**Subject:** Aboriginal Veteran's Day Photo Invite  
**Date:** Monday, November 6, 2017 4:49:00 PM

---

Hi all

I'm sending along an invitation to take a photo with Min Fraser after the house rises/before the Ag Day reception tomorrow.

Aboriginal Veterans Day is Nov 8<sup>th</sup> and pins were given out at caucus. It's my understanding that MLA's Jennifer Rice, Bowinn Ma, and Ravi Kahlon have pins along with Min Donaldson and Min Mark so far. There are more out there but this is the list I have.

Time: After house rises at 6:30. Location TBD. One of our MA's will take the photo.

Please RSVP to me if your member is able to join a quick photo tomorrow with their pin and I'll provide an update on where to be. Photo will be used on social media.

Best regards,

Can we put in a request to the iStore (?) to have Adobe Acrobat on our computers? I talked to Brett about this and this is what he suggested. We will need this program for merging PDF's and for us to Print to PDF's.

He said it may take 3 days.

Hi Andrea

Here is a social media post for Louis Riel Day

Jolleen

### **MSF facebook**

Today we honour Louis Riel, an important figure in Métis and Canada's history. As a political leader, a champion of Métis rights and a leader of rebellions, he holds a significant place in the hearts and minds of Métis people. For many, his killing in 1885 is seen as a grave injustice that still reverberates through Métis culture. I was sorry I could not be with Deputy Premier Carole James, president of [Métis Nation BC](#) Clara Morin Dal Col and members of the Métis community in B.C. when they marked the anniversary of Louis Riel's death by proclaiming today as [Louis Riel Day](#) in British Columbia and flying the Métis flag in front of the BC parliament buildings.

Hi Connie/Jolleen,

When MSF met with Chastity on Sept 21, they discussed his role on ELUC and he suggested they meet with MGH to discuss Environmental Assessment (EA) process and how to incorporate Indigenous Gender-Based Analysis (IGBA+) into the process as a way to help mitigate the negative impacts resource development have on Indigenous women and their families and communities.

MACIW is very adamant about moving this matter forward, so it would be ideal if we can schedule a meeting for in the next few weeks.

Is it possible to schedule a meeting with MSF, MGH, and Chastity while she's in town for the Nov 30/Dec 1 MACIW Quarterly Meeting? Nov 29 would work for Chastity. Is MGH available for an early-evening meeting on Nov 29? (after MSF is finished with house duty)

Hi Connie/Jolleen,

When MSF met with Chastity on Sept 21, they discussed his role on ELUC and he suggested they meet with MGH to discuss Environmental Assessment (EA) process and how to incorporate Indigenous Gender-Based Analysis (IGBA+) into the process as a way to help mitigate the negative impacts resource development have on Indigenous women and their families and communities.

MACIW is very adamant about moving this matter forward, so it would be ideal if we can schedule a meeting for in the next few weeks.

Is it possible to schedule a meeting with MSF, MGH, and Chastity while she's in town for the Nov 30/Dec 1 MACIW Quarterly Meeting? Nov 29 would work for Chastity. Is MGH available for an early-evening meeting on Nov 29? (after MSF is finished with house duty)

There are several Indigenous people on the forum as well but I didn't include them because they aren't from his riding. Let me know though and I can change it.

Cheers, Chris

I was definitely confused and clarified with Andrea. He was not referencing our Jan 19<sup>th</sup> event as he probably doesn't know about it (I was wondering how he knew)

The PA event he referenced in the media request was Port Alberni:

Tuesday, Jan. 23 for the community meetings

Andrea will schedule the time with MSF and the reporter for Friday once she gets the go ahead from us.

So – is she good to go? 😊

Hi Chris

Here is the event link mentioned in the interview/radio request. The event is happening Friday Jan 19<sup>th</sup> with MP Gord Johns and the Alberni Clayoquot Health network. Location TBD. Our MLA office has been working on organizing this event with ACHN as they have in the past

Invitation haven't been sent out to leadership tables yet. There is a plan to start sending a "save the date" card next week

We have yet to run this by Caucus Research and Comms, as advised on the CA call mtg this morning.

Let me know if there is anything additional we should consider.

Jonathan I'd like your perspective too and we can touch on this at 1pm

Hi Chris

Here are some KMs on  
accomplishments to date, the  
Poverty Reduction Strategy and  
the Advisory Forum.

We have also been fielding

There are a number of groups

years, and the question is always  
why not just implement one of  
those. I've included our QA on

Please  
let me

any  
more  
questions.

- After  
nearly  
sixteen  
years  
of  
neglect  
B.C.  
now  
has  
the  
highest  
poverty  
rate  
of  
any  
province  
in  
Canada.

There  
are  
far  
too  
many

- 

We  
are  
going  
to  
change  
that.

- 

For  
a

- The  
meetings  
will  
be  
held  
in  
up

to  
20

across  
the  
province.  
Those  
sessions  
will  
run  
from  
November

March  
next  
year.

- And  
we  
will  
also  
promote  
it  
in  
the

community  
so  
that  
everyone  
has  
an  
opportunity  
to  
share  
their  
ideas.

- I  
encourage  
everyone  
to  
participate.

- Their

- 

There  
is  
a

Good Day Jolleen,

First and foremost congratulations on your new job. As per our conversation, we would be pleased to meet up with Minister Fraser to discuss the following items:

- 1 Update on treaty
- 2 Application for grant funding for water infrastructure.
- 3 Application for a water license with the CVRD
- 4 Policies for supporting aboriginal businesses when bidding on infrastructure projects.
- 5 Forestry tenure proposal

Could you please provide us dates which are convenient for the Minister both in Victoria and in the Courtenay area.

Thank you and look forwarding to hear from you.

Hi Jonathan,

MSF recently approved a decision note for Brian Bawtinheimer's re-appointment to the HGMC. The OIC is now ready for MSF's signature (see attached).

This has been approved by Doug Scott as acting DM for Doug Caul.

Note that the OIC requires MSF's signature by **end of day, Tuesday, November 14.**

Hi – for your info, here's the current version of the bullets which I have reviewed/approved and forwarded on to ADM Laurel Nash regarding:

- Chastity Davis, Chair of the Minister's Advisory Council on Indigenous Women (MACIW), is seeking to discuss reducing the negative impacts of natural resource development on Indigenous women, families and communities, and to discuss the role of Indigenous Gender Based Analysis (IGBA).

Once approved and closed, we'll make sure to get you a copy of the most recent version, to keep you in the loop.

Thanks!

Hello Harry

We have an urgent problem in the Upper Squamish Valley concerning the Plichuk Bridge

The river bank erosion after the recent high water event needs immediate attention.

The river bank is just sand & silt which needs massive amounts of big rock to stop the eroding from cutting through our only access to Squamish.

There seems to be no plan or sense of urgency to stop further erosion of the road.

