I'd like for Jolleen to be able to present the binder template she's developed at the meeting Monday, get a sense of if its what the Minister was envisioning and to go through a process for its maintenance and use.

Hey friends,

Wanted to send out a quick agenda for tomorrow's meeting with Khelsilem on language revitalization. Khelsilem is doing some really interesting work and I think can contribute ideas that all three of our ministries might explore.

Did you get the short backgrounder MIRR prepared and Khelsilem's outline for the meeting ? If not I can send...

**Agenda:**

- Introductions and how language revitalization relates to each Ministry's mandate (5 minutes)
- Khelsilem presentation (20 minutes)
- Advanced Ed response and questions (5 mins)
- Education questions and response (5 minutes)
- MIRR questions and response (5 minutes)
- Wrap up, establish action items and follow ups (5 minutes)

**ISSUE:** Removal of the Halfway River Haystack Bridge near the Halfway River First Nation Community

**SUMMARY:**

<!--[if !supportLists]-->• <!--[endif]-->The Haystack Bridge crosses the Halfway River in Northeast BC within seven kilometres of the Halfway River First Nations (HRFN) community. Progress Energy is responsible for the bridge and connecting road under an OGC permit. They no longer have a need for the bridge, and consistent with their permit requirements, will be removing it in the summer of 2018. There is no interest from the forest sector or other oil and gas companies for this crossing.

<!--[if !supportLists]-->• <!--[endif]-->The bridge and connecting resource roads provides the shortest route for local residents and the Halfway River First Nation to access Hudson's Hope, Chetwynd and points south. However, the communities are also connected by the Upper Halfway Road, a year-round maintained public road connecting the area to the provincial highway network. This route to Hudson's Hope is approximately 100 km longer.

<!--[if !supportLists]-->• <!--[endif]-->The Haystack Bridge is used by HRFN to access their traditional territory including their cultural camp within Tsaa Nuna (often referred to as CP 212), a significant cultural use area.

Minister Donaldson is planning to meet with Minister Fraser for 15 minutes on Tuesday (Nov 21) morning. The issue is Haystack Bridge, affects Halfway and other Treaty 8 Nations.

The minister does not want staff, but has asked if he could get a note or some bullets. If you don't have any existing materials, bullets in an email would be good.

I see on CLIFF (233346) that James Cuell is already in touch with Halfway River First Nations on this issue.

Sorry for the short notice,  
Ryan

See below for the full text of the public statement by the West Moberly and Prophet River First Nations regarding their meeting with Ministers Mungall and Fraser last week on the Site C Project.

FOR IMMEDIATE RELEASE - First Nations Warn Ministers of Billion Dollar Lawsuit, Call for Meeting with Premier on Site C

Fort St. John, British Columbia (November 20, 2017) - In a meeting held on November 14th in Fort St. John, Chief Lynette Tsakoza of Prophet River First Nation and Chief Roland Willson of West Moberly First Nations warned Ministers Michelle Mungall and Scott Fraser that a decision to build the Site C dam could lead to a billion-dollar Treaty infringement lawsuit. The First Nations said the final report issued by the BC Utilities Commission on November 1st strengthens their infringement claim considerably and makes cancellation the only viable option

"The BCUC found that we don't need any new power for another 22 years. None. Even if we did, the NDP could access equivalent power from the Canadian Entitlement under the Columbia River Treaty for a fraction of Site C's cost. So, flooding our lands for no useful purpose would be madness. The BCUC's report was the final nail in Site C's coffin. The NDP just has to tap it in," said Chief Tsakoza.

According to court cases like Sparrow and Tsilhqot'in, the BC government cannot infringe Treaty rights without a "substantial and compelling objective"

"The NDP ran on a promise of a Better BC. Obviously, flouting the Supreme Court of Canada's rulings and attacking our Treaty rights isn't what NDP voters had in mind," said Chief Willson

At the meeting, the Nations reminded the Ministers that when the Quebec government attempted to build the James Bay dam without First Nations' consent, it resulted in a \$225 million settlement in 1975. Today that is the equivalent of about \$1 billion when adjusted for inflation.

