Request

Would like to interview the Minister about the following:

The United States has asked the World Trade Organization to establish a dispute settlement panel over what it says are unfair regulations on the sale of wine in British Columbia grocery stores. The U.S. trade representative's office claims provincial regulations discriminate against American and other imported wines, by allowing only B.C. wines to be sold on grocery store shelves. U.S. trade ambassador Robert Lighthizer says in a news release that Canada is an important market for U.S. winemakers and the discriminatory regulations implemented by B.C. are unacceptable. The U.S. says the provincial regulations appear to breach Canada's World Trade Organization commitments and have adversely affected U.S. wine producers. The office of the trade representative says U.S. wine exports to B.C. last year totalled \$56 million, a 10 per cent share of the market.

Hi Amanda,

We've just heard that Dr. Peter Zandstra, the newly appointed head of UBC's new School of Biomedical Engineering, and Director of the Michael Smith Laboratories is available to meet with the Minister from 1:15-2:15 on Friday.

Dr. Zandstra will be able to give a short presentation on Biomedical Engineering at UBC, and then hopefully take the Minister on a lab tour which will include meeting some students. Biomedical engineering is one of the fastest growing fields of study in North America - fostering innovations in interdisciplinary education, research and entrepreneurship – and you can read a bit more about Dr. Zandstra [here](#).

Someone from our team will accompany the Minister and his staff between meetings on Friday, so you won't need to worry about directions etc.

Let me know if you have any concerns, otherwise we'll press ahead with organizing this.

Best wishes,

Ruth

We currently have the following meetings already confirmed:

11:00AM - Vice Provost International, Murali Chandrasheharan
12:00PM - UBC VP Research and Innovation, Gail Murphy, and Dean of Medicine, Dermot Kelleher (Working lunch)
1:15PM(or 1:30PM) - TBC

Hi Amanda,

Yes, I can confirm 12:00 – 1:00pm on May 25th.

The meeting will take place in Gail's office (Old Administration Building [OAB], Suite 103 on the main floor, 6328 Memorial Road). We can make this a working lunch, unless you'd prefer otherwise.

Attending from UBC will be:

- Dr. Gail Murphy, VP Research & Innovation
- Dr. Dermot Kelleher, Dean of Medicine (still confirming his availability – I'll let you know)
- Mr. Adriaan de Jager, Associate VP, Government Relations and Community Engagement

For the agenda, we propose that Gail and the Minister meet for the first half hour to discuss Innovate BC and UBC's innovation strategy, and for the last half hour Dr. Kelleher will join to update the Minister on the impacts and future directions of UBC health research and innovation, and to discuss the Minister's views and priorities with regard to the tech economy and BC's life sciences industries.

We've also been in touch with FII and UBC's infrastructure development office regarding the Minister's visit to UBC's Tall Wood residence, and 1:15pm – 2:15pm would work best for this visit. Please let me know if you're able to confirm that.

I'm happy to supply directions and parking instructions and arrange to have the Minister greeted upon his arrival, depending on how he will be arriving.

Hi Amanda,

Apologies for the delayed response. I have been trying to sort out schedules on our side, but will definitely want to arrange a meeting during that block on May 25th.

In addition to a sit-down meeting with Gail and Dermott, we could arrange other activities (lab visit[s], meetings etc) here on campus if the Minister is interested and available. I gather that he is meeting with our Dean of Forestry at 9:30, but after that we would be happy to put together an itinerary for the time the Minister is available.

Please let me know if this is of interest.

Monica,

On June 12 the Minister will be in Kelowna for the BC Economic Development Summit. He will be part of the program in the evening, but is free before then.

I am hoping the Ministry could recommend some site visits he could make, or any people you think he should meet. He's particularly interested in learning more about the manufacturing and aerospace sector in Kelowna. I understand that UBC Okanagan has an Innovation Precinct that will include a Learning Factory for Advanced Composites – and I know the Minister would be interested in learning more about that. I'm hoping the team could help me identify the most relevant person for him to meet on that topic, and any other sites / people that he could meet with during his day.

