Hi Reamick,

Sorry for the delay in getting back to you. Here are responses I've crafted for you incorporating our Ministry's official response. Feel free to edit as you see fit.

1. There is steady in-migration of newcomer immigrant and refugees from other provinces, but Federal funding is based on place where immigrant land. Can BC renegotiate the Can-BC agreement to take in consideration this in-migration as they need settlement services when they arrive here.
 - a. The National Settlement Allocation formula was developed in consultation with Provinces and Territories, approved by the Federal Cabinet and 2007 and reconfirmed in 2015. Each Province and Territory is allocated a portion of the settlement envelope based on the proportion of immigrants in each jurisdiction using the average immigrant intake over the preceding 3 years. Any changes to the National Settlement Allocation formula would require consensus agreement by all provinces and territories. The Ministry of Jobs, Trade and Technology (JTT) has raised its concerns with the Federal government on the impact of both secondary migration and high settlement services uptake in BC creating service demand pressures for agencies delivering settlement services.

s.13

2. We are receiving an increasing number of refugee claimants, esp. from Latin America. What plans does the government have to meet the demand? Any new funding?
 - a. BC Budget 2018 announced new funding for services for immigrants. A portion of that funding will be allocated to the BC Settlement and Integration Services (BCSIS) program to increase services for BCSIS eligible clients which include Refugee Claimants. JTT issued an open Call for Responses (CFR) for BCSIS in the fall of 2017 to renew the program for new services starting July 1, 2018. The BCSIS CFR will inform the allocation of additional funding allocated for the BCSIS program as a result of the BC Budget 2018 announcement.
3. BC announced \$6M in new funding for Settlement Employment services. When will we know how the money will be used, and will agencies like LMNH be eligible to apply?
 - a. JTT Assistant Deputy Minister Rob Mingay issued a communication to all Settlement Services stakeholders about the recent budget announcement on March 12, 2018. The communication outlines on a preliminary basis the Ministry's plans for the

allocation of the additional funding. Please see the attached. Little Mountain Neighborhood House would have received this communication as a Settlement Services stakeholder and current holder of a BCSIS contract with the Ministry. As noted in the letter the allocation of the additional funding may or may not include open procurement, depending on the program or initiative. Little Mountain Neighborhood House would be eligible to apply to all open procurement processes posted on BC Bid.

4. We support the increased focus on recent RFPs being for settlement employment supports and on the most recent arrivals that don't qualify for federal settlement services, but at the neighbourhood house, we still have a high demand from longer term immigrants that still need support, since they didn't seek it earlier in their integration process. There are very limited financial resources through BCSIP to support these people, but we find it is really valuable to keep them connected, especially seniors, or other vulnerable, isolated individuals.
 - a. BCSIS (named above as BCSIP) provides services for newcomers who are ineligible for the federal settlement program, namely Refugee Claimants, Temporary Foreign Workers, Provincial Nominees awaiting Permanent Residence approval, post-secondary international students and naturalized Canadian Citizens. Each of these client groups faces unique challenges to integration. JTT recognizes that, although being in Canada for several years, naturalized Canadian Citizens may continue to be dependent on settlement supports due to crisis situations, social isolation or persistent barriers to integration. Naturalized Canadian Citizens are eligible for services under BCSIS for short-term crisis counselling, informal language practice and orientation, information and referral and support to access mainstream social and employment services. Naturalized Canadian Citizens have access to the same services available to all British Columbians, which is not the case for the other BCSIS client groups, as such Settlement Service providers are encouraged to support this client group's access to mainstream services to support their movement forward on their integration journey.

Let me know if you need any further info or clarification.

Right now, the main item is spec tax concerns from various JTT stakeholders.

Hi Minister,

Not sure if you saw but Central 1 Credit Union has a very positive economic outlook for B.C. They project economic growth and wage growth to be strong over the next 3 years. A translation from CKYE is where I saw it first:

The Central 1 Credit Union expects the BC economy to maintain solid growth for the next two years, forecasting to grow 3% this year, 2.3% in 2019 before it bounces back to 3.3% in 2020. Deputy chief economist Bryan Yu credits strong employment, consumer demand, and rising exports for this growth, but warning that NAFTA renewal controversy may put the provincial economy at risk.

housing for refugee families

Good morning Bruce,

We talked before Christmas and I want to bring you up to date on our New Hope efforts.

1. we presently own/operate a 13 unit building in Surrey. Rents are set at \$800 per month for a 1 bedroom and \$1100 per month for a 2 bedroom. We take in refugee families. We provide safe, clean, affordable, furnished apartment space. Since opening in March 2016, we have been 99.1% full (we have literally had one month with one unit empty). We have constant enquiry from agencies, individuals, sponsor groups and others asking for our help.

2. based on the constant need for housing, and good financial health in New Hope, our board has approved the effort to purchase a second housing building.

s.13;s.17;s.21

Is there a chance I could meet with you or with someone from your office that would be able to consider our request?

Thank you Bruce, I appreciate your consideration.

SURREY – Local New Democrat MLAs say students in Surrey will benefit from safer, more efficient and comfortable schools thanks to almost \$15 million in provincial funding for school upgrade projects and new busses in the Surrey School District.

Surrey School District (SD 36) is receiving \$14,811,326 in total funding, including:

- \$2,325,625 in School Enhancement Program funding for building control upgrades at David Brankin Elementary, Holly Elementary, and Bear Creek Elementary.
- \$352,225 in Carbon Neutral Capital Program funding for energy efficient boiler upgrades at the District Facility Centre
- \$522,617 in School Bus Replacement Program funding for one replacement bus and three busses to serve new routes
- \$11,610,859 in Annual Facilities Grant (AFG) funding, which flows to the Surrey School District annually for routine school maintenance costs.

The \$198-million provincial investment under these programs is ensuring students have well-maintained learning environments and bus services that are safe, comfortable and efficient.

The provincial government has boosted school maintenance funding by more than \$20 million over last year, and has increased the AFG for the first time since 2004/05. The increase in funding will help ensure that students, teachers and school district staff can focus their energy where it matters most – in the classroom.

Hi Katie,

Since this was assigned for correspondence originally, you can send to CB.

I asked staff for bullets points and will forward to you once we receive them.