"The leading energy expert Robert McCullough estimates that cancelling the dam would save British Columbians about \$4 billion. You can make that \$5 billion, because if the NOP approves this boondoggle they'll force us to seek damages for infringement of our Treaty," said Chief Willson

The Ministers heard that continuing with Site C violates at least four Articles of the United Declaration of the Rights of Indigenous Peoples (UN DRIP), which the NDP Government has committed to uphold. The First Nations also said the impact benefit agreements signed by others don't satisfy UNDRIP.

"What UN DRIP requires is free, prior and informed consent. Every First Nation opposed this dam when it was first proposed. But if "yes" is the only answer the government will accept, how free is that consent?", said Chief Tsakoza.

The First Nations presented the Ministers with advice on how to ensure Site C's cancellation benefits the local economy and other First Nations. "We offered the Ministers a new vision for the Peace Valley. One that will support the local economy, create jobs, and begin repairing relationships with every First Nation. There's lots of work to be done reclaiming the site and building new infrastructure throughout the province." said Chief Willson

"We've invited Premier Horgan to a feast with our communities, so he can hear from our Elders and speak with our leaders in a way that shows respect for our culture, for the land, and for the significance of the decision before us all We are still waiting for his reply", said Chief Tsakoza.

- <!--[if !supportLists]-->2) <!--[endif]-->Have the meeting at 7:45 am
- <!--[if !supportLists]-->3) <!--[endif]-->Have you contact the PO and see if MSF can be excused from Cabinet for 45 min. to accommodate this meeting at 9:30 am?

I will also let Shawna chime in on this one as well? Shawna, your thoughts on whether this can be left to the new year?

Hi Maya,

We have just received notice of a mandatory legislative meeting for Monday that Minister Fraser is required to be at and, unfortunately, we need to cancel this meeting and will need to now look at rescheduling this for the new year. I am so very sorry. The Minister will be in Vancouver during the week of January 22<sup>nd</sup>, so I think we could look to schedule this in Vancouver sometime during that week. We are still sorting that week out in the Minister's schedule and I will get back to you with some potential times shortly.

Again, I'm very sorry about this.

Hi Jonathan,

The CU has a condolence letter that they've been trying to find an address for for some time. I'm new to the role as of last week, so when looking at this letter, I'm wondering if it's even appropriate to be sending?

My thoughts are he passed away in June, so Minister Rustad would have been the minister then and Minister Fraser may have even sent a letter already? If not, it's now the end of November and it seems a bit odd to be sending this so long after the passing.

Can you let me know your thoughts if we should go ahead with this letter or not? It's attached and the obituary is here:

We have received a report of a train derailment in the Hell's Gate area, potentially affecting Spuzzum and Boston Bar First Nations. Incident details known at this time are as follows:

#### **SITUATION**

- A rock slide at Mile 72, on the Cascade Sub near Hell's Gate, caused the derailment of a CP rail engine and cars.
- A recent update advises that the engine's 16,000L fuel tank may have ruptured (Initial information received indicated that the locomotive was on its side but not leaking fuel).
- There is a steep drop off adjacent to the rail line down to the Fraser River, meaning potential containment efforts may be ineffective.
- High flow in the Fraser River would also make streamside booming ineffective.

#### **RESPONSE**

- CIEM Branch is working with MOE (lead responder agency) and First Nations downstream of the incident are being notified at this time.
- Response crews are on site presently to attempt to clear the line, though the scene is believed to be quite dangerous, with a rail car currently on top of the derailed engine.
- NUCOR Environmental has been retained to complete an inspection and determine whether a loss of fuel has occurred.

Further updates may be share as warranted.

Good morning Minister Fraser,

I want to start by thanking you  
and the Ministry team for the  
beginning of a new relationship  
yesterday in our productive  
meeting in Victoria. It was  
heart warming to hear your  
commitment to true  
reconciliation in BC for all  
Indigenous peoples, including  
all of the Metis.

I am hoping we can schedule  
our next meeting for a mid  
January, which should provide  
your office and Ministry time to  
consider a more inclusive  
approach for BC which we  
believe can be achieved 1 of 2  
ways:

BC.

I look forward to next steps and we welcome a more timely meeting if possible and encourage the Ministry to take any other steps in the interim to ensure inclusion.

Thank you Minister Fraser, your words and support to being a new relationship meant the world to us. As such we are committed to forging a new and positive relationship. We hope this begins with a new agreement together.

