Dear Lorna. URGENT

Thank you for your email.

I was with Minister Bruce Ralston about an hour ago in Surrey. He told me that he has not received my presentation . Apparently there is some miss communication somewhere and I need to speak with you to sort out this issue. My cell number is 8.22

Please call me or give me your number and I will call you. I told Minister Ralston that I had sent the presentation to you.He was unaware.

Minister Ralston is very keen to see the presentation and wishes to discuss this important matter with me.

I will await your call. Thank you.

Kind regards

Vivek

Dear Minister Bruce Ralston,

Further to my previous email earlier today, I am pleased to send to you a very important proposal and presentation on "HORASIS Global India Business Meeting". This presentation describes in detail how BC-India Trade and Commerce could be accelerated. India is world's fastest growing economy. Trade with India is very essential for the development of BC's economy..

With the visit of India's Prime Minister Mr. Narendra Modi to Vancouver about two years ago and with the possibility of a Free Trade Agreement with India in the near future, now is the time to fast track trade and commerce with India. The efforts made in the past were insufficient and did not attract any business to and from India. HORASIS will pave the way for rapid development and revitalization of trade and commerce between BC and India.

The word HORASIS in Greek language means "Vision". Many delegations have gone to India from BC and the results were far from satisfactory. It is very important for Indian Businessmen to know what BC is and what BC has to offer. To bring about 300 Indian businessmen of repute to Vancouver for two days for transacting business is a great achievement. Now with direct flights to India by Air Canada, travel time to India has been curtailed by several hours. Businessmen from India are now ready for business with BC. It is time to move forward. We had made this presentation to the former Premier and Government and it was under their active consideration but did not fructify.

Please browse through the presentation of the events held in various cities of the world from its inception and until 2018. If held in Vancouver in 2019, Vancouver could easily earn the reputation of being the "Davos" of North America. It will change the economic scenario in BC. We have made this presentation to the Greater Vancouver Board of Trade. They may also discuss HORASIS with you.

We had sent you an invitation to our Grand Diwali Gala on 29th July 2017, which we hope you will attend. Kindly give us an appointment to meet with you to explain HORASIS in detail.

Thank you and with warm regards.

Hi all,

On behalf of Minister Fleming I'm letting you all know that we became aware of the article in the Surrey now about premier John Horgan and Minister Rob Fleming not being available for comment on Thursday when it was posted.

I assure you Minister Fleming made comment, but not over the phone.

The reporter had originally submitted a request to interview the Premier about portables in Surrey and his campaign commitment to eliminate them in the city and province.

After a couple of days that request was pushed to the education office as the Premier was not available to make comment.

Minister Fleming made himself available but our office was told that the paper was not interested in Minister Fleming and only wanted comment from the Premier.

Upon resubmitting their request to the premier's office and being told again that the premier was not available, the following day the reporter came back to our office looking for comment.

Minister Fleming was in both caucus and cabinet all day, so he submitted written comment to the Surrey now.

The Surrey now has been approached and is refusing to apologize, but will run Minister Flemings comments next week.

Minister Fleming has also penned a letter to the editor for submission to the Surrey Now and reached out to Shawn Wilson of the Surrey school board for supporting comment.

Thank you, and feel free to call me if you have any questions.

Subject: QP Prep & Issues Manager Assignments

To: MAs

Good evening everyone,

As we get closer to our first Question Period on Monday, here are a few important updates:

QP Practice

There will be an optional group QP practice session for any Ministers who are interested, happening on Sunday from 5:00-6:30 pm. Issues Managers and special guests will prepare questions for all Ministers who are planning to attend.

Please let me know whether or not your Minister will be attending. Location will be determined based on the amount of interest. As you have seen from Maura's recent email, this session overlaps with the political staff meeting happening from 6-7:30 – MAs should prioritize that staff meeting.

Please note that this group session should not replace the individual practice sessions Ministers should spend with you and your issues manager reviewing QP notes and practicing.

