Good afternoon Doug

It's been a while since we've discussed the Halalt/MNC situation with respect to Halalt's aquifer. I'm forwarding an invitation letter to you that was sent to Premier Hogan, Minister Scott Fraser, and Minister George Haymen via email on March 15, 2018. We have heard back from the Premier's office that a potential meeting might be scheduled but we have heard nothing since. I will forward the emailed response via separate email.

The invitation letter includes some of Halalt's issues with the BCEAO process and report, as well as a summary background page to inform the reader. The matter is at a critical stage as we have been told that a decision granting the amendment to the MNC is imminent and may by this time already been made. At the very least Halalt feels that a meeting with Ministers ought to occur prior to any decision being made.

We are requesting you as our representative MLA to look into the matter on our behalf. Can Halalt expect to receive further information on a possible meeting prior to a decision being made on the issue?

Thanks in advance for looking into this urgent request.

Jack Smith, for Halalt First Nation

Our GCPE shop just sent this to yours, it isn't clear to me if they had previously provided it and it got missed or if there was a slip-up at our GCPE shop end. My apologies that I didn't connect sooner on this – hope MSF is able to make some of this event, see below for full details but here is info on the timeframe:
The event starts at 11:00 am and is scheduled for two hours. Approximately 50-75 invitees are expected to arrive at the Tlucha Children's Centre. After the ceremony, there will be a tour of the facility and lunch.

Hi Sarah,

Our MA mentioned that there were some questions from MIRR about a child care event on May 3. I've not got too much information on this as the centre contacted our child care team directly. However, I understand from their email that they were aware that Minister Fraser was in the area on the day and have/would be reaching out to invite him.

Please let me know if we can provide any information/messaging for this.

Thank you,

Brendan

I just need some direction on this as soon as possible. I'm not sure who needs to be the lead on all of this, but seems to be the Heyman's office is gotten the ball rolling on setting up a meeting. I can go back to Chris McLaren and let her know where it's landing as soon as I can get direction on what I'm supposed to do with this?

Hi Jonathan,

Attached is the ENV IN on Mount Polley. I've highlighted relevant sections.

The Conservation Officers Service is working with the feds and it will be up to the federal prosecution service to lay charges. Bev Sellars' private prosecution was effectively rejected by the BC prosecution service.

The IN does not lay out why to COS failed to lay charges before the statute of limitations.

However, the statement from Heyman touches on it:
<https://news.gov.bc.ca/releases/2017ENV0044-001377>

s.13; s.14

Minister Heyman - "All of the information gathered during the course of this investigation will be considered by the Public Prosecution Service of Canada should charges be recommended. Potential charges under the federal fisheries act remain very much in play and, in fact, potential penalties are more significant.)

We are working on updating the MIRR specific IN with details on latest work with First Nations under the letter of understanding. Will get to that to you shortly.

Subject: fish farms out now

Dear Mr Fraser,

I am expressing my concern over the ongoing situation regarding the fish farm operations in the Broughton Archipelago. I understand that you were there on October 10/17 when Mr Horgan gave his word to the concerned citizens and Indigenous people of Alert Bay that he would work with First Nation's people to protect the wild salmon. Since mid October the Matriarch camp has been occupying space beside Horgan's office, with a stint at the DFO in Victoria, to bring attention to the urgency of this issue. We need to hear more about your efforts to move ahead and stand up for this issue.

Please, for the sake of the wild salmon and all that rely on them, support the demands put forward by Ernest Alfred:

- No stocking of existing empty pens/sites especially those at Marine Harvest at Swanson Island. Albert states that the company does not have a formal agreement with the 'Namgis to operate in their traditional territories.
- No use of hydrogen peroxide to treat sea lice infestation. It's distributed into the waters harming wild salmon and other organisms.
- No renewal of licences and or tenures. These farms are on unceded and unsurrendered lands of First Nations peoples. The Indigenous people fighting to stop this industry are the rightful protectors and stewards of the land.
- The immediate removal of all open net cage fish farm sites from the collective territorial waters.

Tensions are escalating at the fish farms around this unresolved issue - note the recent injury of a defender by a security guard at the Marine Harvest site. Continue to seek out members of the Nations. Consult with Ernest Alfred to find out how to support them in protecting the waters and the wild salmon.

