Hi Meagan,

Please see below bullets approved by Tracy.

1. *There are strong business ties between both Canada and India - and in particular BC and India*

 - Canada and India share \$8 Billion in two-way trade annually
 - India is B.C.'s sixth-largest destination for exports, following four years of steady growth

2. *India represents great potential for BC businesses*

- India's 1.3 billion consumers, growing economy and skilled workforce make it a prosperous market for B.C. exports
- Supplying India's growing appetite for high quality goods and services is a significant opportunity for British Columbia exporters

3. *BC has a network of trade and investment offices in India that assist BC companies in the India marketplace*

- British Columbia has Trade and Investment Representatives in Mumbai, Delhi and Chandigarh who are available to help BC entrepreneurs find export opportunities in India.
- We also have an India trade manager within the Ministry who is happy to assist in making introductions to our trade team in India.

Subject: Invitation to our event "China's New Foreign Investment Law -- Cornerstone for the new round of reform"

April 16th, 2019

Dear Hon. Minister George Chow,

How are you?

As reported:

Our society "Canada International Trade Promotion Society"

would like to host a special forum called

2019 "China's New Foreign Investment Law" Forum

on May 22nd 2019, 2:00 P.M. to 4:30 P.M.

at Asia Pacific Hall, Morris J. Wosk Centre for Dialogue, Simon Fraser University .

It is our great honour if you could join us at this remarkable event.

Could you please kindly find key information as below:

1, the objective of the event

Title of the event:

China's New Foreign Investment Law --Cornerstone for the new round of reform.

China's economic reform started 40 years ago, has brought tremendous business opportunities to the world, and has affected highly fruitful mutual benefits for Canada and China in their cooperation on trade and investments. Moving forward, China is advancing a new round of reforms and development. The introduction of the new Foreign Investment Law is one of the key initiatives. The new Law provides clear protection provisions for issues such as expropriation and compensation, intellectual property protection, and technology transfer that are of common concern to foreign investors.

The Canadian International Trade Promotion Society (CITPS) has been a lynchpin in Canada-China cooperation. On occasion of the introduction of the China Foreign Investment Law, the Society is hosting a special forum for Canadian businesses, has invited Canadian and Chinese experts to interpret the new laws as well as to project the opportunities that the law may bring to Canadian enterprises.

2, the targeted audience and the size of it

The hall has 154 seats.

Our target is to have audience from around 80 to 150. (the hall can also arrange additional 30 seats if necessary).

Invitation is mainly sent to businessmen, professionals, chambers of commerce, and those who have and will have business in China.

Dear George,

On behalf of Organizing Committee of Expo Central China 2019 and Jiangxi Provincial People's Government, we sincerely invite you to the 11th Central China Investment and Trade Expo (Expo Central China 2019) to be held in Nanchang, Jiangxi Province, from May 18th to 20th 2019, where you will find the efforts and emphasis on domestic consumption and import demand that might open a door to BC by bridging the channels to export goods and services into Jiangxi Province, and further the huge market in Central China

BC has been witnessing over the past years a strong growth, so does Jiangxi Province. The two provinces have so many in common: Geographically huge, full of natural resources like forests, mining industry, agriculture and agri-foods processing industry.

During the next 10 to 20 years, China is expected to become the world's largest importer of agricultural and food products. BC, as the front door to Pacific Rim on the west coast, should have step forward to grab the opportunity.

We look forward to have a long term connecting with you by supporting the Minister of State for Trade and BC government.

Your kind reply would be greatly appreciated!

Herewith, we attach the info about the Central China Expo 2019 for your references.

Good afternoon Minister,

GCPE started some draft SNs for you on Friday evening for your speaking engagement at the BIABC reception on Sunday night. I've attached those here. This is about 4 minutes long. Bonnie said you can speak for as long as you feel comfortable and that it doesn't need to be lengthy. She was hoping you'd speak about what the Ministry is doing to help small business.

GCPE also provided the IN for the Small Business Profile which has some useful bullets you can use that night.

[This link](#) has some more information about the conference itself.