In addition, please set aside a half hour for QP practice every day the house sits. For next week only, all Question Periods will be in the afternoon, so this half hour prep block should either be **12:00-12:30 or 12:30-1**. We ask that you talk to your issues manager before finalizing this slot to allow them to be there to support you in QP prep as often as possible.

QP Notes

Thanks for everyone's hard work on the QP notes so far, we're making good progress. If you still have outstanding notes, please provide drafts by **Friday at 1 pm** at the latest. If this is an issue, please let your issues manager know – as we are increasing capacity in our shop, we may be able to help you out with drafting.

Issues Manager Assignments

I'm happy to report that Issues Management has identified our full team of five. Four of us are on the ground now, with the final member of the team joining us on Monday. Here's a quick rundown of this amazing/talented/experienced group:

Tim Howlett – Tim is the former Director of Research in the federal leader's office and has significant issues management, research and communications experience.

Aileen Machell – Aileen has joined us from Alberta, where she was Press Secretary to the House Leader and Minister of Transportation & Infrastructure. Previously she was the press secretary to the Minister of Human Services and also has experience as a journalist at CKPG in Prince George.

Alex MacDonald – Alex has come to us from Manitoba, where he worked for government doing outreach and communications. He has also worked for Pat Martin as a constituency assistant.

Sheila Matthen – Sheila joins us on Monday from the BCGEU, where she is a researcher. She has a strong background in economics & labour and has also worked on Parliament Hill for Peggy Nash.

Attached is a list of which issues managers are assigned to which Ministries – please take a quick look to see who you'll be working with.

For those of you working with Tim, Aileen or Alex, you can expect to hear from them soon to introduce themselves and touch base on:

- Status of QP notes and how we can help
- QP practice scheduling
- Whether your Minister will attend the group session on Sunday night

For those of you working with Sheila (who doesn't start until Monday), please continue to touch base on these questions with me and/or Tim.

Please don't hesitate to call if you have any questions. Thanks everyone. It's going to be a busy but fun and interesting week!

Hi Kath, these are new and in play. All due next week should minister be interested.
*Please note that re: the first request on artificial intelligence – in the absence of anything else we are reaching out to the Office of the Chief Information officer to see if there is anything we can reference. If not, will recommend we pass on this one.

Reporter

Tessa Vikander, Reporter

Deadline Monday, September 11, 2017 12:00 PM

Request

Reporter is working on a story for Westender Vancouver:

"I'm writing a story about Artificial Intelligence and would like to speak to someone from the government, ideally Mr. Ralston, about how the government is or might be adapting policy to reflect emerging issues around AI."

Reporter has seen an uptick in the use of AI in daily life, as it is common place on social media and other things on the internet. Reporter has interviewed an expert on AI and how it is growing and shaping private industry to use as background, as well as private companies, but is looking for Governments take on AI—"integrating policies or

programs due to changes in AI." Reporter has not seen any other governments creating policy or talking about AI.

Reporter is looking for 10min with Minister Ralston on the topic, in person or by phone. Reporter may also take a written statement, but would not attribute it to Minister, just to government. Reporter may also be ok with sharing questions before hand.

2.

Reporter

Richard Littlemore, Reporter
Business in Vancouver
richardlittlemore@biv.com
604-657-3765

Deadline Tuesday, September 12, 2017 4:00 PM

Request

Reporter has requested an interview with Minister for 5 min. sometime between now and Tuesday the 12th. Reporter would like to talk about what can the B.C. business community expect in its relationship with the new government (IE "how are we going to get along"). Reporter also said this is "not a hard-hitting interview or story, Minister could just give me his key messages."

Reporter is also interviewing Glen Clark and Mike Harcourt for this story.