It's currently with staff for reply direct. Would you like that cancelled?

Please advise.

Thank you,

I'm emailing on behalf of Pleasant Solutions, a Software Development Company. We're looking at the possibility of expanding our corporation in to British Columbia to open an office and hire Software Developers to augment our international workforce, based upon what grants, wage subsidies, and other financial incentives the Government of British Columbia may offer. We contacted the Ministry of Jobs, Trade, and Technology, and were referred to this email address with our inquiry.

We're looking for grants, wage subsidies, or tax incentives (Primarily Grants) related to opening new offices or hiring employees within British Columbia. Any assistance or information you could offer in this matter to assist us with deciding whether or not expanding in to British Columbia is an economically sound business decision would be greatly appreciated.

Hi Minister,

Just thought I'd share a few links from the Canadian Franchise Association's press release in the last month on their surprisingly optimistic reaction to the Ontario's minimum wage hike's effect on the Ontario economy.

Could be some foreshadowing for your meeting with them today. Not sure if the department's materials for you include this.

Subject: A solution for cannabis regulation and control - Wiz-Tec brings the Merchant Server Program to the Marijuana Retail Market

Dear Hon. Ralston,
Wiz-Tec Computing Technologies Inc. is excited to announce that its Merchant Server program now supports control, tracking, and regulation for the cannabis retail market. Wiz-Tec's Merchant Server program is currently used for Indian Tax Exemption, with sites all across Canada and exclusive contracts with the Ontario Ministry of Finance and Revenue Quebec. The newest developments to Merchant server adds capabilities for full control over the distribution, sale and taxation of Cannabis products, along with a full reconciliation suite designed to help governments monitor and enforce limit controls, taxation collection, and

reconciliation of distributed quantities.

Wiz-Tec's Cannabis regulation system is the only true 360° degree solution and exists as an "off-the-shelf" program which is ready to be deployed to Governments, wholesalers/distributors, and retailers immediately. It comes ready with customizable POS for the retailers, real time inventory and limit controls, digital reporting functions at the grow-op, distributor, and retailer, and a suite of management tools designed for provincial, federal, and state governments.

"Established first for the Nova Scotia Ministry of Finance's NSIFTE program, and again for the Ontario and Quebec Ministries of Finance for the FNGTR and EFIC programs respectively, Wiz-Tec's Merchant Server system has proven itself as a low-cost and reliable solution. This solution is ready to be expanded to help retailers, wholesalers, and governments manage legalized cannabis in an accountable and timely fashion." - William C. Macdonell, CEO Wiz-Tec Computing Technologies Inc.

The Merchant Server's reconciliation and verification tool allows the governments to digitally track cannabis from the grow-op to the consumer. Real time control and enforcement of consumer limits on a daily, weekly, monthly, or annual basis ensures responsibility and prevents abuse by both retailers and consumers. The reporting modules designed for the government are easy to understand, such as monitoring consumption patterns, while allowing for fine control, such as manually tuning the usage needs or limits for an individual.

The development of a custom cannabis management system is costly, time consuming, and risky. Wiz-Tec's Merchant Server program is ready to go and is a proven solution with 20 years of empirical success behind it. Videos detailing the systems capabilities and a demonstration of the system are available here:

> The BC employment standards act defines a work week from Sunday to Saturday.
> However, as many places of work are open 7 days a week, employers can schedule their employees for as much as 10 days in a row, 8 hour shifts without paying overtime.
> Example:
> Week 1 Sunday to Saturday:
> Tuesday, Wednesday, Thursday, Friday, Saturday Week 2 Sunday to
> Saturday:
> Sunday, Monday, Tuesday, Wednesday, Thursday (week 2 Sunday through
> Saturday) Employers are aware of this and take advantage of the

> It is time the labour code was changed to reflect the reality of the current work environment.
> There are less Monday to Friday 9-5 jobs and more (retail, hospitality sector) 7 day a week workplaces.
>
> The defined work week Sunday to Saturday needs to be replaced with wording that reflects consecutive days instead of Sunday to Saturday. That way employees can only be scheduled for 5 days in a row before having at least one day off, regardless of the days of the week or be paid overtime accordingly.

Just some context - they called the constit office repeatedly about this invite. There's a delegation coming from the Philippines and they will be there at this event. They did request MBR specifically so maybe both Ministers could be involved? Something to pass on to Jacqueline.

Subject: George Lian cordially invites you to the 9th Vancouver Spring Show "Spring Blossom (Chun Zhan)" 2018

Dear Honourable Ralston,

The Vancouver Spring Show was initiated by Cherry Tao, founder of the Spring Show Production Society, and George Lian, President of Canada-China Business Association (CCBA). **On March 31, 2018 the Society will host the 9th Vancouver Spring Show at the Queen Elizabeth Theatre in Vancouver. We would be most honoured to invite you and a guest to the Red Carpet Reception and the show which begin at 6:00 PM and 7:30 PM, respectively. We would also like to welcome you to deliver remarks at the Reception.**

The 9th Spring Show is co-hosted by CCBA, Bian Liunian Art Studio, Sichuan Opera Troupe, Beijing Blue Sky Kindergarten and Motion Artistry (Vancouver Academy).

The Vancouver Sun described the previous shows as ^{Copyright}
^{Copyright} The 9th Spring Show will present the arrival of spring with cross-cultural forms of traditional and modern performing arts by a group of outstanding actors and production professionals from China and Canada.

All our spring shows aim at promoting cultural exchanges and setting a great example of multiculturalism, to ensure it will continue flourishing in Canada, while sharing the joy of spring, harmony and richness of cultures with peoples. They are well covered by dozens of media from both Canada and China.

We earnestly hope you will be able to attend the 9th Spring Show, and would also appreciate your favourable response by March 28.

Sincerely,

Subject: Questions re settlement services

Hi Ramesh,

We have a few questions regarding settlement services from Little Mountain Neighbourhood House. Can you please help?