Topic: #BCTECH Summit

Background: Would like MBR on the program to be interviewed by Gloria Macarenko at 4:50pm Wed. May 16 for 7-10 minutes to talk about the BC Tech Summit and what the BC gov't is doing to support the growth of tech and innovation in the province.

Questions: What is the BC gov't is doing to support the growth of tech and innovation in the province? Would also like to hear from minister how the tech sector will be able to attract talent given the housing crisis. Will our burgeoning tech sector drive prices higher?

Recommended Response:

#BCTECH Summit

- The 2018 BC Tech Summit is raising the profile of British Columbia as the top place in Canada to explore, build and invest in technology.
- During the summit, I had the opportunity to meet with representatives from the tech sector to discuss the challenges they face and how my government can best support their growth.
- I also got to see demonstrations of tech and innovation being developed in B.C. first-hand, from companies like A.Y. Technologies, Vanbex and Mobile Reality, and from post-secondary institutions such as UNBC and University of the Fraser Valley. [Minister, please feel free to use different examples]

- At the summit, Premier John Horgan announced that our province is investing in education, infrastructure and programs that will train and develop tech talent, support research and innovation, and help build a strong, sustainable economy that works for people.
- To develop talent, we are investing in graduate scholarships, scholarships for women in tech, co-op education and entrepreneurship training.
- These investments will help us attract and retain the best grad students, inspire a new generation of women to participate in science and tech-based professions, and provide students with hands-on experience to become job-ready.
- We are also investing in research to develop B.C.'s expertise and innovation, making it easier for tech companies to recruit top international talent, and supporting our thriving interactive AR/VR sector.

Other Investments in B.C.'s tech sector

- We have prioritized supporting B.C.'s thriving technology and innovation sector by announcing a number of initiatives to advance tech and innovation since taking office.
- We are expanding technology and engineering post-secondary programs by adding 2,900 more seats by 2023 to ensure a steady supply of skilled professionals to meet the sector's labour demands.
- We've partnered with the federal government to provide B.C. biotechnology company STEMCELL Technologies with \$45 million to create up to 2,170 B.C. jobs by 2031 and build a state-of-the-art manufacturing facility in Burnaby.
- We appointed Alan Winter as B.C.'s first innovation commissioner to be an advocate for our tech and innovation sector in Ottawa, the Cascadia Innovation Corridor and abroad.
- We have expanded the mandate of our Crown agency, BCIC and renamed it Innovate BC, and appointed a new board of directors who can bring expert regional insight into the sector's needs.
- We have contributed \$300,000 toward an in-depth study, to be conducted by the State of Washington, into the feasibility of an ultra-high-speed corridor between Vancouver, Seattle, Portland and beyond.
- Since January 2018, \$83 million in funding from federal, provincial and local partners has been announced to improve connectivity for coastal and rural areas, which is expected to benefit an estimated 187 communities — including 69 Indigenous communities.

Tech talent and housing

- One of my goals as Minister, is growing B.C.'s tech sector by removing barriers to attracting skilled workers.
- By working closely with the tech sector, my ministry has identified housing affordability as a top concern when retaining and attracting talent here in British Columbia.
- Budget 2018 introduced a 30-point housing plan – the biggest commitment to housing in our province's history – which will benefit people provincially.
- The plan includes building more than 14-thousand rental units to help address B.C.'s historically low vacancy rates and high home prices.
- We are also working with post-secondary institutions to deliver 5-thousand new student housing spaces to support future tech talent.
- We are enhancing and extending the Provincial Nominee Program Tech Pilot by another year to make it easier for tech companies to recruit top international talent.
- People immigrating to B.C. through the Provincial Nominee Program are exempt from B.C.'s foreign property transfer tax.

Will Amazon's expansion serve to take workers away from other B.C. tech firms?

- We are working with the tech sector, schools and post-secondary institutions to train more students to deepen B.C.'s talent pool.
- At the secondary-school level, our government is committed to providing students the supports they need to learn the basics of coding.

