Hi Scott,

Sorry, my phone is not syncing my emails right now and, yes, I just had it in the wrong day, it will be Thursday and they have cancelled PA on Thursday, so we can leave early and I move up the Splatsin briefing to earlier, s.22

Thanks,
Connie Roberts

their process – the community is supportive and Doig has done an incredible job working with all stakeholders in a transparent way.

I look forward to hearing from you soon on this matter and hope that you can connect when you are up here in January. (If you can get me the exact dates I will organize a meeting with the stakeholders).

Kindest regards,

Dan

Minister,

I wanted to follow up with our conversation that we had last week regarding the roundtables in the North Peace. Below I have identified some concerning points from the Stakeholders Committee, and from my own observations, as well as some comments.

1. Why is the Blueberry First Nations the only First Nations included in the Ft St John LRMP review?
2. The government's roundtable doesn't seem to include the necessary public engagement and does not seem to be transparent. What is the real purpose of this roundtable? (Seems like government is speaking and not listening. All messages from government roundtable seem to be based on decisions that have already been made?)
3. What is the decision on the Charlie Lake lands and Red Creek subdivision with respect to the applications for Section 16 status by Blueberry?
4. Unfortunately, the MIRR roundtable is creating incredible divisiveness in all our communities (Indigenous and non-indigenous).
5. Regarding the MIRR roundtable:
 - People have been leaving in the middle of the meetings due to incredible frustrations
 - I recommend that the Round Table be dissolved and a new committee created with a truly transparent mandate with meaningful consultation under new local leadership.
6. Finally, as I mentioned to you, I would encourage you meet with Jim Little and Andy Ackerman s.22 s.22 . These two gentlemen have been very engaged in land use in the province, specifically in the northeast. They have many strong relationships with indigenous and non-indigenous groups and could offer some incredible insight to this whole process.

At the end, we all completely understand the TLE and Site C (TLA) needs and want to see what is best for all groups. Andy and Jim have worked with Doig River First Nations and have provided incredible support to Doig's work on the TLE/TLA process. I just attended a world café hosted by Doig River on

Subject: MSF at a Nanaimo event on Thursday

Hi Jonathan & Anne-Marie,

This is short notice but the Feds are holding a joint announcement on Thursday in Nanaimo. MLP's Ministry but she's unavailable. Any chance your Minister could be available to join?

Event description:

Event description:

Minister Wilkinson will announce approximately \$1.1 million in funding from the Fisheries and Aquaculture Clean Technology Adoption Program (FACTAP) to support clean economic growth. Joining in making this announcement is BC Ministry of Agriculture (Rep) as the Province of BC contributed \$182,494 in funding towards clean technology projects. The 14 projects funded will help fisheries and aquaculture businesses adopt greener practices that will improve energy efficiency, reduce waste and lessen carbon dioxide emissions.