News 1130
simon.druker@rci.rogers.com
604-877-4400

Deadline Wednesday, September 13, 2017 11:00 AM

Request

Reporter would like to interview Minister for 5-10 min for News 1130's annual "Small Business Spotlight." Reporter would be keen to have the interview sometime in the morning, anytime from 6am to 11am. If Minister is unavailable in morning the reporter would make the afternoon work.

The Spotlight is many 30 second clips from various small business stakeholders (30+) that get played in-between shows, breaks, etc.

The topics Reporter would like to cover with the Minister are:

- What sectors are the fastest growing and why?
- how does this province compare to the rest of the country when it comes to small business growth?
- Who/what demographics are starting businesses in BC? (ie. More women last year)

The Spotlight airs end of September through to Small Business Week.

But we could have DM meet on MBR behalf if they can't come to Victoria.

Hi all,

Kensington's primary managing partner will be in Vancouver on Sept 14 from 12-3. Was wondering if it would be possible for Fazil and MBR to have an intro meeting with him (Rick Nathan). Details are still to come, but would it be possible to put a place holder in for now?

Thanks

Nathan.

Congratulations on your designation as Minister Responsible for the Consular Corps. I will really look forward to supporting you in this role.

During our discussion on Monday, you raised the need for issuing guidelines related to our relationship with Taiwan.

We are reviewing broad guidelines and will send them to you for consideration soon.

In the short term, as you may know, Ministers are receiving invitations to the 106th Taiwan Double Ten National Day Annual Gala on October 6, 2017.

I am proposing to send the attached this week to Ministers, their Offices and DMs to address October 6 invitations. Do you agree? Thanks for advising.

Please feel free to contact me if you would like to discuss further.

Ms. Robb: I realize that this is short notice, but would Minister Ralston be available for a short breakfast meeting with our Board Chair, Greg Moore, and some other Vancouver-based business leaders who sit on our Regional Prosperity Initiative Steering Committee prior to our Regional Prosperity Forum on Friday? The purpose would be to have some

preliminary discussion on how the RPI and the Province can perhaps coordinate and collaborate on future initiatives.

Please let me know if this might be possible at your earliest convenience, and if it is, my colleagues and I will make the necessary arrangements.

Subject: Vancouver Fraser Port Authority has approved the project permit for the Kinder Morgan Westridge Marine Terminal Upgrade and Expansion Project

Kathie,

After extensive review, the Vancouver Fraser Port Authority has made a decision to approve the permit application for Kinder Morgan Canada to upgrade and expand a portion of its existing Westridge Marine Terminal. The terminal is partially located on federal lands and waters managed by the port authority in Burnaby, British Columbia and therefore a project permit from the port authority is required.

As you are aware, the entire Trans Mountain Expansion Project, including the Westridge Marine Terminal upgrades, required a federal environmental assessment under the CEAA 2012 and the National Energy Board Act, which was undertaken by the National Energy Board. During the port authority's project and environmental review for the proposed Westridge Marine Terminal upgrades and expansion, the port authority relied on the consultation work done to date by the National Energy Board in their environmental assessment and on the Crown's joint federal-provincial consultations for the Trans Mountain Expansion Project. Kinder Morgan was required to submit their record of public consultation for our review.

In addition, as part of the port authority's project and environmental review, potentially-affected Indigenous groups were consulted and adjacent communities were provided opportunity to comment on construction-related activities (e.g., noise, dust, vehicle traffic, and proposed mitigations).

If you have any questions about the port authority's permitting process, please let me know.

For information about the approved Westridge Marine Terminal expansion and upgrade project permit, including construction activities, please visit Kinder Morgan's Trans Mountain Expansion Project website.

The Vancouver Fraser Port Authority is responsible for the stewardship of federal port lands in and around Vancouver. Like all Canada Port Authorities, our port authority is established by the Government of Canada pursuant to the [Canada Marine Act](#), and is accountable to the federal minister of transport. Our mandate is to facilitate Canada's trade objectives, ensuring goods are moved safely, while protecting the environment and considering local communities.