- We are investing \$22.6 million to expand co-op education, entrepreneurship training and scholarships so that a new generation can find careers in our tech and innovation sector.
- We are expanding technology and engineering post-secondary programs by adding 2,900 more seats by 2023 to provide our robust tech sector with additional tech talent to ensure a steady supply of skilled professionals meet labour demands.
- By extending the PNP Tech Pilot, we are continuing to fast-track highly skilled workers immigrating to B.C. to fill the most in-demand tech occupations sought by B.C. companies.

The B.C. Advantage

- B.C. is an attractive place to live and invest. Our province has worldwide appeal and the three T's – talent, taxes and time zone – which give us an advantage over other jurisdictions.
- B.C. has affordable health care, tax rates and one of the lowest personal income taxes in Canada.

Hey JM,

I'd love to get both of these tweets out, with approval from the Minister. I'd like to tweet the first one first, The the second later this afternoon, as the summit closes.

I have a bunch of photos to use as well but I don't want to attach them all here. First tweet will go with photos from the speech, second with photos from MBR walking around the marketplace and the round table.

1. Today @jjhorgan announced investments in education, infrastructure and programs to train and develop tech talent, support research and innovation and build a diverse and sustainable economy that makes BC the envy of the world. #BCtech is at the heart of this vision.

2. Two whirlwind days at the #BCtechsummit and I'm more excited than ever about how tech is transforming every sector of our economy. Our success comes from the ideas, innovation & inspiration of the people who call BC home and I enjoyed meeting so many of you this week!

Arthi,

On Friday, May 4th Minister Ralston was in Ottawa where he met with John Manley, President and CEO of the Business Council of Canada.

Could you prepare a very short thank-you note for the Minister's signature.

IT should say it was a pleasure to meet him, and thank him for making time for a cordial and constructive conversation about investment in BC and Canada.

He hopes that when Mr. Manley is next in British Columbia, they can continue the conversation, and that Mr. Manley will not hesitate to be in touch with his office?

The note can be very short. If you could get me a digital copy by tomorrow, I can print it here on letterhead, get the Minister's signature, and return to you for sending.

Call me if you need any more info!

Logistics: We can add additional activities from 1:00-2:30PM or have Brock Commons tour during that time.

- The Brock Commons time is not firm (room to move)
- Gail Murphy (is available between 12:00-1:30PM only)
- Dr. John Innes (is available at 2:30PM)

Hi Amanda,

Apologies for the delayed response. I have been trying to sort out schedules on our side, but will definitely want to arrange a meeting during that block on May 25th.

In addition to a sit-down meeting with Gail and Dermott, we could arrange other activities (lab visit[s], meetings etc) here on campus if the Minister is interested and available. I gather that he is meeting with our Dean of Forestry at 9:30, but after that we would be happy to put together an itinerary for the time the Minister is available.

Please let me know if this is of interest.

Subject: Meeting request / Johnson & Johnson

Hi JM,

The Johnson & Johnson (“J&J”) Family of Companies is comprised of Janssen Biotech, J&J Medical Products, J&J Consumer Products, and LifeScan, and represents an important part of B.C.’s innovation economy. J&J prides itself on nurturing innovation in British Columbia, investing in B.C.-based research and local companies that employ highly-skilled workers, supporting B.C.’s academic and research institutions, and improving health and quality of life in B.C.

The recent decision to rename the *BC Innovation Council* to *Innovate BC* and expand the crown agency’s mandate demonstrates the government’s renewed commitment to supporting innovation, including within the province’s ever-growing life sciences sector. J&J shares a similar vision, and is interested in meeting with Minister Ralston with the goal to offer insights on where gaps and opportunities to innovate within B.C.’s healthcare sector still exist, and to discuss ways J&J, *Innovate BC* and government can work together to advance innovation while supporting the government’s efforts to improve the province’s overall healthcare system.