Thank you

**Keith Henry**

Hi Jonathan,

Further to our phone call on Wednesday—you confirmed that MSF will attend the BC Natural Resources Forum breakfast panel on January 18 in Prince George.

Before I RSVP for MSF, can you please confirm if MSF will also speak? I assume you meant that he would speak (as the organizers asked him to) but I just wanted to be certain.

Also, further to my email from Wednesday—MSF's staff support will now be local regional staff. I have to confirm their availability but, as with last year's event, it will most likely be Bruce Low and Geoff Recknell.

**Hi there,**

The four of you have responded with volume numbers for this FOI Request. IAO responded to the applicant with your numbers and the applicant has now replied wanting to know what the fee estimate would be for one month instead of the originally requested four month time period. Therefore, I will need you to provide me with an updated fee estimate as soon as possible in the box below. If your volume numbers will not change, please let us know and we will go with the same numbers as you previously noted. I have attached your emails indicating your previous volume numbers for easy reference. If you have any questions, please let me know.

Subject: Call for Records IRR-2017-73659 Due November 20, 2017 Analyst Marc Everitt

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

*Copies of all correspondence, excluding attachments, received by the Minister's Office from BC NDP MLA's, including cabinet Ministers/the Premier acting in their capacities as an NDP MLA. (Date Range for Record Search: From 07/18/2017 To 11/01/2017) – Date Format: MM/DD/YYYY*

The following public bodies have also received this FOI request: AGR, EMP, MOE, FNR, IRR, CTZ, JTT, LBR, MAH, TAC, TRA, CFD, MSD, MAG, PSS, AED, EDU, HTH, MHA, FIN, and OOP.

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form to IAO by November 09, 2017. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process.
- **If no fees apply** then complete the attached Call for Records form and return it to IAO by November 20, 2017.
- Send records via email in **PDF format**. Before you turn emails into PDFs, ensure that you have included all attachments. If email is not possible, please put the records on the **File Share** and notify IAO that the records are available.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or any other questions or concerns relating to this request.

Hi Jonathan,

We have received an FOI Consultation Request from the Ministry of Energy Mines and Petroleum Resources asking us to consult on the document attached (only 6 pages). Staff have reviewed and agree with the severing IAO has already marked in red but we do recommend further severing on pages 3 and 5. GCP and our Executive have all approved.. For your approval please as soon as possible.

Thanks,  
Sheila

**Subject:** Consultation EMP-2017-72666 Due: November 27, 2017

Good Morning,

The Ministry of Energy, Mines and Petroleum Resources received this FOI request from a Researcher:

*Copies of all documents, including e-mails, text or Instant messages, memos, media lines, backgrounders, briefing notes, etc., regarding the planning and announcing of a review of the Site C Dam project - <http://vancouversun.com/news/politics/ndp-government-sends-site-c-dam-for-independent-review>. (Date Range for Record Search: From 07/19/2017 To 08/08/2017)*

They identified the attached document(s) as responsive records and wish to get your views on disclosure. The redline on the pages reflect the current harms assessed by the Ministry.

Your program area's response is due November 27, 2017.

IAO may take one to two business days to apply any severing.

Your executive sign off response is due November 30, 2017.

If you are not able to respond by this date, we are required to continue processing this file without your recommendations.

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11

of the [Open Information and Open Data Policy](#). Consultations from outside provincial public bodies are not published on the Open Information website.

**Exercise of Discretion:**

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

**Factors relevant to the exercise of discretion include:**

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;
- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

Thank you,

My heart was with the Hehewsin Reconciliation Canoe project team, the Tla'amin Nation, and residents of the Upper Sunshine Coast as they set out on their maiden voyage and present their reconciliation canoe to the Tla'amin people this past weekend. "Hehewsin" means "the way forward." During the Hehewsin Reconciliation Canoe project, community members have been helping carve a cedar canoe on Willingdon Beach under the guidance of master canoe builder Joe Martin and in the process, bringing Indigenous and non-Indigenous people together to learn about reconciliation, colonization, and the history of the Tla'amin people. The canoe is a gift that was paddled from Willingdon Beach to Tla'amin and presented to the community in the traditional way. I raise my hands to everyone involved in this grassroots work. Hi Jonathan,

I just spoke with Trish Balcaen, NROD Chief Negotiator, and this is what she had to say:

It's an internal piece of work we're doing to:

- Organize ourselves geographically to improve our ability to deliver government's reconciliation goals with First Nations and indigenous peoples (ie. that's why we have Chief Negotiators assigned to North, South and Coast areas);
- Coordinate and integrate our work with other government agencies;
- to increase our responsiveness to First Nations' needs (ie. issues in lower mainland are much different than Ft Nelson).

