Hi Connie

Touched base with Jonathan about this one, he says let's set up in late May/June when MSF and MSR are available as Minister Robinson likely needs to be at this one.

Can you add this to the list of being set up? Thanks :)

I'll reach out to Erich Kelch to let him know the status of the response,

Hello All,

The records management training this week is for staff who haven't taken the IM117 course yet.

If you haven't taken it, you have received an email from me today saying so.

If you have taken it but would like additional training you are most welcome to attend.

There will be a focussed training session in the next couple of weeks on calendar management for ACs and AAs, this is not that.

Please let me know if you have any questions.

Thanks all,

Do you have a copy of this invite (doesn't get cliffed, as it's an invite) and I can't find the actual invite attachment. Jessica Woods was in a meeting with UBCIC and they mentioned there is no RSVP received yet. Jessica would like a copy please.

Thx

Hi Matt – after discussions today, learned that Nadinska

MSF was advised today and is fine with that support.

Hi Tom,

MSF will be flying to
Terrace on Friday
morning and then
driving to Gingolx for a
meeting with Nisga'a
from approximately
11:30 AM – 3:00 PM.
The details are still a bit
unclear but I believe
the meeting will be
focussed on the
Brucejack ECDA.

MO is now looking for
staff support for the
meeting. Are you close
enough and familiar
enough with this file to
consider supporting
MSF? If so, we'll also be
scheduling a pre-brief
call, likely on Thursday.

(and all). This was the

materials were finessed
by Nedinska and Paul, I
believe, as this went
forward. I don't have
access to the e-

which I believe was e-

also attached the
signed ECDA for

you can likely provide
the final note product

that were prepared
and further context for
the minister to prep for
the meeting. Cheers,

Hi Paula/Connie,

These materials will be included in the final package that goes out later for Monday's weekly. Laurel will brief MSF on the FPCC appointments and ask for his approval on all of these Ministerial Orders. I presume we'll just e-sig them, so you don't need to print them.

While you'll get the materials later in the weekly final package, I wanted to send these to you separately just because this is an item requiring MSF's formal approval. He/Jonathan can even review the MOs and the BN prior to the weekly and simply ask Laurel any questions during the weekly if they wish. I'll follow up with Laurel after the weekly to confirm MSF's approval and then I can e-sig all of the documents. Thanks!

Request

Reporter is seeking a briefing from the ministry — or at least an update and/or some background — on the Unist'ot'en protest encampment in the north.

As I read the material I do have, this encampment has been in place almost 10 years and continues to pose an obstacle to forest and pipeline development in the region.

Last story in the files indicates it may force relocation of the Coast GasLink line, which is critical to LNG Canada project in Kitimat.

Background

See issues note

Recommendation

Provide statement from the Ministry.

Proposed Statement

We certainly acknowledge that the Unist'ot'en camp presents a challenging situation with regard to potential resource development projects in that area. In keeping with our commitment to implement the UN Declaration on the Rights of Indigenous Peoples, we expect that companies wanting to pursue resource development in the area will seek to resolve issues with respect. We may assist in efforts to bring all parties to the table, but ultimately it is the responsibility of the company to find a resolution.

For our part, the Ministry recognizes the need to reset our government's relationship with the Wet'suwet'en Nation and its hereditary and elected leaders. We are taking the first steps on that journey. Minister Fraser met with two Wet'suwet'en hereditary chiefs last month, and he was invited to come to their territory to meet with all of the nation's leadership. He intends to visit their territory in the coming weeks.

Ministry staff have reached out to the Office of the Wet'suwet'en to offer support in finding a path forward. As is the case with a number of First Nations in B.C., there are complex issues created by the colonially imposed Indian Act, with both elected and hereditary governance systems.

The Ministry acknowledges and respects the Wet'suwet'en Nation's inherent right to self-government and self-determination, and will support achieving healthy and effective self-government for the people of the Wet'suwet'en Nation. We know that paths to self-determination can be complicated, and working together in a respectful and productive way will take time. Our engagement with the Wet'suwet'en Nation is about advancing meaningful reconciliation based on the recognition of rights, and is not connected to matters regarding the camp.

Thanks,

Sarah.

Deadline ASAP

Request

Reporter is seeking a briefing from the ministry — or at least an update and/or some background — on the Unist'ot'en protest encampment in the north.

As I read the material I do have, this encampment has been in place almost 10 years and continues to pose an obstacle

to forest and pipeline development in the region.

Last story in the files indicates it may force relocation of the Coast GasLink line, which is critical to LNG Canada project in Kitimat.

Background

See issues note

Recommendation

Provide statement from the Ministry.

Proposed Statement

We certainly acknowledge that the Unist'ot'en camp presents a challenging situation with regard to potential resource development projects in that area. In keeping with our commitment to implement the UN Declaration on the Rights of Indigenous Peoples, we expect that companies wanting to pursue resource development in the area will seek to resolve issues with respect. We may assist in efforts to bring all parties to the table, but ultimately it is the responsibility of the company to find a resolution.

For our part, the Ministry recognizes the need to reset our government's relationship with the Wet'suwet'en Nation and its hereditary and elected leaders. We are taking the first steps on that journey. Minister Fraser met with two Wet'suwet'en hereditary chiefs last month, and he was invited to come to their territory to meet with all of the nation's leadership. He intends to visit their territory in the coming weeks.