Representing J&J would be members of our B.C. team, including Dr. Jennifer Hamilton, J&J’s well-regarded national innovation expert based in Vancouver and New Ventures lead for J&J Innovation Canada. Dr. Hamilton has insights into trends and advancements in B.C. health sector innovation, R&D investment opportunities, and J&J’s approaches to innovation in other jurisdictions globally.

J&J looks forward to engaging with your government. Please let us know of potential dates in mid- to late-May or June in Victoria or in the Lower Mainland that would work best for Minister Ralston.

Thank you for your consideration.

Best regards,

Jeffrey Ferrier

Hello Jacqueline,

The response is for all records so the emails we discussed would be included in the request. If there are duplicates those don't have to be sent and also email strings can be taken out.

s.22 Do you have an estimate on the time it will take to prepare the records?

Thank you,
Heather

Subject: Request from TECO in Canada (Ottawa)

Dear Jacqueline,

I hope this note finds you well. I got your contact through my colleague, Vivian Su at TECO, Vancouver. Kindly please allow me to request a favor from you if it wouldn't bother during your busy schedule.

Background:

My Executive Director of Economic Division, Mr. James Chang has met Minister Hon. George Chow at a luncheon hosted by TECO during the visit of our Vice-Minister of Economic Affairs, Ms. M. H. Wang. During the luncheon, Hon. Chow has mentioned to Ms. Wang and Mr. Chang to work together on the promotion of industrial and hi-tech ties between BC and Taiwan.

Mission:

Mr. Chang will be travelling to Vancouver next week paying visits to some Canadian hi-tech companies at Vancouver. We just got informed of a BC Tech Summit organized by BC government & BCIC between May 14~16. By this visit to Vancouver, we would really like to attend this Summit and seek more opportunities for potential Hi-Tech cooperation. I

am wondering if you might have chance getting free admission for this particular event. I would be most grateful if it might be possible for Mr. Chang and his colleagues to have opportunity attending this Summit.

Please excuse me for such a short notice and any inconvenience it might cause you.

Thank you and please advise if it is fine with you.

Best regards,

Arthur Chen

Dear Mr. Minister:

Attached is a letter to you requesting a Greeting Letter for "Canada Pavilion at

BRIFE 2018".

The 1st Belt & Road International Food Expo (BRIFE 2018) will open on June 27-29, 2018 at AsiaWorld-Expo, Hong Kong. A must is Canada's presence in such an important trade show comprising of hundreds of exhibitors from 35 countries and regions, and attracting thousands of trade buyers from more than 60 countries and regions along the Belt & Road. It is an excellent platform to promote Canadian agrifood, investment and professional service exports.

Wow! Located right at the main entrance and attracting thousands of trade buyers' eyes, the Canada Pavilion will be a shining star at BRIFE 2018 (see attached floor plan and invitation).

NAIA has been well known for promoting two-way trade and investment activities between North America and Asia, especially between Canada and China. It is not an easy job to organize a Canada Pavilion without any government funding. But, no mission is impossible for North America Investment Association (NAIA)! After the success of organizing a Canada Pavilion in the HKTDC Food Expo 2017 last year, NAIA has successfully organized the 8 booth 13 exhibitor Canada Pavilion at BRIFE 2018 in Hong Kong to showcase Canadian quality wines, agri-food and seafood products. We are proud that we can do it.

To further let Canadian exhibitors stand out, we will publish a publication called 'Canada Pavilion at BRIFE 2018 and NAIA 12th Anniversary Year Book'. We would like you to provide us a Letter of Greeting together with your Photograph for this before June 14, 2018. If you have any questions, you can reach me at 604-279-1812, or email(info@naiacanada.com or yihuang138@hotmail.com).

We look forward to receive your greeting letter soon.

Hello Jacqueline,

Thank you for this! I will speak with MLA Fraser and see if we are able to attend.

I noted you have a half an hour lunch booked for s.15, while a great restaurant, you usually are unable to get in and out within an hour.

I would be happy to make another suggestion if you need to stick to the 30 minute lunch time.

Cheers,

Thank you for reaching out. Minister Chow will be in Port Alberni briefly on June 11th, but unfortunately his schedule is already completely booked.