1. There is steady in-migration of newcomer immigrant and refugees from other provinces, but Federal funding is based on place where immigrant land. Can BC renegotiate the Can-BC agreement to take in consideration this in-migration as they need settlement services when they arrive here.
2. We are receiving an increasing number of refugee claimants, esp. from Latin America. What plans does the government have to meet the demand? Any new funding?
3. BC announced \$6M in new funding for Settlement Employment services. When will we know how the money will be used, and will agencies like LMNH be eligible to apply?
4. We support the increased focus on recent RFPs being for settlement employment supports and on the most recent arrivals that don't qualify for federal settlement services, but at the neighbourhood house, we still have a high demand from longer term immigrants that still need support, since they didn't seek it earlier in their integration process. There is very limited financial resources through BCSIP to support these people, but we find it is really

valuable to keep them connected, especially seniors, or other vulnerable, isolated individuals.

Warmly,

Hi Deanna,

Thanks for raising these concerns from your constituent.

You'll want to direct the first one on the Massey Tunnel replacement to the Ministry of Transportation and Infrastructure. As far as I know, construction was halted last summer anyways. But TRAN would know the most up to date information. The contact there is Lynne Stone at Lynne.Stone@gov.bc.ca.

The second comment can be directed TRAN as well. The Ministry of Labour covers anything on TFWs but this is again about a Transportation project.

For convenience, I've CC'd Lynne here.

Our constituent, an Ironworker, has communicated to our office that there is word going around the industry and construction workforce that the Massey Tunnel replacement is to be manufactured in China and shipped here for erection.

Secondly, he also urges the province to build the Pattullo Bridge in BC by "Signatory Companies" that employ unionized workers, as opposed to temporary foreign workers. He cites the Port Mann Bridge as a model.

Can you address these two concerns so that I can respond to our constituent?

Hi all,

Amanda mentioned that **s.22** Just on this note - if we could make that March 2 at 9:30 am for this meeting, that would be great!

It will take place in Mayor Hepner's office. No staff or materials needed. Their office said this is a 'general discussion'.

I will be with MBR for this meeting.

Nice to meet you over the phone!

I'm writing to request a meeting with Bruce on behalf of two colleagues to discuss an

approach to improving employment opportunities for internationally-trained professionals in BC.

Joan Anderson was recently a Director at Mosaic; Sandy Berman is a consultant who specializes in immigrant integration, including addressing barriers in professional regulatory issues.

Part of Bruce's Mandate letter refers to actions related to helping newcomers attain work in their fields.

Hello!

I hope you had a lovely weekend.

I wanted to touch base with you about an event that is happening in Maple Ridge in April.

On April 4<sup>th</sup>, Maple Ridge is having an innovation forum. You can see the Agenda here <https://innovate.mapleridge.ca/agenda.html>

At 11:00AM-12:00PM they will be having a session about "How Government supports innovation". MP Dan Ruimy will be speaking about the federal government, Mayor Nicole Read will be speaking about municipal government, and they have asked Bob (and he agreed) to speak about how the provincial government supports innovation. Both Bob and Lisa were invited but looks like Lisa can't attend.

I know we have a lot of good stuff regarding innovation, especially after our fantastic budget.

The speaking time is approximately 7-10 minutes then 10 minutes of questions. I think coming up with some main talking points that Bob can expand on, and getting him information on our innovation sector would be good. Can you help with this?

Let me know what I can do to help. Thanks for all your support. PS I apologize in advance but I'm probably going to send you a couple emails today.

All the best,

Sophia

**Subject:** Innovation Forum in Maple Ridge

Hello!

I hope you had a lovely weekend.

I wanted to touch base with you about an event that is happening in Maple Ridge in April.

On April 4<sup>th</sup>, Maple Ridge is having an innovation forum. You can see the Agenda here <https://innovate.mapleridge.ca/agenda.html>

At 11:00AM-12:00PM they will be having a session about "How Government supports innovation". MP Dan Ruimy will be speaking about the federal government, Mayor Nicole Read will be speaking about municipal government, and they have asked Bob (and he agreed) to speak about how the provincial government supports innovation. Both Bob and Lisa were invited but looks like Lisa can't attend.

I know we have a lot of good stuff regarding innovation, especially after our fantastic budget.

The speaking time is approximately 7-10 minutes then 10 minutes of questions. I

think coming up with some main talking points that Bob can expand on, and getting him information on our innovation sector would be good. Can you help with this?

Let me know what I can do to help. Thanks for all your support. PS I apologize in advance but I'm probably going to send you a couple emails today.

All the best,

Sophia

Good Morning Nicola,

Thank you for writing the Minister regarding your constituents issue with PNP. The Provincial Nominee Program falls under the Ministry of Jobs, Trades and Technology and I have cc'ed Ramesh Ranjan on this email who is the Executive Assistant for that Ministry.

As you are enquiring about approval time for s.22 with that program it would not be our Ministry to assist but MJTT.

The Ministry does want to thank you for sharing with us  
s.13

If further questions arise with this constituent regarding MCFD I did want to remind you that we would require a consent form signed by the

constituent and the CA. I have attached it here in case you might need it. I have also attached the MLA Guide for MCFD.

If you have any questions please ask. I am happy to help.

Cheers,

Hi Mark,

Ramesh Ranjan here from Minister Bruce Ralston's office.  
Thank you for sending the policy brief on Temporary Foreign Workers. Minister Ralston and Minister of Labour, Harry Bains would like to meet with you to discuss that and other things.

Both are free on April 27<sup>th</sup> at 10 AM, if that works for you.  
The meeting would be at Minister Bains' constituency office in Surrey.

Let me know if this works for you and your team.

Sincerely,  
Ramesh

Hi Amanda,

We have to move this meeting as Minister Bains is giving a speech in Victoria OBO the

Premier and won't be back in time for 10 AM. 2:30 pm at VCO/VTO or 3:30 PM at Harry's office would also work for them. What can we do here?

Hi Mark,

Ramesh Ranjan here from Minister Bruce Ralston's office. Thank you for sending the policy brief on Temporary Foreign Workers. Minister Ralston and Minister of Labour, Harry Bains would like to meet with you to discuss that and other things.

Both are free on April 27<sup>th</sup> at 10 AM, if that works for you. The meeting would be at Minister Bains' constituency office in Surrey.

Let me know if this works for you and your team.

