Here's to great things for

Bob Cole & Donna Brett are leading today's meeting but the whole project depends on First Nations commitment and leadership.

I'll forward you the email from CSC. one moment...

I'm sorry but I have been on holiday break lately. Additionally I doubt I can change my schedule on short notice.

I completely understand. It is a tough time to schedule a meeting. After your holiday break, if you could put some thoughts together for our Jan 11th visit from CSC would be much appreciated. Best.
Char.
