Subject: Meeting with the Minister - Tuesday

Greetings, James

Hope you have survived the snow, and cancellation of the ferries, etc!
I'm looking forward to meeting with the Minister next Tuesday in Vancouver (I'll also see him Monday with the Estonian Ambassador)

From my side just two topics:

1. Draft Report to the Minister
2. Potential meeting with Jim Balsillie

I would very much appreciate the Minister's scan of the Report (attached), just to make sure that I'm reasonably in line with his mandate and thinking.
Can I ask you to make a copy of the Report so that the Minister can scan it on his way to Surrey, or back?!

Many thanks!

Alan

Please let me know if you would like to keep your flight at 8:20 am or would you like me to put you on the 7:50 am flight instead?

Subject: Microsoft sustainability announcement

Dear Minister Ralston,

I wanted to share details of Microsoft's new announcement on sustainability, in which we commit to becoming **carbon negative by 2030**, and to removing all the carbon that Microsoft has emitted directly or by electrical consumption by 2050. For more information visit the [announcement](#) website and read this [blog](#) from Microsoft President, Brad Smith.

This new commitment reflects ongoing work to live our mission of ensuring the technology we create benefits everyone on the planet, as well as the planet itself. As we look to the next decade and beyond, no problem is more pressing than the threat of climate change. The world's scientists agree that carbon in the atmosphere, generated by human activity, is changing our climate with potentially catastrophic effects. Specifically, we have committed to the following:

- By 2030, Microsoft will be carbon negative; reducing our emissions across our operations and supply chain by more than half and removing more carbon than we emit annually as a company, resulting in a carbon impact that is below net zero
- By 2050, we have a goal to remove from the environment all the carbon Microsoft has emitted, either directly or via electricity consumption, since it was founded in 1975
- Investing US\$1 billion of new capital in a new Climate Innovation Fund to accelerate the global development of carbon reduction, capture and removal technologies
- Committing to working with customers and suppliers to develop and deploy new technology solutions to accelerate their own carbon reductions
- Using our voice to speak out on public policy issues that will be critical to reducing humanity's carbon impact
- New transparency measures, including a new Sustainability Report forthcoming this year and joining the UN 1.5 Degree Business Ambition Pledge

Do let me know if I can provide any additional information and we look forward to working with you

to advance these goals.

Best wishes,
Hana

Hi James,

Quick update on Shopify's expansion to the City of Vancouver.

We're making progress on closing the lease agreement on our office location. If that negotiation progresses well, we expect this to be finalised in the coming weeks. With that timing, we're planning to go public with the news in mid to late January 2020. We'll have a firm date before the end of November.

As we mentioned to you a few months ago, we'd love to work with you to get the Minister and Premier involved in the announcement. We'll continue to keep you updated as things progress.

As always, please keep all updates confidential before the January announcement date.

Hi Amanda,

Thank you for sending on Minister Ralston's December Calendar!

However, the reminder was for the sign-off/approval for the release and publication of the November calendar. (I know the calendars blur together, especially when approval for previous month and records due of next month is on same day)

We published the November calendars today to make sure they are public on Open Information by legislated date. So if you can get the approval for the Nov calendar to us as soon as possible, we should still get it up in time:)

Thanks!

Background

Recommendation

Provide the following, on background:

The leading sectors for employment in December compared to last year include:

- Educational services (+9.6%) to 182,400

- Agriculture (+5.6%) to 26,500
- Finance, insurance, real estate and leasing (+7.7%) to 163,000

Contractions were seen in:

- Natural resources (-20.5%) to 41,000
- Manufacturing (-7.0%) to 159,300
- Construction (-3.1%) to 240,300

It is important to note that month to month change in employment by industry can be volatile; it is always best to look at the long-term trend when it comes to employment numbers.

Thanks,
Hope

Before ^{s.22}, it would be helpful to secure his input on the contacts he would like to meet while in Ottawa – provided ^{s.22} in early January.