Sincerely,  
Ramesh

**Subject:** A solution for cannabis regulation and control - Wiz-Tec brings the Merchant Server Program to the Marijuana Retail Market

Dear Hon. Ralston,

Wiz-Tec Computing Technologies Inc. is excited to announce that its Merchant Server program now supports control, tracking, and regulation for the cannabis retail market. Wiz-Tec's Merchant Server program is currently used for Indian Tax Exemption, with sites all across Canada and exclusive contracts with the Ontario Ministry of Finance and Revenue Quebec. The newest developments to Merchant server adds capabilities for full control over the distribution, sale and taxation of Cannabis products, along with a full reconciliation suite designed to help governments monitor and enforce limit controls, taxation collection, and reconciliation of distributed quantities.

Wiz-Tec's Cannabis regulation system is the only true 360° degree solution and exists as an "off-the-shelf" program which is ready to be deployed to Governments, wholesalers/distributors, and retailers immediately. It comes ready with customizable POS for the retailers, real time inventory and limit controls, digital reporting functions at the grow-op, distributor, and retailer, and a suite of management tools designed for provincial, federal, and state governments.

*"Established first for the Nova Scotia Ministry of Finance's NSIFTE program, and again for the Ontario and Quebec Ministries of Finance for the FNGTR and EFIC programs respectively, Wiz-Tec's Merchant Server system has proven itself as a low-cost and reliable solution. This solution is ready to be expanded to help retailers, wholesalers, and governments manage legalized cannabis in an accountable and timely fashion."* - William C. Macdonell, CEO Wiz-Tec

Computing Technologies Inc.

The Merchant Server's reconciliation and verification tool allows the governments to digitally track cannabis from the grow-op to the consumer. Real time control and enforcement of consumer limits on a daily, weekly, monthly, or annual basis ensures responsibility and prevents abuse by both retailers and consumers. The reporting modules designed for the government are easy to understand, such as monitoring consumption patterns, while allowing for fine control, such as manually tuning the usage needs or limits for an individual.

The development of a custom cannabis management system is costly, time consuming, and risky. Wiz-Tec's Merchant Server program is ready to go and is a proven solution with 20 years of empirical success behind it. Videos detailing the systems capabilities and a demonstration of the system are available here:

Dear Minister Ralston,

*easyfinancial* is the leading, full service provider of alternative financial services that improve the lives of everyday Canadians, offering customers unsecured installment loans from \$500 to \$15,000 at over 30 brick and mortar branches across the province. *easyfinancial* differentiate themselves from competitors by providing customers support and access to financial education resources, relief and most of all, respect.

*easyfinancial* customers are generally defined as credit constrained, hard-working, family-focused individuals that often live paycheck to paycheck with little financial flexibility to deal with unexpected bills and expenses. *easyfinancial* gives them a chance when they have been denied access by traditional financial institutions – this represents nearly 60% of *easyfinancial's* current client base. Canada's traditional institutions regularly deny credit of this particular client group, citing evidence of high risk, past mistakes, and unforeseen life events. *easyfinancial's* goal is to help those customers address their immediate needs and get back on track towards a better financial future by offering products that help them proactively rebuild their credit, including access to free financial education and credit monitoring tools. A majority of customers are able to improve their credit scores while with *easyfinancial* to the point where they are able to transition back to a major bank as a traditional lending institution.

Loans provided by *easyfinancial* are an alternative to payday loans and are designed to be a meaningful and considerably lower cost alternative, while containing many features that avoid the negative aspects of payday loans. For example, unlike payday loans which tend to have two-week terms, *easyfinancial's* loans offer terms of 9 to 48 months, allowing consumers the flexibility to repay the loan when they are able to. *easyfinancial* also offers loans ranging from \$500 to \$15,000, as opposed to payday loans which are typically in the \$200 range, permitting customers to regain stability

through accessible financial resources. Structuring loans in this manner helps *easyfinancial*'s customers avoid the "debt spiral" frequently associated with customers who take out payday loans that cannot be repaid and incur renewal and compounding penalties and fees.

You may be interested to learn that the *easyfinancial* branch located in your riding and accessed by your constituents is actually among the 10 busiest in the province. *easyfinancial* would like to have the opportunity to meet and discuss with you further the important service they provide to hardworking individuals in your riding. Members of our executive team will be in Victoria for several windows during April and May, and would appreciate the opportunity to meet with you. *easyfinancial* have also requested meetings with several of your colleagues, and would be happy to participate in a group informational session where you could benefit from shared questions and insights.

Thank you very much for considering this request. We look forward to hearing back from you or your staff in the near future about the possibility to meet.

Amanda, if you could go ahead with requesting staff/materials, that would be great.<sup>S.13</sup> You can pass on the info from I sent over in the initial request and if they need anything further, just pass them my number to contact me directly. I think the initial info should suffice though.

Hi Monica,

Hope you are well. I just wanted to touch base with you on a couple things that have come through. Not sure how far inside JTT they have gone through Kathie. All of the original requests are in email form that I can forward to you.

s.17

VanHack - they are an online community of 100,000 that matches tech workers with job opportunities in other countries, many of which are here in BC. Ash, their Biz Dev Manager, is an old connection of mine. They've done incredible work and can be a big solution for the BC tech industry to be a matchmaker of talent and employers.

Erete - this is an app that intends to be the 'uber' for taxis, black cars and limousines. The app was built by Arete Hub, a company headquartered in downtown Vancouver. Their CEO Shreyans has met with the Surrey Board of Trade and received their endorsement. I

met him at a BC Chamber of Commerce Event. They are meeting with an ADM from the Ministry of Transportation and Infrastructure and Kristin from the Passenger Transportation Branch on Dec 12. This does touch on innovation and they would like to meet with JTT too.

Again, I have the email requests from these 3 individual organizations. I can forward them to you if you don't have them. Amanda can work with you to book them in for meetings with the relevant staff members.

Let me know if you have questions.

Sincerely,  
Ramesh

**5th Annual 100 Year Journey Gala**  
Saturday, September 29th, 2018

An evening to remember at the new and exciting **JW Marriott Parq Hotel** in Vancouver to honour the legacy of our pioneers from the past as well as those navigators that have been blazing the path for the future of our community.

