Hi Jonathan,

I see that these have come back to us in eApprovals and I just want to confirm with you about the process for these letters.

I was told that you were sending these to the PO for review/approval.

Can you confirm if that is the case or if you would like us to connect with their CU and move these forward.

Typically we work with the CU but as these are a bit odd (being a joint Minister/Premier letter) I just wanted to confirm.

Thank you for the clarification.

Katelyn

Good morning Jonathan,

I have been advised to send these letters of condolence to you. They are for joint signature by the minister and premier.

s.22

if we could just get the content reviewed/approved at this point that would help move things along.

If approved then I can apply the esig and the address and send back to you so that they can be forwarded on to the PO for approval and signature.

Thank you,

Hi there,

The four of you have responded with volume numbers for this FOI Request. IAO responded to the applicant with your numbers and the applicant has now replied wanting to know what the fee estimate would be for one month instead of the originally requested four month time period. Therefore, I will need you to provide me with an updated fee estimate as soon as possible in the box below. If your volume numbers will not change, please let us know and we will go with the same numbers as you previously noted. I have attached your emails indicating your previous volume numbers for easy reference. If you have any questions, please let me know.

Subject: Call for Records IRR-2017-73659 Due November 20, 2017 Analyst Marc Everitt

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Copies of all correspondence, excluding attachments, received by the Minister's Office from BC NDP MLA's, including cabinet Ministers/the Premier acting in their capacities as an NDP MLA. (Date Range for Record Search: From 07/18/2017 To 11/01/2017) – Date Format: MM/DD/YYYY

The following public bodies have also received this FOI request: AGR, EMP, MOE, FNR, IRR, CTZ, JTT, LBR, MAH, TAC, TRA, CFD, MSD, MAG, PSS, AED, EDU, HTH, MHA, FIN, and OOP.

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form to IAO by November 09, 2017. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process.
- **If no fees apply** then complete the attached Call for Records form and return it to IAO by

November 20, 2017.

- Send records via email in **PDF format**. Before you turn emails into PDFs, ensure that you have included all attachments. If email is not possible, please put the records on the **File Share** and notify IAO that the records are available.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or any other questions or concerns relating to this request.

Thank you for your assistance,

Dear Environmental Unit representatives of BC Ministry of Environment, Fisheries and Oceans Canada, and Environment and Climate Change Canada:

As you may be aware, Heiltsuk has been requesting that the federal and provincial governments comply with their obligations to consult regarding the Nathan E. Stewart

environmental impact assessment. BC MOE leadership has indicated that they will be travelling to Bella Bella to conduct consultation on December 16th, and we are hopeful that DFO will attend at the same time.

I am writing to invite you to participate in technical consultation with Heiltsuk in advance of the leadership consultation on the 16th. This technical consultation will support the leadership consultation. HIRMD Aquatics Manager Mike Reid and Assistant Aquatics Manager Diana Chan are available to meet with you in Vancouver at Charest Reporting on December 13th or 14th. At that time, they will be able to brief you on the environmental research and testing that we have been conducting and discuss what is needed during the environmental impact assessment.

Please direct your responses to Diana Chan (cc'd here), and she can coordinate the meeting logistics.

Sincerely,

- Mikisew Cree First Nation
- Sekw'el'was (Cayoose) First Nation
- N'quatqua First Nation
- Tahltan Central Government
- TNG (T'silhqotin National Government)
- Homolco First Nation

Union of BC Indian Chiefs

- The Union of BC Indian Chiefs provided a written submission to the BCUC expressing their belief that the Site C Project will unjustly infringe upon the Aboriginal and Treaty Rights of Treaty 8 First Nations. They indicated that they support Prophet River and West Moberly First Nations' efforts to ensure that their Aboriginal and Treaty Rights are honoured and preserved.

- They submit that costs of continuing with the project will include egregious violations of human rights, the loss of heritage sites and potential tourism and eco-tourism revenue, the loss of cultural values tied to land and resources, and the loss of land-based traditional economies.