Hey –

I went through this, and I don't think that we have much we can rely on for severing, especially if the letter went out.

Do you know if the letter went out. I googled Marine Harvest and found the below link so I don't think we have much to worry about, as it seems to echo some pieces of the discussion in the letter. I've added a few redactions as well to keep things consistent. I might suggest grabbing Doug C to chat about it. I didn't have the chance to see him today.

Hi Gio,

As per the email below, we have received this FOI Consultation request from the Ministry of Agriculture asking us to consult on the document attached. Could I ask you to please have a look at it and let me know if any harms are present. If any harms exist, please identify them within the documents by using “Adobe - highlight and comment function” in yellow. I have also attached the sections to guide you in your harms review.

Please indicate which of the below options apply:

1. There are no harms in these records. They can be released in full.
2. There are harms in releasing all of these records. They should be withheld in their entirety.
3. There are harms in portions of the records. Please give details so that IAO can apply the appropriate sections of FOIPPA.

**If for any reason this request should not go to you for review, could you please point us in the right direction and provide us with the name of who you think should be reviewing this document.**

**As this is a consult, we require your response ASAP.**

We appreciate your help with this.

Note that all general FOI request records that are released to an applicant should be published on the Open Information website unless the exemption criteria apply. The exemption criteria can be found on page 11 of the [Open Information and Open Data Policy](#). Consultations from outside provincial public bodies are not published on the Open Information website.

#### **Exercise of Discretion:**

The *Freedom of Information and Protection of Privacy Act* (FOIPPA) contains both mandatory and discretionary exceptions to disclosure. Sections 13 to 20 are the discretionary exceptions. Where Information Access Operations (IAO) has advised the head that a discretionary exception may apply, it is important that the head consider the possibility of releasing the information despite the fact that an exception may apply.

#### **Factors relevant to the exercise of discretion include:**

- the general purposes of the legislation: public bodies should make information available to the public; individuals should have access to personal information about themselves;
- the wording of the discretionary exception and the interests which the section attempts to balance;
- whether the individual's request could be satisfied by severing the record and by providing the applicant
- with as much information as is reasonably practicable;
- the historical practice of the public body with respect to the release of similar types of documents;
- the nature of the record and the extent to which the document is significant and/or sensitive to the public body;

- whether the disclosure of the information will increase public confidence in the operation of the public body;
- the age of the record;
- whether there is a sympathetic or compelling need to release materials;
- whether previous orders of the Commissioner have ruled that similar types of records or information should or should not be subject to disclosure; and
- when the policy advice exception is claimed, whether the decision to which the advice or recommendations relates has already been made.

**Sent on behalf of Sheila Biggers, President & CEO, JA British Columbia:**

Dear Minister Fraser:

JA British Columbia (JABC) is part of an international social-profit organization with a mission to inspire and prepare youth to succeed in the global economy. We accomplish this by partnering with schools and volunteers throughout BC to deliver courses in work readiness, entrepreneurship, and financial literacy to students between grades 5 and 12. Last school year, we delivered 1,500 programs, reaching over 40,000 youth; 8% of those programs were delivered in classrooms with over 25% Indigenous students.

We are hoping to work with the Government of BC to further our reach, in particular, to increase our capacity to deliver wanted programs to Indigenous students; and we have plans to build our Indigenous programs working closely with First Nation's leaders. We recently delivered our introductory financial literacy program, Dollars with Sense, to Aboriginal Trustees. 100% of the Trustees indicated that they would like this program delivered in their communities.

I welcome the opportunity to meet with you at your convenience. I do happen to be in Victoria on November 21 and 22, should you have availability on such short notice, please let me know. Otherwise, I will look forward to meeting with you in Victoria as your schedule allows. Attached is a letter formally requesting a meeting. I look forward to discussing our shared vision for BC's Indigenous youth.

Best regards,  
Sheila

Let me know if you would like to discuss this.