Attached is an updated list of recommendations SBJW prepared to support planning. We have augmented the list with a few additional Federal Cabinet Ministers, following review of Mandate Letters, and added a few non-political contacts to round out the mission, and fill any gaps in the schedule based on ministerial availability. Also, Innovation Commission has suggested a meeting with ^{s.22} – he is based in Toronto so this would mean a stop there or perhaps a meeting if ^{s.22} happens to be in Ottawa. All additions to the earlier submission are tracked for ease of reference.

It would be very helpful to have a clear indication of the Minister's interests before he ^{s.22} is approved we can support his MO in requesting meetings. Christine Little would be happy to jump on a call with MO to discuss further over the coming days.

Let me know if you can review with Minister ^{s.22}

Hi Amanda,

Yes, good to get a chunk of the shopping done. 😊

I reached out to a local IRCC colleague to see if they had any contact info they could share; unfortunately, the best they were able to track down was the generic box:

minister@cic.gc.ca<<mailto:minister@cic.gc.ca>>

Ministerial.Enquiries.Division@cic.gc.ca<<mailto:Ministerial.Enquiries.Division@cic.gc.ca>>

Telephone: 613-954-1064

I'd suggest giving them a shout – I imagine that as soon as they hear that it's your office, someone will be back in touch very quickly.

Sorry I can't be of more help, but hopefully this at least gets the ball rolling.

Cheers,
Cael

Subject: Urgent media inquiry Justine Hunter Globe and Mail Due Today at 3:00 p.m.

Importance: High

Hi – Justine Hunter has shared the attached letter that was sent to Minister Ralston on or about Sept. 25. She is asking what we have to say about this letter and Cam's request for alternate funding for tech and innovation projects.

Can we please have an quick call on this as soon as possible?

I can arrange the call if everyone lets me know what time works.

Also sharing a link to an article Justine previously wrote.

James spoke with Monica this morning and advise Bruce has tomorrow and Friday available in Vic to be briefed before MBR comes back. Will be using your dial in details as Theresa will join in by call.

Hailey is working on a room down there and if unsuccessful, will use MBR's office.

Here are the times and divisions:

- Thurs: 10:30am-11:30am SBJW, 2:30pm-3:30pm MSD
- Fri: 11am-12pm ITD, 2:30pm-3:30pm IITD

I'll be sending calendar invites to all (including Bruce, Theresa and Maria) if you can make sure someone has MBR's moderator details.

Could you please advise when Bruce might be free since we did not hear back on a response for today?

Hoping for ITD, can be later this week in Van and can find something next week in Vic for SBJW and IITD.

Not sure if James mentioned too, it would be helpful for Maria and Theresa to join in the briefing but not sure if Theresa is needed in person as she'd be in Van.

Hi Monica,

If he hasn't already, James will be reaching out to you about setting up some briefings to onboard our new MA, Bruce Fogg, who is starting January 6th.

I just want to make sure he gives DMO ample time for this request as no one is really around after tomorrow until the 6th.

Maria, Bruce and James plan to come over to JTT Vancouver/VCO for the day on January 6th. After MBR's meeting at 10:00AM they will send him on his way and then hope to spend the rest of the day getting Bruce Fogg briefed on JTT.

Subject: Follow up meeting request: Vancouver Prostate Centre

Hi there,

I'm following up on a meeting request originally made on November 14th on behalf of Dr. Larry Goldenberg, founding doctor of the Vancouver Prostate Centre.

This year marks 35 years for the VPC, whose discoveries are helping to treat a multitude of cancers around the globe and not just prostate cancer.

Dr. Goldenberg will be in Victoria on January 14th and would like to meet with **ministerial staff at the Ministry of Jobs, Trade and Technology** to discuss the impact of his successful VPC model and how to ensure its continued operation. A briefing note is attached, which outlines the financial ask the VPC has before government.

Please let me know if a meeting would be possible.

With appreciation,

Quick update on Shopify's expansion to the City of Vancouver.

We're making progress on closing the lease agreement on our office location. If that negotiation progresses well, we expect this to be finalised in the coming weeks. With that timing, we're planning to go public with the news in mid to late January 2020. We'll have a firm date before the end of November.

As we mentioned to you a few months ago, we'd love to work with you to get the Minister and Premier involved in the announcement. We'll continue to keep you updated as things progress.