This is not acceptable to the 170+ people that live in the Valley.

When the River cuts through the road it will be too late to save the new Plichuk Bridge.

If nothing is done it will take weeks if not months to put in a new bridge & road @ a much greater cost to the Taxpayers than rip rap.

We hope you can help us with this impending disaster.

Best regards

**Subject:** RE: Policy Question

Hi Jared,

The policy information is below. As this person is on reserve, staff have advised that the constituent needs to call his band office as the band administers assistance for people on reserve.

#### General Policy

<!--[if !supportLists]-->• <!--[endif]-->The Ministry of Social Development and Poverty Reduction (SDPR) is responsible for providing income and disability assistance to eligible individuals who live off-reserve.

<!--[if !supportLists]-->• <!--[endif]-->First Nation bands with funding and policy direction from Indigenous and Northern

Affairs Canada (INAC) deliver income and disability assistance to individuals who live on-reserve. INAC's social development programs are intended to be reasonably comparable to provincial programs and standards.

- <!--[if !supportLists]-->• <!--[endif]-->An individual moving on reserve should apply for assistance from the First Nations band to determine what level of assistance they are eligible for.
- <!--[if !supportLists]-->• <!--[endif]-->Individuals who come to SDPR for assistance who are living on-reserve or moving on-reserve are directed to the FN bands by SDD staff.
- <!--[if !supportLists]-->• <!--[endif]-->People moving on or off reserve need to reapply for assistance, either with the First Nation band or with the provincial government.

#### Shelter Policy

- <!--[if !supportLists]-->• <!--[endif]-->SDPR allows for the payment of rent as an allowable shelter cost, whether or not there is a mortgage on the home.
- <!--[if !supportLists]-->• <!--[endif]-->Starting in 2016, First Nation bands can provide rent for all band owned homes as long as the band has established a community-wide rental regime that is consistent with the BC residential tenancy statutes. This includes situations where a person rents a room in a house as that person would be sharing the rent with the other people in the home.
- <!--[if !supportLists]-->• <!--[endif]-->A community-wide rental regime means that a band must charge rent to all individuals on-reserve, regardless if they are on assistance or not. Some bands have not adopted the policy so rent is not charged to individuals living in band owned homes. Since rent is not charged, a shelter payment for rent is not provided.

I hope this helps. Please let me know if you need anything further, ok?

Today is #BCagDay. There are over 63,000 people working in BC's Agricultural sector, including farmers, ranchers, tree fruit growers, and other food processors. By choosing to #BuyBC we're choosing to support local families, local jobs and our local economies, while strengthening food security for all British Columbians. <http://ow.ly/dk33gpf5G>

Hi everyone

Just wanted to make sure you are all aware there are Social Development and Poverty Reduction meetings happening throughout the [province](#). Minister Fraser did an interview with 93.3 the peak on this last Friday and I believe it was referenced on the radio earlier this week.

Our Engagement 2.0 is happening within a week of that so just making sure we are all on the same page

Hi Caelie

Our office is wondering if MGH is available the evening of Nov 29<sup>th</sup> for a joint meeting with MSF and Chair (Chastity Davis) of the Minister's Advisory Council on Indigenous Women.

Looking to discuss Environmental Assessment (EA) process and how to incorporate Indigenous Gender-Based Analysis (IGBA+) into the process.

Is MGH available this day? We would schedule sometime after 5pm when MSF is off house duty.

Hi Janice

It was nice to see you on the weekend at the Huu ay aht Career Fair!

Just sending you a quick save the date with a few more details. Location TBD still.

Poverty Reduction in the Alberni Clayoquot - Community Engagement 2.0

Event to be held at the following time and date:

Friday, 19 January 2018 from 7:00 PM to 10:00 PM (PST)

Join us January 19th to celebrate and review work being done around Poverty Reduction in the region.

We invite you to eat together, learn together and witness the signing of the Alberni Clayoquot Poverty Reduction Protocol Agreement by local governments in the region.

What will the event entail?

- Community Dinner
- Panel discussion with speakers with lived experience as well as local and provincial perspectives on poverty reduction
- Overview on work being done in the region with opportunities to review information and provide your input
- Opportunities to learn, share education and perspectives

Detailed agenda and location to be confirmed shortly!

Hi all

I'm sending along an invitation to take a photo with Min Fraser after the house rises/before the Ag Day reception tomorrow.

Aboriginal Veterans Day is Nov 8<sup>th</sup> and pins were given out at caucus. It's my understanding that MLA's Jennifer Rice, Bowinn Ma, and Ravi Kahlon have pins along with Min Donaldson and Min Mark so far. There are more out there but this is the list I have.

Time: After house rises at 6:30. Location TBD. One of our MA's will take the photo.

Please RSVP to me if your member is able to join a quick photo tomorrow with their pin and I'll provide an update on where to be. Photo will be used on social media.

Hi all – after the house rises tonight, if you could have your member meet Min Fraser at 6:45 outside Ministry EMPR office on the third floor at the top of the stairs for the photo that would be great!

Min Donaldson and MLA Jen Rice confirmed, if other members are available that would be awesome – just let me know 😊

Thanks!

Hi all

I'm sending along an invitation to take a photo with Min Fraser after the house rises/before the Ag Day reception tomorrow.

Aboriginal Veterans Day is Nov 8<sup>th</sup> and pins were given out at caucus. It's my understanding that MLA's Jennifer Rice, Bowinn Ma, and Ravi Kahlon have pins along with Min Donaldson and Min Mark so far. There are more out there but this is the list I have.

Time: After house rises at 6:30. Location TBD. One of our MA's will take the photo.

Please RSVP to me if your member is able to join a quick photo tomorrow with their pin and I'll

provide an update on where to be. Photo will be used on social media.

Best regards,

Hi Jonathan and Jessica

I received a meeting request today from the Alberni Clayoquot Regional District Chair..

In summary:

- ACRD has been working with the Tseshaht FN in the creation of a working group that has been exchanging information regarding certain activities and projects.
- The renewal of a longer-term license from the Province regarding the Regional Landfill next to their main community is a topic of discussion through the working group efforts
- Landfill is adjacent to the TFN community that was built in the 70's without TFN interests in mind.
- Looking for capacity funding :
  - o TFN to support resolving landfill situation through MIRR
  - o ACRD to support resolving situation through Minister Robinson – Municipal Affairs and Housing (I can connect with EA Matt Djonlic when required should we engage with MSR)

ACRD ASK: Would it be possible to sit down with the Minister, his staff including yourself, and any Ministry staff/experts for a discussion of the topic?

Please advise,

Hello Ms. Dick,

Congratulations on your position with Hon. Fraser, and may your efforts be successful in the coming weeks.

