MAR 06 2018

Mr. Ryosuke Shimizu  
Senior Vice President  
Chiyoda Corporation  
Minato-mirai Grand Central Tower, 4-6-2 Minato-mirai, Nishi-ku  
Yokohama-shi, Kanagawa-ken, 220-8765  
Japan

Dear Mr. Shimizu:

We were pleased to meet you during the Government of British Columbia's (BC) trade mission to Japan in January 2018. We would like to thank you and your colleagues for meeting with us. We appreciated learning about Chiyoda's hydrogen production capabilities. We are grateful to your team for arranging a tour of your facility and giving us the opportunity to experience first-hand the processes of hydrogen storage and production.

BC is committed to advancing its clean energy sector and welcomes opportunities for increased collaboration in the areas of clean and renewable technologies. We were impressed to see the scope of operations and impact Chiyoda has on global energy diversification.

We encourage you to keep working with the Ministry of Jobs, Trade and Technology, as well as our Trade and Investment Office in Japan.

We look forward to our continued support and cooperation.

Sincerely,

Bruce Ralston  
Minister of Jobs, Trade and Technology

George Chow  
Minister of State for Trade