While we won't be able to connect in Port Alberni, he'd be happy to meet Huu-ay-aht First Nations and Steelhead LNG in Vancouver sometime in the summer.

Let me know if that's something you're interested in and I can help to set up a meeting.

Subject: Port Alberni - Kwispaa LNG

Hi Jacqueline,

It was nice to meet you a few weeks ago at Minister Ralston's office. We have heard that Minister Chow will be in Port Alberni on June 10th. We were wondering if there would be time for Huu-ay-aht First Nations and Steelhead LNG to briefly chat about our Kwispaa LNG project.

Thank you,

Hi Jacqueline,

Central FOI has confirmed with the applicant that March 9 is the correct date. I've provided the revised wording below.

Regarding the **March 9, 2018** meeting that involved Minister Ralston and Minister of State Chow with Chak Au: the agenda and minutes of the meeting, briefing notes, presentations, and handwritten notes from the meeting, and correspondence about the scheduling of the meeting and follow-up correspondence from the meeting.

Cc'ng DMO for awareness.

Thank you,

Hi Meghan,

I am preparing an Information note for the Deputy Minister in preparation of the release of the 2017/18 Public Accounts for travel >\$5k. I have to summarize the reasons for travel for each traveller that fits into that category.

One employee I cannot find any information on is Kathleen Currie. She had travel last fiscal but there are no details on her iExpenses itemizing the reason for travel. Do you know anything about her travel? The reason I've come to you is because your name is attached to one of her travel transactions. Otherwise I don't know who else would know this info.

I can send more information on what I need but first I thought I'd check if you're able to help

Dear Amanda,

I would like to introduce myself, as I have recently joined Biogen Canada in the role of government and stakeholder relations in western Canada. Biogen is a leading bio-pharmaceutical company that specializes in the area of neuroscience disease and rare diseases.

I understand that Minister Ralston will be attending the BIO International conference in Boston next month. I wanted to extend an invitation to the Minister as Biogen Canada's President and Managing Director, Marina Vasiliou will be attending the conference. If the Minister's schedule permits, I would like to propose a meeting with Biogen Canada's senior executives, in order to discuss areas of collaboration such as: clinical trials investment in British Columbia, research collaborations, and other investments into the province of British Columbia.

Please let me know if there may be an opportunity to connect Biogen Canada with Minister Ralston in Boston.

Another update. I've just learned that IAMI's federal funding through the New Building Canada Fund administered by Infrastructure Canada has been approved internally and we should get Ministerial sign-off within 5 business days for the Approval-in-Principal which will allow us to get underway.

This is good news; we're eager to get started!

I'll be in touch in the coming days once the official documentation is in hand.

Hi Meghan,

An update on IAMI's federal approval status –

The project went to the New Building Canada Project Review Panel this morning, but due to some incorrect paperwork filed by Infrastructure Canada, the required approval-in-principal decision was pushed to next week.

Of course, TRIUMF is disappointed with this news, but we're working closely with Infrastructure Canada's staff to ensure that they have all the answers they need to secure a positive outcome next week.

I will keep you updated and thank you for your patience.

Hello JM & Meghan,

I am reaching out today to inquire about scheduling time with folks from your ministry for leadership from the BCIT Faculty & Staff Association. We are planning on being in Victoria on Wednesday, May 30th and would really appreciate some time with DM Mihlar and any other staff your Ministry might think appropriate. Naturally we would also love to meet with Minister Ralston but appreciate that his time is very limited.

This meeting would be to share some of the key issues facing our members and also to hear from you what is important in your ministry's work as it pertains to the 1600 workers we represent.

I look forward to hearing from you.

Hello Meghan

Thank you for making some time available. I really appreciate it.
The 2:30 – 3 pm appointment on May 29th should work very well.

Sarah who is copied will check with our Coalition for Music Education folks to see if one of them can also join us if that's alright. And we'll get back to you.

I look forward to our meeting!

Amy

Hi Amy,

Thanks so much for reaching out. I can definitely make time to meet with you on the week of the 28th.

