Aha! I did find one extra receipt though. It was for my taxi from the airport to the hotel when we were in Winnipeg. On the evening of the 11th. I attached a photo here.

Thanks Lorna!

I thought I had the receipt but I actually can't find it! It's no problem though, I don't need to reimburse that one.

Thanks Lorna!

Hi Meghan and Jacqueline,

It was great to see you both Friday! In anticipation of your transfers, we're providing two resources for you to assist with managing your records in accordance with government policy before you leave:

- The "Departing Employees Guide" has a checklist on pages 4/5, to help you walk through the steps of managing your email and other records prior to departure.
 - [Departing or Transferring Employees Guide](#) (last revised 2018/01/09)
- We've also provided a link to a more general resource for Minister's Office Records to assist you with details about where to file your content. Please ensure a copy of your calendar is retained on the Minister's Office LAN as MA calendars are often the subject of FOI requests.

- [Managing Minister's Office Records](#) (last revised 2018/01/18)

Should you have any questions, or require any assistance, please don't hesitate to contact me or Tracy.

Hi Meghan,

One final question – Have you heard anything from the federal government about the timing of a coordinated announcement for the funding of the Institute for Advanced Medical Isotopes (IAMIs)? On our end, we've completed the negotiations on the federal Contribution Agreement and we're expecting everything to be signed and sealed within the next few weeks, but beyond this we haven't heard anything more about an announcement.

I met with the GR Manager from Expedia Group today (he also met with Kelly in Tourism and an official in Finance). He had a lot of positive things to say about working with our government – said that outside of Washington this is the place they find government to be the most collaborative and easiest to work with. They have just shy of 200 employees in Vancouver/Victoria and he suggested we reach out anytime if we are seeking validators particularly for the tech sector.

Hey Lori,

I was just speaking with the Minister about this and he's cognizant that these are questions he'll want to put some thought into. I'm not sure that I will be able to get you the answers today. My plan was to give him some time to look at them on the plane ride home.

Do we know when they're hoping to film the video segment?

Thanks, and sorry about the delay.

Hi Fazil

Jennie Choboter, our CFO, has put together three potential candidates with Finance backgrounds that may be of interest for our Board. She has not spoken to s.22 re: Board position but I understand that s.22 has expressed interest in being affiliated with our organization in some capacity.

In addition to the two attached, s.22 who was previously on our board, has also expressed her interest in continuing in this role. To my knowledge she does not have any apparent political affiliation. She has been so committed and a very dependable board member over the time I have been here and has held the position of s.22 s.22 I believe the Board Resource office will have her information.

Please let me know what you may need me to do to provide assistance.

Kind regards,
Shirley

Hi everyone,

As s.22 I want to take this opportunity to say thank you for all of your work over the past year.

During my time in the Minister's office I have had the opportunity to work with each of you, and your teams, and have been so grateful for how efficiently and diligently you have supported our office. It has been a pleasure and a privilege to work with all of you, and although I am anxious to let some of my files go, I have the utmost trust that you will continue to advance these projects and initiatives that we have shared responsibility for in my time here.

Thanks for being patient with: early meetings, late meetings, cancelled meetings, too many meetings and all the prep and policy that we don't see from the MO.

All the best to each of you,
Meghan

Hi, all –

Thanks again for making Minister Ralston's visit to PerfectMind possible.

The Minister will be hosted by Farid Dordar, Founder and CEO of PerfectMind, who will probably be joined by Ali Sanei, Chief Operating Officer.

PerfectMind is indeed still located at 4333 Still Creek Drive, Burnaby, BC (2nd Floor). There are no special parking or logistical instructions required.

Rose Bahrami, copied here, will be anticipating Minister Ralston's arrival at 9:30am on Wednesday, July 18th, at 9:30am, accompanied by John-Michael McColl from the Minister's Office, and Eamon Curran from the department.

