I am not sure why/how she believes s.22 received Moderna but might be helpful to have someone from the clinic or an MHO follow up.

My best,
Bonnie

Hi Dr Henry,

s.22 who was given the moderna vaccine at the convention centre on Friday.
No one has once tried to call to say anything, I found out from reading a cbc news article this morning.
s.22 we are already Leary of the whole health care system and I am incredibly saddened that no one has reached out to say anything to us.
No warning, no apology, not a word. I like many others want to get back to a semi normal life but I would never be willing to sign s.22 up for a vaccine that has not been given the green light for teens. I do understand it is in the process of being tested but our right to choose was taken away and not once did anyone reach out to warn us let alone see how s.22 is doing.