Sekw'el'wás (Cayoose) First Nation and N'Quatqua First Nation

The Sekw'el'wás (Cayoose) and N'Quatqua First Nations from the Lilloet area made both written and oral submissions to the BCUC in opposition to the Site C project. Their views included the following:

s.16

Mikisew Cree First Nation

The Mikisew Cree First Nation ("Mikisew") is a Treaty 8 First Nation whose traditional territory includes the Peace Athabasca Delta in northeastern Alberta. The Peace River meets the Athabasca River at the Peace Athabasca Delta to form one of the world's largest freshwater inland deltas. In written and oral submissions to the BCUC, the Mikisew expressed the following:

s.16

Tsilhqot'in National Government and Homolco First Nation

s.16

BC First Nations Clean Energy Working Group

The BC First Nations Clean Energy Working Group is an informal group of First Nations who are involved in the Clean Energy industry in BC that work together on common issues. In a written submission to the BCUC, the Group stated that:

- A significant number of First Nations are involved or interested in being involved in the clean energy industry in BC.
- The benefits of clean energy projects to First Nations are many, including increased equity over time, training and employment opportunities and power for their communities.
- Site C is the main reason that First Nations will not be able to develop clean energy for economic development purposes. The demand for power does not require clean energy at this time as Site C will produce more power than is needed in the Province.

I have spoken with Tracey Hebert and staff and they have confirmed that the FirstVoices launch is scheduled for 11 am on January 29, to be followed by a luncheon and “mingling”. We hope that Minister Fraser can be part of this event. If he is able stay for the lunch, it will provide an opportunity for him to meet staff and see our office. This schedule does not allow for formal meeting between the minister and chair after the FirstVoices event. If the minister’s schedule allows, perhaps he would like to come to the office at about 9:30 am for a meeting with Chair Cynthia Callison and Tracey. Please let me know if this is an option.

In the meantime, at the request of Cynthia Callison, our office has been attempting to arrange a meeting with the Minister; there is urgency to items she needs to discuss with him.

Could we set up a half-hour conference call between Mr. Fraser and Cynthia Callison in early January? Please let me know at your earliest convenience, some possible dates for a call.

Hi Susan,

I understand that our Communications office is working with Megan Lappi at FPCC for the Minister to attend the Relaunch of the FPCC website and it looks like January 29th will be the date for that and we are hoping for an 11 am start time for the relaunch. The Minister would like to also make that day for the site visit (lunch/tour/meeting) per the attached letter and the below. If the relaunch is at 11 am, then perhaps lunch at noon, then site tour/meeting from 1-3:00 pm, at which time the Minister would need to travel back to the Legislature for another meeting at 3:30 pm. If the relaunch is not at 11 am, then we just need to move everything around. Basically, we would have the

Minister there from 11-3:00 pm on the 29th, to do the relaunch/lunch/tour/meeting!

Please let me know if this will work, as once the Legislature is back in session in February, a site visit would then not happen until the Legislature rises near the end of June. Let me know what you think?

Thanks,

Hi Shawna,

I would agree that AGRI and/or FLNR join our Minister, given the coordinated multi-line agency G2G2G approach on fish farms. I am also conscious that this timing is very close to a proposed initial Ministers meeting (tentative dates either Jan 30 or Feb 2), which is something to consider.

Hello Connie,

Per our conversation this morning, here is the email request we had sent last week to schedule a meeting with Minister Fraser at the BC Natural Resources Forum.

As mentioned in our phone call, the Cermaq meeting with Minister Fraser would need to be in the afternoon on January 17th to ensure Dallas Smith can attend the meeting as he is a speaker on the morning panel. I understand Minister Fraser will be on a call from 1pm-3pm on January 17th, however we do have availability from 3pm-3:30pm.

We appreciate that there are several meetings to coordinate with Minister Fraser during the BCNRF and hope to be as accommodating as possible.

Many thanks for your efforts in coordinating the meetings. We look forward to hearing from you once you have confirmation to schedule the meetings.