Thank-you,
Terry

I believe Oct 1 is 11am (but perhaps I should try to arrange a private tour for Bruce shortly before) and the Dec 8 event will either be in the 9am-noon range or the 1pm-4pm range. They intend for it to be in time for the media to pick up for that evening, but the launch event is contingent on the tides so they are not sure yet. I will let Seaspan know to prepare for the Minister on both days.

Hello Kathie,

I've contacted Seaspan and they would really like Minister Ralston for their ship launch on December 8 (it will be a national media event) and are concerned that if he attends on October 1st (more casual community event) that he will not be able to attend on December 8.

I just chatted with Bruce about it and he says he'd like to attend both if he can. He would like to learn more about Seaspan on October 1st and attend on December 8th if he is able. He asked me to send this to you to have you take a look at his calendar.

Kathie,

I've been invited to attend and speak at the Seaspan Ship Unveiling ceremony on October 1 and given the size and scope of the event (2000 attendees expected over the course of the day and a media unveiling at 11am) I wanted to run the event by you to see if Minister Ralston would like to take the lead on the remarks.

Seaspan was the winning proponent for the non-military component of the National Shipbuilding Strategy funding provided by the feds and basically establishes a shipbuilding industry here in BC. Give the party's own efforts in the past to establish a

shipbuilding industry here in BC, I believe this is a significant event that the province will want to support.

Hey,

I spoke to Nicholas on the phone a little while ago and got some more information about Seaspan's open house on the 1st. The welcome/ship unveiling part of the program is at 11am and you are invited to make a 3-5 min speech.

The event is quite a bit bigger than I had anticipated (they're expecting over 2,000 people over the course of the day), and they have media covering the 11am unveiling. With that in mind I'm thinking we should probably run it by someone considering it'll be national news. Any idea who is the best person for that?

Also, I'm guessing he already received an invite but should we touch base with Minister Ralston on this?

Would you have any concerns if we were to tweet Ms. Ma's participation next week? It would be something along the lines of:

Just let us know if that's something you're comfortable with and the appropriate handle to use.

Good morning Mr. Naicker,

Our office was recently advised of an upcoming visit on October 4th to British Columbia by the Hon. Voreqe "Frank" Bainimarama, Prime Minister of Fiji. If this is correct, we would strongly encourage the High Commission in Washington D.C. to inform Global Affairs Canada (Office of Protocol) so the appropriate courtesies and privileges are extended to the Prime Minister as Head of Government. Our office would then also be in a position to provide support to yourself and the High Commission to coordinate meetings with B.C. Government officials, subject to availability.

Minister Bruce Ralston would like to meet with the Prime Minister when he is here, however it is a scheduled legislative session day and as such the meeting would need to take place in Victoria.

Please let me know of any further information you have regarding the Prime Minister's visit.

Thank you.

Following the meeting with the delegation on Monday morning, they group have requested a photo with the Premier and Minister Ralston. They have their own photographer, and I have suggested the photo take place on the second floor rotunda outside the chamber doors. They are very happy with that location. Can you update the Minister's calendar to include this?

I will also notify our photog folks in case they would like to snap a few pictures as well.

Hello,

I have received 3 out of the 4 OICs back signed. It looks like Minister Ralston may have signed the 4th one but it has been held up in syncing. It is the CFD OIC. I have removed the others and added one

more staffing that just can in. If he has another opportunity to sign today, that would be greatly appreciated.

Lucy,

Thanks for reaching out.

Our Embassy should now have been in touch with you to discuss the details of the trip.

We had left Wednesday morning open as we would very much like to fly PM Bainimarama to Victoria to visit with Premier John Horgan, MLA Bruce Ralston and the others.

I know that MLA Ralston was trying to put this together.

If you can confirm then I will advise the PM's office.

Notice: This email was received from an external source.