**Subject:** Haystack Bridge Meeting - Proposed Agenda

Morning Tim.

Do you have any additional information regarding when our meeting should start on the 29<sup>th</sup>?

In terms of an agenda, I was thinking we could start off with a field trip to the bridge where we can provide an overview of the technical considerations that will figure in any decision and we can hear about the importance of the crossing to Halfway. After that, we can return to Halfway and have an open discussion on the different options. We will have a few ideas in mind and would be interested in hearing if Halfway has any additional ideas as well.

Let me know if this makes sense for an approach for the meeting.

Did you want to touch base ahead of time? I can give you a snapshot of the different options as we see it, and the relative pros and cons. I would also be interested in hearing what HRFN is thinking as well. I can also give you an idea of the decision/mandating process the province would need to go through.

I have some time Friday, if that works.

Cheers

james

Hi Shawna,

I have had some follow up conversations with Ms. Sellars and myself and Juanita (or Sarah G) will be meeting with them in person on Friday.

We're exploring ways in which to get them some profile and awareness around the community

training services and programs they want to deliver to First Nations.

Good afternoon,

I am following up as I have not heard when I may expect another date and time for the meeting with the three Ministers and five MLAs that was requested on September 20, 2017 and scheduled for November 9, 2017 and now rescheduled. Please let me know if this will be scheduled before this session ends?

Good morning,

On behalf of MLAs:

Donna Barnett, Critic for Rural Development  
Dan Ashton, Critic for Indigenous Relations  
John Rustad, Critic for Forests, Lands and Natural Resource Operations  
Doug Clovechok, Critic for Tourism Arts and Culture  
Andrew Wilkinson, Critic for Attorney General

I would like to request a joint meeting with Ministers Donaldson and Fraser at their earliest convenience. For discussion is the Williams Title Case and title lands particularly how they relate to the use by tourism operators who have concerns and experiencing challenges regarding permits, and short and long term land use tenures.

Hi Matt,

Please see the below. We are holding Nov. 23<sup>rd</sup>, at 4:00 pm for ½ hr, with MSF, in our office for this meeting. MLA's involved will be Barnett/Ashton/Rustad/Wilkinson/Clovechuk. I'm just waiting for confirmation from the Opposition office.

We will need to have staff at this meeting, please!

Good Morning Jonathan, Thank you for your reply. The MLA has asked that I reply with the following.

Agenda: 1. A full presentation on benefits and issues (1/2 hour) this is a paper and pictures presentation not PowerPoint.

2. Questions around NSTQ Treaty : where is it going, is there compensation on the table for ranchers and business losses?

3. Deni Accord, how is it moving forward and will there be public information or engagement sessions.

The MLA would like to bring MLA's Dan Ashton, John Rustad and Andrew Wilkinson to the meeting as they have been involved in the Chilcotin tourism issue.

Thank you,

Hi James, Caelie, and Jonathan,  
I spoke with you today and Minister Trevena spoke with all three of your Ministers about Mark Wunsch's interactive software that he is developing for parks and other outside cultural and natural environments around BC.  
Minister Trevena is hoping your Minister might have 10 or 15 minutes free for Mark to show them his program next Wednesday, Nov. 29<sup>th</sup>. I was thinking maybe before Cabinet, like 8 or 8:30, or whatever works.  
Thanks!

Hey Shawna, minister met with Ancient Forest Alliance/Sierra Club/Wilderness Committee and Dr. Andy MacKinnon on October 16. Attached is our background information and briefing note.

I don't know what was actually discussed in the meeting, but the topics were as follow:

1. **Seek a dialogue with First Nations on how old-growth protection can be integrated into indigenous-led land use planning, new governance models, and economic initiatives.**
2. **Develop an Old-Growth Forest Protection Act.**
3. **Appoint an independent science panel.**
4. **Support conservation financing solutions and economic diversification for First Nations.**
5. **Support a sustainable, value-added, second-growth forest industry through various incentives and regulations.**
6. **Immediately declare a moratorium for old-growth "hotspot" sites to create a solution space for long-term protection.**
7. **Expand the existing forest reserve network.**
8. **Discontinue issuance of BC Timber Sales (BCTS) permits in BC's old-growth forests.**
9. **Apportion the Allowable Annual Cut to distinguish between old-growth and second-growth to quickly phase out old-growth logging in key regions.**
10. **Establish a provincial Land Acquisition Fund to purchase endangered ecosystems on private lands.**

Hi Shawna,

I have MO's phone right now. I just received a call from Chief Andy Phillips of Scowlitz First Nation. His number is **s.22**

He asked for a 30- to 45-minute meeting with MSF in Victoria. He didn't indicate any particular timeline for the meeting but the matter does sound fairly pressing.

