

Encorp Beverage Container Stewardship

Approved By:	Director, Revenue
Date Approved:	October, 2007
Date of Last Review:	August, 2011
Contact:	Data Analyst, Revenue, Finance

1.0 Purpose

- To remit to Encorp the container recycling fees (CRFs) and container deposits collected on sales of products in containers administered by Encorp under its beverage stewardship program.
- To recoup from Encorp the deposits paid out on their stewardship program's containers for consumer returns at the Government Liquor Stores (BCLS).
- To recover container handling fees from Encorp for empty containers handled at the BCLS at the prescribed rate per unit based on container returns reporting.

2.0 Scope

- This policy applies to Encorp's beverage stewardship container types – wine & spirit, plastic, bag in box, and non-refillable bottles.
- This policy does not apply to containers managed by Brewers' Distribution Limited's (BDL) beverage container stewardship program – cans and refillable bottles.

3.0 Definitions

Container	Beverage product container – plastic and non-refillable bottles.
Container Recycling Fee (CRF)	Charge included in the sales price of beverage containers to provide full recovery for the container recycling costs.
Deposit	Amount paid for the container on purchase of the product and refunded on the return of the empty container.
Handling fee	Agreed upon unit rate payable to the BCLDB for handling applicable Encorp empty container returns.
PET	Container made of plastic (polyethylene terephthalate).

4.0 Policy

- BCLDB collects the CRF for Encorp when applicable products are sold and remits the CRF funds to Encorp to fund its stewardship program.

- The BCLDB collects from Encorp the amounts for deposits paid out to consumers for returned containers and container handling fees.
- The BCLDB remits to Encorp the container deposits collected at the time of sale of applicable products.
- Retro-adjustments due to container changes will be applied only from the date of receipt of the paperwork at BCLDB.

5.0 Procedures

- Bi-monthly payments are made by BCLDB to Encorp for:
 - CRF collected on product sales of applicable container types; and
 - Deposits collected on sales for these same products.
- Reporting is generated by Container Type to support the payment to Encorp of the CRF and deposits collected on the sales.
- Data Analyst (Revenue Division), Finance Department generates the bi-monthly Empty Containers Returned reports for Encorp and forwards to Accounts Receivable, Finance Department to support the invoicing for the empty container handling at the BCLS based on prescribed rates by container type and deposits refunded to consumers at the BCLS when empty containers are returned.
- Financial Planning and Reporting Division, Finance Department uses monthly/period reporting to adjust sales for the CRFs included in the selling price. The Division also uses container return processing reports to create General Ledger (GL) journal entries to record BCLS container handling fees.

6.0 Responsibilities

Data Analyst, Revenue

- Administer the invoice to Encorp for empty container return deposits paid out to consumers
- Administer the payment of the applicable CRFs to Encorp for sales of products with Encorp container types and the deposits paid on those sales

Government Liquor Stores (BCLS)

- Provide information on the quantity of empty containers returned and the deposits paid to consumers via RMS transactions

Financial Planning and Reporting

- Make necessary GL journal adjustments for CRF and BCLS empty container handling fees required for financial statement purposes

Re: Changes to Container Recycling Fee

Please be advised that Brewers Distributor Limited (BDL) and Encorp Pacific have notified the Liquor Distribution Branch (LDB) of changes to container recycling fee rates effective January 26, 2014.

The rate changes are as follows:

Container Type	Current Rate	New Rates (Effective Jan 26, 2014)
Glass – Wine & Spirits <= 1 Litre	\$0.15	\$0.13
Glass – Wine & Spirits > 1 Litre	\$0.23	\$0.24
Beer, Cider, Cooler, Non-Refillable Glass <= 1 Litre	\$0.11	\$0.10
Beer, Cider, Cooler, Non-Refillable Glass > 1 Litre	\$0.11	\$0.13
Aluminium – Alcohol All Sizes	\$0.00	\$0.02

All other rates remain the same.

Your display prices will automatically be adjusted on January 26, 2014 to reflect the new rate.

If you would like to change and/or maintain your display prices for January 26, 2014, please email your price changes to fincostp@bclldb.com by 5 pm **January 2, 2014**.

Price change requests received after 5 pm January 2, 2014 will not be accepted.

Yours truly,

Nadine Tomlinson
A/Director, Expenditure
