Hi Brittany – how are you?

I have a request for Minister Anton to meet with Monique Mercier, EVP of Corporate Affairs at TELUS. There is no particular topic, it's more of a touch base. I don't know if the Minister has been to TELUS Garden yet? If not, I'm sure Monique would love to give the Minister a mini-tour of our spectacular new corporate headquarters.

A couple of discussion points could also include a quick update on the status of the Connecting BC Agreement between government, and perhaps a brief on TELUS Internet for Good which we just rolled out to single parents on income assistance with government's help (provides high speed internet at just \$9.95 per month).

If Minister Anton has some time for this over the next month, that would be wonderful

Let me know – cheers!

Kim
