Thanks for coming to visit our operation and meet with us. Face to face time is always preferable to emails and phone calls. We also look forward to meeting Minister Donaldson in the near future and will make contact with FII shortly. We'll lean on Ramesh for providing the coordinates.

MacKenzie Sawmill active with the IWPA and so you may hear the issues we've raised with you presented from them as well.

Once the mill is up and running there will be an official opening and we look forward to having you join us. An invitation will be extended naturally to the Premier and to Minister Donaldson. Given that it is the first new coastal mill in 15 years is good reason for celebration.

Hi all,

Just a reminder for tonight's caucus meeting, dinner will be ordered for the remainder of Caucus evening meetings for this session. The dining room will be billing the MLAs who wish to eat from the buffet that will be set up in the Caucus for each meeting, so they should still claim dinner per diems.

Please let me know if any of your MLAs choose to take care of their own dinners so that they do not get charged.

Hi Jacqueline,

David Jang just provided the following question. He would accept a written response, if possible by 5 pm. David Jang email:  
[davidjang@singtao.ca](mailto:davidjang@singtao.ca)

"BC Liberals said that replacing the George Massey Tunnel with construction of a new bridge on the existing Highway 99 corridor is important to commuters, and vital to our Asia Pacific Gateway. As international trade minister, do you agree this opinion?"

Ok to attribute to Minister of State Chow?

- Yes. We agree that we need to find a solution for the George Massey crossing, as congestion and issues with safety along this corridor must be addressed.
- However, we've heard the concerns raised by Metro Vancouver and many residents about the idea of building a 10-lane bridge to replace the George Massey Tunnel, and the costs associated with such a large project.
- Before any more work is done, it's important to explore the options available for this corridor and make sure that we find the right solution for this crossing.
- The independent review that we're doing will help ensure we are making a decision that is best for the region and the province, reflects the views and vision of Metro Vancouver, and gets the best value for the public's dollars.

Couple of changes for the underlined:

1. She's looking after our granddaughter at my daughter's house. Please replace “my” with “our”.
2. Forty years is a long time,.... Replace Forty with Forty-one.

Thanks!
