

Title

Acute Care & ICU Beds Report

Period 13, 2010/2011 - Period 13, 2020/21

Product Description

This report shows the counts of all acute care beds staffed and in operation, and ICU beds staffed and in operation, across BC, as reported by the Health Authorities at the end of each fiscal year (Period 13, ending March 31) from 2010/11 to 2020/21.

All data used to compile this report comes from the Operational Administrative Support Information System (OASIS)/Health Authority Management Information System (HAMIS) data warehouse.

Intended Use

Users of this report should be aware of the relevant data definitions of each bed category/type used when interpreting the data.

The information contained in these spreadsheets is of a summary nature and may be released in its entirety (Cover Sheet and relevant tabs) for the purpose for which it was provided. However, as it was prepared to address a specific business need, use of the data for other purposes (i.e. alternative analysis or manipulation) is not permitted.

See the 'Notes' page for more information or contact MOHAnalytics@gov.bc.ca for more specific questions/concerns.