**s.16**

Can you please provide staff advice to send to MO?

Hi Jonathan/Chris,

MCJ's office just requested MSF to join her for a quick 15-20 minute briefing on Tuesday at 9:00 AM re: 2012 taxation (Rural Act Amendment).

Given this, are you okay to do your QP from around 9:15/9:20 – 9:45 AM when Caucus begins? That won't quite give you your usual 30 minutes, though. Alternatively, you could do QP prep at 8:00 – 8:30 AM.

Please let me know what works for you. Thanks.

Also, when the official Cabinet Planning email goes out and is confirmed, we have 3 FN meetings that

would also need to be rescheduled, Shxw'owhámel First Nation (with MSF), NNTC (with MSF/MDD/MMM) and Haida Nation (with MSF/MDD and PJH was to attend for ½ hr).

Timing has changed for Premier's awards. Does MSF want to try and attend? It would mean re-booking Jim Abram. But it's a fun night and a great way to celebrate public servant successes. (wow, that sounded really cheezy)

A meeting hasn't been set up yet. As per your/Heinz's emails, we'll cancel this request all together.

Jonathan—I'm not familiar with Connie's/MO's process on your end. Would you like me to send regrets to the Alliance? If so, given that MDD already met with them

(according to ADM Craig Sutherland) and we're not referring this request to any other ministries—how would you like me to word the regrets? This would be a straight decline to meet.

Can you please provide advice for the MO?

Please keep your response brief, examples set out below:

<!--[if !supportLists]-->• <!--[endif]-->Yes, agree to meet; no issues with timing;  
<!--[if !supportLists]-->• <!--[endif]-->Yes, agree to meet but please schedule

otherwise.  
<!--[if !supportLists]-->• <!--[endif]-->FYI - If staff advice to take the meeting

To the Honourable Scott Fraser:

The Ancient Forest Alliance (AFA) is requesting a meeting with the minister in order to discuss matters related to provincial old-growth forest policy and support

for BC's First Nations communities in terms of land use planning, economic diversification, and old-growth forest protection. Several of the policies in the briefing document sent on July 27, "Policy Recommendations for Old-Growth Forest Protection and Sustainable Forestry Jobs in BC" (the short and long versions are attached here), form the basis of our organization's agenda in this regard, as a start for discussion.

We look forward to working collaboratively with Minister Fraser, who we all hold in high esteem! If there is an availability in Victoria or Port Alberni in the near future, we would be happy for a meeting or a quick coffee.

I was definitely confused and clarified with Andrea. He was not referencing our Jan 19<sup>th</sup> event as he probably doesn't know about it (I was wondering how he knew)

The PA event he referenced in the media request was Port Alberni: Tuesday, Jan. 23 for the community meetings

Andrea will schedule the time with MSF and the reporter for Friday once she gets the go ahead from us.

So – is she good to go? 😊

Hi Chris

Here is the event link mentioned in the interview/radio request. The event is happening Friday Jan 19<sup>th</sup> with MP Gord Johns and the Alberni Clayoquot Health network. Location TBD. Our MLA office has been working on organizing this event with ACHN as they have in the past

Invitation haven't been sent out to leadership tables yet. There is a plan to start sending a "save the date" card next week

We have yet to run this by Caucus Research and Comms, as advised on the CA call mtg this morning.

Let me know if there is anything additional we should consider.

Jonathan I'd like your perspective too and we can touch on this at 1pm

Here are some KMs on accomplishments to date, the Poverty Reduction Strategy and the Advisory Forum.

We have also been fielding questions on "why consult". There are a number of groups that have developed poverty reduction strategies over the years, and the question is always why not just implement one of those. I've included our QA on that just in case he is asked.

Let me know if you need further info.

Hi Jonathan and Christian,

I am writing to you as a follow up to an invitation for your Ministers to join Min. Beare on the lawn of the Legislature on Tuesday, Nov. 21<sup>st</sup> at 1:30PM-2:00PM right after caucus.

