Rehires are indeed eligible for the IEI credit. Here's a more technical backgrounder on that:

Hello Ramesh and Jeff,

I hope all is well with you both.

I just wanted to bug you and your respective ministries about a food security project in our riding.

There's an organization in our riding that wants to expand their food security hub, and they reached out to MLA D'Eith's office looking for support on the process. I was wondering if there are any programs from SDPR and Agriculture to support local food hubs? I know SDPR had been providing funds for food kitchens. If you have more general information on how an organization would go about opening a food hub/food kitchen, that would also be much appreciated.

Let me know if you need more information on this.

Thank you so much for your help,

Just following up on a different story today — now that the Aug. 30 expiry date for s.72 variance applications for temporary layoffs has come and gone, would like to know how many people actually applied, how many applications have been processed as of today, how many remain, how many were accepted, how many rejected, and the total number of employees represented by the applications. Any trends in the numbers, more or less than what the ministry expected, etc?