BC is the last holdout on this issue. Alaska, Oregon, California and now Washington state are actively moving towards closing down open pen net cage fish farm sites. The ocean knows no borders. The diseases and parasites from BC fish farms will continue to spread throughout the migrating wild salmon all along the western coastline. The jobs gained through a growing, sustainable wild salmon industry, and all other businesses that benefit from their existence, will far exceed those lost with the closing down of the fish farms.

I was shocked, to see for myself, the drastic decline in the numbers of salmon returning to the rivers and streams this past spawning season. If we continue to allow the fish farms to operate, it will be too late to recover what has been lost and this will be the beginning of the decline of all species that have been surviving because the salmon return.

Thank you for taking the time to read this and thank you and your staff for listening to those who took the time on Friday March 16th to call in with their concerns.
Thank you in advance for making a stand, making your opposition to fish farms more publicly known and supporting the 4 demands listed above.

With respect,
Nance Thacker

Hi Jolleen,

The Salmon Beach community septic field is operated by the Alberni Clayoquot Regional District (ACRD) and is located on Toquaht Nation Treaty Lands.

I've attached the license of occupation issued by Toquaht to the ACRD on the Maa-nulth Treaty Effective Date. As the operator/holder of the license of occupation the ACRD would likely need to be involved in any discussions as well.

Dear Mr Fraser

When I think of survivors of Residential schools I feel like the numbers can be overwhelming. There were 139 residential schools in Canada and 150,000 children were forced to submit to these residential schools where they lost culture, traditions and language, but more devastating was the loss of identity. There are, nearly 87,000 survivors of residential schools still alive today. Children who entered the residential schools system were harmed significantly just by the act of removing them from an environment that deprived them of their ancestral languages . A great majority of the survivors were exposed to physical and sexual abuse, and forced to stop practicing culture. Finding themselves disconnected from their families and culture and forced to speak English most residential school survivors often graduated unable to fit into either their communities or Canadian society. The schools ultimately disrupted the transmission of Indigenous practices and beliefs across generations. The legacy of the system has been linked to an increased prevalence of post traumatic stress disorder, alcoholism, substance abuse, and suicide, which persist within Indigenous communities Today intergenerational survivors are living the legacy of residential school survivors. From the survivors children learned the lack of ability to show compassion and love for their own families. They have picked up that same lack of self esteem that their parents came home with. and one child of four lives in poverty, lack fit living environments to call home. The residential schools was a total genocide of our Indigenous communities.

I am writing to urge you to help us create and pass a bill that would officially recognize September 30 as Orange Shirt Day for the province of British Columbia. A day to honour survivors of the residential school legacy,in the 94 recommendations it states: “80.We call upon the federal government, in collaboration with Indigenous peoples, to establish, as a statutory holiday, a National Day for Truth and Reconciliation to honour Survivors, their families, and communities, and ensure that public commemoration of the history and legacy of residential schools remains a vital component of the reconciliation process.”

Good morning, I am attaching our advert for the Bev Sellars event for info for Scott. Hoping that the timing still works for him. Also here is the article that appeared in the Flagstone, our Island rag. Thanks, Ron

On Saturday April 7th at 3:30 in the Back Hall we'll be hosting an event featuring writer and leader, Bev Sellars. Bev Sellars is former chief of the Xat'sull (Soda Creek) First Nation in Williams Lake. She holds a law degree from UBC and has served as adviser for the B.C. Treaty Commission and as a representative for the Secwepemc communities on the Cariboo Chilcotin Justice Inquiry.

Sellars is also the author of *They Called Me Number One* (2013), a memoir of her childhood experience in the Indian residential school system and its effects on three generations of women in her family, and *Price Paid: The Fight for First Nations Survival* (2016).

An activist who speaks out about racism, residential schools, environmental and social threats, she also initiated private prosecution against Imperial Metals in response to the dam failure that led to 2014 Mt Polley disaster, the largest environmental mining disaster in Canadian history.

Bev will be presenting history from an Indigenous point of view and will be joined by special guest Bill Wilson, a Kwakwaka'waxw Musgamagw hereditary chief from Cape Mudge. Bill Wilson was the second Indigenous person to graduate from UBC law (after Alfred Scow) and is famous (or maybe infamous?) for declaring in 1990 to a group of non-Indigenous lawyers, "We should have killed you all," ("you all" being "homely, diseased, smelly" European settlers). Since then, he's worked as a treaty negotiator, a private consultant and trainer in land claims, self-esteem building, public speaking and negotiation skills. He will provide current perspectives and ideas for going forward with reconciliation.