Ministry staff have reached out to the Office of the Wet'suwet'en to offer support in finding a path forward. As is the case with a number of First Nations in B.C., there are complex issues created by the colonially imposed Indian Act, with both elected and hereditary governance systems.

The Ministry acknowledges and respects the Wet'suwet'en Nation's inherent right to self-government and self-determination, and will support achieving healthy and effective self-government for the people of the Wet'suwet'en Nation. We know that paths to self-determination can be complicated, and working together in a respectful and productive way will take time. Our engagement with the Wet'suwet'en Nation is about advancing meaningful reconciliation based on the recognition of rights, and is not connected to matters regarding the camp.

Thanks,

Sarah.

Hey Laurel,

I'm hoping we can organize a briefing for MAs and senior Ministerial staff with AEST, MOE and Child Care on how the FPCC language funding will work, and how it will relate to existing programs/new opportunities cross-ministry. I know this can't happen just yet, but wanted to get it in the hopper.

I've copied MAs here.

Paula: Can you work with Ministry staff and AAs in the other offices to help coordinate a time?

Thanks,

Would Minister Fraser have time that day for a discussion with Dr. Murphy and Dr. Innes?

Please let me know if this would be possible, and I would be happy to finalize the details. Currently their schedule is open, with the exception of a 11:30am to noon and 4:00 to 4:30pm.

Subject: Meeting request: UBC Forestry Dean John Innes and Hon. Scott Fraser

Dear Connie,

I am writing on behalf of Dean John Innes (UBC Faculty of Forestry) to request a meeting with the Honourable Minister Fraser.

Dean Innes would like to discuss the following topics:

- Use of adult education (especially in the Haida Gwaii) to help "... to establish a clear, cross-government vision of reconciliation to guide the adoption of the United Nations Declaration of the Rights of Indigenous Peoples..."
- A new National School of Indigenous Forestry at UBC-Okanagan, and in cooperation with West Bank First Nation
- The Haida Gwaii semesters and our work with the Council of the Haida Nation
- Our work with multiple First Nations' communities to develop economic opportunities in the forest sector

He is available to visit in Victoria on any of the following dates:

- May 16, 17 or 18 (Wed – Fri)
- May 23 or May 25

Please advise when would be a best time for Dean Innes to meet with the Minister. Alternatively, if the Minister is coming to Vancouver, I would appreciate if you offer convenient dates for them to meet here. It would be a privilege to host him over at the Faculty, but if time is limited, Dean Innes would be able to meet anywhere else in downtown Vancouver.

Thank you very much,
Eli

Subject: Meeting request: UBC Forestry Dean John Innes and Hon. Scott Fraser

Dear Connie,

I am writing on behalf of Dean John Innes (UBC Faculty of Forestry) to request a meeting with the Honourable Minister Fraser.

Dean Innes would like to discuss the following topics:

- Use of adult education (especially in the Haida Gwaii) to help "... to establish a clear, cross-government vision of reconciliation to guide the adoption of the United Nations Declaration of the Rights of Indigenous Peoples..."
- A new National School of Indigenous Forestry at UBC-Okanagan, and in cooperation with West Bank First Nation
- The Haida Gwaii semesters and our work with the Council of the Haida Nation

- Our work with multiple First Nations' communities to develop economic opportunities in the forest sector

He is available to visit in Victoria on any of the following dates:

- May 16, 17 or 18 (Wed – Fri)
- May 23 or May 25

Please advise when would be a best time for Dean Innes to meet with the Minister. Alternatively, if the Minister is coming to Vancouver, I would appreciate if you offer convenient dates for them to meet here. It would be a privilege to host him over at the Faculty, but if time is limited, Dean Innes would be able to meet anywhere else in downtown Vancouver.

Thank you very much,
Eli

We have a separate list with the cell #s that's outdated. I just was thinking we really should have the two lists combined, as MO would more often go for a cell # than an office. Hang tight and we'll have that updated soon. In the meantime, you do have everyone's cells. I just think it would be best to have one contact list.

Subject: Call for Records IRR-2018-83832 Due June 8, 2018 Analyst Nina MacKenzie

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Records of any and all emails, text messages, BBMs, slack messages, and WhatsApp messages – excluding attachments - sent from the Administrative Assistant(s) in the Minister's office - where such a position exists and was staffed. (Date Range: 01-MAR-2018 to 31-MAR-2018) – Date Format: MM/DD/YYYY

This is cross government request XGR-2018-83807. The request was sent to all ministries and the Office of the Premier.

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form to IAO by **May 31, 2018**. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process.
- **If no fees apply** then complete the attached Call for Records form and return it to IAO by **June 8, 2018**.
- Send records via email in **PDF format**. Before you turn emails into PDFs, ensure that you have included all attachments. If email is not possible, please put the records on the **File Share** and notify IAO that the records are available.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Resource Team

Hi Paula,

Can you please go into the IRR account and change this to a meeting request and move into the meeting folder. You will now need to cliff this one as a meeting and in the cliff log you can add that a meeting will be held on June 5th. Just let me know the cliff # when it's done!
