Sounds good Bonnie. I am also just working with UNICEF, and there is a possibility that we might be able to squeeze that event in there either Monday or Tuesday night as well 😊

As it is in the morning best to go over Monday and I am thinking of staying over for a few days because the Minister wants to do some community events. So can you book Monday and Tuesday at the s.15 . Then I might work Wed-Friday in Whistler and back Friday evening on Helijet.

Looking at s.15 Wed-Friday.

s.15 😊

How is the s.22 today?

Good morning Bonnie,

For your travel for this event, would you like to go over Monday afternoon and back on the last flight on Tuesday? Or we could get you over Tuesday morning, and back on the last flight Tuesday night/Wednesday morning? Please advise, and I will book these for you 😊

Hi Ashley,

I really hope we aren't calling it that (😊), but Ashley/Laurel, could you please put a hold in Dr. Henry's calendar for Tuesday, July 27th from 10am-11am for the launch of a 2-week vacc push and foreshadowing of clinics winding down?

She will join Minister Dix and Dr. Ballem, in Vancouver at the VCO for a broadcast avail. So will need to factor in travel time/flights/hotel. If that poses a problem, we can always video her in – just let me know.

While the date/time is not 100% confirmed, Amanda and I discussed and given how busy next week is in the overall govt calendar, this is a safe bet.

If we can set aside 15 minutes on Monday morning as well to discuss speaking points, or use the Monday morning call for that, that would be great!