If there is an issue, please feel free to call Farid on his cellphone: **s.22**

In addition to giving the Minister a tour and overview of PerfectMind's software solutions, Farid wishes to discuss current challenges and opportunities for the business, including but not limited to:

- Competing for talent with multinationals setting up in the greater Vancouver area
- The challenge of finding required scale-up financing that doesn't jeopardize Canadian ownership
- PerfectMind's Strategic Innovation Fund application

Good morning Amanda!

I've done the arrangements for the meeting with Minister Ralston for July 24.

We'll meet him at our office at 2 pm, in our boardroom. Some of our board members will be in attendance as well as myself. (I've also arranged a representative of Teck as requested).
(our office is in the Community Futures Building, 825 Spokane Street, Trail). Should I have some snacks available? How long after lunch will he be here?

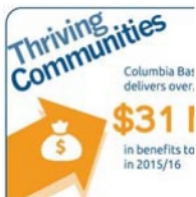

How many people will form part of your delegation?

Bill Van Beek will have dinner with Min Ralston, what time should be arrange that for? 5:30 pm? Will it be convenient for the Minister to meet Bill in Trail? The BC Little League Baseball Provincial Championships is in Trail from July 20 to 29. There is a game on July 24 that starts at 5 pm. We were wondering if the Minister would like to attend the ball game with Bill and have dinner there, instead of going to a restaurant. The kids that play range from 11-12 years of age.

Please let me know what you think!

Hi Amanda and Meghan -

I've received an email this afternoon in regards to MBR to join Northern Development Board of Directors for dinner and discussion focused on supporting Economic Development in Northern BC – in PG.

They have provided/suggested several dates for consideration but have not heard back particularly in next week dates.

- Tuesday, April 17th from 6:00 to 8:00PM
- Wednesday, April 18th from 6:00 to 8:00PM
- Tuesday, July 17th from 6:00 to 8:00PM
- Tuesday, October 9th from 6:00 to 8:00PM

If none of these work for MBR, they would be please host DM.

If someone could get back to Lori Moseley at lori@northerndevelopment.bc.ca or by call 1-250-561-2525, that would be great.

Thanks!

Good Morning s.22

I hope this email find you well.

Minister Ralston has identified a second candidate for appointment to the BC Small Business Roundtable and I am checking in with you to determine if you would like to be included in this round of appointments.

It would be greatly appreciated if you can advise me by tomorrow so that we can advise Minister Ralston.

Good Afternoon **s.22**

While we wait for receipt of your CPD paperwork, I wanted to give you the heads up that there may be a half-day Small Business Roundtable meeting, Chaired by Minister Ralston, on the afternoon of May 22nd at a location in the Lower Mainland. While we cannot proceed with a formal appointment until the CPD process has been completed, we are hoping it will be complete by then.

With that in mind, for the time being and presuming you are available, can you please hold space in your calendar for **the afternoon of May 22nd**.

I will confirm or advise on status of meeting as soon as further details are confirmed.

It was great to meet you briefly today. As promised, I am touching base to set up a time for Minister Pillai and Minister Ralston to discuss transmission.

We will be in Vancouver next Thursday and Friday with the potential to meet for a dinner on Friday night should Minister Ralston be available. Alternatively, a phone call in the next few weeks would work well.

I wish you all the best in your next endeavour and look forward to hearing from your office.

Dear Minister:

We are requesting a 30-minute meeting or, if you prefer, a breakfast meeting, to provide an update on our partnership with the B.C. Government regarding the World Trade Centre (Vancouver). The meeting would include Austin Nairn, Executive Director of the World Trade Centre – Vancouver (WTC), and myself. (At your pleasure, we would be delighted to also include Minister George Chow, though I should note that we currently plan to brief him separately.)

You will recall that with your support we successfully launched WTC's **Trade Accelerator Program**, that to date has been very well received, indeed. Of particular note and likely of higher interest for you, however, is receiving an update on our progress with the **Regional Export Strategy**. This has been developed in partnership with the Conference Board of Canada, and will be released in late September – likely as part of the NASCO conference (here in Vancouver), also being supported by the Province. *We anticipate some meaningful attention will be paid to this, and would be delighted to include you in that public launch.*

Thank you in advance for your consideration. (I have cc'd our Executive Coordinator, Cassandra McColman, to assist with scheduling at our end.)