The Alberni-Clayoquot Regional District (ACRD) has been embarking on creating a new tone in our relationship with both the Hupacasath First Nation and the Tseshaht First Nation (TFN). Our activities can often affect the interests and considerations of both of the Valley First Nations, and we need to ensure that we keep that in mind with everything we do as a regional government.

That being said, the ACRD has been working with the Tseshaht FN in the creation of a working group that has been exchanging information regarding certain activities and projects. The most salient of these is the renewal of a longer-term license from the Province regarding the Regional Landfill next to their main community. To be short,

the history of the establishment and creation of the landfill in the 1970s did not take Tseshahht concerns or interests into account and this has affected the relation we have had since that time.

In a recent sitting of the working group, TFN has stated that they are wanting to access information from the ACRD, but that they are not sure whether and to what degree they should even be speaking to the ACRD on these matters since it's clear to them that we do not possess the resources to aid them in considering their interests in this topic of the AV Landfill. They are correct in that we do not have the resources to give them so they have the capacity funding to hire the right people and take the right time to do their end of the work. As such, we feel we have a place to forward these concerns to yourself and Hon. Fraser for consideration of capacity funding for TFN on this topic. In addition, we hope to connect with Hon. Robinson for similar resourcing on our end of the matter.

There are many opportunities here for the Province to broker a process that is respectful to the interests and capacity requirements of the TFN and the ACRD, but also to potentially preside over a good process of dialogue and planning for (1) what's next for the landfill, (2) accommodations for TFN/HFN in the event that the landfill is acceptable, and (3) what alternatives for solid waste could be sought if the landfill is not acceptable in its current location. The ACRD would like very much to stay involved in the process, but the political will is there to aid both the Province and TFN and HFN to arrive at a mutually-agreeable arrangement on a realistic timeline.

Would it be possible to sit down with the Minister, his staff including yourself, and any Ministry staff/experts for a discussion of the topic?

Thank you,

- John.

Hi Jonathan and Jessica

I received a meeting request today from the Alberni Clayoquot Regional District Chair..

In summary:

- ACRD has been working with the Tseshaht FN in the creation of a working group that has been exchanging information regarding certain activities and projects.
- The renewal of a longer-term license from the Province regarding the Regional Landfill next to their main community is a topic of discussion through the working group efforts
- Landfill is adjacent to the TFN community that was built in the 70's without TFN interests in mind.
- Looking for capacity funding :
  - o TFN to support resolving landfill situation through MIRR
  - o ACRD to support resolving situation through Minister Robinson – Municipal Affairs and Housing (I can connect with EA Matt Djonlic when required should we engage with MSR)

ACRD ASK: Would it be possible to sit down with the Minister, his staff including yourself, and any Ministry staff/experts for a discussion of the topic?

Please advise,

Hello Ms. Dick,

Congratulations on your position with Hon. Fraser, and may your efforts be successful in the coming weeks.

The Alberni-Clayoquot Regional District (ACRD) has been embarking on creating a new tone in our relationship with both the Hupacasath First Nation and the Tseshah First Nation (TFN). Our activities can often affect the interests and considerations of both of the Valley First Nations, and we need to ensure that we keep that in mind with everything we do as a regional government.

That being said, the ACRD has been working with the Tseshah FN in the creation of a working group that has been exchanging information regarding certain activities and projects. The most salient of these is the renewal of a longer-term license from the Province regarding the Regional Landfill next to their main community. To be short, the history of the establishment and creation of the landfill in the 1970s did not take Tseshah concerns or interests into account and this has affected the relation we have had since that time.

In a recent sitting of the working group, TFN has stated that they are wanting to access information from the ACRD, but that they are not sure whether and to what degree they should even be speaking to the ACRD on these matters since it's clear to them that we do not possess the resources to aid them in considering their interests in this topic of the AV Landfill. They are correct in that we do not have the resources to give them so they have the capacity funding to hire the right people and take the right time to do their end of the work. As such, we feel we have a place to forward these concerns to yourself and Hon. Fraser for consideration of capacity funding for TFN on this topic. In addition, we hope to connect with Hon. Robinson for similar resourcing on our end of the matter.

There are many opportunities here for the Province to broker a process that is respectful to the interests and capacity requirements of the TFN and the ACRD, but also to potentially preside over a good process of dialogue and planning for (1) what's next for the landfill, (2) accommodations for TFN/HFN in the event that the landfill is acceptable, and (3) what alternatives for solid waste could be sought if the landfill is not acceptable

in its current location. The ACRD would like very much to stay involved in the process, but the political will is there to aid both the Province and TFN and HFN to arrive at a mutually-agreeable arrangement on a realistic timeline.

Would it be possible to sit down with the Minister, his staff including yourself, and any Ministry staff/experts for a discussion of the topic?

Thank you,

- John.

Hi Lucinda

I am sending you a meeting request coming from the Mid-Island – Pacific Rim region. They are hoping to involve Minister Adrian Dix along with MLA Fraser with representatives from the Alberni Clayoquot Regional District (ACRD) Board of Directors: Keith Wyton, John Jack (Chair) Josie Osborne (Co-Chair)

MLA Fraser met with Mr. Wyton from the ACRD to discuss the on-going issue in the remote communities of Anacla and Bamfield with a lack of ambulance service in the communities and the helipad.

Let me know how we should proceed on this matter

Hi Lucinda

Here is a summary of the helipad in Bamfield

I've attached two PDF's, one is correspondence related to the matter and the other is the feasibility study.

Let me know if you require any further information for yourself or Cassandra.

#### Bamfield Helipad

- In 2015 Transport Canada determined that on-site helipad can no longer be used.
- Alternatives that were identified were use of private airstrip 1.7 km away and construction of a floating heliport at the Health Centre
- The current interim solution is a helipad at a private airport, two KM from health centre; problematic due to lack of ambulance in Bamfield and fact that nurse must remain at hospital
- When emergency air evacuation is required an ambulance is dispatched from Port Alberni (four hour round trip on gravel road) to transport patient to helipad
- The Bamfield Road is often closed in Winter due to unsafe road conditions
- In 2015 response time for land based BC ambulance to reach Bamfield Health Centre was 3 hours.
- Regional District Board of Directors stress importance of helipad at Health Centre for following reasons;
  - Ensures Advanced Life Support Team (ALS) on helicopter gets to patient faster than any other arrangement to stabilize them and transport them to appropriate level of care
  - ALS team has higher level of training and abilities than the land base ambulance service
  - There is no land based emergency medical transport service in communities
  - If land based emergency medical transport is established in future, it will rely on volunteers with little medical capacity compared to ALS team
  - Under current policy, the Bamfield Health Centre nurse is not authorized to leave the centre to transport the patient to another location.
  - In terms of quality of patient care the Bamfield health centre location will ensure expeditious support and transport by ALS team
  - In financial terms, the incremental increase in capital cost of the health centre location will be offset by the savings of land transport costs which would require ongoing resources

The ask from the ACRD Board of directors is to install the floating heliport at the Health Centre. The current private airstrip 1.7km away from the Health Centre isn't the best option as there is no ambulance service in Bamfield to transport patients in a timely manner. These are the two options that are on page 41 in the study.