And if all this isn't enough, the event will be facilitated by our MLA Scott Fraser who serves as BC's Minister of Indigenous Relations and Reconciliation.

Admission \$20 with sliding scale as needed (no one will be turned away for lack of funds). Proceeds to cover costs and hosting future events and workshops. Contact person: Mike Nestor enviromike@gmail.com

Hi Jolleen, here is what we received yesterday from Bev. Looks like she really wants to educate us.

What I want to do is a historical presentation that I have taken around BC. It is from an Indigenous point of view. In order to go forward people need to understand where we have come from. This will take a couple of hours and then my husband Bill can take it from there. He will talk about what needs to be done now. I am attaching his C.V. so you will know who he is and what he can contribute. Happy to know Scott Fraser will be there.

So our current plan is to start at 3:30 pm. There is a memorial on the island at 2 pm and we don't want to interfere with that. So Scott could come over on the 3 pm ferry. The Community hall is where we will meet which is only a couple of minutes off the ferry. I suspect Bev and her husband Bill will likely be on that ferry as well. Unfortunately that will take us to 6:30 or so. There is a ferry leaving off the Island at 7:10. We do plan to have a meal with Bev and Bill afterwards and Scott and anyone with him would be most welcome to come. The next and last ferry off the Island leave at 9:10 pm. This still could change but not likely to.
Thanks, Ron

Hi, I represent a group of people on Denman Island focussing on reconciliation. In my previous email I had asked if there were any funding opportunities to support our endeavours. I had also mentioned that we hoped to bring Bev Sellars along with her husband, Bill Wilson to speak at a gathering on Denman. The date for this has now been confirmed for April 7 at 2 pm on Denman likely going until about 4 pm.

Please accept this now as a formal invitation to attend this event. If you are available we would be most pleased if you would bring greetings and introduce Bev. In fact we would be very pleased to have you engage with her in what we envision as a sort of fireside chat with the audience. We are not as yet absolutely sure what she will say but we expect her to key off her latest book, Price Paid, and what we as settlers can do in the way of reconciliation. So thanks for your consideration.

Hi Andrea, nice to talk with you.

Our reconciliation committee on Denman is planning events to raise awareness of Reconciliation and our Islands response to this important issue. Currently we are planning the following events:

1. A presentation by Bev Sellars (author of Number one and Price Paid) likely on Apr. 7.
2. The Village Workshop with Kathy Camilleri
3. An all Island book club meeting reading an appropriate book re Reconciliation

We would be looking at the possibility of funding supports for these events.

We would also be interested of course if Scott Fraser would be interested and/or able to attend any of these events.

Also we are interested if there is any process happening around becoming a designated "Reconciliation Community" and how to go about that and what it would mean. If there is not a process to date, perhaps we could start one.

My other personal interest is around the promotion of Physical Activity. I participated on

developing the PA Strategy for BC. Here is the link below. I would be grateful if Scott Fraser could take the time to read it and discuss with Adrian Dix and let me know their thoughts. I am a strong advocate for Exercise is Medicine and the many benefits of being physically active and was actually the initiator of the Walk with Your Doc event held around Move For Health Day on May 10 and sponsored by Doctors of BC. My personal goal when I chaired the Athletics and Recreation Committee of the Doctors of BC was to have every MLA at an event in their community in 2019 which would be the 10th Anniversary since starting the Walk With Your Doc initiative.

Hello all.

As you know, we received notice today that the Premier, unfortunately, would not be able to speak at the Monday welcome event for the NAIG bid council.

The attached speaking notes - NAIG Legislature FINAL 5 - have been revised to remove the Premier's speaking section and add back in Minister Fraser.

At this time, I do not have knowledge of whether Minister Fraser's office has been contacted to advise him of the change in the Premier's schedule.

I look forward to receiving that confirmation.

Minister Fraser's original speaking notes are now in this MASTER version of the SN, and may be made available to his staff.

best regards

Good afternoon,

Thank you for the letter attached addressed to Premier John Horgan inviting him to tour the run of the river project currently under construction at Winchie Creek.