Good morning Mr. Naicker,

Our office was recently advised of an upcoming visit on October 4th to British Columbia by the Hon. Voreqe "Frank" Bainimarama, Prime Minister of Fiji. If this is correct, we would strongly encourage the High Commission in Washington D.C. to inform Global Affairs Canada (Office of Protocol) so the appropriate courtesies and privileges are extended to the Prime Minister as Head of Government. Our office would then also be in a position to provide support to yourself and the High Commission to coordinate meetings with B.C. Government officials, subject to availability.

Minister Bruce Ralston would like to meet with the Prime Minister when he is here, however it is a scheduled legislative session day and as such the meeting would need to take place in Victoria.

Please let me know of any further information you have regarding the Prime Minister's visit.

Thank you.

I believe Oct 1 is 11am (but perhaps I should try to arrange a private tour for Bruce shortly before) and the Dec 8 event will either be in the 9am-noon range or the 1pm-4pm range. They intend for it to be in time for the media to pick up for that evening, but the launch event is contingent on the tides so they are not sure yet. I will let Seaspan know to prepare for the Minister on both days.

Hello Kathie,

I've contacted Seaspan and they would really like Minister Ralston for their ship launch on December 8 (it will be a national media event) and are concerned that if he attends on October 1st (more casual community event) that he will not be able to attend on December 8.

I just chatted with Bruce about it and he says he'd like to attend both if he can. He would like to learn more about Seaspan on October 1st and attend on December 8th if he is able. He asked me to send this to you to have you take a look at his calendar.

Kathie,

I've been invited to attend and speak at the Seaspan Ship Unveiling ceremony on October 1 and given the size and scope of the event (2000 attendees expected over the course of the day and a media unveiling at 11am) I wanted to run the event by you to see if Minister Ralston would like to take the lead on the remarks.

Seaspan was the winning proponent for the non-military component of the National Shipbuilding Strategy funding provided by the feds and basically establishes a shipbuilding industry here in BC. Give the party's own efforts in the past to establish a

shipbuilding industry here in BC, I believe this is a significant event that the province will want to support.

Hey,

I spoke to Nicholas on the phone a little while ago and got some more information about Seaspan's open house on the 1st. The welcome/ship unveiling part of the program is at 11am and you are invited to make a 3-5 min speech.

The event is quite a bit bigger than I had anticipated (they're expecting over 2,000 people over the course of the day), and they have media covering the 11am unveiling. With that in mind I'm thinking we should probably run it by someone considering it'll be national news. Any idea who is the best person for that?

Also, I'm guessing he already received an invite but should we touch base with Minister Ralston on this?

Mack,

Forgot to mention this, but we have also tweeted about the event via @Seaspan

Would you have any concerns if we were to tweet Ms. Ma's participation next week? It would be something along the lines of:

- 1) Our #NSS work is great for BC – glad to have (insert twitter handle for Bowinn Ma), our North Vancouver MLA, joining us for our Open House!

Just let us know if that's something you're comfortable with and the appropriate handle to use.

Thanks,

Dear Ann/Raj/Katrine,
Thank you all for coming to QE Theater
today. As what I have told you, delegates from
our headquarter in Taiwan will visit Vancouver

from Oct. 13 to Oct 17th. The delegates are the CEO of Tzu Chi Education Foundation, PhD. Tsai, Ping-Kun and Chair of School of Postgraduate Chinese Medicine, Dr. I-Hsin Lin, Mrs. Tsai and secretary. I have arranged the meetings for them to meet with Dean of Faculty of Health Science of SFU, our own TCM college and student clinic and Dean of Faculty of Arts of UBC. I wish I could arrange a trip for the delegates to visit Parliament Building in Victoria on Oct. 17th (Tuesday) to meet with Premiere and some Ministers, such as Minister of Health, Adv. Education, etc. If they can be introduced in the Question period, that will be great. Please help me to confirm whether this arrangement is possible or not because I need to confirm their schedule in evening of Oct. 16th if it is necessary to have them to stay one night in Victoria on Oct. 16th.

