12.3.2 Gender Requirements when Searching Prisoners

Search of Transgender Prisoner

- a. A transgender accused is an individual whose gender identity or gender expression is different from the gender associated with their birth-assigned sex. Self-identification is the primary consideration in identifying a transgender individual.
- b. A transgender prisoner must be offered one of three options for a strip-search, namely:
s.15

- c. The choice of search option(s) made by the transgender inmate are to be documented in SCMS.
- d. s.15

- e.

- f.
- g. To maximize privacy and confidentiality of any information related to the individual's gender identity or history, any conversations and consultations amongst staff must occur privately.
- h. All new admissions of transgender individuals must be reported to BC Corrections so appropriate preparations can be made in the event the accused will require transport to a correctional facility.