This event is to recognize Team Unite BC, Canada Games and North American Indigenous Games athletes. These indigenous athletes for the second year have won the most medals of any province in Canada and this is the first time that they will be recognized. Your ministers would be invited to participate in recognizing these athletes and receive a special commemorative scarf.

Ceremony ends at 2PM and then a soccer match on the front yard will be played.

Really hoping both your ministers can make it!

Warm Regards,

Hi Doug-hope this message finds you well.  
Hoping you have a minute today to discuss Roundup and the Minister's attendance?

We are getting close to finalizing the program and haven't heard back from his office at

all.

At the least, it would be great to confirm him for the Government Panel which is on Monday, January 22, 2018 from 2-430.

I suspect you are more familiar with the format than I but we can accommodate whatever works for the Minister.

Thanks, Doug!

Hi Emily,

This needs to be dealt with prior to Laurel's return on the 27ths, I am hoping you can

send it to however is acting for her. This is a consultation and with consultations we have substantially less time to get them through approvals.

Attached are harms created by the CI team. I have spoken to IAO and let them know that in MIRRs perspective these aren't responsive to the request, however since another body has supplied them we are still required to consult on them and then IAO will work with the other body.

The yellow in the PDF has been identified by CI for redactions. Please provide ADM approval to us by first thing Weds November 22, 2017.

Hi Janice

Attached is an FOI that came to us for consultation. We also received the request and we identified we had no records.

Please review the attached and provide recommendations for harms – please use the yellow highlighter functions and sticky note function in Adobe to do so. Also please provide justification for why IRR has no records – I would assume that it is because the records were transitory in nature and were treated appropriately.

Good afternoon Sheila,

This request is part of a Cross Government Request, and completion of processing was awaiting final responses from Ministries for a coordinated response. This IRR NRR has therefore not yet been concluded. However, today OOP contacted me about a consult for IRR with attached records.

I would appreciate if IRR could do the following:

1. Confirm whether the records from OOP are responsive to the request.
2. Confirm whether there are additional records for the IRR Response (attached is the NRR Call Form we received)
3. Please provide harms in response to the consult by OOP to be conveyed to them. (Do let me know if you would like the consult dealt with separately)

We are running low on days for this request so would appreciate a response as soon as possible.

Regards

Hi Brendan,

Our Ministry does not have any responsive records for this FOI Request. I have attached the No Records form for your files which our executive have signed off on/approved.

Any questions, please let me know.

Thanks,

**Subject:** Call for Records IRR-2017-73514 Due November 10, 2017 Analyst Charlotte Van Schalkwyk

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

*All briefing notes, situation reports and incident reports, and correspondence with State of Washington and United States Government officials and agencies regarding the Aug. 19, 2017 emergency related to the mass-escape of Atlantic salmon from the Cooke Aquaculture fish farm near Cypress Island in the San Juan Islands. – Date Format: MM/DD/YYYY*

The following public bodies have also received this FOI request: AGR, MOE, IRR, OOP, PSS, and HTH.

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form to IAO by November 02, 2017. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process.
- **If no fees apply** then complete the attached Call for Records form and return it to IAO by November 10, 2017.
- Send records via email in **PDF format**. Before you turn emails into PDFs, ensure that you have included all attachments. If email is not possible, please put the records on the **File Share** and notify IAO that the records are available.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Resource Team

Hi Chris,

Jonathan and I were just discussing this and MSF won't be able to attend because he's leaving on vacation. But Jonathan said we could potentially do a video address and film it on Thursday the 23<sup>rd</sup> at 1:30pm. Would this be an ok option? Are you guys able to help with this?

Hi Shawna,  
To follow up on our brief discussion, there are two "asks" for the Young Entrepreneurs Symposium (YES).

1. There is a letter requesting \$25,000 to support this Symposium.

YES brings together Indigenous youth (aged 19-30) from across Canada to learn about entrepreneurship, networking, team building and leadership.

YES is an annual event that is held in different cities each year. As the New Relationship Trust is the host, it is usually held in Vancouver at least 1/4 years. This year it is being held in Richmond.

We have occasionally supported it in past years – most recently in 2013, we provided \$10,000 (out of the DMO's budget) to support production of a video and we sent one, maybe two interns to it. The 2013 event was hosted in Vancouver.