Howdy – just checking – do you get the media clips package from Cale in the morning? And do you get these one-off stories that come throughout the day? I'm not sure how much of your job is communications-related but if you think it would be useful, we could have you added. (Otherwise it's a lot of extra emails flooding your inbox.) There may be a fee associated with it so we'd have to run it by Jonathan. Cheers, chris

Hi everyone,

Thanks for taking the time to strategize about our forthcoming activities for the 16 days of action against gender-based violence. I've attached an updated copy of the draft communications strategy and action plan, which was discussed at yesterday's meeting.

One action item has already been completed – Mira has consulted on the possibility of a briefing and it this will not be a part of our plan for the 16 days.

Please pass on this email to anyone attending the meeting I may have missed.

Hello JJ,

I have a scheduling conflict during the next planning session booked. I am hoping our EA, Jolleen Dick copied here, can dial in to the meeting by phone on behalf of MIRR MO? Jolleen is also working on what our office might do on Nov 25 (#Saysomething campaign) as well as the 16 days Gender-Based Violence Campaign...

Hi, attached is a "News You Can Use" feature story of Ahousaht First Nation's first year of managing Maquinna Marine Park and Hot Springs Cove.

This has been reviewed and approved by Ahousaht First Nation, BC Parks/MOE and MIRR. Destination BC has kindly provided photos to go along with the story.

We'd like to publish the story on Tuesday or Wednesday if possible.

Thanks

Good afternoon Joleen

Suggested social for two UVic honourees – this has had some media coverage. Link is to the UVic news release. We'd sent one up the other day, but I don't think it had been used yet, and we saw another media clip today of the other honoree. There a choice of one tweet for each of them, or a combo tweet congratulating both. We believe twitter have now extended their character allowance, so the third tweet is a bit longer than our normal.

Thank you  
Sharon

Congratulations to Tla-o-qui-aht Elder Barney Williams Jr. on @UVic doctorate for your work in truth, reconciliation and healing [ow.ly/pvly30gs8qp](https://ow.ly/pvly30gs8qp)

Congratulations to Neil Sterritt, a driving force behind landmark Delgamuukw decision on his @UVic doctorate [ow.ly/pvly30gs8qp](https://ow.ly/pvly30gs8qp)

Today we honour the Indigenous veterans who fought and sacrificed for our country. As my colleague, MLA Bowinn Ma acknowledged - Indigenous veterans who served in our military often faced racism and were treated as second-class citizens when they returned home, stripped of their Indian status because they had been away from their reserves for too long while they fought overseas.

Terrific meeting today with [Métis Nation BC](#) president Clara Morin Dal Col and her colleagues. With new census figures telling us that [nearly 90,000 people in B.C.](#) now self-identify as Métis (a rise of 20,000 from 2006) it's more important than ever that we ensure the voice of Métis people is heard in the halls of government in British Columbia. My heart was with the Hehewsin Reconciliation Canoe project team, the Tla’amin Nation, and residents of the Upper Sunshine Coast as they set out on their maiden voyage and present their reconciliation canoe to the Tla’amin people this past weekend. “Hehewsin” means “the way forward.” During the Hehewsin Reconciliation Canoe project, community members have been helping carve a cedar canoe on Willingdon Beach under the guidance of master canoe builder Joe Martin and in the process, bringing Indigenous and non-Indigenous people together to learn about reconciliation, colonization, and the history of the Tla’amin people. The canoe is a gift that was paddled from Willingdon Beach to Tla’amin and presented to the community in the traditional way. I raise my hands to everyone involved in this grassroots work. "Hehewsin" means "the way forward." During the Hehewsin Reconciliation Canoe project, community members have been helping carve a cedar canoe on Willingdon Beach under the guidance of master canoe builder Joe Martin and in the process, bringing Indigenous and non-Indigenous people together to learn about reconciliation, colonization, and the history of the Tla'amin people. The canoe is a gift that was paddled from Willingdon Beach to Tla'amin and presented to the community in the traditional way. I raise my hands to everyone involved in this grassroots work. My heart is with the Hehewsin Reconciliation Canoe project team, the Tla'amin Nation, and residents of the Upper Sunshine Coast as they set out on their maiden voyage and present their reconciliation canoe to the Tla'amin people today. Hey Jolleen, Connie,

I finally had a chance to look at the calendar.

In light of the MACIW meeting, it makes most sense for Jolleen to come to Victoria from **Wed the 29<sup>th</sup> of November to Friday December 1<sup>st</sup>**. At the moment, that Friday is wide open, so perhaps the three of us could book several hours to create new systems and work plans.

I'd like Jolleen to come again **Wednesday December 13<sup>th</sup> to Friday December 15<sup>th</sup>** for part two work planning session together. With the Minister gone, we'll have much more to sit and focus on this. Jolleen, you could then continue on for the 16<sup>th</sup> and 17<sup>th</sup> to Bella Bella with the Minister ... I will get you up to speed on that file.

I think you can skip coming over next week. Connie is gone so would make it hard to set a work plan together.

Hey Chris, Leanne,

Please see below, lets add this to our Comms check in tomorrow.

Some of our BIG annouceables are really Treasury Board or Cabinet dependent right now (FCRSAs, principles, council), this might be a thin list. But the skills training stuff, Clean Energy stuff, and possibly something with the Metis in the works perhaps...

Anyhow, we can figure this out and get them what they need.

Hello all,

As mentioned in the pitch session last week, I have homework for you.

From now to the Budget in February will be a very busy time. We want to look ahead what MOs may be planning to figure how if it fits our frame and focus for the lead-in

to Throne and Budget.

With the help of your DMs and CDs as appropriate, I want you to prepare a list of the **three to five** “big” items your Ministers/Ministries might be planning between now and the **Budget in February**.

Your list should include a SHORT summary of the:

- The idea (include ideal headline and how it benefits people)
- Key messages in a connect/contrast/solution format
- The priority area (affordability, services, economy)
- Validators
- Risks

Ideally this should be a short one pager – bullet points totally fine.

I will need to submit your responses in writing by Monday, Nov. 20.

These lists will be used to inform the Cabinet Priorities/Priorities and Accountability work to develop a more fulsome calendar/look-ahead over the next three months.

Thank you,

Three of five Maa-nulth nation have confirmed that Friday Nov. 10 works for them for signing the G2G. The MFN coordinator is working on having the other 2 confirm (they're in Ottawa today).

MFN requested event – Very casual signing ceremony. No media invited, no fanfare, no speeches, no gifts, just the heads of government and the minister and their staff. They would like an opportunity to speak with the minister, informally, to launch the G2G relationship. MFN agree to a joint news release.

