Data source Medical Imaging Wait Time (MIWT) Database

Extract date 2022-03-23

Snapshot 185

Year to Date (YTD) Period 12, 2021/22

Fiscal period schedule is provided below

Notes

1 Definitions:

- Encounter represents a patient visit to a facility to receive diagnostic services which may consist of more than one procedure or exam.
- Wait time - The number of days from when a medical imaging service request is received by the health authority to the date when the patient receives this procedure.
 - o 50th percentile wait time (median wait time) - Half the patients waited less than this wait time and half waited longer for a specific procedure.
 - o 90th percentile wait time - 90 percent of patients waited less than this wait time and 10 percent waited longer for a specific procedure.

2 Inclusions:

- Outpatients
- Priority levels 1- 4 and unknown
- All ages

Exclusions:

- Inpatients, emergency department and referred-in patients
- Priority Level 5 encounters (which are follow-up procedures)
- Unmapped procedures

3 Known data quality issues:

- Vancouver Coastal:
 - CT: Data from Powell River General Hospital is not included in the VCHA total as it is not available.

- General

90th percentile wait times are sensitive to outliers caused by typos in HA data systems. These outliers are investigated and corrected as identified.

4 Other information:

- Following the outbreak of COVID-19, all health authorities postponed non-urgent MRI and CT exams from March 19th to May 14th, 2020 (i.e., P13 2019/20 to P02 2020/21). As per directive by the Ministry of Health, urgent and emergency medical imaging services continued to be performed. This response significantly impacted medical imaging volumes for this time frame.
- Counting by encounter does not reflect actual medical imaging volumes as there may be more than one procedure or exam per encounter. The Ministry obtains medical imaging volume data (exams completed) from the Health Authority Management Information System (HAMIS), our financial management information system, for MRI, CT.
- Time periods during which patients are unavailable for procedures are not currently reported and, therefore, not deducted from wait times.

Notes

- 1 Inclusions:
 - All ages
 - Scheduled surgeries only
- 2 Exclusions:

11048 Cornea Transplant	12012 Minor Non-OHS
12001 CABG + Valve + Other	12013 Congenital Heart
12002 CABG + Valve	12014 Heart Transplant
12003 CABG + Other	12015 EP Procedure
12004 Pure CABG	12016 Cath Lab Procedure
12005 Valve + Other	20149 Non-Surgical Code
12006 Pure Valve	40018 Insertion Pacemaker/Defibrillators - Includes ICD/AICD
12007 Other OHS	40029 Reposition/Replace/Remove
12008 Non-Open Heart Surgery	Pacemaker/Defibrillator/ICD/AICD Wire/Lead or
12009 Not Yet Mapped Cardiac Surgery	Generator
12010 Aortic	40033 Angioplasty
12011 Major Non-OHS	50029 Laryngoscopy With or Without Biopsy
100004 Bronchoscopy With or Without Biopsy	50056 Laryngopharyngoscopy
- 3 Patient unavailable times are excluded from wait time calculations
- 4 **Cases waiting** wait times and volumes are calculated at a point in time; at the end of each fiscal period. These values should not be summed/averaged or aggregated across multiple fiscal periods
- 5 Surgeries contracted to private clinics are included in the total number of cases; however, the system is unable to identify these surgeries and separate them to calculate the total number of contracted surgeries.
- 6 COVID-19 pandemic wave dates are as follows:
 - 1st wave: March to May 2020
 - 2nd wave: October 2020 to January 2021
 - 3rd wave: March to June 2021
 - 4th/5th wave: July 2021 to Present
- 7 **March 16, 2020:** British Columbia's health authorities were directed to immediately move all hospitals in the province to Outbreak Response Phase 2 in response to COVID-19. This meant hospitals would undertake only urgent and emergency procedures and postpone all non-urgent scheduled surgeries. Hospitals were to review operating-room capacity daily to prioritize urgent and emergency cases. Lions Gate Hospital in the Vancouver Coastal Health region was directed to move to Outbreak Response Phase 3. This meant the hospital would accept only emergency patients.
<https://news.gov.bc.ca/releases/2020HLTH0086-000499>
May 18, 2020: Surgical services restart.
<https://news.gov.bc.ca/releases/2020HLTH0026-000830>
April 22, 2021: As a result of the growing number of people with COVID-19 requiring care in hospital and the strain it was putting on hospital capacity, the following hospitals were directed to only conduct urgent and emergency surgeries for a minimum of two weeks:
 Abbotsford Regional General Hospital, Burnaby Hospital, Surrey Memorial Hospital, Royal Columbian Hospital in New Westminster, Vancouver General Hospital, Lions Gate, Hospital in North Vancouver, Richmond Hospital, St. Paul's Hospital in Vancouver, UBC Hospital in Vancouver.
<https://news.gov.bc.ca/releases/2021HLTH0028-000754>
June 7, 2021: Non-urgent scheduled surgeries resumed in the nine hospitals listed above.
<https://news.gov.bc.ca/releases/2021HLTH0037-001032>
December 20, 2021: Postponing non-urgent scheduled surgeries starting January 4, 2022, to manage pressure on acute care facilities. Urgent and emergency surgeries will continue, and rescheduling will be determined through continuous monitoring of capacity and COVID-19 impacts throughout January on a regional basis.