I have some availability on:

Tuesday, May 29th 2:30-3:00pm
Wednesday, May 30th 3:00-3:30pm

Please let me know if one of these opportunities would work for you.

Best regards,
Meghan

Hello Ms. Sali,

My name is Amy Terrill and I am the Executive Vice President with Music Canada. I will be coming to Victoria on the week of May 28th and would appreciate an opportunity to meet with you to introduce myself and discuss a comprehensive Music Education Strategy that we are collaboratively working with key stakeholders in the province. The Music Education Strategy includes significant innovative technology applications for music education that have a lot of opportunity of engaging beyond the traditional school system. It would be terrific to get a chance to connect with you on this initiative and discuss how it relates to the technology education priorities in your Ministry.

For this discussion I would appreciate an opportunity to include a representative from the Coalition of Music Education in BC.

Please let me know if this will be possible, I have asked Katie Shaw from Global Public Affairs to help me coordinate my schedule for the trip.

I look forward to hearing back from you.

All the best,
Amy

Subject: Meeting with Alan Shaver

Hi Amanda,

Can you please find a time to set up a meeting between Minister Ralston and Dr. Alan Shaver, President of TRU.

His email is AlShaver@tru.ca . Ideally some time in the next couple of weeks. It will likely have to be via phone, as Alan is based in Kamloops. However, if he is willing and able to travel, I am sure MBR would be happy to meet him in person.

Staff and materials will be required. The topic of the meeting would be to discuss Innovate BC and their mandate.

Thanks,
Meghan

Hi Meghan and Jacqueline,

It was great to see you both Friday! In anticipation of your transfers, we're providing two resources for you to assist with managing your records in accordance with government policy before you leave:

- The "Departing Employees Guide" has a checklist on pages 4/5, to help you walk through the steps of managing your email and other records prior to departure.
 - [Departing or Transferring Employees Guide](#) (last revised 2018/01/09)
- We've also provided a link to a more general resource for Minister's Office Records to assist you with details about where to file your content. Please ensure a copy of your calendar is retained on the Minister's Office LAN as MA calendars are often the subject of FOI requests.
 - [Managing Minister's Office Records](#) (last revised 2018/01/18)

Should you have any questions, or require any assistance, please don't hesitate to contact me or Tracy.

Thank you,
Danine

Hello, s.22

I hope you're well! I'm emailing with regards to the plans to have a reception at the Cube on the 30th of May with some Korean AR/VR developers.

I just left you a message seeing if perhaps we could connect about the date. Unfortunately, Minister Ralston won't be able to make May 30th and I was wondering if there is any flexibility on the date. If not, no problem at all, but I did want to check in with you before I responded to the invitation.

If you have a moment, please give me a call at S.17

Hi Sean,

Thanks so much for your time and work on the task force.

Below I have copied the list of groups/individuals we came up with. If you can ensure that they are all on your list, that would be fantastic.

- Canada China Business Council
- Marcus Ewert-Johns
- Andrew Wynne Williams
- Association of British Columbia Marine Industries
- Truck loggers
- BC Cattleman's Association
- BC Tech Association
- South Asian Business Association
- Indo-Canadian Business Association
- Richmond Business Association
- Canada-Korea Business Association
- Chambers of Commerce
- BC Seafood Alliance
- Chartered Professional Accountants of BC
- Business Alliance for Local Living Economies
- Acceleration network (KIK, Accelerate Okanagan, etc.)
- Canadian Franchise Association
- Certified Organic Associations of BC
- BC Food Processors Association
- BC Agricultural Council

Also, for your records, the other thing the Minister was hoping to take a look at are: the full list of invites and outreach targets, the website and the invitation..

Thanks again,
Meghan

Hi Amanda,

Can you find some time for the Minister to visit Innovate BC (BCIC) at their head office in Vancouver in the next 30 days? Staff please but no materials. We are thinking about doing a little meet and greet for the Minister to thank the staff for all their work on the tech summit.

An hour, please.