Please give me a reply at your earliest convenience because I have to book the hotel this week.

Thank you again for your great help.

Best regards,

Tom

Hello Minister,

Just a reminder that the Seaspan event is tomorrow. Below is a schedule of how things should play out:

For awareness: 10:00am – event opens to the public
10:30am – speakers arrive and are welcomed at 50 Pemberton Avenue
10:40am – speakers are briefed on the event
10:55am – speaking portion of event
11:20am – ship is unveiled; pictures are taken of the speaking party at the bow of OFSV1
11:30am – tour of yard for dignitaries (this will include any elected officials and FN leaders in attendance)
12:00noon – formal portion of event closes and dignitaries depart at their leisure
For awareness 1:00pm – event closes to the public

We should be there by 10:30, so I'm happy to meet you at the Starbucks in Capilano Mall just up the street around 10, or at the event location, whichever you'd prefer.

You have the speaking notes with you, but I'll bring a copy too just in case.

See you tomorrow,
Meghan

Dear Mr. Bruce Ralston and Mr. Fazil Mihlar,

Hope the email finds you well.

I am writing on behalf of Union Mobile Financial Technology (Canada) Corporation. The board of the company was shocked by the news of canceling the International Business Activity (IBA) Program, as that was one of the major reasons driving us to set up a subsidiary in Vancouver, Canada. The following are our company's brief introduction and negative impact of cancelling IBA program on our business in Canada.

UMF:

Founded in 2003 by China Mobile and China Union Pay, Union Mobile Financial Technology (UMF) is the leading financial technology company in China, providing the Fin-tech services such as third-party payment, financial information, business marketing, big data and cross-border payment for 800,000 SMEs and 480 million individual users all over the world. The company transacted over \$130 Billion (USD) last year. In 2015, UMF set up an US subsidiary at San Francisco, and this year, the Canadian subsidiary was formally established in Vancouver with the support from Advantage BC. Our international subsidiaries play a significant role of providing our customers with fast, reliable, and convenient cross-border payments services.

The attraction of IBA Program:

The cancellation of IBA program has a huge negative impact on our business. The IBA program and the mission of building Vancouver as one of largest International Financial Center were the main reasons for us to make the decision of settling our Canadian

subsidiary in Vancouver. To build an overseas RMB settlement center for our cross-border payment business is the main business for our Canadian subsidiary. Through IBA program, the company can retain more profit from the RMB settlement center, and the direct economic impact on local community is that we will create more job opportunities for BC because we need to hire local traders, compliance officers, engineers, business development and management team. Furthermore, we also planned to build a R&D center for our international business in Vancouver, which will also bring benefit for local economic. However, the cancelation of IBA program may stop us from proceeding those actives and force us to think twice about the reason of setting up the subsidiary in Vancouver.

We wish British Columbia has a prosperous economy in the future and still positions Vancouver as an International Financial Hub, therefore we hope you can reconsider about the decision of cancelling the IBA program.

Should you would like to learn more about our business, please do not hesitate to contact me. Thank you.

Best Regards,

Carrie Li | 李慧敏

Unfortunately they have told us there is no teleprompter available so we'll have to work off of a script. I know that's far less than ideal. But we do have about 30 minutes to film so we can do a few run throughs.

We'll probably have to cut some, and they can edit as well.

Let me see how it goes I presumed a certain basic competence but with that crowd it's uncertain
If it's no good I won't consent to release
It's hardly an unknown problem

Unfortunately they have told us there is no teleprompter available so we'll have to work off of a script. I know that's far less than ideal. But we do have about 30 minutes to film so we can do a few run throughs.

We'll probably have to cut some, and they can edit as well.

His schedule is jam packed, but I'm
hoping we can coordinate something.

Hi Amanda,

I see from my calendar that you have booked the flight for me. Thanks. However, in view of the flight departure time, I will take the coach bus to Vancouver instead. Does Greyhound still run on this route, for the 9pm ferry?