Location is in Port Alberni, building is TBD, possibly the Uchucklesaht government building. MFN and MIRR staff are asking for you to provide a time the minister could attend for 30 to 60 minutes, so staff can book a space.

So please confirm a time the minister can be in Port Alberni on Nov 10, ASAP.

Hi Caelie

Our office is wondering if MGH is available the evening of Nov 29<sup>th</sup> for a joint meeting with MSF and Chair (Chastity Davis) of the Minister's Advisory Council on Indigenous Women.

Looking to discuss Environmental Assessment (EA) process and how to incorporate Indigenous Gender-Based Analysis (IGBA+) into the process.

Is MGH available this day? We would schedule sometime after 5pm when MSF is off house duty.

Best regards,

Thank you Shawna

Our MLA office received a call from an individual in Hesquiaht who informed our CA that they managed to stop the FN logging company Ma-mook who are logging old growth in the laasuk watershed. . There was a worry about it affecting salmon beds, etc and haven't seen any plans for the area of proposed cutblocks, cultural studies, watershed assessments.

From what I can see online/social media this is the second time they've blocked off access to the road. Individuals from the same nation successfully blocked the road off two years ago. There seems to be a difference in opinion from members, chief and council and who allowed the logging company to be there without consultation from members.

It looks like the blockade came down on Oct 31 the same day it went up. There is to be an agreement that no trees will be cut down in the lasuk Watershed or any roads built. Hesquiaht will have a membership meeting to ratify their agreement between the members, Council and Hereditary chief on Nov 18<sup>th</sup>.

There have been no follow up calls to our office

Hi Jolleen,

On Hesquiaht, our coast regional manager Peter has been on the phone with the South Island (SI) District staff and our internal critical incident folks. SI will be contacting one of the licencees who operate in the area to determine whether there are any issues with regard to roads being blocked. They will get back to us with information when it becomes available

Is there any more background or context you could provide with regard to how this question originated, where it came from, that could would be helpful? Peter could call the Chief but don't want to do that without learning more background info

Stay tuned on Tseshaht...

Thanks,

Hi Shawna

Two things about First Nations in MSF's riding

Tseshaht - I spoke with Chief Councillor Cynthia Dick yesterday. She mentioned the follow up note returned to TFN after the FNLG had a few topics missing that were discussed. The school on reserve, forestry cutblocks, IBA's or alternatives to an IBA. There had been discussions/negotiations prior to the election and there seems to be a gap in follow up after that for the forestry cutblocks.

Hesquiaht – there is a live dispute between logging in the area. The Hesquiaht have blocked off access to an area where a road was being built. Who is cutting in this area? Is it an overlap?

Any information or advice on these topics are appreciated.

Best regards,

Please pass on to Minister Fraser that I truly enjoyed hearing this piece of Tofino history!

Hope you all made it home safely, and that we see yourself and the Minister back in Tofino again soon.

All the best in your new position, Jolleen!

Yes the lamp was one I was trying to find cheaper, might be because it's LED? There is one cheaper same style at Walmart for 26.97 - <https://www.walmart.ca/en/ip/floor-lamp-with-reading-light-silver/1255145919442>

Do I just ask Ryan to place the order online?

Hello Harry

We have an urgent problem in the Upper Squamish Valley concerning the Pilchuk Bridge

The river bank erosion after the recent high water event needs immediate attention.

The river bank is just sand & silt which needs massive amounts of big rock to stop the eroding from cutting through our only access to Squamish.

There seems to be no plan or sense of urgency to stop further erosion of the road.

This is not acceptable to the 170 + people that live in the Valley. When the River cuts through the road it will be too late to save the new Pilchuk Bridge.

If nothing is done it will take weeks if not months to put in a new bridge & road @ a much greater cost to the Taxpayers than rip rap. We hope you can help us with this impending disaster.

Best regards

**Subject:** RE: Policy Question

Hi Jared,

The policy information is below. As this person is on reserve, staff have advised that the constituent needs to call his band office as the band administers assistance for people on reserve.

#### General Policy

<!--[if !supportLists]-->• <!--[endif]-->The Ministry of Social Development and Poverty Reduction (SDPR) is responsible for providing income and disability assistance to eligible individuals who live off-reserve.

<!--[if !supportLists]-->• <!--[endif]-->First Nation bands with funding and policy direction from Indigenous and Northern Affairs Canada (INAC) deliver income and disability assistance to individuals who live on-reserve. INAC's social development programs are intended to be reasonably comparable to provincial programs and standards.

<!--[if !supportLists]-->• <!--[endif]-->An individual moving on reserve should apply for assistance from the First Nations band

to determine what level of assistance they are eligible for.

<!--[if !supportLists]-->• <!--[endif]-->Individuals who come to SDPR for assistance who are living on-reserve or moving on-reserve are directed to the FN bands by SDD staff.

<!--[if !supportLists]-->• <!--[endif]-->People moving on or off reserve need to reapply for assistance, either with the First Nation band or with the provincial government.

#### Shelter Policy

<!--[if !supportLists]-->• <!--[endif]-->SDPR allows for the payment of rent as an allowable shelter cost, whether or not there is a mortgage on the home.

<!--[if !supportLists]-->• <!--[endif]-->Starting in 2016, First Nation bands can provide rent for all band owned homes as long as the band has established a community-wide rental regime that is consistent with the BC residential tenancy statutes. This includes situations where a person rents a room in a house as that person would be sharing the rent with the other people in the home.

<!--[if !supportLists]-->• <!--[endif]-->A community-wide rental regime means that a band must charge rent to all individuals on-reserve, regardless if they are on assistance or not. Some bands have not adopted the policy so rent is not charged to individuals living in band owned homes. Since rent is not charged, a shelter payment for rent is not provided.

I hope this helps. Please let me know if you need anything further, ok?

Brenda

Hey Brenda,

Our office was approached by a constituent who was looking for clarification on whether or not they'd receive shelter payments while living on reserve. The constituent has a room he can rent from a family member on reserve, but is worried that he won't be given a shelter payment if he moves into the room.

Hi Edena

Apologies this is late, here is what we found:

Eek, hope this isn't too late. Here's what I learned about the property in question:

1. Under the BC Treaty Commission process, details in respect of potential treaty settlement lands remain confidential until the treaty has been approved by the Parties.
2. Following approval of a treaty and prior to its ratification by the Parties, the Parties engage in public consultation where lands and other matters are reviewed.
3. In respect of the floodplain area referred to in the email below, the Ministry of Indigenous Relations and Reconciliation can confirm that it is currently not being considered as potential treaty land

Hope you had a good weekend!

