Hi Tara, it looks like the InBC TB sub is with the MO now. We're wondering if its possible to switch out the appendix in eapps with the version attached? There are no changes other than we had left a comment in the previous version so the attached version has that comment removed.

If its too late, we can switch out the appendix for the clean one before sending the signed version to TBS

Thanks,

B

I realized I sent up a version with a couple of comments that should have been deleted – is there a chance you could swap this out in eapp?

Please find attached a draft of our briefing note on the InBC IPS for fact check. This is a little earlier in our process than we usually share and so this is subject to change, but given the complexity of this item I was hoping to get your eyes on it sooner. Happy to chat later today or early next week.

Thank you,

Hi Brian,
Please find an updated draft for DM fact check. We just had our ADM briefing today but unfortunately the minister upload is tomorrow morning. The upload is 10am tomorrow, but if factual corrections are needed I will need lead time to make edits and get them approved on our side.
Thank you,
Alison