Hello Keith,

Jonathan here, Senior MA to B.C. Indigenous Relations and Reconciliation Minister Scott Fraser.

We are scoping out a trip to Ottawa January 24-27 in and around Minister Philpot's child welfare crisis gathering. I was wondering if Minister Wilson-Raybould has any time in that window to meet with Minister Fraser. We'd want to focus that meeting on the Federal review of laws and policies related to UNDRIP, and the upcoming legislation based off Bill 262. We have a similar mandate here in BC and are eager to speak directly about moving some of these common goals forward together.

Thanks Connie and Jonathan.

Option A: Would it help if we only asked to secure alignment of the following 5:

1. Minister Fraser
2. Deputy Premier James
3. Minister Conroy
4. Minister Donaldson
5. Minister Mungall

I am hoping that naming only 5 Ministers that we might have better luck securing something – again, you’ve worked since Sept to find a date and I’m really needing to provide some positive indication to Leaders before the holidays. s.16

s.16

s.16

I’m hoping reducing to the above 5 might give us a christmas miracle!!

Option B: Leaders choose Victoria mtg date options based on Parliamentary Calendar

Another option to help anchor some dates – I’ve looked at the Feb parliamentary calendar - <https://www.leg.bc.ca/parliamentary-business/parliamentary-calendar> - and wonder if I asked my leaders what dates they might be avail on during:

- Feb 13-15;
- Feb 19-22; or
- Feb 26-March 1

And then in turn you and Jonathan help facilitate Ministers around those dates.

We’ve also just been invited to present at, and join, Federal Minister Philpott’s end of Jan emergency Child/Family mtg. I believe we’ll likely get to work alongside Minister Fraser (and you Jonathan) and I assume Minister Conroy at that time.

Thanks for all the difficult work of scheduling. I hope my suggestion/s might help us all.

Hi Jody,

I have been canvassing dates with the other Minister's and, unfortunately, I still don't have any set dates that all Ministers are available on any one given day and time, it's a challenge to coordinate. I will get back to you as soon as I can with dates. We will likely have to look into February when the House is sitting, however, until we receive our House schedules for the Minister's, which we hope to receive early in the new year, we can't look at booking a time yet in February. I was hopeful that we could have had this meeting booked before the House resumes, however, that does not look promising.

Please know that we are working on this and we will get back to you on potential dates.

Subject: Nov 27-30th Mtg FW: Collaboration meeting with the leadership of the 3 Nations (Tahltan, Kaska, Tlingit)

Importance: High

Hi Connie and Jonathan, I've attached relevant formal letters and bkgnd material. Also attached is email sent to our MIRR partners who have also been priming things within the ministry.

Our leaders have been holding the dates identified in note – now Nov 27-30 during legislature sittings, and assumed after leg mtgs, and before cabinet breaks for Dec.

At the sept Cabinet/Leaders conference, Tahltan leaders in particular had almost an hr discussions with Premier Horgan and also most of the relevant ministers identifying the requested partnership mtg – and to showcase the good work and good news for new govt.

Premier, Minister Fraser, and all Ministers, were hand delivered this note in their mtg with Tahltan. To our pleasant surprise, the Premier was well briefed on our 3N work already and we felt very positive to hear how knowledgeable he was and his offer to help make this mtg happen.

Given it's already early nov – what's the art of possible here? Leaders have been dearly protecting this last week Nov.

Thanks for your help – looking fwd to our work together!

Jody

Hello there,

I am just writing to flag that we are still using the rental Volkswagen until the end of this week. As of Monday, December 11th, we will be back in the Subaru we originally registered.

Our laminated permit has slipped between the dash and windshield and we are unable to get it out. What is the process for getting one re-issued?