Hello Jolleen,

Nice to meet you a few weeks ago in Victoria. It is great to be able to connect names and faces. ☺

I am wondering if you can help me understand how or where I might go to get information regarding a particular piece of land that may or may not be a part of a treaty negotiation with one or more First Nations governments.

There is a piece of land in Castlegar that is at the confluence of the Columbia and Kootenay Rivers. It sits unused at the moment as it is part of a floodplain. We know that it has great significance for the Sinixt peoples who occupied that land until the early 20<sup>th</sup> century. At that time the Doukabour community immigrated from Russia and purchased that land from the Crown and the Indigenous peoples were forced off.

I had heard a few years ago that it was a part of a couple different treaty negotiations involving the Ktunaxa and perhaps Okanagan Nation Alliance and through them the Colville Confederated Tribes in Washington.

Is there a way we can know if this particular piece of land is under treaty negotiations now or if it has been released? I had heard rumours that it was also released since it is floodplain and difficult to use since no building can be done on the land I think.

We have another local group who want to work with community partners, indigenous peoples and governments, to use that land in some way that is beneficial to the larger community. Before any conversation can occur I was wondering what the status of this land is?

Is there a way we can find this out?

Any help would be appreciated. We have a very complex government land treaty situation here in Kootenay West with many overlapping claims. The Sinixt, Lakes People, were also officially declared extinct by the federal government in the 1950's and the Sinixt who were here moved down to Colville in Washington State. They are now a part of the Colville Confederated Tribes and seem to be working with the Okanagan Nation Alliance on land claims, fishing and hunting rights and water issues with the Columbia River Treaty. It would be helpful to have your Ministry assist us in

understanding the different claims and making sure we are understanding all of the complexities.

Thanks again and please let me know if you have any questions.

Cheers,  
Edena

### **16 Days questions**

#### **1. Tell me a little about yourself.**

I am born and raised in Hupacasath territory, Port Alberni BC. I am proud of my Nuuchaltnulth heritage and all the values and teachings I was raised with. My name is Yahmiss, which my grandfather has told means something precious, something you hold dear, something you care for – essentially, it means love.

I graduated ADSS in 2009, moved to Nanaimo right after and graduated in 2014 with a Bachelor of Tourism Management from Vancouver Island University. I moved back home and quickly became involved in the community through volunteering with Alberni Art Rave and the Young Professionals of the Alberni Valley. I resumed management of Sunset Market at Victoria Quay and later I gained a leadership role at Hupacasath First Nation as an elected councillor for the term 2015-17. I now work for the Ministry of Indigenous Relations as an Executive Assistant to the Honorable Scott Fraser.

In my spare time I enjoy exploring the outdoors, trying to cook new foods, shopping local farmers and craft markets, and spending quality time with friends and family.

#### **2. How do you see yourself making a difference in the community?**

I see myself making a difference in the community by continuing as a community connector. I have been building relationships within the community for 10 years when I acquired my first job at the Alberni Chamber and Visitor Centre. This role I had seasonally, my education and my continuous networking has helped me build a strong foundation where I can give and receive guidance. These relationships help create spaces to share ideas and trigger dialogues in the community. I love to engaging with community members and leaders with enthusiasm and an open mind whether it's at a workshop or a quick run in at a local coffee shop.

When I say community, I mean the community of the Alberni Valley in its entirety. I strongly hold

dear the term *hishuk ish t'swalk* – *everything is one and all is interconnected*. We have a very special and diverse community in this region, and at times it feels very fragmented. It's when you have those 'ah-ha' moments that remind you that we are making progress and a difference here. Hearing what other people are up to in the community, both the challenges and triumphs, and sharing them with others is something I love doing and I believe makes a difference and puts us on the right path for positive change.

3. How have you worked toward gender equality either personally or professionally and why you think this matters.

I've personally worked towards gender equality in the work I do. Working in governments is usually a male dominated field; it's not always easy to work towards equality. Men and women offer different perspectives and approaches to problem solving and community engagement. It's important to gain perspectives from both men and women because from the clashing perspectives a new solution is usually born. All perspectives deserve to be heard and appreciated to achieve equality.

4. Tell me an interesting thing you did to help someone in the community in the last week/month.

This past month I gave a helping hand to my friend to identify 'Port Alberni Problem Solver' profiles for the Shaun Loney event on November 30<sup>th</sup>. Shaun Loney is the author of *An Army of Problem Solvers, Reconciliation in a Solutions Economy*. In the back of this book there are social enterprises featured as examples of what is working. We thought it would be important to showcase a few examples of what is working in Port Alberni, what is needed to upscale and potentially help identify more solutions to our social concerns in our region.

Hi Connie,

- (1.) MACAW has confirmed their next quarterly meeting as Thurs, Nov 30 and Fri, Dec 1. They've asked if MSF could join for lunch on day one, Nov 30.

In looking at his calendar, it looks like MSF should be available for join MACAW for lunch. Doug Caul would also attend the lunch with MSF, and likely a slightly longer portion of the meeting before and/or after the lunch on Nov 30, as he typically does.

- (2.) Can we please book the Hemlock Room for the two days of the meeting? They're usually from 8:30 AM – 5:00 PM. I don't have all of the attendee names yet.

Hi Connie/Jolleen,

When MSF met with Chastity on Sept 21, they discussed his role on ELUC and he suggested they meet with MGH to discuss Environmental Assessment (EA) process and how to incorporate Indigenous Gender-Based Analysis (IGBA+) into the process as a way to help mitigate the negative impacts resource development have on Indigenous women and their families and communities.

MACIW is very adamant about moving this matter forward, so it would be ideal if we can schedule a meeting for in the next few weeks.

Is it possible to schedule a meeting with MSF, MGH, and Chastity while she's in town for the Nov 30/Dec 1 MACIW Quarterly Meeting? Nov 29 would work for Chastity. Is MGH available for an early-evening meeting on Nov 29? (after MSF is finished with house duty)

**Subject:** Request for meeting with MSF/MGH and Chastity Davis  
**Importance:** High

Hi Connie/Jolleen,

When MSF met with Chastity on Sept 21, they discussed his role on ELUC and he suggested they meet with MGH to discuss Environmental Assessment (EA) process and how to incorporate Indigenous Gender-Based Analysis (IGBA+) into the process as a way to help mitigate the negative impacts resource development have on Indigenous women and their families and communities.

MACIW is very adamant about moving this matter forward, so it would be ideal if we can schedule a meeting for in the next few weeks.

Is it possible to schedule a meeting with MSF, MGH, and Chastity while she's in town for the Nov 30/Dec 1 MACIW Quarterly Meeting? Nov 29 would work for Chastity. Is MGH available for an early-evening meeting on Nov 29? (after MSF is finished with house duty)

Hi Chris

Here is the event link mentioned in the interview/radio request. The event is happening Friday Jan 19<sup>th</sup> with MP Gord Johns and the Alberni Clayoquot Health network. Location TBD. Our MLA office has been working on organizing this event with ACHN as they have in the past

Invitation haven't been sent out to leadership tables yet. There is a plan to start sending a "save the date" card next week

We have yet to run this by Caucus Research and Comms, as advised on the CA call mtg this morning.