Regrettably, we are unable to schedule a meeting in the Premier's calendar due to a high volume of conflicting requests.

We are, however, forwarding your letter to the Honourable Scott Fraser, Minister of Indigenous Relations and Reconciliation and the Honourable Michelle Mungall, Minister of Energy, Mines and Petroleum Resources for their information and consideration.

We appreciate you taking the time to share this information with us and we send our best wishes for the project.

Kind regards,

Thank you for getting back to us. I have forwarded your reply to Chief Frank. He will be pleased that the you will be scheduling a meeting with Premier Horgan and himself. We realize that Premier Horgan's time is extremely limited. However, since we have been trying to set a date for this meeting since July of last year, it would be most helpful if we can do it as soon as possible.

Your assistance in this matter would be appreciated.

Greetings ,

It is obvious from this recent study just released from the Macdonald Laurier Institute that British Columbia has the terrible record in the Canada for the criminalization of Indigenous peoples.

This requires a revisiting of the various advisory committee such as the Indigenous women's advisory committee and other processes to develop mechanisms that has greater accountabilities and transparency for both program delivery and services delivery besides funding for Indigenous peoples including policy development.

Poverty and systemic racism compounded by lack of Indigenous peoples hired within Senior BC Civil service levels are a contributing factor that invokes the criminalization of Indigenous peoples.

Here is the attached link for your review ;

<https://www.macdonaldlaurier.ca/b-c-s-criminal-justice-system-among-worst-canada-perrin-audas-times-colonist/>

I hope this will serve as a wake up call to your perspective Ministries and encourage you to establish an Regional Reconciliation Council that can have meaningful engagement and oversight for the implementation of UNDRIP and the 94 calls to action from the Truth and Reconciliation Commission at the Provincial level.

This is an opportunity to have representation from various experts that reflect the diversity of Indigenous peoples in all sectors that can facilitate guidance to make substantive change at Provincial levels.

Respectfully,

Hey Jolleen,

Let's set this one up, its likely one that Minister Robinson needs to be at.

Can you work with Connie to book one late May or in June when both Ministers are available?

Thanks,

Trish,

I appreciate the note. FLNR and specifically the District has been involved in education on Haida Gwaii for the last 10 years. In 2008, I developed the concept of the Haida Gwaii Higher Education Society (<http://hghes.ca/>) and with the help of a few people on Haida Gwaii, we have been able to create an entity that has been seen to be a model of transformative education throughout BC, Canada and world. The model targets 3rd and 4th year university students and provides an immersive experience that is truly life changing. We use Haida Gwaii as an outdoor classroom and education as a mechanism in diversifying Haida Gwaii's economy. Looking at our resources in a

different way.

We have been fortunate to have John Innes and UBC – Faculty of Forestry as our partner from the beginning and have just signed an agreement with the Faculty of Forestry to take the society to the next level – creating the Haida Gwaii Institute – UBC. The new partnership will ensure programs on Haida Gwaii continue to flourish and grow with the goal to have two semesters in each of the 4 community areas, bringing 1.6 million dollars revenue to Haida Gwaii each year. Currently we have two semesters in the Skidegate/Queen Charlotte area and one semester in Reconciliation, with the second in development in the Masset/Old Masset Area.

We would be happy when the Minister comes in June to discuss our current programs and future aspirations.

If you need any additional information regarding the programing, please don't hesitate to call.

Subject: Meeting request: UBC Forestry Dean John Innes and Hon. Scott Fraser

Dear Connie,

I am writing on behalf of Dean John Innes (UBC Faculty of Forestry) to request a meeting with the Honourable Minister Fraser.

Dean Innes would like to discuss the following topics:

- Use of adult education (especially in the Haida Gwaii) to help "... to

establish a clear, cross-government vision of reconciliation to guide the adoption of the United Nations Declaration of the Rights of Indigenous Peoples...”

- A new National School of Indigenous Forestry at UBC-Okanagan, and in cooperation with West Bank First Nation
- The Haida Gwaii semesters and our work with the Council of the Haida Nation
- Our work with multiple First Nations’ communities to develop economic opportunities in the forest sector

He is available to visit in Victoria on any of the following dates:

- May 16, 17 or 18 (Wed – Fri)
- May 23 or May 25

Please advise when would be a best time for Dean Innes to meet with the Minister. Alternatively, if the Minister is coming to Vancouver, I would appreciate if you offer convenient dates for them to meet here. It would be a privilege to host him over at the Faculty, but if time is limited, Dean Innes would be able to meet anywhere else in downtown Vancouver.