Yours truly – Iain.

Hi Sean,

No preference for Vancouver or Victoria. I am sure the Minister would prefer whichever is the most convenient for the members of the roundtable.

As for dates, Monday, September 24 or Friday, September 28th in the morning/early afternoon. I know generally you do afternoons, so it might make the most sense to do the Monday.

Going forward, I know the Minister had hoped that we could set dates for all quarterly meetings at the beginning of the year. I don't know if that is possible, but I thought I would pass along the feedback.

Thanks so much,

Good Morning Meghan, Earlier this week Jackie and I discussed and determined mid-late September would be an appropriate time. Given that many of the members travel in from out of town the Secretariat finds that Monday's/Friday's tend to be the easiest dates to achieve quorum.

Given the above are there dates that we should be aware of as we narrow the dates down. Also is there a preference for Victoria or Vancouver?

After I hear back from you I will discuss further with Jackie today to provide some dates to our ADMO for MO consideration.

Sean

Hello Sean,

The minister was wondering if there is a date for the next small business roundtable meeting is planned for?

I know he was hoping we could get the schedule for quarterly meetings in advance, as things are filling up in the calendar quite quickly.

Based on when our last meeting was, I assume something would be planned for September, so I wanted to check in and reserve the time in calendar as soon as possible.

Hey Ramesh,

Please see attached all the materials for the TCCCA Presidency Transfer.

I'm looping you together with Jacqueline on the issue of the letters from MBR and MGC. Jacqueline, are you attending the event tomorrow, and do you have a plan to bring the letter from MGC with you? My understanding is that they will likely frame them, so we've been asked to come with printed, unfolded copies.

I asked Ramesh to do so, but if you're coming and planning on bringing one, I wanted you to be in touch.

Thanks,

Hi Meghan and Jacqueline,

Attached are the updated speaking notes with the itinerary changed to reflect that neither minister will participate in a Q&A.

I have also attached the letter of greetings, which I understand you will print out and bring along with you. Please review both letters and let us know if they look A-OK. As discussed with Meghan, it is best not to fold the letters as I understand that in some instances these letter may be framed.

Lastly, below are some tweets.

TCCCA Tweets for MBR and MoSC

Hi Lori,

The minister is interested in contributing a quote to the attached news release about the recent MOU signed between Triumph and Helmholtz.

Something along the lines of the growing quantum computing cluster in BC and the international attention coming to the province because of it.

Ideally, they'd like it by the end of the week.

Let me know if you need anything else from me on this!

Hi Meghan,

I hope is well is going well as you prepare for your move.

I am reaching out today to see if Minister Ralston might be interested in contributing a quote to a press release that will be going out from TRIUMF and our partners that covers the recent TRIUMF-Helmholtz data science/quantum computing workshop and the subsequent MOU (that also included BC's D-Wave and 1Qbit). Attached is the draft release.

We are hoping to get this out by early next week, so if we could get a quote quickly that'd be much appreciated. If Minister Ralston would like to include a quote, but can't meet the timeline, please let me know and I'll see if I can push things back.

Many thanks in advance!

Best regards,

Sean

Registration for the 5th Annual Resource Breakfast Series is now open! Click below to register:

Click Here 

This exciting yearly breakfast series will be held at Whistler's Garibaldi Lift Company, spanning three mornings during the September 2018 Union of BC Municipalities' (UBCM) Annual Convention.

The breakfasts each focus on a different aspect of BC's resource sectors, including Mining, Energy, and Forestry. The Series presents an excellent opportunity for industry, community and provincial leaders to come together and discuss the latest news related to these sectors.

The *Resource Breakfast Series* has become a must-attend event with sellout crowds each day. We encourage you to purchase your tickets early, as seating is limited. We received many positive comments about the new format we launched last year, therefore we will continue with hosting panel discussions. Participants were pleased to hear a variety of viewpoints, therefore, we are working on including perspectives from the provincial government (Ministers invited), local governments, resource sector leaders, and industry associations at each breakfast.

