Hi everyone,

Here's a draft of the Beijing NR - don't anticipate many more changes from the PO so seeking approvals on MBR's and MoSC's quotes.

"Our robust economy, abundant natural resources and stable business environment offer excellent opportunities for Chinese investors," said Minister of Jobs, Trade and Technology Bruce Ralston. "The groundwork we're laying in China today will help attract investment, promote exports and, most importantly, lead to job creation in B.C."

“Business in China is about building relationships,” said Minister of State for Trade George Chow. “Through face-to-face meetings with government and business leaders, we’re engaging corporate investors and entrepreneurs to promote B.C. as a competitive destination for trade and investment.”

I got a bit more information from Surrey Honda's GM Nasir:

- They're expecting 200 people to attend. It's at Crown Palace Banquet Hall.
- Doors open at 6 and they expect people to arrive by 6:30. Dinner is at 7:30 and they expect speeches to be before dinner.
- MLA's Wilkinson, Hunt, Cadieux, Brar are all attending. Mayor Hepner and Councillors Lefranc and Woods are attending as well.
- Mayor Hepner and MLA Wilkinson will be speaking. You will have the opportunity to deliver greetings, if you'd like.
- They raised \$32,000 for the Canadian Cancer Society last year which got matched with an additional \$20,000. They are looking to raise the same amount of money this year.

Tickets are \$75 each. Would you like to go?

I'd like to know how many extra dollars were allocated to the Legal Services Society in the budget and what the stipulations on it were.

Also I'd like to know how much in percentage terms provincial court judges got.

Minister,

A quick note that the Interior University Research coalition has requested a meeting with PS Glumac.

They are already scheduled to meet both you and Alan Winter earlier that day (separate meetings) and have asked if they could also meet with PS Glumac while they are in the building.

Program supports the request, but I wanted to ask if you have any objection to having the PS join the meeting with you, or having the Coalition meet with the PS separately if that's easier to schedule. If you have any concerns please don't hesitate to give me a call.

The delegation consists of:

- Dr. Phil Barker, Vice Principal, Research, University of British Columbia, Okanagan Campus
- Dr. Geoff Payne, A/Vice President, Research, University of Northern British Columbia
- Dr. Will Garrett-Petts, Associate Vice-President, Research and Graduate Studies, Thompson Rivers University
- Janice Larson, Director, Tri-University Partnership Office

Hello Everyone,

Due to today's weather conditions, we are cancelling this evening's event to unveil *CELEBRATION: CHINESE CANADIAN LEGACIES IN BRITISH COLUMBIA*.

We are so sorry to have to do this. Minister Beare and Parliamentary Secretary Ravi Kahlon were looking forward to welcoming you.

We have had many guests write to us today to say they would be unable to attend due to the snow.

We want to include as many people as possible in the celebration of this wonderful publication and the achievements of the Legacy Initiative Advisory Council.

We look forward to getting back in touch with you soon with an alternate event.

Warm regards,
Rick

4. Andrew Petter's event with Van Jones and Anne Marie Slaughter - Sent this to JM as per your request.

5. Social Innovation Summit 2018 - Talked to Vera LeFranc early last week and they are still finalizing dates for this fall. They will let me know.

6. Downtown Surrey BIA AGM - I will be headed to this on your behalf on Thursday morning.

7. Shayne Williams/Minister Robinson - I've reached out to Minister Robinson's staff to connect them with Shayne as per his own request on Friday. Will update you when they set a date.

I've briefly talked with JM on all of this too.

Dear Minister Ralston,

I'm writing to call your urgent attention to the opportunity presented by government scheduling April to be both "Wine" and "Construction and Skilled Trades" month in BC, and to the unfortunate reference made by Les Leyne in the Times Colonist this morning.

In response, BCCA will be submitting the attached Letter to the Editor today.

I know I have your full support in celebrating the 225,000 skilled tradespeople of this province during the month of April, and look forward to an enthusiastic and passionate commitment from you, equivalent to the energy Minister Popham shows for "Wine Month."

We're making life better for British Columbians by focusing on affordability and solutions to housing and childcare.

We're working for people. As part of that work, our government has every right to consult with British Columbians on the best possible measures to protect our lands and waters from the potential impacts of diluted bitumen spills.

If Alberta disagrees they can make that argument in the proper venue, in our court system.

Our consultation on proposed new regulations hasn't even begun, but Alberta has seen fit to take measures to impact BC businesses.

I urge Alberta to step back from this threatening position.

We stand with BC wine producers and will respond to the unfair trade actions announced today.

Minister,

We found the news that Thind was referring to. It was not in our clips this morning on the website callend Kotaku which follows gaming news. It's 50 people. Details below:

"Capcom has laid off a significant number of staff in its Vancouver office as part of a shift that saw the company cancel an unannounced project and cut scope on the next *Dead Rising*, according to a person familiar with the company as well as various posts on social media.

