

Practice Ready Assessment-British Columbia (PRA-BC)

The PRA-BC program is a collaborative effort between the College of Physicians and Surgeons of British Columbia, the Joint Standing Committee on Rural Issues (a joint committee established under the Physician Master Agreement comprised of representatives from the Government of British Columbia and the Doctors of BC), and the University of British Columbia's Faculty of Medicine's Division of Continuing Professional Development (CPD) in partnership with British Columbia's health authorities and Health Match BC (HMBC).

HMBC, a division of the Health Employers Association of BC (HEABC), is responsible for all administrative and operational functions of the PRA-BC program.