Tuesday, September 11 – **Mining Sector Breakfast**

Wednesday, September 12 – **Energy Sector Breakfast**

Thursday, September 13 – **Forest Sector Breakfast**

Time: 7:00 am-8:30 am

Style: Buffet breakfast

Location: Garibaldi Lift Company

Address: 4165 Springs Lane, Whistler, BC, V0N 1B0

Price: \$25.00 + tax per breakfast

Dress: Business Casual

To support and encourage a broad spectrum of participation from leaders from across the Province, we are limiting local government seats to two per Municipal Council or Regional District at each of the breakfasts. If you have additional persons interested in attending the event, please email info@c3alliancecorp.ca to have these individuals added to the wait list.

Please note, this invitation is intended for elected local or provincial government representatives. If you are not an elected representative and still interested in attending, please contact the [event organizers](#). Did the registration button above not work? Just one small change and it's approved:

"B.C.'s technology and innovation sector relies on highly-skilled people who can fill the growing number of jobs being created throughout our province," said Bruce Ralston, Minister of Jobs, Trade and Technology. "This \$12 million graduate scholarship fund will help students hone the skills they need to launch their careers in this thriving industry, and will enable them to conduct research that could unlock the next ground-breaking innovation to shape our world." **[APPROVED]**

Hello Meghan and JM – Please see the attached NR for quote approval. Also reflected below.

"B.C.'s technology and innovation sector relies on specially-skilled people who can fill the growing number of jobs being created throughout our province," said Bruce Ralston, Minister of Jobs, Trade and Technology. "This \$12 million graduate scholarship fund will help students hone the skills they need to launch their careers in this thriving industry, and will enable them to conduct research that could unlock the next ground-breaking innovation to shape our world." **[NOT APPROVED]**

May I please ask for review by the end of the week?

Thanks,

With processing time in mind, I thought I would pass along my invoice for Winnipeg hotels to you ASAP.

I won't need to claim per diems for the travel days, just for the hotel.

Thanks,

I am reaching out today to see if Minister Ralston might be interested in contributing a quote to a press release that will be going out from TRIUMF and our partners that covers the recent TRIUMF-Helmholtz data science/quantum computing workshop and the subsequent MOU (that also included BC's D-Wave and 1Qbit). Attached is the draft release.

We are hoping to get this out by early next week, so if we could get a quote quickly that'd be much appreciated. If Minister Ralston would like to include a quote, but can't meet the timeline, please let me know and I'll see if I can push things back.

Many thanks in advance!

Best regards,

Sean

- B.C. has a reputation as a world class wine, beer and spirit producer, and our government is committed to helping all B.C. businesses diversify and expand into new markets, so they can grow and create jobs in B.C.
- I recognize that Manitoba's Premier is proposing to eliminate restrictions on interprovincial alcohol transportation for personal use. BC supports this proposal and, in fact, have already gone beyond this by allowing Canadian wine to be shipped directly to BC consumers. I look forward to the discussion around the table at the upcoming Council of the Federation meeting in New Brunswick.
- We work closely with other ministries, provinces, territories and the federal government to explore how interprovincial trade in beverage alcohol can be further enhanced to support B.C. and Canadian manufactures, reflect the interests of British Columbians and protect public health and safety.

Hi Amanda, great to talk to you, as mentioned I will not be available but we will make sure to help coordinate the visit.

As I understand it the Minister and his team will be in Trail July 24th, I will make sure we will have someone to speak to Metal Tech Alley as well as I mentioned I could invite Bill Van Beek, Chair of the LCCDTS www.lccdts.com to dinner at the Brewery that night.

I have cc'd Jacomien who will be looking after the logistics from our end.

Thank you for the opportunity.
Talk soon!

Good morning Terry,

On behalf of the Hon. Bruce Ralston, Minister of Jobs, Trade and Technology, I have been asked to coordinate a possible meeting/tour between Minister Ralston and your company while he is in Trail on **Tuesday July 24th**. Would you and your group be available for a meeting at your offices that day?

