**Subject:** RE: Here's What I Have So Far

Hey Patrick,

I've included additional information below for your review.

And in case you wonder as I did: General Conditions are site conditions – need for prep and set up, pour a concrete pad, etc. to enable an install. This includes site servicing (water; sewer) etc.

We have also received a media request on this from CKNW which we will be responding to tomorrow afternoon. QP messaging is being drafted which I can share once I have it in the morning.

Hope this helps,  
Roari

Hey Patrick,

Here's what I have so far as an FYI.

I'm doing a little more digging on our end.

Cheers,  
Roari

<https://vancouversun.com/news/local-news/potty-politics-vancouver-park-board-finds-17-million-in-loos-change-for-new-and-upgraded-washrooms>

Pilot project at coopers and Crab park. Portland Loos are the things name, it's a corporate name, it's a stand alone washroom

They're big boxes that have toilets in them. It's not the cost of the toilet, it's the cost of the concrete pad, the sewage hookup, the metal farmed box that's pretty ruggedized etc.
