Notes

- 1 Data is extracted from the Claims fact table in PharmaNet, HealthIdeas, which captures claims from community pharmacies in BC. Data not included: medication used in hospitals, office-use medication (O-MED), expensive drugs for rare diseases (except Trikafta), the provincial retinal disease treatment program, and prescriptions for cancer treatment. Federally insured patients (other than Plan W) are not included in this table. The Claims fact table contains dispensing and financial information.
- 2 Data includes only selected PINs are listed in the request.
- 3 Due to the potential occurrence of reversals within the system, PharmaNet data are not considered stable until at least 3 months after dispense date. Changes are to be expected with data refresh.
- 4 Plan W is excluded.