Let me know if there is anything additional we should consider.

Jonathan I'd like your perspective too and we can touch on this at 1pm

I'm not sure how much he knows off the top of his head re poverty reduction initiatives but it's nice to have something to refer to. He should be able to hit the major achievements of this govt on this file in his interview. Cheers, Chris

Hi Chris

Here are some KMs on accomplishments to date, the Poverty Reduction Strategy and the Advisory Forum.

We have also been fielding questions on "why consult". There are a number of groups that have developed poverty reduction strategies over the years, and the question is always why not just implement one of those. I've included our QA on that just in case he is asked.

Let me know if you need further info.

Hi Andrea,

So very sorry for the delay in getting these points to you. Please let me know if you have any more questions.

- After nearly sixteen years of neglect B.C. now has the highest poverty rate of any province in Canada.
- There are far too many people who have been left behind, forced to rely on inadequate social supports and services.
- We are going to change that.

- For a number of years we have pressed for a poverty reduction strategy, now our government is taking swift action to make life better for British Columbians.
- The public engagement sessions are the first step. We want people to share their ideas on how we can reduce poverty and inequality in our province.
- The meetings will be held in up to 20 communities across the province. Those sessions will run from November to March next year.
- The Port Alberni session is on Tuesday, Jan. 23, location and times will be announced closer to the date.
- And we will also promote it in the community so that everyone has an opportunity to share their ideas.
- I encourage everyone to participate.
- Their thoughts and ideas will help shape the Poverty Reduction Strategy and the future of our province.
- The end result, the final goal, will be a Poverty Reduction Strategy in Fall 2018.
- There is a great deal of work to be done to reduce poverty in our province.

- We know we can reduce poverty and we will make choices that will make life better for everyone in our province

Cheers,  
Jayne

It's not on this string but the original string from the reporter.

I was definitely confused and clarified with Andrea. He was not referencing our Jan 19<sup>th</sup> event as he probably doesn't know about it (I was wondering how he knew)

The PA event he referenced in the media request was Port Alberni: Tuesday, Jan. 23 for the community meetings

Andrea will schedule the time with MSF and the reporter for Friday once she gets the go ahead from us.

So – is she good to go? 😊

Good Day Jolleen,

First and foremost congratulations on your new job. As per our conversation, we would be pleased to meet up with Minister Fraser to discuss the following items:

- 1 Update on treaty
- 2 Application for grant funding for water infrastructure.
- 3 Application for a water license with the CVRD
- 4 Policies for supporting aboriginal businesses when bidding on infrastructure projects.
- 5 Forestry tenure proposal

Could you please provide us dates which are convenient for the Minister both in Victoria and in the Courtenay area.

Thank you and look forwarding to hear from you.

Good Day Jolleen,

First and foremost congratulations on your new job. As per our conversation, we would be pleased to meet up with Minister Fraser to discuss the following items:

- 1 Update on treaty
- 2 Application for grant funding for water infrastructure.
- 3 Application for a water license with the CVRD
- 4 Policies for supporting aboriginal businesses when bidding on infrastructure projects.
- 5 Forestry tenure proposal

Could you please provide us dates which are convenient for the Minister both in Victoria and in the Courtenay area.

Thank you and look forwarding to hear from you.

Best regards,

Melinda Knox, CEO

Hi s.22

Thank you for the invitation and quick response. s.22

s.22 I recommend connecting with Chief Tatoosh [Steve@hupacasath.ca](mailto:Steve@hupacasath.ca) to send the invitation 😊

Personally, I've been really excited about the Army of Problem Solvers event and am really disappointed that I've been called away from the community on these dates.

Minister Fraser and myself are both unable to attend the events those days as there are commitments in Victoria happening. In my new role here as Executive Assistant to Minister Fraser I can arrange a greetings for the events. I believe Patty Edwards will be attending the events as well.

Hi s.22

Thank you so much for extended invitation and offer to join the committee and Shaun Loney. I really appreciate it!! I am interested but unfortunately I am leaving to Victoria Wednesday am and returning on Friday.

Depending what time the workshop goes to on Friday I may be able to drop in depending what time I leave Victoria.

Again, I appreciate the offer as I was really looking forward to the event and meeting Mr. Loney but I am scheduled to be in Victoria. Thanks to you and the organizing committee – it's going to be great! I heard it on the radio this morning 😊

The organizing committee is having a potluck dinner with Shaun on Wednesday and, since you are unavailable to come to the events, we thought you might be interested in joining the group to meet with Shaunn, either for the dinner or afterwards. If you're free on Wednesday evening, we'd love to have you there. Let me know if you would like to attend and I'll send you times, etc.

Hey Jolleen,

This looks good. My key feedback is that instead of key messages, I think these notes should have the key bullets from the Ministry briefing that detail what the Ministry expects the Nations will discuss.

Other than that, I think this is ready to present as a template at our Monday weekly briefing meeting. You can walk the Minister and others through it and we can get feedback there and then so we can put this in effect. I can flag to put on the agenda for Shawna

A few EA's are wondering where they can find tools to do territory acknowledgements in their Minister's constituency. There are concerns about not fully acknowledging who's territory they are on in certain areas (over lap or just not aware who's territory it may be in certain areas)

Do we have anything that can help guide acknowledgements?

We are working on the applications now, there is a meeting with Blueberry on Dec 5<sup>th</sup> and we anticipate the application would be submitted in approx.. 2 weeks. As for Pink Mt and IR 205, we have the direction that we are proceeding with interim protections.

FYI - We should call these interim protections rather than "a section 16"

Hi Shawna

I'm wondering if you can help me out with this question from the MCFD office. They have a meeting with a group Doukabor Society Tuesday next week and have considered this question may come up.

They need to know if this piece of land is in treaty negotiations or not?

Jolleen

There is a piece of land in Castlegar that is at the confluence of the Columbia and Kootenay Rivers. It sits unused at the moment as it is part of a floodplain. We know that it has great significance for the Sinixt peoples who occupied that land until the early 20<sup>th</sup> century. At that time the Doukabour community immigrated from Russia and purchased that land from the Crown and the Indigenous peoples were forced off.

I had heard a few years ago that it was a part of a couple different treaty negotiations involving the

Ktunaxa and perhaps Okanagan Nation Alliance and through them the Colville Confederated Tribes in Washington.

Is there a way we can know if this particular piece of land is under treaty negotiations now or if it has been released? I had heard rumours that it was also released since it is floodplain and difficult to use since no building can be done on the land I think.