Come join us for an evening of celebration and world class entertainment. Wine and dine in style while connecting with others. The 100 Year Journey gala will be attended by 500 leaders and luminaries from the South Asian community. It's going to be another fun and memorable evening!

Net proceeds from the previous galas went towards establishing a \$100,000 Endowment at Kwantlen Polytechnic University; contributions to the Royal Columbian Hospital Foundation; donation of several thousand *100 Year Journey* books to Surrey, Vancouver, Burnaby, Abbotsford school districts; various schools in Calgary and Edmonton; numerous community organizations across Canada; the Sikh Heritage Museum in Toronto as well as donation of the books to the **Next 100 Years** Mentorship program (now in its 3rd year).

Plus a unique partnership between Surrey RCMP Diversity Unit and Surrey Safe Schools to create a pilot program that focuses on developing healthy relationships, positive recreation, overall wellness and identity through mentorship - all based on the pioneer stories from the *100 Year Journey* book.

Come and join the journey!

To purchase tickets please contact Rupa Vig at [rupa@100yearjourney.com](mailto:rupa@100yearjourney.com)

Limited Seating Available.

### **British Columbia's official gift to the Prime Minister of India**

"It was truly an honour to have been selected to provide BC's official gift to the Prime Minister of India. One of the goals of the 100 Year Journey Project is to showcase the many contributions made by those early pioneers that came from India. To have that presented to an Indian Prime Minister is a great honour for this project."

It was a pleasure to recognize the incredible accomplishments of Rana Vig in the Senate Chamber. Rana and his wife Rupa founded the 100 Year Journey Project, which promotes intercultural understanding by highlighting and

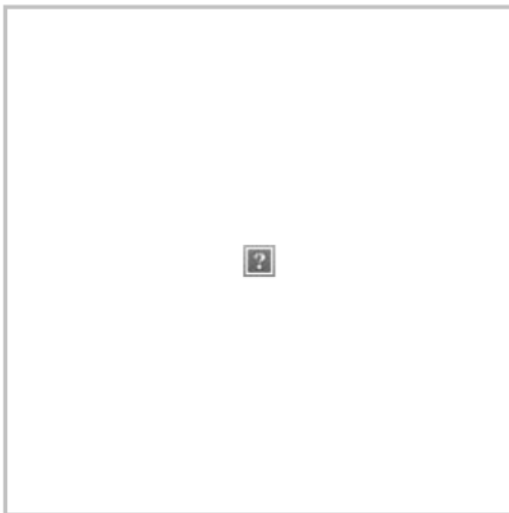

featuring the stories of South Asian pioneers who helped build Canada.

Through their work, they have reshaped our understanding of Canadian history.

Their stories have helped us all understand that many South Asians were among the pioneers who came to Canada long ago, and were instrumental in building this country.

## About 100 Year Journey Project

Established in 2014, the 100 Year Journey Project presented by the former publisher of Mehfil Magazine (1993 –

2010) celebrates South Asian pioneers in Canada by sharing and immortalizing their stories within a commemorative publication and website. The idea first emerged in 1996 when the column 'Reflections' was first launched as a part of Mehfil Magazine to capture the inspirational stories of the South Asian pioneers before they were lost to history. The vision behind the project is to create a timeless resource that would preserve South Asian heritage and provide an expanded narrative of South Asian history, which presently does not exist in Canadian history textbooks. Since its release, the publication has been enthusiastically accepted by teachers and has been approved for use in several school districts in British Columbia including Surrey, Abbotsford, Burnaby and Vancouver. The publishers continue to expand the reach with plans to make it available to all schools across Canada. Hi Teresa,

Lucy asked me to get in touch with you regarding expectations for the Govt. MLAs for the upcoming Governor General's visit. As you are aware, there will be the Official Welcome Ceremony at 2pm on March 20th on the outside at the Parliament Buildings.

**For this, there will be an opportunity for MLAs to view the ceremony from a designated area in front of the buildings.** There is a possibility that the Governor General may stop to shake hands, but it would be at her discretion. If MLAs do choose to attend, we would like them to come to the front of the East Breezeway no later than 1:45 p.m. and staff will escort them to the designated area. The outside portion of the event should be concluded by 2:20 p.m.

You may also know that all Govt. MLAs received an invitation to the Stand-Up Dinner Reception co-hosted by the Lieutenant Governor and the Premier that evening, March 20th at Government House. The reception starts at 5:30 p.m., but guests have been told to arrive by 5:00 p.m. The reception will likely conclude by 7:00 p.m. The dress code is Business Attire (with decorations – medals, etc. if they have them). The outline program for the reception is:

<!--[if !supportLists]-->• <!--[endif]-->O' Canada  
<!--[if !supportLists]-->• <!--[endif]-->First Nations Welcome Song  
<!--[if !supportLists]-->• <!--[endif]-->LG Remarks  
<!--[if !supportLists]-->• <!--[endif]-->Premier's Remarks  
<!--[if !supportLists]-->• <!--[endif]-->Governor General's Remarks  
<!--[if !supportLists]-->• <!--[endif]-->Reception continues  
<!--[if !supportLists]-->• <!--[endif]-->At end of reception, youth choir performs two songs

I am also including the latest program rollout and site diagrams for your information.

Let me know if you require anything further?

Hi Ramesh,

s.13

At 3pm, there is a performance in French of stories being read to the public  
But at 4:30 pm until the end it will be in French and English

s.13

Minister Harry Bains is saying a few words and my speech will be in French and English If Minister Ralston would like to say a few words, he's more than welcome, just let me know ahead of time so we can introduce him

Afterwards, the Black History Month presentation will be in French and English and will be followed by musical performances

So arriving around maybe 4:30 should give you some time to mingle before everything starts

Hope this helps Let me know if you have any more questions See you on Sunday!

Hi Ramesh, you are invited to our celebration!