Please let me know at your earliest convenience if we can confirm 1hr15min for this meeting/tour. This will be more of an introductory visit and an opportunity for the Minister to learn more about your company. Once confirmed we can then work on further logistics such as specific time, location, attendees and agenda items.

Thank you in advance,

Hi Amanda -

Here is the proposed timing as well to move up the meeting. If MBR does decide to do the panel, you'll need to reach out to AEST and EDUC to let them know the timing has changed.

9:00: Pre-panel briefing
9:30: Public Event ("Future of Work") Begins
10:15 Event Concludes
Break (Network/email/health)

10:45 Meeting Begins

**11:30 Meeting Ends
Depart**

Please let us know what MBR decides.

Thanks!

Hi Amanda -

Amazon confirmed 11:45am-12:30pm slot (release the other holds). Have you heard back from EDUC DM or A/DM or ADM attendance?

They also mentioned a panel (format is a fireside chat) which they would like MBR to do.

Fazil advise MBR should do it if he's available – topic is Future of Work and Tech Skills/Tech Workforce. It's an hour and he'd be joined 2-3 panelist which they haven't confirmed. Still working out the details and we can provide more once available. No time has been confirmed but said it would be in the morning.

Can you please let me know if MBR would like to do the panel?

Thanks!

Dear Jen,

Thank you for your time last Friday with Premier Horgan.

We were pleased to find the Premier so knowledgeable regarding the VIMC initiative from the Glen Clark/Mike Harcourt days and his enthusiasm for the continuation of the VIMC into the next budget.

Given the obstacles we have experienced to date, I would appreciate your guidance on the next steps on who to work with in your office and your colleagues in preparation for the next budget, as we wait to hear from Minister Ralston's office.

Hello Meghan

Thank you for your speedy reply. Please do pass on my contact info and email to the Minister.

Currently we have over 23 high schools involved in our program, our aim over the next 2-3 years would be 50+. That's a major talent infusion into the BC job market. I have some great research that supports our work and impact-should I send on?

I am hoping the minister can direct us to government funding in the near future so we can recruit new programs for September.

Thanks for emailing me. I did just get a chance to listen to your voicemail. I know the Minister and I and many government MLAs had the opportunity to attend the event in Victoria earlier this year and were inspired by the diligent work of the students and teachers there.

What I am going to suggest as a first step is that I will pass along your contact information to ministry staff and they can help arrange a time to meet with you and suggest some programs or opportunities for provincial support.

I'd also be happy to bring this to the Minister's attention as well.

Don't hesitate to reach out if you have additional questions or concerns.

Hello Meghan,

I did send this to Minister Ralston's email recently, but would like to follow up with you to find ways to support further development of our youth programs.

Kindest Regards

Hello Minister Ralston,

I am hoping I might be able to arrange a phone conversation in the near future regarding future expansion of FIRST Robotics programs in BC. We were delighted you were able to attend our international event in March and see firsthand the impact we can have on preparing youth for future employment opportunities in BC.

As we previously mentioned, Microsoft's generous donation really launched the current movement in BC and the momentum is growing. Funding and partners are required to keep this momentum going, secure our current teams participation as well as recruit new ones. We have already confirmed the Save On Foods Memorial Centre with GSL Holdings for March 6-9, 2019, (please add to your calendar as we know we would love to see you there again).

FIRST Robotics BC-Canada are known programs and leading robotics competitions that foster creativity and deep thinking learning experiences for students K-12. Designed to launch the next generation of entrepreneurs, innovators, engineers, and science and advanced technology leaders, we see the advantage to paving the way today to capitalize on future technology and innovation investment. As you witnessed during our March competition in Victoria, we create the conditions to expose youth, many for the first time, of their career potential as well as challenging our alumni to become strong citizens, going beyond finding meaningful employment to entrepreneurial change makers. FIRST is inclusive. Our programs encourage all youth to participate

regardless of ability. Depending on individual talent or interest, team members find their passions and explore their own potential, while learning valuable skills.