This is a summary of the rules for annual vacation entitlement and carry-over:

- All staff are entitled to 4 weeks of vacation each calendar year, January 1 to December 31 (for employees with 1-7 years of government service, this does not include time spent in the Legislative Assembly).
- Your exact vacation benefit is in the Time and Leave System. The category titled Bill 66 refers to the amount you have carried over.
- Vacation time is pro-rated. For example, employees who started in July and worked at least 10 days that month would get 2 weeks (70 hours) of vacation in this calendar year.
- Employees are required to take a minimum of 105 hours of vacation each year, which is 3 weeks. For staff with a 4 week entitlement this means they can carry-over 1 week or 35 hours to the next calendar year.
- The requirement to take 105 hours or 3 weeks of vacation a year is pro-rated for this calendar year. If an employee started in July and has 70 hours of vacation, they would be required to take three-quarters of that which is 52.5 hours, the rest can be carried over to the next calendar year.
- Any vacation time that is carried forward to the next year must be used by the end of that year, you cannot carry a

balance forward, either in time or in pay-out for more than one year.

- Employees can be paid out for unused vacation balances if approved by Employer for operational reasons, i.e. employee's vacation time cannot be scheduled due to extreme workload requirements. This would require prior approval from the Chief of Staff.
- Employees are entitled to take at least 15 days of uninterrupted vacation time.
- Vacation time cannot be borrowed from future years.

From the Terms and Conditions of Employment for Order in Council Employees:

43. Annual Vacation Entitlement

43.1 Auxiliary Employees Under 1,827 Hours

1. An auxiliary employee will be entitled to receive vacation pay at six percent of their regular earnings.
2. An auxiliary employee shall receive their earned vacation pay biweekly.
3. After six months from date of hire, an auxiliary employee may elect to take a leave of absence without pay for up to 15 workdays (maximum of 105 hours) in any calendar year. The granting and scheduling of this leave of absence without pay is subject to operational requirements and the vacation schedules of other employees and must not result in any increased costs to the employer.

43.2 Statutory Term

At the termination of his or her appointment, a statutory term individual shall receive vacation pay equal to four percent of total salary earned during the period worked.

43.3 All employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. A regular full-time employee/appointee who has received at least 10 days' pay for each calendar month shall have an annual vacation entitlement as follows:

Vacation Year	Working Days
1st to 7th vacation year	20 working days
8th vacation year	22 working days
	23 working

9th vacation year	days
10th to 11th vacation year	25 working days
12th vacation year	26 working days
13th to 15th vacation year	27 working days
16th to 18th vacation year	28 working days
19th vacation year	29 working days
20th vacation year	31 working days
21st vacation year	32 working days
22nd vacation year	33 working days
23rd to 24th vacation year	34 working days
25th vacation year and thereafter	35 working days

2. During the first six months of employment, a regular employee/appointee may be granted annual vacation to the extent of earned vacation credits.
3. Upon qualifying for vacation leave, an auxiliary employee will earn vacation in accordance with subsection (1).
4. Payment for vacation is at an employee/appointee's basic rate of pay. However, if an employee/appointee has been working in a higher paid position other than their regular position for a majority of their regularly scheduled hours during the 60 work days immediately preceding the vacation, they will receive the higher rate of pay for that vacation period.
5. An employee engaged on a part-time basis shall be entitled to annual vacation on a pro rata basis as above.

43.4 Added Vacation for Deputy Ministers and Associate Deputy Ministers

Persons appointed or designated as deputy ministers or associate deputy ministers shall also be entitled to an additional special vacation leave of five days per calendar year, pro-rated for a partial year of service.

44. Vacation Year: Credits for All Re-Employed Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. The vacation year is the calendar year commencing January 1 and ending December 31. An employee/appointee's first vacation year is the calendar year in which their first anniversary falls.
2. Commencing January 1, 2009, regular employees who have been or are subsequently re-employed after breaks in service from their employment/appointment due to resignation, retirement, or layoff after one year, shall have vacation years accumulated during their previous employment/appointments (including time accumulated as an auxiliary with 1,827 hours) included in the determination of their current vacation year.