Thank you very much,
Eli

Fabulous! One note from MSF is that Tla-o-quaht and Ahousaht need separate days, getting to ahousaht is about 45-1hr by boat ride from Tofino. Takes up travel time. Especially after travelling from MSF home s.22

Flagging we should meet with Ucluelet FN (new request as MLA I believe) and Toquaht (old request as minister) in the future as well. And Nuuchahnulth Tribal Council as a whole perhaps.

Subject: Call for Records IRR-2018-82500 Due April 18, 2018 Analyst Marc Everitt

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Records, including but not limited to, briefing notes for Minister's Indigenous Languages press conference which took place March 16, 2018. (Date Range for Record Search: From 01/01/2018 To 03/23/2018) – Date Format: MM/DD/YYYY

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form to IAO by April 10, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process.
- **If no fees apply** then complete the attached Call for Records form and return it to IAO by April 18, 2018.
- Send records via email in **PDF format**. Before you turn emails into PDFs, ensure that you have included all attachments. If email is not possible, please put the records on the **File Share** and notify IAO that the records are available.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or any other questions or concerns relating to this request.

Subject: Call for Records IRR-2018-82501 Due April 18, 2018 Analyst Marc Everitt

Your Ministry has received a formal request made under the *Freedom of Information and Protection of Privacy Act* (FOIPPA). The request is for:

Records arising from the Indigenous Languages press conference which took place March 16, 2018, including but not limited to the Minister's response to media, media briefing notes and correspondences with media for the Minister. (Date Range for Record Search: From 03/16/2018 To 03/29/2018) – Date Format: MM/DD/YYYY

Please complete the attached Call for Records form.

- If search and retrieval time is anticipated to exceed 3 hours and/or the total volume of records exceeds 200 pages, complete **only** sections 1 & 2 of the Call for Records form as we may be in a position to issue a fee estimate. Return the form to IAO by April 10, 2018. Please await further instruction from IAO as the records will not be required until the fee estimate process has been completed. Once fees have been paid or waived, IAO will contact you to continue the call for records process.
- **If no fees apply** then complete the attached Call for Records form and return it to IAO by April 18, 2018.
- Send records via email in **PDF format**. Before you turn emails into PDFs, ensure that you have included all attachments. If email is not possible, please put the records on the **File Share** and notify IAO that the records are available.

You should be aware that *FOIPPA* obligates us to assist the applicant and to respond without delay, openly, accurately, and completely. In the event that your Ministry must defend the adequacy of its search to the Information and Privacy Commissioner at Inquiry, those involved in searching for records may be required to sign affidavits confirming they have conducted an adequate search for relevant records.

Please do not hesitate to contact IAO to discuss: whether the records may be routinely releasable; whether the information is being prepared for public release or is already publicly available; ways in which an applicant may want to narrow/focus their request to reduce potential fees; and/or any other questions or concerns relating to this request.

Hi Connie

Shawna and I connected today and she informed me we will have Luigi joining us to Anacla on Friday May 4th

That being said we are good to go ahead and charter a plane to leave Port Alberni at 9:30am.

For return, we could catch the 1:30 scheduled flight back. When I was on the phone with Brenda from Pacific Seaplanes she did mention she could ask if it could be later. The ideal time to leave would be 2:00pm if the scheduled flight can be pushed back by 30mins.

I believe the plane seats 4 total, on the flight would be MSF, myself, Luigi and the pilot (as I think it is 4 seats no 4 passengers).

Thank you,

Hi Jolleen,

The Salmon Beach community septic field is operated by the Alberni Clayoquot Regional District (ACRD) and is located on Toquaht Nation Treaty Lands.

I've attached the license of occupation issued by Toquaht to the ACRD on the Maa-nulth Treaty Effective Date. As the operator/holder of the license of occupation the ACRD would likely need to be involved in any discussions as well.

Can you let me know if we have any incomings from Kelvin Roberts re: Salmon Beach. MSF has received correspondence as MLA and we want to see if there was any contact with MIRR directly prior to any action.