As mentioned, it sounds like there won't be a podium and the audience will be staff, board members, and members of BIAs from BC, Alberta, and Ontario. Bonnie wasn't able to estimate how many people would be at the reception.

At 6:45, Elizabeth Model will introduce you, you'll speak, and then the sponsor of the reception will take a minute to introduce themselves.

Let me know if there's anything else I can get for you for tomorrow.

Best,

Maria

Good morning,

I'm writing to invite you to join me on the evening of May 1 in Victoria for a UBC Alumni and Friends event — Wildfires: Causes, Consequences and Coexistence. Professor Lori Daniels from UBC's Faculty of Forestry is a well-known wildfire expert who will be presenting some of her research and then engaging in a Q&A that will be moderated by me. Please find the details of the event below.

I hope that you will be available to join me and members of the UBC community for what promises to be an informative evening.

Please send your RSVP to Kangsoon Park at kangsoon.park@ubc.ca by April 26.

Best wishes,

Wildfire is an essential process in forest ecosystems, but can be incredibly destructive in the wildland-urban interface. Wildfire is driven by climate, weather and fuels that vary among ecosystems and through time. The combination of land-use change, fire exclusion and global warming have made many forests highly susceptible to intense fires that are difficult to control and contain.

Revolutionizing forest and fire management will improve ecosystem resilience to climate change, but we will not stop future fires from burning. Successful adaptation must also include individuals and communities learning how to coexist with

wildfire. What does this mean for the upcoming fire season in British Columbia? Are there specific fire risks we need to pay attention to in the Capital Regional District?

Join fellow UBC alumni and friends in Victoria to hear from the UBC Faculty of Forestry's **Professor Lori Daniels**, followed by a Q&A that will be moderated by UBC's President & Vice-Chancellor, **Professor Santa J. Ono**. Following the program, mix and mingle at the reception.

Presented in partnership with UBC Faculty of Forestry.

Hi Ministers Chen and Ralston,

You will recall that we had a number of discussions regarding the relocation of the Little Wings Daycare located on leased space from Air Canada at the Vancouver International Airport. I am happy to report that a solution has been found and we confirmed an agreement between Little Wings Daycare, Air Canada and the Vancouver Airport Authority. Under the this agreement, the daycare will temporarily relocate inside the Air Canada operations centre, next to their current location, until their new facility is build. This should be done by September. This will allow the daycare to continue operating on Sea Island and also allow us to begin the work needed to expand the building housing our flight simulators to bring two more simulators to Vancouver.

Please do not hesitate to reach out should you wish to discuss this further.

Regards,

Serge

Hi Minister,

This request/speaking opp for TED Conference that has a very short RSVP deadline (NOON today) just came up from DMO. Would you be interested in participating in this on April 16th. The innovation Commissioners is also invited. We can make either option work if you would like. The full meeting request is attached. Here is link for more info on the TED Conference: <https://ted2019.ted.com/>.

1. Option 1: 3:30 pm to 4:30 pm

The organizers anticipate 75+ guests who will leave the TED Conference and meet at the Launch Academy in Gastown. Minister Ralston or the Innovation Commissioner are invited to provide welcome remarks with a brief overview of the BC tech ecosystem. A speaker from the VR/AR Hub would provide a brief introduction to BC's VR/AR ecosystem, followed by a demonstration of the latest technology developed by BC companies based at the Launch Academy's VR/AR Hub.

Attendees: TED organizers maintain a confidential attendee list but have indicated guests would be C-level executives from international companies such as JPMorgan, Lululemon, and Netflix amongst others. The VR/AR Hub has also contacted the office of ISED Minister Navdeep Bains and requested he provide remarks and media will be invited as well.

2. Option 2: 4:30 pm to 7:00 pm

The Hub would be opened to introduce the Hub space and community to a broader group of ~200 people including: federal and provincial government officials; investors; targeted companies from across BC, Canada and internationally; members of the media; and VR/AR industry stakeholders. There would be an opportunity for either Minister Ralston or the Innovation Commissioner to address the audience, which would then be followed by a technology demonstration from 10-15 top VR/AR companies.
