TOTAL, BC Vaccine Card and Federal POV		\$ 127,802	\$ 555,845	\$ 405,956	\$ 415,794	\$ 368,984	\$ 1,874,381

HTH-2023-30392 (Pam Smith, Executive Director, DHSI, HSIMIT)

- We did not track user or business “usage” at any level including bi-weekly.
- Total number of vaccine cards retrieved between Sept-7, 2021 (not August as BC Vaccine Card and Proof of Vaccine were not in effect August-2021) to April 8, 2022 (when the provincial requirement ended).
 - Over 4 million unique BC Vaccine Cards were retrieved either online or offline.
 - Any subsequent usage would be at the requirement/discretion of the vaccine card holder.
- Total number of BC Vaccine Card Verifier app downloads from the Apple and Google app stores, but not by business. As noted above, we did not track at the per business download and usage level.
 - 400,000 copies of the BC Vaccine Card Verifier app were downloaded from the Apple or Google app store