Dear Anne,

I'm writing to request a meeting with the Minister, myself and Jay Nelson (TNG Counsel and Executive Lead, Negotiations). We'd like to discuss 1) the recent proposal for Accord negotiations (attached), and 2) issues at Teztan Biny/Fish Lake.

A meeting in Victoria would be ideal but we could travel to meet the Minister if required. This is relatively time-sensitive so we are hoping to make it happen in the next two weeks or so. If possible, we are both available April 24 (or April 23 if required).

Any word on this on, please. We 3 AC's have been working on some dates and looks like April 23rd works for all 3? Generally, when Minister's ask for meeting we usually just set them up, so please let me know? I always get Ministry staff attendance at these meetings unless a Minister is requesting just Minister's and MO staff only.

I have contacted members of the Project Watershed – K'ómoks First Nation negotiating team re dates when they are available to meet with the Minister to discuss the purchase of the Field Sawmill site for the purpose of restoration to its natural state. The Sawmill site is located in the K'ómoks estuary, Courtenay, BC. The best date for all members of our negotiating team is Wednesday, May 23, 2018. Other dates may be possible depending on when the Minister is available and whether the meeting is to be held in Victoria or in the Parksville - Courtenay area. Alternative dates might work if the Minister is going to be in the Qualicum Beach area and a meeting could be held in the Courtenay – Parksville area. Please let me know what works for the Minister .

Those who will be attending the meeting from the Negotiating Team are:

Subject: RE: Provincial Funding Reconciliation Committees?
Date: Tuesday, April 17, 2018 10:16:25 AM

Hi Danielle

One of the committees is on Denman Island which is composed of residents of the area, the group was formed after reading [150 Acts of Reconciliation for the Last 150 Days of Canada's 150](#).

The other one was an inquiry from the Mayor of Port Alberni – which is composed of the two local first nations, City of Port Alberni and community members at large (8 members).

I believe there has been previous inquiries into Reconciliation Canada on resources/support and the cost to bring in facilitators was beyond any affordable budget. I can make a new inquiry and see if that is different and if new resources are available.

I imagine both groups are interested in funding to host community dialogues and learning circles to build stronger relations between groups. The main question is how can the province support these engagements between groups.

Hi Jolleen,

I've reached out to the staff within our Ministry whom I think would have the information. Each person has come back requesting more info on who sits on the committees you are referring too (e.g. First Nations vs. Stakeholders) as that changes what funding is available. Staff also believe that Reconciliation Canada and organizations like that, have funds available for this work.

Can you provide a bit more context so staff can provide the correct information.

Various Reconciliation Committees are sprouting up in our riding and I assume in many communities in the province as well. I am wondering what funding/resources are available for municipal and grass roots groups (outside of UBCM C2C forum funding). Subject: Indian Residential School History and Dialogue Centre opening

Dear Minister:

I hope this e-mail finds you well and that you have had the opportunity to enjoy being in your constituency before the current sitting days.

On April 9, UBC will formally open the Indian Residential School History and Dialogue Centre. The Centre will be a place for former students and survivors of Indian residential schools and their communities to access their records, for students and the public to explore the vast archival holdings and learn about the history and legacy of the schools through interactive technology, and for university and community members to meet in focused discussions about the uses of history and other collaborative projects.

This centre is affiliated with, but independent from, the national centre at the University of Manitoba, which was created in response to the Truth and Reconciliation Commission of Canada's call to establish a National Centre for Truth and Reconciliation to hold its records. UBC supported the bid of the University of Manitoba to become the national centre with the understanding that a west coast centre would also be created.

As part of the event on April 9, I will deliver a statement of apology for UBC's involvement in the system that supported the operation of Indian Residential Schools.

Unfortunately, the timing of this event coincides with the sitting of the Provincial Legislature, precluding MLAs from attending this important event at UBC. However, the event will be webcast and should you have the opportunity you can witness the apology on the [event webpage](#).

When your schedule allows, UBC would be honoured to welcome you to our Vancouver campus to tour the newly opened facility and meet with faculty and staff at the centre to learn more about its mission and programming.

If you are interested, my staff would be pleased to organize such a tour.

In the meantime, please accept my best wishes.

Sincerely,

Hello all,

I would like to stay in touch and assist in preparing our next meeting together. We have had a meeting in Victoria with Minister Mungall since we last met, and we will be having a meeting with Minister Scott Frazer this Thursday. TFN will continue to advance our interest in Land Use Planning and Reconciliation discussions that include our Run-of-River plans. We will bring updates to the meeting with Scott Frazer.

