Dear Mr. Bains,

My name is Neil Morrison and I host a radio show on South Fraser's 1077 Pulse FM.

I was wondering if you would have time to do an interview with me sometime next week?

Would like to discuss the minimum wage situation. What were seeing happen in Ontario with their new \$14 min wage and how an increase could affect BC - specially people living in Surrey and south of the Fraser.

Would you be available next week? My show runs from 6-10am.

Thank you,

Neil Morrison

Hi folks, I'm sorry I'm not actually free on any of those dates! On the 18th I might be able to call in to a morning or afternoon session but I'm needed to host some things in our office in Vancouver and make sure they're running smoothly.

If you have a round up of ideas from the meeting I would love to read them and I can add things to the list if needed.

I'm looking forward to connecting again at the end of the month!

Greetings all and a Happy New Year,

In light of our upcoming training session in Victoria on January 31st and February 1st I wondered if this might be a good opportunity to come together in the next week or so to pull together some training topics, unless everyone has sent in items already of course.

I can host here in Port Coquitlam (10 minute walk from Skytrain) if that works. I've listed some suggested times below, let me know what time(s) work for you and I'll confirm for the majority.

I'm looking at next week or the week after, for 60-90 minutes:

Tuesday, January 16th – 10:00am
Tuesday, January 16th – 1:00pm
Thursday, January 18th – 10:00am
Thursday, January 18th – 1:00pm
Tuesday, January 23rd – 10:00am
Tuesday, January 23rd – 1:00pm
Thursday, January 25th – 10:00am
Thursday, January 25th – 1:00pm

I look forward to hearing from everyone.

Keep care,

Dear Mr. Bains,

Right to Play will have a small delegation in Victoria on January 17th and January 18th and we were hoping to have a brief meeting with you and/or staff. Specifically, we would like to brief you on the work we do to educate and empower Indigenous children and youth in British Columbia, and to also seek your advice and guidance on establishing a partnership with the BC government. In your riding, we are currently partnered with the Surrey District School Board to run programming out of Beaver Creek Elementary and we are excited to discuss this work with you in more detail.

Availability:

January 17th - afternoon with the exception of 3:30 pm to 4:00 pm
January 18th – all day with the exception of 2:00 pm to 4:00 pm

About Right to Play:

Right To Play is a global organization that uses the transformative power of play to educate and empower children facing adversity. It was founded in 2000 by Johann Olav Koss, a four-time Olympic gold medalist and social entrepreneur. Through sports and games, we help children build essential life skills and better futures, while driving social change in their communities with lasting impact. In British Columbia, our Promoting Life-skills in Aboriginal Youth (PLAY) program works with over 1200 children and youth in close to 20 Indigenous communities and organizations across the province.

On January 7, 1981, four men went to work on the 36th floor of the Bentall IV Tower, but they never made it back. Their loss must not be in vain; their tragic accident must serve as a catalyst for greater worker safety in B.C.

As Minister of Labour, it is my promise to continue improving worker safety and for BC to become the safest jurisdiction for workers in the country.

Hello s.22

Thank you for taking the time to write.

Worker safety and justice for workers has been a fundamental principle of the NDP since it was formed. Throughout the party's history it has never formed the government federally and only a few times provincially, so the opportunities to implement policies to reflect those values have been limited. As such we share your enthusiasm and hope for the new BC government.

That said, the bill and fines you mention are all provincial and Rachel is your federal representative, so we will have to redirect your well-made points to your provincial representative. I don't know where you are within our federal riding so I'm not sure which of the three overlapping provincial ridings is yours, but I'd be happy to help direct your message if you don't already have that information at hand.

Best wishes,

Dear Rachel Blaney;

Congratulations on your NDP victory for British Columbia.

I am writing in regards to a couple of issues

As I would like to see Bill C-45 take a front row seat now that we s.22
have a government that works for the people, and could make a bold and lasting impression. I realize that
issues take time to be resolved. Therefore I have chosen to take another issue to hand. When Stave Lake was
convicted of Criminal Negligence Causing Death, they were handed a fine of \$100,000.00 plus a \$15,000.00
victim surtax. This money in British Columbia goes directly into General Revenue, where in other provinces
the monies are put to far better use. In honor of my daughter I would like to start a conversation with you and
your government on changes to that, and finds ways of using that money for the betterment of monitoring
employer safety policies or to help the families who's lives will forever be changed.

I have no idea where to begin, so I thought you as the MP for the area that I work would be the best place
to start. I would appreciate any advice or assistance you could forward to me. I am writing to the new Premier
as well.

s.22

I feel like I owe it to

s.22

the

many others that have lost their lives to employer negligence to try and make a difference and make those
that shirk their responsibilities be accountable.

Thank you for your time

Today marks the heartbreaking anniversary of the Quebec Mosque shooting where six Muslim men were killed last year. My thoughts & prayers are with the victims and their families. As we remember the event and the victims today, we reflect on Canada's values to remain a diverse, inclusionary, & peaceful country. I stand strong, shoulder to shoulder, with our Muslim community in the spirit of peace.

Emily, apologies for the delay in getting the information below to you, but wanted to ensure WorkSafeBC had time to do a proper review and assess next steps in the event ^{s.13,}_{s.22} had identified a problem. And WorkSafeBC did identify an anomaly so this is an explanation of that and an outline on next steps.

I have cc'd Todd McDonald on this email. He is VP of Claims at WorkSafeBC and he did the work and identified the gap and next steps. With your consent, he will proceed with next steps as outlined below.

Background:

s.13,s.22

I hope this is helpful. And I thank Todd and WorkSafeBC for taking this inquiry seriously and doing its due diligence.