I kept you in mind when we organised this event Obviously, Minister Bruce Ralston and his family are invited or course, and I'd love for you to bring your family if you're free that day

The event is called "Célébrons la Francophonie", and is held on March 18th and starts at 3pm, at the École Gabrielle-Roy school (6887 132 Street, Surrey)

It begins with the unveiling of the book "Le Bonheur est dans le Jardin" (Happiness is in the Garden), a collection of stories written by

our group of elders. Stories will be read out loud by specially chosen performers (Wanda Jemly, Jean-Pierre Makosso et Maurice Guibord)

It will be followed by musical performances by

- Brunny Alaka'i Ainoi
- Jean-Pierre Makosso
- Korine Kakule et Neyssah Gilkes

There will be

- A presentation for "Black History Month"
- The vote for the best art work for "Black History Month"
- A multicultural buffet (many cultural communities are contributing to the assortment)
- Activities for children

(Our celebration for Black History Month was rescheduled due to the snow storm at the end of last month )

You are very warmly invited, and please invite your friends you feel would be interested  
The buffet will be large, but we'd love to run out of food, due to having too many friends!

Hope to see you March 18th,

Hi Ramesh,

At 3pm, there is a performance in French of stories being read to the public  
But at 4:30 p m until the end it will be in French and English

Minister Harry Bains is saying a few words and my speech will be in French and English If Minister Ralston would like to say a few words, he's more than welcome, just let me know ahead of time so we can introduce him

Afterwards, the Black History Month presentation will be in French and English and will be followed by musical performances

So arriving around maybe 4:30 should give you some time to mingle before everything starts

Hope this helps Let me know if you have any more questions See you on Sunday!

Hi Ramesh, you are invited to our celebration!

I kept you in mind when we organised this event Obviously, Minister Bruce Ralston and his family are invited or course, and I'd love for you to bring your family if you're free that day

The event is called "Célébrons la Francophonie", and is held on March 18th and starts at 3pm, at the École Gabrielle-Roy school (6887 132 Street, Surrey)

It begins with the unveiling of the book "Le Bonheur est dans le Jardin" (Happiness is in the Garden), a collection of stories written by our group of elders Stories will be read out loud by specially chosen performers (Wanda Jemly, Jean-Pierre Makosso et Maurice Guibord)

It will be followed by musical performances by

- Brunny Alaka'i Ainoi
- Jean-Pierre Makosso
- Korine Kakule et Neyssah Gilkes

There will be

- A presentation for "Black History Month"
- The vote for the best art work for "Black History Month"
- A multicultural buffet (many cultural communities are contributing to the assortment)
- Activities for children

(Our celebration for Black History Month was rescheduled due to the snow storm at the end of last month )

You are very warmly invited, and please invite your friends you feel would be interested  
The buffet will be large, but we'd love to run out of food, due to having too many friends!

Hope to see you March 18th.

At 3pm, there is a performance in French of stories being read to the public [s.13](#) But at 4:30 p m until the end it will be in French and English

Minister Harry Bains is saying a few words and my speech will be in French and English If Minister Ralston would like to say a few words, he's more than welcome, just let me know ahead of time so we can introduce him

Afterwards, the Black History Month presentation will be in French and English and will be followed by musical performances

So arriving around maybe 4:30 should give you some time to mingle before everything starts

Hope this helps Let me know if you have any more questions See you on Sunday!

Hey Sébastien,

Just a couple questions for you: Is there a rough timeline for event? I see it starts at 3 What time will the musical performances be at roughly and what time will the Black History Month presentations be at?

Thanks,

Hi Ramesh, you are invited to our celebration!

I kept you in mind when we organised this event Obviously, Minister Bruce Ralston and his family are invited or course, and I'd love for you to bring your family if you're free that day

The event is called "Célébrons la Francophonie", and is held on March 18th and starts at 3pm, at the École Gabrielle-Roy school (6887 132 Street, Surrey)

It begins with the unveiling of the book "Le Bonheur est dans le Jardin" (Happiness is in the Garden), a collection of stories written by our group of elders Stories will be read out loud by specially chosen performers (Wanda Jemly, Jean-Pierre Makosso et Maurice Guibord)

It will be followed by musical performances by

- Brunny Alaka'i Ainoi
- Jean-Pierre Makosso
- Korine Kakule et Neyssah Gilkes

There will be

- A presentation for "Black History Month"
- The vote for the best art work for "Black History Month"
- A multicultural buffet (many cultural communities are contributing to the assortment)
- Activities for children

(Our celebration for Black History Month was rescheduled due to the snow storm at the end of last month )

You are very warmly invited, and please invite your friends you feel would be interested  
The buffet will be large, but we'd love to run out of food, due to having too many friends!

Hope to see you March 18th,

Dear Minister Ralston:

Attached you will find research that was commissioned by the Real Estate Institute of BC (REIBC) to look at policies from around the world for non-resident ownership purchasing industrial, commercial or institutional real estate. This is the second in our series of research to have policies consolidated in one area so that is it an easy reference.

Our first paper focused on policies from around the world for non-resident ownership of residential real estate. I have attached that for your information.

We are currently in progress of doing our final paper in this series. This paper will focus on non-resident ownership of agricultural land. Once this paper has been completed I will forward to you.

You can also access this research at [www.reibc.org/research.html](http://www.reibc.org/research.html)

If you have any questions please feel free to contact us.

The mission of the Real Estate Institute of BC is to be the premier real estate organization in BC by distinguishing its diverse membership through designation, recognition and professional development.

REIBC also offers the recognized [Professional RI designation](#) to real estate professionals from all sectors of the industry who meet high educational and experience standards. The RI designation sets a high professional standard across the industry and provides an assurance of excellence for clients and consumers.

An RI is a designated, educated, experienced and connected real estate professional.

Yours truly,

#### NEWS RELEASE

Province invests in Surrey's efforts to save more lives from overdose

SURREY - The Province is funding new, collaborative interventions that will help connect vulnerable people to the services they need by providing the City of Surrey with a \$175,000 grant for a pilot project to enhance community response to the overdose crisis.

"This funding will bring together teams from various health and social-service agencies, and first responders to determine how to proactively address the needs of individuals where there is elevated risk in the community of Surrey," said Mike Farnworth, Minister of Public Safety and Solicitor General. "This work will help rapidly mobilize services to respond to the needs of at-risk opioid users."

The work will be a strong complement to the Surrey Community Action Team, which was announced on Feb. 1, 2018. As part of the Overdose Emergency Response Centre, the Surrey Community Action Team brings together local partners at the municipal level - including health, first responder, public safety and community agencies - to develop and enhance a co-ordinated system, which will save more lives, and connect more people with treatment and recovery services, as soon as possible.