Is it possible to start assembling a framework agreement that will lay the foundation for the reconciliation document? I am available to assist in any way I can.

Once we get started on some draft wording, I would like us to set a target date for our next collective meeting.

Let me know how I can be of assistance.

Kind Regards,

Subject: Re: Reconciliation on Denman Island and Physical activity

Hi, I represent a group of people on Denman Island focussing on reconciliation. In my previous email I had asked if there were any funding opportunities to support our endeavours. I had also mentioned that we hoped to bring Bev Sellars along with her husband, Bill Wilson to speak at a gathering on Denman. The date for this has now been confirmed for April 7 at 2 pm on Denman likely going until about 4 pm.

Please accept this now as a formal invitation to attend this event. If you are available we would be most pleased if you would bring greetings and introduce Bev. In fact we would be very pleased to have you engage with her in what we envision as a sort of fireside chat with the audience. We are not as yet absolutely sure what she will say but we expect her to key off her latest book, Price Paid, and what we as settlers can do in the way of reconciliation. So thanks for your consideration.

Sincerely, Ron Wilson MD

Member of Reconciliation planning group
Denman Island

Hi Andrea, nice to talk with you.

Our reconciliation committee on Denman is planning events to raise awareness of Reconciliation and our Islands response to this important issue. Currently we are planning the following events:

1. A presentation by Bev Sellars (author of Number one and Price Paid) likely on Apr. 7.
2. The Village Workshop with Kathy Camilleri
3. An all Island book club meeting reading an appropriate book re Reconciliation

We would be looking at the possibility of funding supports for these events.

We would also be interested of course if Scott Fraser would be interested and/or able to attend any of these events.

Also we are interested if there is any process happening around becoming a designated "Reconciliation Community" and how to go about that and what it would mean. If there is not a process to date, perhaps we could start one.

My other personal interest is around the promotion of Physical Activity. I participated on developing the PA Strategy for BC. Here is the link below. I would be grateful if Scott Fraser could take the time to read it and discuss with Adrian Dix and let me know their thoughts. I am a strong advocate for Exercise is Medicine and the many benefits of being physically active and was actually the initiator of the Walk with Your Doc event held around Move For Health Day on May 10 and sponsored by Doctors of BC. My personal goal when I chaired the Athletics and Recreation Committee of the Doctors of BC was to have every MLA at an event in their community in 2019 which would be the 10th Anniversary since starting the Walk With Your Doc initiative.

Do you know anything about this for Wednesday? MSF has HD from 2:30-4:45 pm that day, so if he wants to do this we'd have to find a sub, which may be difficult considering the number of Minister's that are invited to attend this?

Matt, sending this to you as the invite is for Doug as well. If Doug wants to go you can connect directly with Don Wright's office.

Hi Jollen,

Following up on last week's voicemail I left for you regarding Sikh Heritage Month. Our office is sending out proclamations and a letter from the Premier to 50 Gurdwaras and Sikh associations across the province one of which is in your minister's riding:

Guru Nanak Sikh Society, 4144 8th Ave. Port Alberni

Do let me know if you would like us to pull this from the mail out, in the case your minister would like to take this proclamation to the society himself. I will need to know before Thursday morning before the MLAs leave for the weekend. If not, we will be mailing it out from our office.

You can continue arrangements on your end with Heather. I was checking in on the geography and expectations as I know it's a strong value of Huu ay aht to do business in their traditional territory rather than Port Alberni.

I was just on the phone with JS AMS AND MSF to clarify what we are able to do.

I can move events around in Port Alberni so that MSF can travel to Anacla for the announcement. (1.5 hour travel time to event, Announcement and Luncheon, and 1.5 hour travel back)

If Huu ay aht is expecting more time for tour please let me know ASAP.

What the day will look like:

8:30-9:15 (Alberni Heritage Event - MLA)

9:30-11am (Travel to Anacla)

11-12 (Announcement)

12-1:00/1:30 (Luncheon)

1:30-3 (travel to Port Alberni)

I touched base with Heather Thomson their Comms Director, she did confirm that Huu ay aht Business happens on Huu ay aht land whenever possible.