We have been approached in subsequent years but the event was not in BC and we did not have any funding available at the time.

We do not have the \$\$ in our budget to support it this year but we are sending Ricky-Lee – our intern – to it. If there is funding anywhere else, this is a good event to support.

2. There is a request for the Minister to speak at the event.

The NRT know that MIRR may not be able to provide funding to support the YES. They still really want the Minister to speak if he has the time. This is an opportunity for the Minister to connect with the up and coming youth leaders in the Province. Having the Minister speak would show the Province's commitment to supporting Indigenous youth and entrepreneurship.

Event is November 27-30 in Richmond at the Westin Wall Centre. If the Minister is able to speak at any time during the week, they would really appreciate it and would adjust their agenda to accommodate his schedule.

There is a banquet on Thursday evening – which the organizers say is an amazing event. The banquet starts at 6:00pm. The youth are put into teams that each work on a project and are competing throughout the Symposium. There will be a video summary of the Symposium and the top 10 awards will be presented at the banquet.

Susan

## New Relationship Trust

**We are currently seeking Indigenous Youth (ages 19-30) from across Canada to participate in a three day Young Entrepreneurs Symposium!**

From **November 27 to November 30 in Vancouver, BC** teams of Indigenous youth delegates will participate in a series of competitions designed to help build skills and gain valuable business knowledge. The Young Entrepreneurs Symposium is one of the best Indigenous Youth events in the country!

**Youth will be given a once in a lifetime opportunity to win cash prizes of up to \$5,000.**

Youth don't have to be in business, own a business, or even be planning a business. If you're between the ages of 19 and 30, register to join this high profile event and meet with Indigenous business people and aspiring entrepreneurs.

YES brings young Indigenous entrepreneurs and entrepreneurs-to-be together with business leaders and role models to help them build the skills, knowledge and networks they need to be the business leaders of tomorrow. Delegates have ample opportunity to mingle with First Nation, Canadian and international business leaders, and role models in a setting that provides an optimum mix of mentoring, networking, competition, and fun.

The Young Entrepreneurs Symposium - kicks off on November 27, 2017 with an evening welcome reception featuring food and entertainment. This Symposium will also feature a diverse and inspiring mix of panelists and speakers. The week's activities will be capped by a formal gala dinner where awards from the competition will be presented.

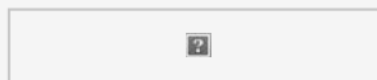

*"An Entrepreneur needs to be a risk taker, courageous and be able to anticipate the unexpected." Cliff Fregin, CEO, NRT said. "The 2017 Young Entrepreneurs Symposium will throw many challenges at the participants including the element of surprise. At the end of the event, these young leaders will emerge stronger, more confident, and ready to tackle their next opportunity."*

## Registration Info

Youth Delegate - \$250 registration Fee (19-30 years old)

### Registration Fees include:

- ? Attendance at all presentations and panel sessions
- ? Information Kit
- ? Opening Reception
- ? Meals throughout the Symposium

### Want to get Sponsored to attend YES 2017?

Many of the Delegates who attend YES are sponsored. Sponsorship covers travel, accommodations, meals, and the registration fee for one delegate.

Visit the [YES Website](#) for more information!

## Sponsorship Opportunities!

Your organisation has the opportunity to send a delegate to YES 2017. While at YES they will meet other aspiring Indigenous entrepreneurs and be involved in an event that has been known to inspire and can positively affect their path. It will provide them an opportunity to step outside of their comfort zone and push themselves to the limit!

**YES 2016 Highlights Video (click picture to view)**

*As **Dan Brant, CEO, DCF** stated, "Leadership in our community starts with engaging our young citizens to develop their skills, vision, and networks. Management and entrepreneurship are drivers for growth and prosperity within our Nations. The Young Entrepreneurs Symposium will allow participants to think big, empower each other, and look at what they will need to be ready for in the future."*

The total cost for Sponsorship is based on the Delegate's Province of origin. Download the [Sponsor a Delegate package](#) to find out more!

### Sponsor Benefits

- ? Logo placement on YES 2017
- ? Sponsor signage at event
- ? Logo in YES 2017 program
- ? Opportunity to insert promotional material in delegate kits
- ? Website sponsor recognition