I think you would agree, FIRST Robotics is critical to the healthy development of BC's talent pipeline through transforming futures by teaching youth team building, problem solving, mastery of STEM skills, instilling self-confidence and developing leadership and life skills that are so essential to their success in the 21st century world. I am reaching out to you to explore other ways to involve more youth throughout this province. I have attached an overview of our BC development.

Hey Monica,

Can I please refer the following group to staff to meet? They are from the FIRST Robotics youth training program and Minister Ralston attended one of their events earlier this year. It me be a more appropriate group to meet with AEST, but I'll trust your team's judgement in making that call.

Thanks,

Hello Meghan,

I did send this to Minister Ralston's email recently, but would like to follow up with you to find ways to support further development of our youth programs.

Hello Minister Ralston,

I am hoping I might be able to arrange a phone conversation in the near future regarding future expansion of FIRST Robotics programs in BC. We were delighted you were able to attend our international event in March and see firsthand the impact we can have on preparing youth for future employment opportunities in BC.

As we previously mentioned, Microsoft's generous donation really launched the current movement in BC and the momentum is growing. Funding and partners are required to keep this momentum going, secure our current teams participation as well as recruit new ones. We have already confirmed the Save On Foods Memorial Centre with GSL Holdings for March 6-9, 2019, (please add to your calendar as we know we would love to see you there again).

FIRST Robotics BC-Canada are known programs and leading robotics competitions that foster creativity and deep thinking learning experiences for students K-12. Designed to launch the next generation of entrepreneurs, innovators, engineers, and science and advanced technology leaders, we see the advantage to paving the way today to capitalize on future technology and innovation investment. As you witnessed during our March competition in Victoria, we create the conditions to expose youth, many for the first time, of their career potential as well as challenging our alumni to be become strong citizens, going beyond finding meaningful employment to entrepreneurial change makers. FIRST is inclusive. Our programs encourage all youth to participate regardless of ability. Depending on individual talent or interest, team members find their passions and explore their own potential, while learning valuable skills.

I think you would agree, FIRST Robotics is critical to the healthy development of BC's talent pipeline through transforming futures by teaching youth team building, problem solving, mastery of STEM skills, instilling self-confidence and developing leadership and life skills that are so essential to their success in the 21st century world. I am reaching out to you to explore other ways to involve more youth throughout this province. I have attached an overview of our BC development.

Hi Sue,

Thanks for emailing me. I did just get a chance to listen to your voicemail. I know the Minister and I and many government MLAs had the opportunity to attend the event in Victoria earlier this year and were inspired by the diligent work of the students and teachers there.

What I am going to suggest as a first step is that I will pass along your contact information to ministry staff and they can help arrange a time to meet with you and suggest some programs or opportunities for provincial support.

I'd also be happy to bring this to the Minister's attention as well.

Don't hesitate to reach out if you have additional questions or concerns.

Best,
Meghan

MO pitched story about the CIETAC to BiV. Chuck is interested in doing an interview with Minister Ralston to hear what this commission is for.

Questions: How did this come about? What is it designed to do?

Please use cell number when contacting the reporter.

Response

1. Q: How did this come about?

- CIETAC is an important part of the overall commercial structure that enables Chinese companies to trade and invest globally.

- It provides an option for commercial arbitration when Chinese companies are involved in disputes with international companies.
- CIETAC first expanded into major cities in China and then into Hong Kong.
- The growth of B.C.'s overseas trade and investment representative networks has led to an increase in investment deals between B.C. and China.
- I believe the Vancouver Economic Commission was involved in furthering discussions with CIETAC and our ministry supported their and others' efforts.

2. **Q: What is it designed to do?**

- The China International Economic and Trade Arbitration Commission is one of the world's major permanent arbitration institutions.
- CIETAC provides arbitration services for international investment disputes arising out of contracts, treaties, laws and regulations, or other instruments between an investor and a state.
- With an arbitration structure that is recognized and enforceable in 156 countries, CIETAC has contributed to legal certainty in trade, strengthening trade and investment relationships in B.C. and around the world.