AGO and House of Huu ay aht are both in Anacla so this is why I wanted to confirm.

Sorry for meddling - I just had some tentative meetings held I am following up on today and wanted to firm up the May 2-4th meetings and events.

That said, we can get MSF to Anacla after his event in the morning with the luncheon at one. MSF needs 2 hours this day to be with our CA to do MLA business.

Hi Jolleen, the email said Alberni Government Office, but they did actually intend Anacla. Sorry for the confusion.

Given how challenging it has been to get this timing commitment from them, could we potentially shift things on Friday to accommodate this instead? Perhaps the morning meeting could be moved to the afternoon, so this could happen in the morning?

Thanks,
Sarah.

Can we confirm that this is at the Alberni Government office and NOT Anacla Government Office, from below it looks as if they are giving us travel time in the AM to get to Anacla, which isn't possible this day as he committed to going to an event in Port Alberni (although we can check in with what the minister would like to do..)

The attached doc and below text don't align. Anacla is 1.5 hours away from Port Alberni.

Perhaps we need to consider moving this to Saturday as suggested by MSF last week..

Hi all - just passing along a bit more info below on the agenda for the day on May 4th for the Huu-ay-aht event. We have also updated the event pitch for you guys to include this info for tomorrow's meeting.

The plan they have put forward is to meet at 10:30 am at the Alberni Government Office on May 4. This will give 1.5 hours to meet and go to the site if the Minister would like. Then at noon they will organize a community luncheon at either AGO or the House of Huu-ay-aht. On May 4 they have two chiefs (elected and hereditary) and their ex dev councillor available to attend.

Please let me know if this looks okay or if you have any questions/concerns.

Thanks,
Sarah.

It is a 75 MW storage dam and hydro eclectic generator. We can supply technical information but sufficive it to say that this project will be critical to the needs of the mining industry in the northwest of BC.. The NTL, recently built,will not meet the demand of industry.

. We have reached the Sec 11 step in the EA process and now the government has just announced a plan for the 'Revitlaiztion of the B C Environmental Assessment Process.. Hi folks.

Housing have got a news release going out tomorrow on modular housing in Victoria. They only just found out today that its about Indigenous housing, so want to know if MSF would like a quote. They have drafted the quote below for consideration.

We need to get this back to them this afternoon

Thanks
Sharon

MSF quote for consideration

"Indigenous women are the strength of their communities, families and culture, but for too long they have also been victims of violence, homelessness and poverty," said Scott Fraser, Minister of Indigenous Relations and Reconciliation. "By providing a safe, secure home and culturally-appropriate support services, as we are with these new supportive homes in Victoria, we are sending the signal that government and its Indigenous partners are here to help Indigenous women in the spirit of reconciliation and ultimately, in respect for their culture, history and traditions."

Dear Minister Fraser,

I hope this email finds you well.

I am reaching out on behalf of Rocky Mountaineer to request a short meeting at your next convenience. As the Minister of Indigenous Relations and Reconciliation, we would like to provide you with an update on the status of Rocky Mountaineer as an important partner in BC's tourism economy.

We have been impressed by your government's commitment to Reconciliation and view this as an important opportunity within all industries, including BC's tourism economy.

Rocky Mountaineer is the largest privately owned luxury train company in the world and has welcomed over 2 million guests onboard in our 28 years of operations. Rocky Mountaineer continues to act as an important job creator in BC's tourism sector and the company's growth continues to make Rocky Mountaineer a critical component of Canada's tourism sector. In addition, Rocky Mountaineer is currently embarking on an ambitious international expansion agenda.

We are confident that our mutual goals to expand as a vital part of the tourism industry in British Columbia and across Canada align with your mandate as Minister of Indigenous Relations and Reconciliation – especially with respect to job creation and economic development in rural BC Indigenous communities.

I would be pleased to meet with you at your next convenience. I can be reached by telephone at (604) 606-7210 or by email at achan@rockymountaineer.com. I look forward to hearing from you.

Dear Mr. Fraser,

I am emailing on behalf of my CEO Tracy Eyssens, who would like to schedule a meeting with yourself in early May.

We will be in town meeting with Ministers, Beare, Mark and Trevena. We would love to engage with you on ITBC's plans and priorities in the coming year as we see many synergies between our work and your priorities.

Kind regards,

Mary Gerdes