The source, who spoke anonymously so as not to risk their career, said around 50 people were laid off as part of a reorganization aimed to streamline the company and wrangle the next *Dead Rising*, which had been over-scoped and under-staffed (as many video games are). Per LinkedIn, Capcom Vancouver had around 250 employees. The studio is best known for developing the second, third, and fourth games in Capcom's humorous zombie-killing series. Capcom Vancouver also works on mobile games including last year's *Puzzle Fighter* and other unannounced projects.

UPDATE (2/6, 10:08am): Capcom has sent over the following statement:

Capcom Vancouver has undergone a restructure which has impacted approximately 30% of the studio, as part of its regular periodic assessment of upcoming projects and overall studio goals. The team is continuing to work hard to support the recent release of Puzzle Fighter for mobile and is dedicated to its flagship Dead Rising series."

Hi All – I talked with Meghan who was looking into 4:35 as a possibility for MBR. The can no longer hold this time unfortunately, but she has agreed to try to fit the minister in if he becomes available.

Otherwise, she suggests **tomorrow** if we can confirm **3:20, 3:35, 4:20 or 4:35** (or another opening thereabouts). As mentioned, it's a 5-10 minute interview with Khalil Akhtar about the appointment of the first Innovation Commissioner.

Note: I had also checked with program about Dr. Winter as a backup - not possible today, but can start trying for tomorrow if MBR is unavailable.

Cheers

Small update here – they need confirmation at **2:00** (or they'll start looking for other options), and it would be on air with Khalil Akhtar. I'll try calling you in five JM – I think you were on the other line.

Thanks!

Hi JM and Meghan,

Would MBR be free to do an **on-air interview at 3:10** on CBC Radio Victoria's All Points West?

This would be a short 5-10 minute interview to discuss today's Innovation Commissioner announcement.

I haven't reached out to Dr. Winter (another option the producer suggests) – wanting to check with MBR first.

if this works, I'll confirm the studio number and interviewer Khalil Akhtar.

Hi Sage,

While the premier will mention the MLAs, the MCs would mention special guests such as consul generals of China/Japan/Korea, if they are attending, as well as elected like city councillors of Bby, Rmd, and Vancouver (Cllrs Wang, Au, Louie and Jang?). And of course, as in the notes, members of the BC-Guangdong Business Council.

Dear Minister Chow,

I hope that you had a restful holiday season and are settling back into the swing of things in Victoria.

I am reaching out on behalf of Rocky Mountaineer to request a short meeting at your next convenience. As the Minister of State for Trade, we would like to provide you with an update on the status of Rocky Mountaineer as an important part of the tourism industry.

We have been following with interest your government's efforts to promote tourism and energy on the recent delegation to Beijing led by Premier Horgan. The 2018 Canada-China Year of Tourism presents us with an exciting opportunity to propel British Columbia as an international leader in tourism opportunities.

Rocky Mountaineer is the largest privately owned luxury train company in the world and has welcomed over 2 million guests onboard in our 28 years of operations. Rocky Mountaineer continues to act as an important job creator in BC's tourism sector and the company's growth continues to make Rocky Mountaineer a critical component of Canada's tourism sector. In addition, Rocky Mountaineer is currently embarking on an ambitious international expansion agenda.

In addition, as an active Board Member of the Tourism Industry Association of BC (TIABC), I am personally passionate about advancing TIABC's vision – for tourism to be recognized as one of British Columbia's leading and sustainable industries. I look forward to working with you, TIABC, and all tourism stakeholders to expand BC's \$15 billion visitor economy.

We are confident that our mutual goals to expand as a vital part of the tourism industry in British Columbia and across Canada align with your mandate as Minister of State for Trade – especially with respect to job creation and the development of BC's national and international trade priorities.

I would be pleased to meet with you while I am in Victoria February 26-27 at a time that is convenient for you. I can be reached by telephone at (604) 606-7210 or by email at achan@rockymountaineer.com. I look forward to hearing from you.

Subject: **About IT Data Centre Project in BC**

Dear Mr. Chow,

Currently we are helping the Chinese investors to seek the opportunity to set up an IT Data Centre in Canada or other countries. The phase 1 requirement may be 50K-100K computers and hopefully to increase to 300K-500K computers in the future. The potential employment would be 50+ local people. Below is the support we may need from BC government.

1. The potential Data Centre would need 3.5M-17.5M kWh daily power supply. The investors need to secure the lowest price of electricity first. We hope BC Hydro can provide some kind of commitment for this project.
2. A industry land no more than 300 acres connected to power line and telecommunication cable, the investors can rent it for 5-10 years.
3. Any policies which can attract the Chinese investors coming to BC, like strategic investment immigration programs etc.

As the investors are evaluating US and other provinces in Canada at the same time. I hope we can book appointment ASAP to discuss how to make it happen. The investment schedule is within 2-6 months only. Thanks your support.

I just touched base with Minister Chow about contact information for those on the pamphlet. He suggested getting in contact with Jeannie Chen s.22 _____ and William Ma s.22 _____ who are President and Vice President of the BC-Guangdong Business Council.

Rather than trying to find each person's email, it may be easier to go through Jeannie and William and extend a number of invitations to their group.

Let me know if we can be of help in any other way!