Hi Jacqueline,

I think the printer should be able to use Hon. , rather than Honourable. Former member Suzanne Anton use it in order to accommodate her QC title. Also the logo can also be moved as some MLAs have their cards that way. Plse provide proof for my review.

Thanks.

Not sure if the logo would be able to be moved or title shortened as Queen's Printer would have them on a standard format.

Hi Minister Chow,

As discussed yesterday, I've touched base with Andy Cheung of AM 1320 re-your interview tomorrow.

Andy confirmed that the main topic will be on the budget but you're free to talk about any issues you like such as your portfolio in international trade. He will raise the topic of yet-to-be fulfilled election promises and he, being a father of a four-year-old, is particular interested in the \$10/day child care issue. Others like the acute care tower in Richmond Hospital may also come up.

As you have indicated (through Lele ?) that you may have to leave early, he will try to move all the mid-autumn festival commercials to the end of the hour so that you can have as much time as possible. And if there are calls from listeners that come after you have departed and you hear them from your car radio, you are welcome to call up the program 604-263 1320 to respond. (Just remember to pull over and park your car before calling.)

Andy apologized for the state of the station as tomorrow is the last day it will broadcast from this location and they will be moving to Richmond. He invited me to drop by tomorrow to say goodbye to this place where I used to work back in 2012 so I will meet you at the front of the building on Hudson at 11 am. There is no need to arrive early as he is the only one there to open the door to let us in and he won't be free until 11.

As discussed, I'm in the process of collecting all relevant recent articles in the Ming Pao and Sing Tao that may contain issues that could come up during the interview and you should have them this afternoon.

Cheers.

Joseph

Hi Minister,

I wasn't aware of how you received your laptop. I would think that if you keep it, it will be billed to the MO but later reconciled to the coding for your budget once you have an expense authority. Since it's currently billed to CITZ, I wouldn't know the cost.

I'm unsure what sort of laptop you have but it sounds like a used one. You may want the MO to order you a new one since there are lighter options available considering you are travelling with so many devices.

Perhaps, Kathie could shed more light on getting a Minister a new device? Otherwise David Henry could also advise. He's based in Victoria and part of the VIP tech team for you. I'm pretty sure he didn't know that a Minister was using one of these devices as all the transition devices I saw in Vancouver were deployed to various staff.

Let me know if you want me to contact David for you?

Monica.

Subject: Password and GAL Manager: Setting Up Your Security Profile

Keeping your information secure is a high priority for government. Using the web-based Password and GAL Manager application (accessible from <https://77000.gov.bc.ca>) to reset your IDIR password eliminates the need to verbally share confidential information, such as your password.

(Note: You may be receiving this as a reminder if our records indicate that you have not set up your security profile.)

From this application, you can also manage some of your Global Address List (GAL) information. The GAL is a directory in the Government's Exchange e-mail system and contains information such as your business address and telephone numbers. You can see your entry by clicking on the address book icon in Outlook and typing in your name (lastname, firstname).

To get started, you need to set up your security profile:
Use Internet Explorer to log on to the Workstation Services website at <https://77000.gov.bc.ca>.
You will need to enter your IDIR and password.
After logging on to the site, set up your security profile:

1. Click "Update GAL Info" on the left side of the Welcome Page

2. Read the statement on the privacy page.

- If you choose "Decline", you will be returned to the Welcome page and you will not be able to manage your GAL information. You may come back at any time to accept the statement.
- If you choose "Accept", you will proceed to "Update GAL Info and Set Up Security Profile."

3. Answer a short series of questions to complete your profile.

(Note: You will need to remember the answers to these security questions.)

Service Desk personnel are NOT able to read your security data, and the storage of this information is highly secure.

By setting up your security profile as soon as possible, you will avoid follow-up reminders.

Once you have set up your security profile, you can:

1. Change your IDIR password.
2. Update your contact information in the Global Address List (GAL).

If you need help setting up your profile, please contact the 7-7000 Service Desk at (250) 387-7000.