We have another local group who want to work with community partners, indigenous peoples and governments, to use that land in some way that is beneficial to the larger community. Before any conversation can occur I was wondering what the status of this land is?

Is there a way we can find this out?

Any help would be appreciated. We have a very complex government land treaty situation here in Kootenay West with many overlapping claims. The Sinixt, Lakes People, were also officially declared extinct by the federal government in the 1950's and the Sinixt who were here moved down to Colville in Washington State. They are now a part of the Colville Confederated Tribes and seem to be working with the Okanagan Nation Alliance on land claims, fishing and hunting rights and water issues with the Columbia River Treaty. It would be helpful to have your Ministry assist us in understanding the different claims and making sure we are understanding all of the complexities.

**Subject:** Treaty Lands in Castlegar

Hi Shawna

I'm wondering if you can help me out with this question from the MCFD office. They have a meeting with a group Doukabor Society Tuesday next week and have considered this question may come up.

They need to know if this piece of land is in treaty negotiations or not?

Jolleen

There is a piece of land in Castlegar that is at the confluence of the Columbia and Kootenay Rivers. It sits unused at the moment as it is part of a floodplain. We know that it has great significance for the Sinixt peoples who occupied that land until the early 20<sup>th</sup> century. At that time the Doukabour community immigrated from Russia and purchased that land from the Crown and the Indigenous peoples were forced off.

I had heard a few years ago that it was a part of a couple different treaty negotiations involving the Ktunaxa and perhaps Okanagan Nation Alliance and through them the Colville Confederated Tribes in Washington.

Is there a way we can know if this particular piece of land is under treaty negotiations now or if it has been released? I had heard rumours that it was also released since it is floodplain and difficult to use since no building can be done on the land I think.

We have another local group who want to work with community partners, indigenous peoples and governments, to use that land in some way that is beneficial to the larger community. Before any conversation can occur I was wondering what the status of this land is?

Is there a way we can find this out?

Any help would be appreciated. We have a very complex government land treaty situation here in Kootenay West with many overlapping claims. The Sinixt, Lakes People, were also officially declared extinct by the federal government in the 1950's and the Sinixt who were here moved down to Colville in Washington State. They are now a part of the Colville Confederated Tribes and seem to be working with the Okanagan Nation Alliance on land claims, fishing and hunting rights and water issues with the Columbia River Treaty. It would be helpful to have your Ministry assist us in understanding the different claims and making sure we are understanding all of the complexities.

I'm very happy to answer these questions today about the Ministry's new Reconciliation Transformation and Strategy Division and the appointment of Assistant Deputy Minister, Ms Wood. We're bringing true reconciliation in this province with her new role in the Public Service.

Hi Everyone,

Just wanted to provide a quick update.

I have created the event page and connected with Deanna from the Living Wage for Families Campaign. She is eager and available to attend as a panel participant and I will be following up with Trish from the Provincial Coalition who she has provided an introduction for.

I have included a test for the Eventbrite page below - please review and let me know if there are any major alterations required before launching.

Additionally Jolleen and Sarah we can use this basic info for the save the date cards, how should we action this project?

I will pull together a better draft agenda shortly (its in my head just not in front of the computer for long enough to record it lately) and have invitations going out to local government tables who have (of have not) endorsed the protocol by the end of this week.

Cheers

Hi s.22

Thank you for the invitation to the Shaun Loney event sent to the Minister.

I'm wondering if we can send a letter of greeting? If so, which event: the evening event, workshop or both?

Please let me know 😊

Today we honour the Indigenous veterans who fought and sacrificed for our country. As my colleague, MLA Bowles Maackewich, said - Indigenous veterans who served in our military often faced racism and were treated as second class citizens when they returned home, stigmatized of their Indian status because they had been away from their reserves for too long while they fought overseas. My heart is with the Indigenous Veterans gathered at Parliament Hill today and I am truly sorry that government has not done more to support them. In the People's House, my colleagues and I want our Indigenous Veterans seen with dignity and pride in recognition of their remarkable men and women.

**Date:** Monday, November 20, 2017 2:10:00 PM

My heart was with the Hehewsin Reconciliation Canoe project team, the Tla'amin Nation, and residents of the Upper Sunshine Coast as they set out on their maiden voyage and present their reconciliation canoe to the Tla'amin people this past weekend. "Hehewsin" means "the way forward." During the Hehewsin Reconciliation Canoe project, community members have been helping carve a cedar canoe on Willingdon Beach under the guidance of master canoe builder Joe Martin and in the process, bringing Indigenous and non-Indigenous people together to learn about reconciliation, colonization, and the history of the Tla'amin people. The canoe is a gift that was paddled from Willingdon Beach to Tla'amin and presented to the community in the traditional way. I raise my hands to everyone involved in this grassroots work. If you would like to hear more about this project, check out <http://ow.ly/pRLk30gDgbl>

Hi Shawna

A few EA's are wondering where they can find tools to do territory acknowledgements in their Minister's constituency. There are concerns about not fully acknowledging who's territory they are on in certain areas (over lap or just not aware who's territory it may be in certain areas)

Do we have anything that can help guide acknowledgements?

Best,

**Subject:** Treaty Lands in Castlegar  
**Date:** Thursday, November 9, 2017 2:45:00 PM

Hi Shawna

I'm wondering if you can help me out with this question from the MCFD office. They have a meeting with a group Doukabor Society Tuesday next week and have considered this question may come up.

They need to know if this piece of land is in treaty negotiations or not?

Jolleen

There is a piece of land in Castlegar that is at the confluence of the Columbia and Kootenay Rivers. It sits unused at the moment as it is part of a floodplain. We know that it has great significance for the Sinixt peoples who occupied that land until the early 20<sup>th</sup> century. At that time the Doukabour community immigrated from Russia and purchased that land from the Crown and the Indigenous peoples were forced off.

I had heard a few years ago that it was a part of a couple different treaty negotiations involving the Ktunaxa and perhaps Okanagan Nation Alliance and through them the Colville Confederated Tribes in Washington.

Is there a way we can know if this particular piece of land is under treaty negotiations now or if it has been released? I had heard rumours that it was also released since it is floodplain and difficult to use since no building can be done on the land I think.

We have another local group who want to work with community partners, indigenous peoples and governments, to use that land in some way that is beneficial to the larger community. Before any conversation can occur I was wondering what the status of this land is?

Is there a way we can find this out?

Any help would be appreciated. We have a very complex government land treaty situation here in Kootenay West with many overlapping claims. The Sinixt, Lakes People, were also officially declared extinct by the federal government in the 1950's and the Sinixt who were here moved down to Colville in Washington State. They are now a part of the Colville Confederated Tribes and seem to be working with the Okanagan Nation Alliance on land claims, fishing and hunting rights and water issues with the Columbia River Treaty. It would be helpful to have your Ministry assist us in understanding the different claims and making sure we are understanding all of the complexities.
