the province and increase access to mental health services, education and awareness.

Line 20: Canadian Cancer Society – HSD Lead – Patient travel program.

Line 21: Canadian Men’s Health Foundation – PPH Lead - See attached spreadsheet.

Line 22: Canuck Place Children's Hospice – HSD Lead? – Ongoing operations and capital and technology upgrades.

Line 23: Carrier Sekani Family Services – FCS Lead? – Build of a new Treatment Community Wellness Centre.

Line 24: Directrice, Subventions Gouvernementales, Ryan LLC – PPH Lead – See attached spreadsheet.

Line 25: Fraser Valley Brain Injury Association – FCS Lead (See BN from Gord Cross attached) – Not injury prevention but supporting those living with brain injuries. Ask is for continued funding of the Brain Injury Alliance.

Where's your sense with EDUC in all this? Have we communicated with them at all?

Not today. But yes recently after Pat sent the email to the 3 ministers

They were having to draft a response to Pat obo their MO and they were waiting for us to be able to inform them of how we were responding

That's what I said and that we had exploratory level

Any update on the note re Ag?

I understand Minister meeting is at 5 and PP wants it early to review with Steve.

Reviewing now

Note just sent. It needs the financials of year over year and also how much ministry can fund if decision

Got it

Resent with proposal

received the note back yet?

No, I have been watching for it.

I'll have Ailina follow up with Crystal

Do you know what the outcome is yet?

Haven't heard

QP is in 20.

Guess we will find out

Yes, I think they're still working it through