45. Earning Vacation Entitlement: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. An employee/appointee earns 1/12 of the annual vacation entitlement for each month in which they receive 10 days' basic pay.
2. In addition to regular working days, any paid leave of absence excluding periods during which the employee/appointee is in receipt of Short Term Injury or Illness Plan benefits is included when computing paid days for the purpose of calculating the vacation leave entitlement under subsection (1).
3. Service with an agency listed in Schedule 9 may be included in the calculation of vacation leave entitlement provided no break in service occurred between employment with that agency and the employee's appointment to the public service.

46. Vacation Scheduling: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. Vacation leave shall be scheduled and taken on a calendar year basis and may not be borrowed from future years.
2. Each employee/appointee's wishes, in concert with operational requirements, will be considered when scheduling vacation.
3. Each employee/appointee should have the opportunity to schedule at least 15 days of vacation leave in one uninterrupted period within each calendar year.
4. A minimum of 105 hours of current vacation entitlement, pro-rated for part-time employees and employees who have not earned a full year's leave entitlement, shall be scheduled and taken each vacation year unless:
 1. the deputy minister has directed the employee/appointee, in writing, to cancel scheduled vacation leave due to extreme pressures of work or other extenuating circumstances; or

2. the employee/appointee was on extended paid sick or other paid leave during the time the vacation was scheduled and was therefore unable to use this minimum vacation entitlement; or
 3. the employee/appointee is in the first partial vacation year.
5. Any balance of unused vacation leave earned in a year will be paid out or carried over in accordance with the applicable provisions of sections 47 and 52.
 6. An unbroken vacation period commencing in December of one year and carrying over to January of the next shall be considered vacation time for the year in which it commenced. The portion of vacation taken in January shall not be considered as vacation carry-over or as a choice for the new vacation year.
 7. If an employee/appointee has taken more vacation time than he or she is entitled to, the unearned portion shall be charged against future earned credits or recovered upon termination, whichever occurs first.
 8. Any displaced vacation shall be taken at a mutually agreeable time.
47. Vacation Carryover: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. At the completion of a vacation year, employees/appointees can opt to have:
 1. Any remaining balance of vacation leave earned in that year paid out, or
 2. Any remaining balance of vacation leave earned in that year carried over (subject to the time bank limitations described below) and used as vacation leave in the vacation year immediately following, or
 3. A combination of (1) and (2).

2. Time bank limitations:

1. If an employee has time banks (accrued prior to January 1, 2003), the total of this banked time and any carryover of current year vacation cannot exceed 1,750 hours (250 days) at any time.
 2. Any amount in excess of the 1,750 hours will be paid out at the completion of the current vacation year.
3. All carryover must be fully exhausted by the end of the year immediately following the year it was earned, either as leave, payout, or a combination of the two.

48. Callback from Vacation: All Employees/Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

1. If a ministry calls an employee/appointee back from vacation, the

ministry will:

1. Pay all expenses incurred by the employee/appointee and their family in returning to their place of duty, and the time spent in returning will not be considered part of the vacation; or
2. Pay all expenses incurred by the employee/appointee in proceeding to their place of duty and in returning to the place from which they were recalled upon resumption of vacation (except for meals), and the time necessary for travel in proceeding to the place of duty and returning to the place from which they were recalled shall not be counted against their vacation entitlement, or
3. Where the employee so elects, grant an additional five days of vacation in lieu of reimbursement.

49. Vacation Displaced by Leave with Pay: Regular Management, Regular Schedule A, OIC Categories A, B and C

There shall be no deduction from the vacation credits when an employee/appointee is in receipt of the Short Term Illness and Injury Plan benefits or on any other approved leave of absence with pay during the vacation period.

50. Special Vacation Subsidy and Adjustments

50.1 Subsidy for Severely Isolated Locations: Regular Employees, OIC Categories A, B and C

Employees/appointees at a severely isolated location, as determined by the Public Service Agency, shall receive a special subsidy to assist with transportation expenses for themselves and dependent(s) in accordance with Schedule 4. The subsidy is only payable when an employee/appointee takes vacation and travels to a location that removes him/her from the severely isolated conditions that qualified him/her for the subsidy. This requires that the employee/appointee travel to a location that provides more accessible travel methods other than by water or extended travel over unpaved roads.

