Important Note: Within the date range included in this report, only Med/Surg and ICU beds are reported within ICU (71240) functional centres. However, as inclusion within the ICU Functional Centres is how ICU Inpatient Days are identified, all staffed (non-NICU) acute care beds within the ICU are included in the calculation. Excluding non-ICU beds from the denominator would implicitly assert that all non-ICU beds within the ICU are perpetually vacant. That assertion is therefore not being made here.

NICU bassinets are excluded from the calculation as they are relevantly dissimilar from other ICU beds, and are thus not capable of absorbing excess demand.

Title **Hospital Occupancy Rate**

2016/17 Q1 - 2021/22 Q3

Product Description

The hospital occupancy rate by hospital, HSDA and HA

The occupancy rate is inpatient days per acute care bed days. Inpatient days and Acute Care Bed counts are reported by the Health Authorities. The per day calculation is performed by the Ministry of Health.

Intended Use

As inpatient days are an accumulating total, but the count of acute care beds in a point-in-time measurement, the occupancy rate should be read as a calculated value rather than a measured statistic.

The information contained in this/these spreadsheet(s) is of a summary nature and may be released in its entirety (Cover Sheet and relevant Tabs) for the purpose for which it was provided. However, as it was prepared to address a specific business need, use of the data for other purposes (i.e., alternative analysis or manipulation) is not permitted.

See the 'Notes' page for more information, or contact MOHAnalytics@gov.bc.ca for more specific questions/concerns.

- 6 Yearly facility data (bed totals) is an **average of all four quarters**, and excludes NICU beds and do not include Extended Care or Residential Care Beds in hospital. Year-to-date bed counts are an average of the quarterly bed data available to date (e.g. quarters 1 and 2).

- 7 * FHA's ALC days have been underreported by approximately 50,000 days per year up to and including 2011/12. "Excluding ALC" rates and counts are affected by that. "Including ALC" rates and counts are **not** affected, because underreported ALC days are offset by overreported non-ALC acute-care days. Full reporting of FHA's ALC days starts in 2012/13.

* FHA's ALC days have been underreported by approximately 50,000 days per year up to and including 2011/12. "Excluding ALC" rates and counts are affected by that. "Including ALC" rates and counts are **not** affected, because underreported ALC days are offset by overreported non-ALC acute-care days. Full reporting of FHA's ALC days starts in 2012/13.

Note: NHA is not reporting into their corporate account as of P1, 2012/13.

* FHA's ALC days have been underreported by approximately 50,000 days per year up to and including 2011/12. "Excluding ALC" rates and counts are affected by that. "Including ALC" rates and counts are **not** affected, because underreported ALC days are offset by overreported non-ALC acute-care days. Full reporting of FHA's ALC days starts in 2012/13.

Notes:

Yearly facility data (bed totals) is an average of all four quarters, and excludes NICU beds and do St. Joseph's Hospital (502) ceased to be an acute care hospital during Q3 of 2017/18 (September North Island Hospital - Comox Valley (503) opened during Q3 2017/18 (October 1, 2018), and had not yet reported beds as of P7. As such, its Q3 occupancy rate is calculated using P9 bed counts. Inpatient days are undercounted for Q3.

Up to 2017/18 Queen's Park and Fellburn Care Centres reported as one facility, starting 2018/19 they report as separate facilities.

Notes:

Yearly facility data (bed totals) is an average of all four quarters, and excludes NICU beds and do St. Joseph's Hospital (502) ceased to be an acute care hospital during Q3 of 2017/18

North Island Hospital - Comox Valley (503) opened during Q3 2017/18 (October 1, 2018), and had not yet reported beds as of P7. As such, its Q3 occupancy rate is calculated using P9 bed counts. Inpatient days are undercounted for Q3.

Up to 2017/18 Queen's Park and Fellburn Care Centres reported as one facility, starting 2018/19 they report as separate facilities.