3. **Other key messages**

- CIETAC's decision to choose Vancouver as the sole location of their North America Centre builds B.C.'s reputation as an international business hub and North America's gateway to the Asia Pacific.
- CIETAC's presence in Vancouver will help B.C. companies and business stakeholders better understand international trade and arbitration processes, particularly relating to Chinese companies.
- The growth of B.C.'s overseas trade and investment representative networks has led to an increase in investment deals between B.C. and China. The CIETAC North America Centre will be a valuable resource for B.C. companies doing business in Asia.

Background

July 2, 2018 launch of the CIETAC North America Centre in Vancouver

- On July 2, 2018, a delegation from the CIETAC, led by Secretary General Mr. WANG Chengjie [chun-jee-yeh], visited Vancouver to launch and celebrate the opening of the CIETAC North America Centre in Vancouver.
- This will be the only CIETAC centre in North America. CIETAC is also planning to establish a centre in Vienna, Austria, to cover Europe.
- CIETAC is in the process of determining the location and timing of the opening of their new North American office here in Vancouver.
- The British Columbia International Commercial Arbitration Centre (BCICAC) also provides dispute resolution services to the B.C. business community. Its rules set the standard for arbitration in B.C. and are currently explicitly referenced in the BC Arbitration Act. It is hoped that the BCICAC and CIETAC can collaborate in the future, and that the presence of CIETAC in Vancouver will help establish B.C. as the North American arbitration hub for companies doing business in China.

About CIETAC

- CIETAC is one of the world's major permanent arbitration institutions.
- Headquartered in Beijing, CIETAC has sub-commissions in major cities in China, including: Shenzhen, Shanghai, Tianjin, Chongqing, Hangzhou, Wuhan, and Fuzhou. CIETAC set up a Hong Kong arbitration centre in September 2012.
- CIETAC provides arbitration services for international investment disputes arising out of contracts, treaties, laws and regulations, or other instruments between an investor and a state.
- In order to meet the developing needs of its arbitration practices, CIETAC successively established 29 liaison offices in various regions of China and for specific business sectors to provide parties with convenient local arbitration advice.
- In accordance with the New York Convention, CIETAC awards are recognized and enforceable in 156 countries.
- CIETAC's nearly 30,000 concluded arbitration cases have involved parties from more than 100 countries and regions outside the Mainland China, and its awards have been recognized and enforced worldwide.
- Formerly known as the Foreign Trade Arbitration Commission, CIETAC was set up in April, 1956 under the China Council for the Promotion of International Trade (CCPIT) to resolve economic and trade disputes.

Good Day All

As discussed earlier, due to the large number of delegates at the UBCM Convention in Whistler, and the subsequent/consequent shortage of suitable accommodations, all MLA's have been booked into the s.15

s.15, s.22
Your LA's have been provided with all of the information with regard to the amenities of the suite and the venue, which is also the site for the convention.

Any questions or concerns, please contact the Whip's office, thanks...

Good Afternoon Minister's Office,

Please see attached meeting request from JTT's International Business Division. Infosys Ltd, an Indian multinational corporation that provides business consulting, information technology and outsourcing services across the world, and a key stakeholder of ours, is requesting to meet with either Minister Ralston, Deputy Minister Mihlar or Innovation Commissioner A. Winter on July 23, 2018. Unfortunately, Minister Ralston will be on tour in Nelson, s.22

s.22

Can you please check to see if Minister James can attend the meeting with Infosys as they are a priority stakeholder.

Best,

Pam Thindwa

I spoke with the Mining Association this morning about it. He asked if he went if you had a role for him and I said that I would doubt it. He has the Mining Jobs Taskforce at the same time so thinks he should stay put. So I thought I would clarify that he was just invited to be in attendance?

Hello Adriaan,

Thanks for reaching out. Tomorrow's announcement will be unveiling the Emerging Economy Task Force, one of the Minister's key mandate items.