50.2 Adjustment for Remote Locations: Regular Employees, OIC Categories A, B and C

Employees who work in remote locations specified in Schedule 4 will be provided an extra vacation day (7 hours) beginning with the 2010 vacation year. The extra vacation day will be pro-rated for part-time employees.

51. Vacation at Time of Retirement: All Employees / Appointees Except Auxiliary Under 1,827 Hours, Statutory Term and OIC Category D

An employee/appointee scheduled to retire and to receive an immediate monthly pension benefit under the Public Service Pension Plan shall be granted full vacation entitlement for the final calendar year of service.

52. Vacation / Banked Leave Payout: All Employees / Appointees Except OIC Category D

1. Annual vacation will be paid out in cash where an employee/appointee resigns, retires, has their employment terminated or dies while in service. In the event of death in service, payment will be made to the employee/appointee's dependent(s) or where there is no dependent, to the employee/appointee's estate.
2. Upon request by an employee/appointee, any of the employee/appointee's carryover or time bank credits will be paid out according to the policy governing the rates of payout.

Hey Anne,

Connie would have done [s.22](#) and we're still without an AA... probably the best (if it is possible for you), is to book on your credit card and then get reimbursed... it can be done quickly come January.

Copying Maura here in case she has another option..?

Hey there Anne-Marie,

Jonathan here. So very excited to meet you and to have you join our amazing team here in Minister Fraser's office.

I can imagine this is all a little overwhelming, with the big move. I wondered if perhaps you had some time to connect next week (would Wednesday morning on the 20th work?) to introduce ourselves and to get you somewhat oriented for when you arrive s.22, so I'll want to get you prepped for those first weeks.

s.22

Anyway, really looking forward to working together. I'm at the number below if you want to holler at me earlier.

Cheers,

Yes. Sorry, to clarify, this reception event is held *during* Roundup every year but it's in the evening (after day one's Roundup events have concluded).

The TNDC reception is on Mon, Jan 22 from 5:00 – 7:00 at the Fairmont Waterfront.

Hi Jonathan,

See below. Yesterday, Tahlitan Nation Development Corporation invited MSF and Doug C to their annual TNDC Roundup Reception on the evening of Mon, Jan 22 in Vancouver. MIRR's minister has attended in previous years.

Trish Balcaen suggested that this would be a good event for MSF to attend. If he did attend, Doug C as well as Chief Negotiator Tom McCarthy would also attend to support MSF.

Can you please confirm if MSF can attend this? If so, I can RSVP. Thank you.

Hi Jonathan,

Thanks for your thoughtful e-mail. I'm sending positive vibes to you and Jolleen too -- I know this decision means a lot of difficult work upcoming for the two of you.

Please feel free to forward the recommendations in my e-mail along to the Site C mitigation team, and they are welcome to contact me directly. But, I want to be clear that my e-mail was sent as a constituent of Scott's riding, s.22 Obviously there is unavoidable overlap since he is also the Minister of MIRR and s.22

s.22

s.22

When the table is together, we are here to advise on whatever is necessary, free of political opinions.

With that being said, of course the table is happy to advise on whatever MSF needs. If he or the Site C mitigation team want to reach out to the table for a chat, feel free to point them towards our secretariat at Dawne.Mowbray@gov.bc.ca.

Wishing you a Happy Tuesday. Onwards and upwards!

Hey there s.22

Thank you so much for reaching out with your poignant, frank, sincere input to the Minister. It

s.22, but I wanted to respond right away. I wanted to let you know that I will get this in front of the Minister and he will respond directly. I will also send it to those working on the Site C mitigation file. Can I have your permission to have them reach out to you directly s.22 around some of these crucial points related to the safety of women, data collection and service supports?