Subject: meeting request from Bank of China

Dear Honorable George Chow ,

My name is Jennifer Guo and I am in charge of the overall operation of Bank of China in Vancouver. I get your contact email from Katrina Chen, Minister of Children Care. Nice to e-meet you😊

I am writing to officially request a meeting with you and your colleagues at any time convenient for you in order to present our bank and what we have been doing over the past 20 years in BC and of course seek your support in our future endeavor. Please kindly indicate your time availability and I am happy to pay a visit.

I will be in Victoria next week for BC 2017 Budget Update Dinner and we can either meet there or in Vancouver.

Thank you and best regards,

Jennifer Guo

I'm pretty sure he didn't know that a Minister was using one of these devices as all the transition devices I saw in Vancouver were deployed to various staff.

Hi Monica,

Do you know of this issue? I assume the transition laptop mentioned is the GOV laptop that I got from David Henry's dept. How much is being charged to the branch, which I assume is the JTT ministry.

Thanks.

Good afternoon,

Records show you are using a Transition laptop from 553 Superior. These devices are currently being billed to Citizen Services ministry.

At this time there are **2 options:**

- Keep the device and the monthly billing will be transferred to your branch

OR

- Return the device with any accessories (mouse, laptop bag etc.)

There is an urgent need for computers with the current fiscal status in the BC Government, so if you would please advise as soon as possible on if you are planning to keep or return?

Many thanks for your attention to this.

Hi Minister Chow,

I wanted to check if you responded back to Amanda about this one yet? I noticed that the events for Sep 11 were not in your calendar so I have inputted them in. However, we wanted to check if you had any guests attending since you only have until September 5th to request.

For your information, I also secured you flights to get there and back on Harbour Air (Helijet departing Vancouver was already sold out). If you think you might have family or guests travelling with you and you prefer to travel with them, please let Amanda (or Lorna) know so that we can update your travel.

Monica.

Hi Minister,

Please let me know if you would like to reserve 2 guest tickets for **Budget Day on September 11th**. I will advise Finance's MO of your confirmed guest names once you have provided.

Thank you,

Subject: Budget Day MLA Invites (Not Throne Speech)

****Note this is a call for Budget Update Day guests (not Throne Speech guests or Budget Lock up Guests)****

Good afternoon,

Government MLAs/Ministers have been allotted 2 seats each for personal guests **to sit in the House** on Budget Update Day, **September 11, 2017**.

Please provide the names of the 2 guests that your Member/Minister has **confirmed as attending** (you will invite them and once they have confirmed you can advise me of the names of your Member's guests). Seats are assigned by name and "no shows" can generate a real challenge on Budget Day so again, please ensure your guest has confirmed their attendance before sending me their names. Please submit your names no later than September 5th to Yvette.Marquis@gov.bc.ca. If your Member is not inviting anyone please also let me know.

The assigned House tickets will be available for pick up by the guest beginning at 11AM on Budget Day in the Rattenbury Room (139). For security reasons, the building will be on lockdown. Please advise your guests that they should enter through the front main doors of the Buildings. If their name is not on the guest list, security will not let them in.

Guests must pick up their tickets by 1PM at the latest and be seated before Question Period which starts at 1:30PM. Late arrivals cannot be guaranteed seats.

Budget summary packages will be available in the Rattenbury Room after the Budget Update Speech is delivered up until 4PM.

Please let us know if a guest has special needs that should be noted so that seating arrangements can be made accordingly.

Thank you.

George, Don Wright has asked me to get feedback on the Chinese Legacy Book, which is a project former Minister Teresa Wat set in motion but has not been completed. We'd like you to review the draft with a view to getting your advice on next steps. Don is pulling together more information on the commitments that were made. Obviously, if the book seems complete and ready to go, we would finish the work, but would like you to check it out. Tamarra can provide you with the draft and related material.
