Hi Rick,

I saw that we both attended the Traction event. I hope you found it as insightful as our Algolia team. I'm not it sure if you got the chance to stop our booth or not, but I thought this would be a great way to introduce myself.

Would love to connect in the coming weeks to share more information on [Algolia](#)?

We'd love to learn more about what's on the roadmap for you and your team in 2020 - do you have some time this week or next to hop on a call?

Warmly,  
Mary Kellan

**Subject:** For QUOTE APPROVAL - NR - MVA pilot projects

Hi to MO –

As discussed this is the draft NR for the MVA pilot projects (written by Danielle & approved at all levels)

Here is the MLA/ PS QUOTE – over to you for approval please:

“We recognize technology and transportation is changing, and people want new ways to commute,” said Rick Glumac, MLA for Port Moody-Coquitlam and Parliamentary Secretary for Technology, on behalf of Transportation and Infrastructure Minister Claire Trevena. “I’m looking forward to seeing how these pilot projects will help British Columbians access modern ways of getting around their communities.”

Thanks!