"People at risk of overdose need a full spectrum of treatment options and wraparound support services," said Judy Darcy, Minister of Mental Health and Addictions. "This funding grant will make it easier to develop pathways to treatment, so people with substance-use problems can get the right supports quickly. This rapid response is critical to saving lives, and helping people find a pathway to hope and recovery."

The City of Surrey will use the grant to build on its existing efforts, such as the Surrey Mobilization and Resilience Table (SMART), which addresses high-risk individuals, in order to help combat the opioid crisis and improve the capacity of front-line workers to respond.

Through the project, the City of Surrey will review how to best use integrated service models, such as SMART, to better identify opioid users and connect them to services that can reduce their risk of an overdose. The city will develop processes for referring high-risk opioid users to appropriate services, conduct a project evaluation, and draft a report with recommendations on how to apply the successful components of the project in other communities.

"Surrey is committing significant resources to ensure that data and technology help us be more responsive in battling the ongoing opioid crisis," said Mayor Linda Hepner. "Working with partners such as Statistics Canada, leveraging real-time analytics like Qlik and building on models, such as Surrey's SMART initiative, will allow us to ultimately be more effective in assisting the most vulnerable of high-risk opioid users."

"Our government's response to this complex social and health issue, which is devastating individuals, families and communities throughout the province, highlights our commitment to invest in collaboration with all stakeholders," said Garry Begg, Surrey-Guildford MLA. "A sustained, co-ordinated and concentrated effort will be required to defeat this crisis in our communities."

Evidence-based, best-practice approaches like these help front-line workers anticipate when a co-ordinated effort to provide services can prevent significant harm to vulnerable people, who are experiencing heightened levels of risk in a specific community.

Mr. Horgan, can you explain to me why Mr. Black , who has financing in place and has offered for some time , is not building a refinery in BC so that the bitumen from Alberta can be refined before it is shipped. I have no objection to twinning the pipeline but I , as many others in BC , have severe concerns about bitumen being shipped in our pristine coastal waters . Why have we not embraced his offer —???

I hope all is well with you and your work. Belated thanks for taking the time to have a conversation with me last January. Via updates from AMSSA, our sector umbrella organization I found that BC SIS will be delaying its funding decisions for seven months until the April/June - existing contracts will be extended.

My Board and I still are very determined to develop stronger relationships with Immigration Policy and Integration Branch Workforce, Immigration & Major Investments Division and are hopeful that the south Island region will be designated for multiple contracts so that we can provide BC SIS services to the most vulnerable newcomer clients in the region.

On a positive note, we received a cardboard box in the mail that contained a 2017 Premier's Award from the Ministry of Jobs, Trade and Technology for my agency's contributions towards the Refugee Readiness Fund initiative. I was hoping that an MLA or a representative of JTT may be able to officially present this award to my staff. They worked very hard and created some truly astounding outcomes for the resettled Syrian population on Vancouver Island. If you have suggestions on an official presentation of this award, I will be pleased to facilitate.

Hello – As previously discussed, if your Minister receives correspondence regarding the employer health tax as it relates to public sector employers, please have your Ministry staff redirect the message to the Public Sector Employers' Secretariat. We ask that they respond to the writer with the message below, and cc [PSEC@gov.bc.ca](mailto:PSEC@gov.bc.ca). Give me a call if you have any questions or if you would like to confirm the public sector employers under your Minister.

Thank you for your *\*email/letter* sent on *\*date* to the Honourable *\*name*, Minister of *\*ministry*, regarding the EHT. We appreciate that you have taken the time to write.

As an *\*employer/union/stakeholder* in the public sector, your *\*email/letter* has been sent to the Public Sector Employers' Council Secretariat (PSEC Secretariat) for response.

The PSEC Secretariat is the central agency responsible for the strategic coordination of labour relations, as well as the non-union compensation, and the related statutory and non-statutory benefits for the broader public sector. The PSEC Secretariat reports to the Minister of Finance.

Hi Shayne,

Thanks for coming to the office on Friday to meet with Minister Ralston. It was great to get an update and the Minister really appreciated the information and insight on the new Modular housing projects in our community.

You mentioned you've tried and would like to meet with Minister Robinson. I've talked with my colleagues over there and you'll have to send a separate email to [MAH.minister@gov.bc.ca](mailto:MAH.minister@gov.bc.ca)<mailto:MAH.minister@gov.bc.ca>. You'll then hear back from staff with a meeting request form to fill out.

Let me know if you have any questions!

Hi Minister,

Dr. Ryan D'arcy from SMH and SFU was on the Simi Sara Show to talk about to advancements in neuroscience and technology within the Health and Technology District in Surrey.

<https://omny.fm/shows/the-simi-sara-show/surrey-celebrates-brain-awareness-week>

It's a good interview and ends well with a positive note about the burgeoning tech hub that Surrey is becoming.

Hi Ramesh,

They are just in the final approval stage by our DM and we will get them to you asap. FYI, there are 3 parts: SNs for Luncheon, Remarks for Introductions in the House and the SNs for Minister to open the briefing session and introduce the various presenters.

We would also like to get a group photo of the Minister with the Consular Corps members (44 in total). The best opportunity and location would be when the lunch concludes at the Bengal Room at the Empress and everyone is walking back to the Parliament Buildings at around 1:15 p.m. The photo could be on the front steps of the Parliament Buildings. **Do you think this would work for the Minister?**

Hi Amanda,

Please find attached the latest agenda for the Luncheon and Briefing next week on March 12th. Our office will prepare the SNs for the Luncheon

and the Introduction in the House. The Welcome for the briefings beginning at 1435 will mostly entail the MBR welcoming the Consular Corps to briefings portion of day and then introducing Minister Beare and subsequently DM Dave Nikolejsin at 1525. We will ensure we have seating for Ramesh at the luncheon.

Can you let me know if the Minister will require any presentation capabilities for his remarks? There is a large flat screen TV in the room.