I am sure the Minister would be happy to have anyone whom you would like to send. I know that the Innovate BC board and the EETF may have some overlapping concerns, so perhaps Gail Murphy would be appropriate, but again, I'll let you folks make that call.

Can you please advise Sean for his info as they'll be reaching out to get the CPD completed once confirmed? I also have a bio that was put together by s.22 as he was being considered most recently for Innovate BC. I've attached for Sean's info.

Thanks,

Monica.

Hi Lori,

I'm forwarding you an email with a slightly edited (and approved) quote from Andrew Weaver. Also suggested is a small adjustment to the quick facts to reflect that the EETF is a part of CASA? I know it says it in the body, but I am happy to oblige this request.

Best,
Meghan

Hi Meghan,

Thanks again for sending these along.

Here's a slightly revised version of Andrew's quote: "To support our province's long-term economic success, we need made-in-B.C. solutions to stay on top of the changing nature of business," said B.C. Green Party leader Andrew Weaver. "We proposed an Emerging Economy Task Force as a means of addressing how technology, innovation and global trends are changing business and society. This task force brings together key people who can identify the challenges we will face in the years ahead and help us capitalize on the opportunities that arise."

Also, I know it's mentioned in the body of the release but it would also be great to have it included in the Quick Facts that the EETF is a CASA item from our platform.

For the event itself, JM suggested that the Minister would introduce Andrew and Andrew would speak second. Could you confirm that order? In the event plan it has him as third – it would be great to have him speak after the Minister if possible.

Thanks,
Sarah

We've run the merge so the letters are good to be printed as attached.

Pam – ensure you select **single-sided** printing, in colour and on buff paper.

Once Minister signs, is it possible to have them rush couriered back? We are going to email them out, with hard copy to follow.

Thanks everyone!

Hi folks,

Is it possible to get these letters for the EETF appointments printed on fancy paper at the Vancouver JTT office for tomorrow? Minister Ralston and I will be there and I would like him to be able to sign them in person.

Let me know if that's doable.

Great meeting you on Friday. I wanted to introduce you to Minister Ralston's MA's. I have cc'd for your reference. They are Meghan Sali and JM McColl. If you have a chance it would be great if you could connect while in Victoria. Also Meghan is on the small business file so she will be able to forward the Small Business Roundtable notes that we discussed.

Subject: Mitacs Event

Hi Meghan and JM,

I received word that Minister Darcy is holding an event at 10:30 a.m. on July 6 in New West. This event is an half hour before ours. Minister Darcy's announcement is about Dan's Legacy. Here are some details.

- Dan's Legacy Foundation provides therapeutic counselling and life-skills intervention program to young people, aged 15 to 25, that are at significant risk of overdose, self-harm, homelessness and suicide.
- In the past three years the Foundation has helped over 150 youth meet their educational, housing and life-goals.
- Thanks to \$200K in provincial year-end funding, the Foundation will be able to hire four new therapists who specialize in trauma-based mental health and addictions counselling for youth, along the Foundation to double their current capacity from 125 youth to 250 youth.
- Approximately 30% of the Foundation's clients are Indigenous.

Flagging as an FYI as we may compete for some media attention.

Let me know if you want to discuss.

Thanks,

Lori

Hello – Attached is the NR for the July 6 Mitacs event. Can you please review and advise if OK?

Thanks,

Lori

Hi Amanda,

When I came back from Boston I gave you a list of meetings and tours the minister wanted to go on. One of them is Avigilon in Richmond.

Originally we put a 90 day timeline on these, but can we bring Avigilon up to do in the next 30 days? s.22
s.22 please and thanks.

Let me know if you have additional questions.

Best,
Meghan

Hi JM/Meghan:

Just a heads up that the annual report (with updated title) has been posted on the regulatory reform website, and is accessible here:

<https://www2.gov.bc.ca/gov/content/governments/about-the-bc-government/regulatory-reform/regulatory-service-improvement>

Our team will be working with GCPE as well to activate some social media.

FYI,

Monica.