Hi Minister,

IGRS has confirmed that Minister Donaldson is no longer available for this CG briefing as he will be in estimates. If agreeable, they are suggesting the order be:

2:35PM - 3:10PM – Minister Beare  
3:10PM - 3:25PM – If agreeable they are asking whether you would like to speak from 3:10-3:25PM (on trade??)  
3:25PM - 4:00PM – EMPR DM, Dave Nikolejsin (MMMungall is not available and the DM isn't available until 3:25PM)

If you would rather not speak then they can offer a coffee break from 3:10-3:30PM instead.

Please let me know your preference.

Thank you,

Hi Brad,

It's now been  
resolved so you can  
go ahead and reach  
out to them.

Just an FYI on that  
issue - this was the  
official response on

that issue:

The previous BC Liberal government developed the current funding system in 2002 without consulting parents or school boards.

During the campaign, we committed to reviewing the current system for the K-12 public education to ensure that our schools have the resources they need and our government is delivering on that commitment.

Enrollment is once again climbing, technology is playing a much larger role, and methods for delivering education programming are rapidly evolving.

This review will help us develop a more equitable and sustainable funding model that improves outcomes for students and provides a stable funding platform to all Boards of Education. Our goal is to ensure equal access to educational programs and services for students throughout the province-no matter

where they live.

Our government increased operating funding for schools by \$1.1 billion and we have introduced the largest capital budget in generations - investing \$1.8 billion in our kids over the next three years. This includes funds specifically targeted at reducing portables after years of inaction by the previous government.

School Trustees represented by the BC School Trustees Association (BCSTA) are a key part of this review, as are other education partners and stakeholders. As co-governors of the education system, the Ministry of Education and the BCSTA initiated this review, and the BCSTA helped develop the shared principles for the future funding model. This review is guided by an independent panel comprised of education experts from across the province.

Hi Queenie,

I'll be in touch with you shortly with some dates and times. My guess is it will be on a Friday in March, if it's to be in the Lower Mainland. Something sooner could be arranged if you plan to be in Victoria sometime.

Also, if you could send me a separate email about the event you mentioned, that would be great.

Friday night is looking packed and quite conflicting. You'll be downtown until 5 pm.

You have a Vancouver Chinese Merchants Association event at 6:30 pm. Dinner at 7 and remarks at roughly 7:30. MLAs Simpson, Chow and Yap will also be attending. 300-350 expected attendees.

You also have the SFU Surrey President's Gala from 6-9 pm. Premier Horgan speaks at 7 and Mayor Hepner will also be

speaking. Dinner is at 7:30 pm.  
330 expected attendees. Surrey  
City Orchestra will be  
performing at 6:30. Given the  
significance of the event and  
that it's in your riding, I think it  
would be best to go there at a  
reasonable time, if not at the  
start.

Given travel time, you will have  
to choose between the two. You  
could have Shane or George  
give remarks on behalf of the  
gov for the VCMA event. They  
didn't purchase a ticket for staff  
for the SFU Surrey Gala given  
the price. So you would be solo  
for that one.

What do you think?

Hi Ramesh,

They are just in the final approval stage by our DM and we will get them to you asap. FYI, there are 3 parts: SNs for Luncheon, Remarks for Introductions in the House and the SNs for Minister to open the briefing session and introduce the various presenters.

We would also like to get a group photo of the Minister with the Consular Corps members (44 in total). The best opportunity and location would be when the lunch concludes at the Bengal Room at the Empress and everyone is walking back to the Parliament Buildings at around 1:15 p.m. The photo could be on the front steps of the Parliament Buildings. **Do you think this would work for the Minister?**

Hi Amanda,

Please find attached the latest agenda for the Luncheon and Briefing next week on March 12th. Our office will prepare the SNs for the Luncheon and the Introduction in the House. The Welcome for the briefings beginning at 1435 will mostly entail the MBR welcoming the Consular Corps to briefings portion of day and then introducing Minister Beare and subsequently DM Dave Nikolejsin at 1525. We will ensure we have seating for Ramesh at the luncheon.

Can you let me know if the Minister will require any presentation capabilities for his remarks? There is a large flat screen TV in the room.

Hi Minister,

IGRS has confirmed that Minister Donaldson is no longer available for this CG briefing as he will be in estimates. If agreeable, they are suggesting the order be:

2:35PM - 3:10PM – Minister Beare  
3:10PM - 3:25PM – If agreeable they are asking whether you would like to speak from 3:10-3:25PM (on trade??)  
3:25PM - 4:00PM – EMPR DM, Dave Nikolejsin (MMMungall is not available and the DM isn't available until 3:25PM)

If you would rather not speak then they can offer a coffee break from 3:10-3:30PM instead.

Please let me know your preference.

Hi Brad,

We could aim for Saturday afternoon after 1:30 or next week. Amy Reid is who I had in mind.

Great – remind me, was there a specific  
reporter that you have in mind?

Meghan – I see the calendar has gotten busier  
for tomorrow – would you like us to suggest a  
time next week in addition to, or instead, of  
3:00 tomorrow?

Thanks!  
Brad

Hi Brad,

It's now been resolved so you can go ahead  
and reach out to them.

Just an FYI on that issue - this was the official  
response on that issue:

The previous BC Liberal government  
developed the current funding system in 2002  
without consulting parents or school boards.

During the campaign, we committed to reviewing the current system for the K-12 public education to ensure that our schools have the resources they need and our government is delivering on that commitment.

Enrollment is once again climbing, technology is playing a much larger role, and methods for delivering education programming are rapidly evolving.

This review will help us develop a more equitable and sustainable funding model that improves outcomes for students and provides a stable funding platform to all Boards of Education. Our goal is to ensure equal access to educational programs and services for students throughout the province-no matter where they live.

Our government increased operating funding for schools by \$1.1 billion and we have introduced the largest capital budget in generations - investing \$1.8 billion in our kids over the next three years. This includes funds specifically targeted at reducing portables after years of inaction by the previous government.

School Trustees represented by the BC School Trustees Association (BCSTA) are a key part of this review, as are other education partners and stakeholders. As co-governors of the education system, the Ministry of Education and the BCSTA initiated this review, and the BCSTA helped develop the shared principles for the future funding model. This review is guided by an independent panel comprised of education experts from across the province.

Hi Ramesh,

We're just finalizing the messaging – any word on the education inquiry you were hoping to see resolved before we reach out to pitch an interview?
